(2) *Standing crops.*—The standing crops such as vaishaky paddy and irrigated ragi, would have been benefited if the shower were a bit heavy.

(3) *Crops harvested.*—Sugarcane and Ragi are being harvested.

10. There was small shower in Kolar, Bangarpet, Chickballapur, Malur and Sidlaghatta Taluks during this week. The seasonal conditions have not improved.

The relief works started in affected parts are in progress. The hay obtained from Ajjampur has been distributed to the affected parts. Instructions have been issued to the Amildar, Goribidnur, to dispose of the available stock at Rs. 70 per ton as per Government Order dated 22nd February 1952.

People and cattle are reported to be generally healthy. Temporary wells are excavated in tank beds to provide drinking water facilities to men and cattle.

TUMKUR.

8. Fairly well supplied.

Transplantation.—Transplantation of summer paddy in some parts of Pavagada, Madhugiri and Tumkur, Tiptur, Gubbi, and Koratagere Taluks are going on.

9. *Standing crops.*—*Tumkur.*—Paddy and sugarcane are the standing crops in some parts of the Taluk.

Pavagada.—Summer paddy and ragi under wells are reported to be fair except in Venkatapura.

Gubbi.—Sugarcane in some parts of the Taluk is reported to be fair.

Kunigal.—Paddy and sugarcane are reported to be in good condition.

Crops harvested.—Sugarcane in parts of Gubbi, Kunigal and Tumkur Taluks—and paddy in Kunigal Taluk.

10. *Public Health.*—Public Health is generally good except for the prevalence of small-pox in Honnenahalli village in Tumkur Taluk. Preventive measures are reported to have been taken to check the spread of the epidemic.

11. *Cattle.*—Cattle are reported to be generally healthy except for the prevalence of Rinderpset in Dwarankunte village of Sira Taluk and Thippianadurga Village of Pavagada Taluk. Needful action is reported to have been taken to check the spread of the epidemic.

Water and fodder are however generally available at present. Labour is also generally available to cooly classes.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds sown.—Nil.

Standing crops.—Such as bengalgram, castor, cotton, sugarcane and mulberry are reported to be in good condition.

9. *Crops harvested.*—It is reported that Ragi is being harvested in the Taluks of Hunsur and Heggadadevankote. Pulses in Hunsur and Periyapatna Taluks and sugarcane in Yelandur Taluk.

10. (1) Prospects of the season are normal.

(2) There was no rainfall in any part of the District except in Mysore City where too it was scanty.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is generally good except for the prevalence of small-pox in one village of Hunsur taluk and Plague in a few villages of Gundlupet taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy except for the prevalence of Foot and Mouth disease in few villages of Hunsur and Blackquarter and Foot and Mouth disease in a few villages in Gundlupet taluk. Necessary preventive and remedial measures are being taken to check its spread. Sufficient quantities of water and fodder are available in all parts of the District.

MANDYA.

8. Well supplied.

9. The standing crop of sugarcane in Visvesvaraya Canal area is reported to be in good condition. The standing crop of kar paddy in Nagamangala taluk is also reported to be in good condition.

Sugarcane of the previous year in Visvesvaraya Canal area is reported to be under harvest. The harvest of paddy is almost complete in all taluks of the District.

10. The prospects of the season are reported to be generally good.

11. The public health is reported to be generally good except for the prevalence of small-pox in Uramarakasalagere village in Mandya Taluk. The District Health Officer has been addressed in this matter for taking precautionary and preventive measures to check the spread of the disease. Cattle are reported to be healthy. Fodder and water are available in sufficient quantities.

HASSAN.

8. Well supplied.

9. Standing sugarcane crop in Hassan, Channarayapatna, Hole-Narsipur, Arkalgud and Belur Taluks is good. Kar-paddy under S. Garma tank in Hassan Taluk is reported to be good.

10. The prospects of the season are normal.

11. The cattle are reported to be generally healthy. Water and fodder are available.

SHIMOGA.

8. Market was well supplied.

9. Land was being ploughed in Honnali, Shikaripur, Sorab, Sagar and Thirthahalli Taluks. Paddy was harvested in Shikaripur, Sagar, Hosanagar and Thirthahalli Taluks. Millets were being thrashed in Channagiri Taluk. Paddy, ragi, jola, horsegram, and millets were being thrashed in Bhadravati Taluk. Harvesting of horsegram, Bengalgram, and wheat was being completed in Honnali Taluk. Sugarcane was being crushed.

The standing crops of sugarcane, greengram, Bengalgram and chillies are reported to be in good condition. Sugarcane seedlings were being planted in Shimoga Taluk.

10. Prospects of the season was generally good. It is reported that there is difficulty for drinking water in the villages of Haragavalli, Baganakatte, Sadasivapur and Sunnadakoppa of Shikaripur Taluk. The local officers have been instructed to take suitable action in the matter.

There was prevalence of Small-pox in Honnali Town.

11. Cattle were healthy. Water and fodder were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. The prices of commodities continued to be high.

9. (1) *Standing crops.*—Bengalgram, sugarcane and coffee in Chikmagalur Taluk; sugarcane, cotton, wheat and garlic in Kadur Taluk; sugarcane and Bengalgram in Tarikere Taluk; sugarcane, coffee, tea and areca in Koppa Taluk; and sugarcane in Narasimharajapura Taluk.

(2) *Seeds sown and transplantations made.*—Nil.

(3) *Crops harvested.*—Paddy in all the Taluks of the District. Coffee, sugarcane and Bengalgram in Chikmagalur Taluk; Bengalgram in Kadur Taluk; Bengalgram and horsegram in Tarikere Taluk are harvested. Summer jola and wheat are thrashed in Kadur Taluk and thrashing of ragi is going on in Tarikere Taluk.

10. Prospects of the season are reported to be generally good.

11. The public health was generally good throughout the District.

Cattle were generally healthy except for the prevalence of blackquarter disease in Hosahalli, Kadur Taluk; foot and mouth disease in Doddabokikere in Tarikere Taluk and in Balagere, Hadikerur, Hariharpura, Koppa and Bhandigadi villages of Koppa Taluk. The authorities of the Animal Husbandry Department have been requested to take necessary preventive measures to check the spread of the diseases.

Water and fodder are available.

CHITALDRUG.

8. Markets are well supplied except the controlled commodities.

Sowing.—Vysakhi paddy is being sown in some parts of Molakalmuru Taluk.

Standing crops.—Bilijola and cotton in Chitaldrug Taluk; Vysakhi paddy crops under irrigation wells, tanks and nalas; castor, summer jola, cotton and Bengalgram in Challakere Taluk; sugarcane, haraka, cotton and jola in Hiriyur Taluk; paddy, jola onions, tobacco and chillies in Molakalmuru Taluk; bili jola, Bengalgram and cotton in Holalkere Taluk; Bengalgram, cotton, sugarcane and bili jola in Davangere Taluk; cotton, chillies, togari and Bengalgram in Jagalur Taluk; bili jola and Bengalgram in Hosadurga Taluk; and cotton, chillies and tobacco in Harihar Taluk are reported to be fair. Transplantation of paddy is reported to be going on in some villages of Hiriyur and Hosadurga Taluks. Jola crop is affected by some kind of pests in Hiriyur Taluk.

9. *Harvesting.*—Jola in Chitaldrug Taluk; sugarcane in Hiriyur Taluk; onion, cotton and paddy in Molakalmuru Taluk; ragi in Holalkere Taluk; Bengalgram, cotton and sugarcane in Davangere Taluk; thogari and Bengalgram in Jagalur Taluk; and jola, cotton and tobacco in Harihar Taluk are being harvested.

10. Cooly classes are getting sufficient labour all over the District.

The cattle are reported to be generally healthy all over the District except for prevalence of Rinderpest in Nagagondanahalli Village, Challakere Taluk and Dwaranakunte Village, Hiriyur Taluk. The authorities of the Veterinary Department are reported to have been addressed to take immediate effective measures to check the spread of the epidemic. Notifications declaring the areas comprised in the above two villages and the area within a radius of 5 miles as infected area for one month with effect from 15th February 1952 and 21st February 1952 have been issued. Public health is generally good all over the District except for prevalence of Small-pox in a few villages in Challakere Taluk and Sokke in Jagalur Taluk. The authorities of the Health Department are taking necessary preventive measures to check the spread of the epidemic.

11. Water is available all over the District except for scarcity in some villages in Molakalmuru Taluk. Arrangements are being made to deepen the existing wells.

It is reported that the scarcity of fodder was felt in few villages in Molakalmuru Taluk and the same has eased due to the availability of hay from the harvesting of paddy and transport of karada grass from nearby forests.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 26th February 1952.

K. SRINIVASAN,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED FEBRUARY 14, 1952.

A total of 3 attacks with nil deaths from Plague was returned from 2 villages in 2 taluks in 2 districts during the week against 23 attacks with 10 deaths in the previous week. The cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 27 attacks with 11 deaths and 1 attack with nil death, respectively.

A total of 74 attacks with 11 deaths from Small-pox were reported from the cities of Bangalore and Mysore and Harihar Town and from the taluks of Arkalgud, Bagepalli, Challakere, Chitaldrug, Mandya, Nelamangala and Srirangapatna.

Seven attacks with 6 deaths from Cholera were reported from the Towns of Nyamathi and Shimoga and from Nyamathi Taluk.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 231 (53 in hospitals) for 6 days representing a calculated death-rate of 17·8 (13·7 excluding hospital deaths) per mille of population (annual basis) as against 20·1 (14·1 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 8 under Small-pox, 2 under Other Fevers, 36 under Dysentery and Diarrhœa and 185 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 77 (46 in hospitals) for 7 days representing a calculated death-rate of 16·2 (6·5 excluding hospital deaths) per mille of population (annual basis) as against 17·3 (12·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 3, Malaria 1, Other Fevers 5, Dysentery and Diarrhœa 2 and All Other Causes 66. The reported mortality was very low.

There were 50 deaths (3 in hospitals) for 7 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 16·2 (15·2 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered 2 under Other Fevers, 11 under Dysentery and Diarrhœa and 37 under All Other Causes. The reported mortality was low.

T. CHANDRASEKHARAIYA,
Director.

BANGALORE,
22 *Dated* 26th *February* 1952.

N. V. SIDDALINGAPPA,
For *Director*.

of Pavagada Taluk and needful action is reported to have been taken to check the spread of the epidemic.

11. *Cattle.*—Cattle are reported to be generally healthy except for the prevalence of Rinderpest in Dwaranakunte village of Sira Taluk and Thippianadurga Village of Pavagada Taluk and blackquarter in Keregodi and Rajatadripura villages of Tiptur Taluk. Preventive measures are reported to have been taken to check the spread of the epidemic.

Water and fodder are however generally available at present. Labour is also generally available to cooly classes. To provide labour to the unemployed, works under Distress Relief have been taken in Pavagada and Sira Taluks.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District.

Seeds sown.—Nil.

11. Public health was generally good except for prevalence of plague in Heragu in Hassan Taluk. Water and fodder are available. Except for a case of hæmorrhagic septicæmia in Bogarnalli K. Hoskote Hobli, Manjarabad Taluk. The cattle were generally healthy in parts of the District.

SHIMOGA.

8. Market was well supplied.

9. Land was being ploughed in Honnali, Sorab, and Sagar Taluks. The standing crops of sugarcane, greengram, bengalgram and chillies are reported to be in good condition. New sugarcane was being planted in Bhadravati Taluk, horsegram, paddy, and millets were being harvested and thrashed. Sugarcane was being crushed and jaggery was being prepared.

10. Prospects of the season were generally good. It is reported that there was only one attack of Cholera in

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY THE 21ST FEBRUARY 1952.

A total of 14 attacks with 7 deaths from Plague was returned from 5 villages in 3 taluks in 1 District during the week against 3 attacks with nil death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 16 attacks with 6 deaths and 1 attack with 1 death, respectively.

A total of 62 attacks with 27 deaths from Small-pox were reported from the Cities of Bangalore, Mysore and Kolar Gold Fields and from the towns of Bannur, Chikballapur and Shimoga and from the taluks of Bangalore North, Challakere, Mandya and Nelamangala.

Eight attacks with 2 deaths from Cholera were reported from Nyamathi Town and from the taluks of Honnali and Shikarpur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 230 (52 in hospitals) for 7 days representing a calculated death-rate of 15·1 (11·7 excluding hospital deaths) per mille of population (annual basis) as against 17·9 (13·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Small-pox, 2 under Typhoid, 33 under Other Fevers, 25 under Dysentery and Diarrhœa, and 168 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 68 (17 in hospitals) for 7 days representing a calculated death-rate of 14·3 (10·7 excluding hospital deaths) per mille of population (annual basis) as against 11·4 (5·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 1, Malaria 4, Other Fevers 8, Dysentery and Diarrhœa 1, and All Other Causes 54. The reported mortality was very low.

There were 46 deaths (15 in hospitals) for 5 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 20·9 (14·1 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered 5 under Dysentery and Diarrhœa, 41 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Summer paddy is being sown under Hoskote—Amani Dodkere and Chikkere. Paddy is being transplanted under Bellandur Tank and Varthur Tanks in Bangalore South Taluk, and in some parts of Thyamagondlu Hobli, Nelamangala Taluk, and some parts of Dodballapur Taluk.

Standing crops such as summer paddy, potatoes and sugarcane are in fairly good condition. ragi is being thrashed in some parts of Ramanagaram and Hoskote Taluks; sugarcane is being crushed in some parts of Bangalore South and Nelamangala Taluks.

10. Public health is generally good. Rat-fall has been reported at Arehalli, Nandigudi Hobli, Hoskote Taluk. Action has been taken to prevent the spread of the disease. Cattle are generally healthy except the prevalence of black-quarter in few villages of Sathnur Hobli, Kankanhalli Taluk. Action is taken to prevent the spread of the disease.

It is necessary to treat Kodihalli Hobli, Kankanhalli Taluk and Sasalu Hobli in Dodballapur Taluk as distress area on account of adverse seasonal conditions. The Amildar has been directed to open three more ration depots at Bhaktarahalli, Dadigattamadu and Arudi in Dodaballapur Taluk for issue of additional quotas as a measure of relief to the villagers. Action has been taken separately to start relief works in the area. On account of adverse seasonal conditions parts of Virupakshipura Hobli, Channapatna Taluk has been affected.

11. Drinking water is available in Nelamangala Taluk, water is not available in any of the tanks. Fodder is available except in a few villages of Kodihalli Hobli, Kankanhalli Taluk. "Karadu" grass in the neighbouring forests is made available. Scarcity of fodder is felt in Dodballapur Taluk. Coolies find sufficient labour at present except in Sasalu Hobli, Dodballapur Taluk.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—Standing crops are in need of rains.

(3) *Crops harvested.*—Ragi, avare, thogari and horsegram are being harvested.

10. There was no rainfall during the week. The seasonal conditions have remained the same. Relief works started are in progress.

Supply of hay from Mandya and Mysore Districts is arranged for. Ajjampur hay is being distributed to the needy people in affected parts at reduced rate. Government have subsidised the cost of hay.

11. People and cattle are reported to be healthy but for prevalence of plague in some parts of Chintamani Taluk and foot and mouth diseases to cattle in some parts of Kolar and Srinivaspur Taluks. Preventive and curative measures have been taken to check the spread of the epidemics by the Public Health and Animal Husbandry Departments.

TUMKUR.

8. Fairly well supplied.

Transplantation.—Transplantation of summer paddy under Adagur and Gubbi Amanikere Tanks in Gubbi Taluk is going on.

9. *Standing crops.—Tumkur and Gubbi.*—Sugarcane is reported to be in a fair condition.

Pavagada.—Summer paddy and ragi under irrigation wells is reported to be fair except in Venkatapura Village.

Sira.—Summer paddy which is being grown by lift irrigation is reported to be fair.

Tiptur.—Summer paddy in some parts of Honnavalli, Santhavalli, and Halkurike Villages is reported to be standing crops. This was transplanted at the end of last month.

Crops harvested.—Sugarcane in some parts of Gubbi, Kunigal and Tumkur Taluks.

10. *Public Health.*—Is generally good except for the prevalence of Small-pox in Honnenahalli village of Tumkur Taluk. Needful action is reported to have been taken to check the spread of the epidemic.

11. *Cattle.*—Are reported to be generally healthy except for the prevalence of Rinderpest in Bellibatlu village of Pavagada Taluk and Blackquarter in Bagoor village of Gubbi Taluk. Preventive measures are reported to have been taken to check the spread of the epidemic. Difficulty for drinking water is being felt in Madhugiri and Sira Taluks and action is being taken to sink bore wells and improve the existing wells.

To combat the scarcity of fodder, State forests have been thrown open for free grazing and steps are taken to import hay from channel areas. The consignments of this hay have not yet arrived.

To provide labour to the unemployed, works under Distress Relief have been started in Sira and Pavagada Taluks 200 to 300 people are reported to be working on these works.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District.

Seeds sown.—Nil.

Standing crops.—Such as sugarcane and mulberry are reported to be generally in good condition.

9. *Crops harvested.*—It is reported that sugarcane is being harvested in Yelandur Taluk.

10. (1) Prospects of the season are normal.

(2) There was no rainfall in any part of the District during the week.

(3) Both the cooly and agricultural classes are finding sufficient employment in all parts of the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is generally good except for the prevalence of cholera in one village of Nanjangud and Krishnaraja Nagar Taluks and plague in a few villages of Gundlupet Taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy except for the prevalence of foot and mouth disease in all parts of Hunsur Taluk. Necessary remedial measures are being taken to check its spread. Sufficient quantities of water and fodder are available in all parts of the District except in parts of Hunsur, Periapatna, Heggaddevankote, Gundlupet, Chamarajanagar and Nanjangud Taluks where difficulty for drinking water is felt. Action is being taken to undertake certain well works from the sanctioned distress grants in these taluks.

MANDYA.

8. Well supplied.

9. The standing crops of sugarcane in Visvesvaraya Canal Area and kar-paddy in Nagamangala Taluk are reported to be in good condition. Sugarcane of previous year in Visvesvaraya Canal Area is reported to be under harvest. Paddy harvest is reported to have been completed in all the taluks of the District.

10. Prospects of the season are reported to be generally good.

Distress relief works are proposed to be started in Krishnarajapet, Nagamangala and Pandavapura Taluks early.

11. The public health is reported to be generally good except for the prevalence of Small-pox in Uramarakasalagere in Mandya Taluk. The District Health Officer, Mandya, has

been requested to take preventive and precautionary measures to check the spread of the epidemic. Cattle are reported to be healthy. Fodder and water are reported to be available in sufficient quantities in all the taluks of this District.

HASSAN

8. Well supplied.

9. The standing sugarcane crop in Hassan, Channarayapatna, Hole-Narsipur, Arkalgud and Belur Taluks and Kar-paddy crop in Hassan Taluk is fair.

The Executive Engineer, Hassan was requested to start Melagode Tank work which had been included in the programme and sanctioned by the P.W.D. The Executive Engineer has intimated that when he went to the village to start nobody came forward to work and that the rates of wages provided was not attractivo. The Amildar is addressed in the matter.

Water and fodder are available. Cattles are generally healthy except for Rinderpest at Mathikere, Arkalgud Taluk. Veterinary authorities are addressed.

SHIMOGA.

8. Market well supplied.

9. Land was being ploughed in Honnali, Sorab, and Sagar Taluks. New sugarcane seedlings were being planted in Shimoga and Bhadravati Taluks. The standing crops of sugarcane and bombanda crops are reported to in good condition. Sugarcane was being crushed. Millets were being thrashed in Chennagiri Taluk. Paddy was being harvested and thrashed in Sagar and Bhadravati Taluks. Harvesting of areca was completed in Thirthahalli Taluk.

10. Prospects of the season was generally good.

There was prevalence of Cholera in Chilur and Malligenahalli of Honnali Taluk. The Medical Department is addressed to take preventive measures.

11. Cattle were healthy. The Amildar, Sorab Taluk, reports that owing to the prevalence of Rinderpest at Sirsi in Bombay Presidency; he has taken action not to allow the cattle of the neighbouring village of the taluk to be taken to the affected area.

Water and Fodder were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of commodities were showing tendency towards decrease during the week under report.

9. (1) *Standing crops.*—Sugarcane in Chikmagalur Taluk, cotton and sugarcane in Kadur Taluk, sugarcane and Bengalgram in some parts of the Tarikere Taluk, sugarcane in Koppa Taluk and in Narasimharajapura Sub-Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Nil.

(3) *Crops harvested.*—Sugarcane and Bengalgram in Chikmagalur Taluk and Bengalgram in Tarikere Taluk were harvested during the week under report.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this district in view of there being no distress conditions in this district.

11. The public health was generally good throughout the district, except in Yaradakere Village of Kadur Taluk where it is reported that small-pox disease has broken out. The authorities of the Health Department have been requested to take necessary preventive and protective measures to check the spread of the disease.

Cattle were generally healthy except for the prevalence of Foot and Mouth disease in the villages of Koppa, Harihar-pura, Baudigadi, Balagere and Hadigenur of Koppa Taluk. The authorities of the Animal Husbandry have been requested to take necessary preventive measures in the matter.

Water and fodder are available.

CHITALDRUG.

8. Markets were well supplied except the controlled commodities.

Sowing.—Nil.

Standing crops.—The condition of the standing crops such as bilijola and cotton in Chitaldrug Taluk; Vysakhi paddy crops under wells, tanks and nalas, summer jola, bengalgram, castor and cotton in Challakere Taluk; cotton sugarcane and paddy in Hiriyur Taluk. Paddy, onions, jola, chillies and tobacco in Molakalmuru Taluk; cotton, bengalgram and bilijola in Holalkere Taluk; cotton, bilijola, bengalgram and sugarcane in Davangere Taluk; cotton, togari, chillies and bengalgram in Jagalur Taluk; bili jola and bengalgram in Hosadurga Taluk; and chillies, tobacco and cotton in Harihar Taluk are reported to be fair. Jola crop is affected by some kind of pests in Hiriyur Taluk; paddy is being transplanted under the atchakats of few tanks in Hiriyur and Hosadurga Taluks.

9. *Harvesting.*—Jola and cotton in Chitaldrug Taluk; sugarcane in Hiriyur Taluk; onions, paddy and cotton in Molakalmuru Taluk; ragi, bilijola and cotton in Holalkere Taluk; bengalgram, cotton and sugarcane in Davangere Taluk; thogari and bengalgram in Jagalur Taluk; bengalgram in Hosadurga Taluk and cotton and tobacco in Harihar Taluk are being harvested.

10. Some parts of Chitaldrug, Challakere, Hiriyur, Hosadurga and Jagalur Taluks were adversely affected due to failure of rains; action was taken to start relief works in the worst affected parts. Labour is available all over the District except in Devasamudra Circle of Molakalmuru Taluk. Javagondanahalli Hobli of Hiriyur and Mathodu Circle of Hosadurga Taluk where relief works are being executed for providing employment and relief works have also been started in Chitaldrug and Hosadurga Taluks. Foodgrains depots have been started to supply foodgrains to labourers working in places where relief works are started. There is sufficient stock of foodgrains in the several taluks and there is no scarcity at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of rinderpest in Marenahalli Village, Jagalur Taluk. Action is reported to have been taken by the authorities of the Veterinary Department for prevention of the spread of the epidemic. The notifications issued by this office on 15th and 28th February 1952 declaring Bethur, Dwaranakunte and Nagagondanahalli as infected area for one month are still in force. Public health is good all over the District except for prevalence of small-pox in a few villages in Chellakere Taluk and action is being taken by the authorities of the Health Department to check the spread of the epidemic. Water is available all over the District except in a few villages in Molakalmuru Taluk and action is being taken to de epen the wells. Fodder scarcity is somewhat felt in the taluks of Chitaldrug, Challakere, Molakalmuru Hosadurga and Hiriyur Taluks. Arrangements have been made to import paddy hay from Mysore and Mandya Districts.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 11th March 1952.

K. SRINIVASAN,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED FEBRUARY 28, 1952.

A total of 4 attacks with nil death from Plague was returned from 3 villages in 2 taluks in 1 district during the week against 14 attacks with 7 deaths in the previous week. The cities of Bangalore, Mysore and Kolar Gold Field reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 44 attacks with 10 deaths and 8 attacks with 6 deaths, respectively.

A total of 40 attacks with 11 deaths from Small-pox were reported from the cities of Bangalore and Mysore and from the towns of Bannur, Mudigere, Malavalli and Tarikere; and from the taluks of Challakere, Goribidnur, Mysore, Mandya, and Srirangapatna.

Ten attacks with 6 deaths from Cholera were reported from the Taluks of Anekal, Honnali and Nyamathi.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 221 (71 in hospitals) for 7 days representing a calculated death-rate of 14·5 (9·8 excluding hospital deaths) per mille of population (annual basis) as against 15·1 (9·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 4 under Small-pox, 7 under Typhoid, 12 Other Fevers, 17 under Dysentery and Diarrhœa and 181 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 72 (36 in hospitals) for 7 days representing a calculated death-rate of 15·1 (7·5 excluding hospital deaths) per mille of population (annual basis) as against 10·9 (7·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 1, Typhoid 1, Other Fevers 9, Dysentery and Diarrhœa 5 and All Other Causes 56. The reported mortality was very low.

There were 30 deaths (3 in hospitals) for 4 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 17·0 (15·3 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered 1 under Malaria, 3 under Other Fevers, 7 under Dysentery and Diarrhœa and 19, under All Other Causes. The reported mortality was low.

T. CHANDRASEKHARAIYA,
Director.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Transplantation of paddy is in progress in some parts of the District. Ragi is being thrashed and sugarcane is being milled in some parts of the District. Potato is being harvested in Anekal and Hoskote Taluks.

Standing crops such as paddy seedling, sugarcane and potato are in fairly good condition.

10. Public health is generally good. Cattle are generally healthy except for report of Rinderpest and Black-quarter in parts of Thavarekere and Kasaba Hobli. The Department of Animal Husbandry and Veterinary Services has been addressed to the necessary action to prevent the read of the disease.

11. Drinking water and fodder are available. Scarcity of pasturage is felt in Dodballapur Taluk. Coolies find sufficient labour.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—Vaishaky paddy, irrigated ragi, sugarcane, and jola are reported to be in fairly good condition but they require rains urgently.

(3). *Crops harvested.*—Ragi, avare, thogari and horse-gram are being harvested.

The seasonal conditions are not encouraging in this District from the beginning of the year. Relief works started in affected parts are in progress. A total sum of Rs. 45150-14-6 has been spent on relief works such as excavation of temporary wells in tank beds deepening of wells and improvement of Gokattes and Talapargies.

Hay obtained from Ajjampur station is made available to the people in affected parts at a reduced rate of Rs. 70 per ton. Ragi and paddy straw will also be obtained from Mysore and Mandya Districts and supplied at reduced rates.

11. People and cattle are reported to be healthy except for the prevalence of cholera in some parts of Chickballapur and foot and mouth diseases to cattle in Kolar and Srinivaspur Taluks. Preventive measures have been taken to check the epidemics by the Public Health and Animal Husbandry Departments.

TUMKUR.

8. Fairly well supplied.

Transplantation.—Transplantation of summer paddy under Adagur and Gubbi Amanikere Tanks in Gubbi Taluk is going on.

9. *Standing crops.*—Tumkur, Gubbi and Kunigal, paddy and sugarcane in some parts of the taluks are reported to be in a fair condition.

Pavagada.— Summer paddy and ragi under irrigation, wells are reported to be fair except in the Venkatapura Village.

Tiptur.—Summer paddy in parts of Honnavalli, Sarthavalli and Halkurike Villages is reported to be in progressing.

Crops harvested.—Sugarcane in some parts of Tumkur, Gubbi and Kunigal Taluks.

10. *Public Health.*—Is generally good except for the prevalence of Small-pox in surrounding villages of Huliyurdurga and needful action is reported to have been taken to check the spread of the epidemic.

11. *Cattle.*—Cattle are reported to be generally healthy except for the prevalence of Rinderpest in Musakaloti Village, Hulikunte Hobli of Sira Taluk and preventive measures are reported to have been taken to check the spread of the epidemic.

Difficulty for drinking water is being felt in Madhugiri, Sira Towns. Action is being taken to sink bore wells and improve the existing wells. State forests have been thrown open for free grazing and steps are being taken to import hay from outside the District to the affected areas.

To provide labour to the unemployed, works under Distress Relief have been started in Pavagada and Sira Taluks.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Standing crops.—Such as sugarcane, mulberry and karpaddy and irrigated ragi are reported to be generally in good condition.

9. *Crops harvested.*—It is reported that harvesting of ragi in Heggaddevankote Taluk is under completion.

10. (1) Prospects of the season are normal.

(2) There was no rainfall in any part of the District during the week. Rainfall for the calendar year so far is 2.07 as against 4'85 being the average for 35 years. There was rainfall during the year only in the Taluks of Mysore, Chamarajanagar, Heggaddevankote and Gundlupet and Nanjangud.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of this District.

(5) Public health is generally good in all parts of the District, except for the prevalence of cholera in a few villages of Nanjangud and Krishnarajanagar Taluks and plague in a few villages of Gundlupet Taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy in all parts of the District. Sufficient quantities of water and fodder are available in all parts of the District. But in parts of Hunsur, Periapatna, Heggaddevankote, Gundlupet, Chamarajanagar and Nanjangud Taluks, difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned distress relief grants in these taluks.

MANDYA.

8. Well supplied.

9. Standing crops of sugarcane in Visvesvaraya Canal Area and kar-paddy in Nagamangala Taluk are reported to be in good condition. Sugarcane of the previous year is reported to be under harvest in Visvesvaraya Canal Area.

10. Prospects of the season are reported to be generally good. Distress relief works are proposed to be taken up, in Krishnarajpet and Nagamangala and Pandavapura Taluks early. Estimates for the works are being got prepared.

11. The public health is reported to be generally good. Cattle are reported to be healthy. Fodder and water are available in sufficient quantities.

HASSAN.

8. Well supplied.

9. The standing sugarcane crop in Hassan, Channarayapatna, Hole-Narsipur, Arkalgud and Belur Taluks and Kar-paddy crop in Hassan Taluk is fair.

The prospects of the season are normal. The Executive Engineer, Hassan has intimated that the ryots did not turn up to work in Melgode Tank work in Hassan Taluk. The Amildar, Hole-Narsipur reports that the rate of wages is not attractive and the ryots are not enthusiastic about it.

Water and fodder are available. Cattle are generally healthy.

375

SHIMOGA.

8. Well supplied.

9. Land was being ploughed in Honnali, Sagar, Sorab and Thirthahalli Taluks. Sugarcane was being crushed and paddy was being harvested and threshed in Sagar, Hosanagar and Bhadravati Taluks. Millets were being threshed in Chennagiri Taluk. New sugarcane seedlings were being planted in Shimoga and Bhadravati Taluks. The standing crops of sugarcane, bengalgram and greengram are reported to be in good condition.

10. Prospect of the season was generally good. There was prevalence of Cholera in Malligenahalli, Chilur, Kengatti and Dodderi Villages of Honnali Taluk. Preventive measures were taken. There was difficulty for drinking water in three villages of Shikaripur Taluk. Action is being taken to sink drinking water wells.

11. Cattle were healthy in all the taluks except in Honnali Taluk where there was prevalence of "Galale Roga", among the cattle of Thimlapur village preventive measures were taken.

Fodder and water were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of commodities were decreasing to a little extent.

9. (1) *Standing crops.*—Sugarcane in Chikmagalur and Kadur Taluks and in Narasimharajapura Sub- Taluk; Sugarcane and Bengalgram in Tarikere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Nil.

(3) *Crops harvested.*—Sugarcane in Chikmagalur and Kadur Taluks, and in Narasimharajapura Sub-Taluk was harvested during the week under report.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this district in view of there being no distress conditions in this district.

11. The public health was generally good throughout the district.

Cattle are generally healthy except for the prevalence of "Anthrax" disease among cattle in Uddebornahally village of Chikmagalur Taluk and "Foot and Mouth" disease in Koppa, Hariharpura, Bandigadi, Hadikerur and Balagere Villages in Koppa Taluk. The authorities of the Animal Husbandry Department have been addressed to take necessary preventive measures in the matter.

Water and fodder are available.

CHITALDRUG.

8. Markets were well supplied except the controlled commodities.

Sowing.—Nil.

Standing crops.—The condition of the standing crops such as cotton and sugarcane, in Chitaldrug Taluk; Vysakhi paddy crops under irrigation wells, tanks and nalas, summer jola, bengalgram, castor and cotton in Challakere Taluk; Sugarcane, cotton paddy and jola in Hiriyur Taluk; Jola, chillies, onions, paddy and tobacco in Molakalmuru Taluk; cotton and bengalgram in Holalkere Taluk; Cotton, and sugarcane in Davangere Taluk; Cotton, tur, chillies and bengalgram in Jagalur Taluk; Paddy, bili jola and bengalgram in Hosadurga Taluk; and cotton and tobacco in Harihar Taluk are reported to be fair. Jola crop is affected by some kind of pests in Hiriyur Taluk; Paddy is being transplanted under the atchakats of few tanks in few villages of Hiriyur, Molakalmuru and Hosadurga Taluks.

9. *Harvesting.*—Bilijola in Chitaldrug Taluk; Sugarcane in Hiriyur Taluk; Onions, cotton and paddy in Molakalmuru Taluk; Ragi, bilijola and cotton in Holalkere Taluk; Cotton, bengalgram and sugarcane in Davangere Taluk; Bengalgram and thogari in Jagalur Taluk; Bilijola and bengalgram in Hosadurga Taluk and cotton and tobacco in Harihar Taluk are being harvested.

10. Some parts of Chitaldrug, Challakere, Hiriyur, Molakalmur, Jagalur and Hosadurga Taluks were adversely affected due to failure of rains and action was taken to start relief works in the worst affected parts in the first instance. Labour is available all over the District except in Javagondanahalli Hobli of Hiriyur Taluk. Mathodu Circle of Hosadurga Taluk and Devasamudra Circle of Molakalmuru Taluk relief works are under execution for providing employment. Relief works have also been started in Chitaldrug, Challakere and Hosadurga Taluks. Foodgrain depots have been started to supply foodgrains to the labourers working in places where relief works are under execution. There is sufficient stock of foodgrains in the several taluks and there is no scarcity at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of rinderpest in Ranganahalli Village, Hiriyur Taluk. Sadrahalli, Bagur, Anivala and Hosadurga Town in Hosadurga Taluk. Sheeppox in Obalapura, Challakere Taluk. The authorities of the Veterinary Department are taking effective steps to check the spread of the epidemic. The notifications issued by this office declaring Nagagondanahalli, Bethur, and Dwaranakunte villages and area comprised within five miles of the said villages as infected area with effect from 18th and 28th February 1952 for one month are still in force. The Public Health is generally good except for prevalence of small-pox in a few villages in Challakere Taluk. The authorities of the Health Department are taking effective measures to check the spread of the epidemic.

Water is available all over the District except in a few villages in Molakalmuru Taluk and Hiriyur Taluk. Estimates for deepening of five wells is Hiriyur Taluk are sent to Revenue Commissioner for sanction. Fodder scarcity is somewhat felt in the taluks of Chitaldrug, Challakere, Molakalmuru, Hosadurga and Hiriyur. Arrangements have been made to import paddy hay from Mysore and Mandya Districts.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 18th March 1952.

K. SRINIVASAN,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY THE 6TH MARCH 1952.

A total of 4 attacks with 1 death from Plague was returned from 2 villages in 2 taluks in 2 Districts during the week against 4 attacks with nil death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 8 attacks with 2 deaths and 10 attacks with 3 deaths, respectively.

A total of 53 attacks with 7 deaths from Small-pox were reported from the Cities of Bangalore, Mysore and Kolar Gold Fields and from the towns of Shimoga and Tarikere and from the taluks of Bangalore North, Bangalore South, Challakere, Chikmagalur, Davangere, Kankanahalli, Srinivasapur and Sagar.

Five attacks with 5 deaths from Cholera were reported from the taluks of Anekal and Honnali.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 155 (26 in hospitals) for 6 days representing a calculated death-rate of 11·9 (9·9 excluding hospital deaths) per mille of population (annual basis) as against 16·2 (10·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 4 under Small-pox, 1 under Typhoid, 6 under Other Fevers, 23 under Dysentery and Diarrhœa, and 121 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 44 (20 in hospitals) for 6 days representing a calculated death-rate of 10·8 (5·9 excluding hospital deaths) per mille of population (annual basis) as against 19·2 (7·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 5 Dysentery and Diarrhœa 3, and All Other Causes 36. The reported mortality was very low.

There were 51 deaths (8 in hospitals) for 7 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 16·5 (13·9 excluding hospital deaths) per mille of population (annual basis) as against 48·4 (45·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 4 under Other Fevers, 13 under Dysentery and Diarrhœa, and 34 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS. 381

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Paddy is being transplanted in some parts of Nelamangala, Dodballapur Taluks; sugarcane seedlings and potatoes are in fairly good condition. Potato is being harvested in Hoskote Taluk, sugarcane is being milled in Nelamangala Taluk, Magadi Taluk and Kankanhalli Taluk.

Harvest of ragi is in progress in some parts of the District.

10. Public health is generally good except for the prevalence of Small-pox in Nallehalli, Alahalli and Sathnur villages. Necessary action is taken to prevent the spread of the disease. Cattle are generally healthy except for prevalence of blackquarter at Vibhuthikere, Ramanagaram Taluk. Necessary action is taken to prevent the spread of the disease.

11. Drinking water and fodder are available. Scarcity of fodder is felt in parts of Dodballapur Taluk and Kodihalli Hobli of Kankanhalli Taluk. "Karadu" grass in the forests has been made available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The condition of standing crops like Vaishaky paddy, irrigated ragi and jola is not encouraging. They are in need of rains urgently.

(3) *Crops harvested.*—Ragi and sugarcane are being harvested.

The seasonal conditions are not favourable in this District from the beginning of the year. There was no rainfall during the week anywhere in the District.

Relief works are in progress. Excavation of temporary wells in tank beds is proving helpful for drinking water both for men and cattle. Unfortunately for the people of affected areas a new menace in the shape of cholera is acing them. Cholera is prevalent in Sidlaghatta and Chikballapur Taluks. Energetic action is being taken to bring it under control. Department of Animal Husbandry has also taken preventive measures to check the spread of Foot and Mouth disease to cattle in Kolar and Srinivaspur Taluks.

TUMKUR.

8. Fairly well supplied.

Transplantation.—Transplantation of summer paddy in some parts of Kunigal Taluk is reported to have commenced.

9. *Condition of standing crops* :—

Tumkur and Gubbi :—Paddy and sugarcane in some parts of the Taluk are reported to be fair.

Sira :—Paddy crop under irrigation well is reported to be fair.

Tiptur and Madhúgiri :—Paddy which was recently transplanted is the only crop and water supply in the irrigation wells is becoming insufficient every day. Hence crops are reported to be not hopeful.

Chicknaikanahalli :—Standing paddy crop of about 130 acres under Jodi Thimmalapura tank is reported to have attacked with the pest.

Pavagada :—Condition of summer paddy and ragi under irrigation wells is reported to be fair except in the Venkatapura Village. Sugarcane in parts of Kunigal and paddy in some parts of Koratagere Taluk are reported to be fair.

Crops harvested.—Sugarcane in parts of Tumkur, Gubbi and Kunigal Taluks, chitte jola in parts of Koratagere Taluk.

10. *Public Health.*—Public health is generally good.

11. *Cattle.*—Cattle are reported to be generally healthy except for the prevalence of blackquarter in Aladakatte Village of Chicknaikanahalli Taluk. Needful action is reported to have been taken to check the spread of the epidemic. Water scarcity is being felt in some parts of the District. Action is being taken to sink bore-wells and also to improve the existing wells. State forests have been thrown open for free grazing. Steps are taken to import hay from outside the District to the affected areas. But stock has not yet been received. To provide labour to the unemployed ryots distress relief works have been started in Pavagada, Sira, and Madhugiri Taluks. A road work at Hunasavadi is reported to in progress and other relief works have been proposed to be taken up at Vittalapura, Ittikadibbanahalli and Rantavalalu of Madhugiri Taluk. Two Road works under relief programme are reported to be under progress.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—Nil.

Standing crops.—Such as sugarcane, mulberry, kar-paddy and irrigated ragi are in good condition.

9. *Crops harvested.*—It is reported that sugarcane is being harvested in Yelandur Taluk.

10. (1) Prospects of the season are normal.

(2) There was no rainfall in any part of the District during the week. Rainfall for the calendar year so far is 2·07 as against 5·59 being the average for 35 years. There was rainfall during the year only in the Taluks of Mysore, Chamarajanagar, Gundlupet Heggaddevankote and Nanjangud.

(3) Both the cooly and agricultural classes are finding sufficient employment in all parts of the District.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is generally good except for the prevalence of cholera in a few villages of Nanjangud and Krishnarajanagar Taluks and plague in a few villages of Gundlupet Taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In parts of Hunsur, Periapatna, Heggaddevankote, Gundlupet, T.-Narsipur, Nanjangud and Chamarajanagar Taluks, this difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned distress relief grants in these Taluks.

MANDYA.

8. Well supplied.

9. Standing crops of sugarcane in Visvesvaraya Canal Area and kar-paddy in Nagamangala Taluk are reported to be in good condition. Sugarcane of the previous year is reported to be under harvest in Visvesvaraya Canal Area.

10. Prospects of the season are reported to be good. Distress relief works are proposed to be taken up in Krishnarajpet and Nagamangala and Pandavapura Taluks early. Estimates for the relief works are being got prepared.

11. The public health is reported to be generally good. Cattle are reported to be healthy. Fodder and water are available in sufficient quantities.

HASSAN.

8. Well supplied.

9. The standing sugarcane crop in Channarayapatna, Hole-Narsipur, Arkalgud and Hassan Taluks and Kar-paddy in Hassan Taluk are reported to be in good condition.

10. Prospects of the season are reported to be fair.

11. Water and fodder are available. Cattle are generally healthy.

SHIMOGA.

8. Well supplied.

9. Lands are being got prepared in Honnali, Sagar, Sorab and Thirthahalli Taluks. Sugarcane seedlings are being planted in Shimoga and Bhadravati Taluks. Sugarcane in Shimoga Taluk, blackgram, greengram in Shikaripur

Taluk. Summer crops, ragi, greengram, groundnut and sugarcane in Bhadravati Taluk are reported to be good.

Greengram in Shikaripur Taluk, paddy in Sagar are being harvested. Sugarcane is being crushed in almost all the Taluks.

10. Prospect of the season was generally good in all the Taluks except for the prevalence of Small-pox in Byrapur Village, Sagar Taluk and Benakanahalli in Chennagiri Taluk. Preventive measures were taken.

It is reported that difficulty for drinking water is being felt in Bhanganakatte, Haragavalli and Sunnadakoppa villages of Shikaripur Taluk.

11. Cattle were healthy in all the taluks.

Fodder and water were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of commodities were continued to prevail as in last week.

9. (1) *Standing crops.*—Sugarcane in Chikmagalur and Kadur Taluks, sugarcane and bengalgram in Tarikere Taluk, summer paddy in Mudigere Taluk and sugarcane in Narasimharajapura Sub-Taluk were the standing crops.

(2) *Seeds sown and transplantation made.*—Nil.

(3) *Crops harvested.*—Sugarcane in Chikmagalur, Kadur and Narasimharajapura Taluks were harvested during the week under report.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District in view of there being no distress conditions in this District. There was an unusual rainfall during the month of February 1952 in this District.

11. The public health was generally good throughout the District.

Cattle are generally healthy except for the prevalence of "Black quarter" disease among the cattle in Tegur Village of Chikmagalur Taluk and "Foot and Mouth" disease in Koppa, Hariharpura, Bandigadi, Hadikerur and Balegere Villages of Koppa Taluk. The Assistant Director of Animal Husbandry, Chikmagalur has been requested to take necessary preventive measures in the matter.

Water and fodder are available.

CHITALDRUG.

8. Markets are well supplied except the controlled commodities.

Sowing.—Nil.

Standing crops.—The state of the standing crops such as cotton and sugarcane, in Chitaldrug Taluk; Vysakhi paddy crops under irrigation wells, tanks and nalas, summer jola and cotton in Challakere Taluk; Sugarcane, cotton paddy and jola in Hiriyur Taluk; Jola, chillies, onions, paddy and tobacco in Molakalmuru Taluk; Cotton in Holalkere Taluk; Cotton and sugarcane in Davangere Taluk; Cotton, togari, chillies and bengalgram in Jagalur Taluk; Paddy, bili jola and bengalgram in Hosadurga Taluk; and cotton and tobacco in Harihar Taluk are reported to be fair. Jola crop is reported to be affected with some kind of pests in Hiriyur Taluk. Transplantation of paddy is reported to be in progress under the atchkats of tanks in a few villages of Hiriyur, Molakalmuru and Hosadurga Taluks.

9. *Harvesting.*—Bilijola in Chitaldrug Taluk; Sugarcane in Hiriyur Taluk; Onions, cotton and paddy in Molakalmuru Taluk; Ragi, bilijola and cotton in Holalkere Taluk; Cotton and sugarcane in Davangere Taluk; Bengalgram and thogari in Jagalur Taluk; Bilijola and bengalgram in Hosadurga Taluk and cotton and tobacco in Harihar Taluk are being harvested.

10. Some parts of Chitaldrug, Challakere, Hiriyur, Molakalmuru, Jagalur and Hosadurga Taluks were adversely affected due to failure of rains and action has been taken to start relief works in the worst affected parts in the first instance. Labour is available all over the District except in Javagondanahalli Hobli of Hiriyur Taluk. Devasamudra and Pokurthi Circles of Molakalmuru Taluk and Muthodu, Srirampur and Belagur Circles of Hosadurga Taluk. Relief works are under execution for providing employment. Relief works have also been started in Chitaldrug, Challakere and Hosadurga Taluks. Foodgrain depots have been started to supply foodgrains to the labourers working in places where relief works are under execution. There is sufficient stock of foodgrains in the depots in several taluks in the district and no scarcity has been felt for the present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of "rinderpest" in a few villages in Challakere Taluk and Sadarahalli, Bagur, Hosadurga Town, Mayasandra and Anivala Villages in Hosadurga Taluk. (The notification issued by this office declaring Bethur, Dwaranakunte, Rangenahalli and Channammanagathihalli villages and area comprised within a radius of five miles of the above villages, as infected area for one month with effect from 21st and 28th February and 17th and 18th March 1952 respectively, is still in force.) The authorities of the Veterinary Department are taking effective measures to check the spread of the epidemic.

Public Health is generally good all over the district except for prevalence of "small-pox" in a few villages in Challakere and Guttihalli in Hosadurga Taluk. The authorities of the Health Department are taking effective measures to check the spread of the epidemic.

Water is available all over the District except in a few villages in Molakalmuru and Hiriyur Taluks. Estimates for deepening of five wells in Hiriyur Taluk have been sent to Revenue Commissioner for sanction. Fodder scarcity is somewhat felt in the Taluks of Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosadurga Taluks. It is since learnt that plenty of paddy straw and jola stalks is being brought from Kudligi Taluk and sold in Molakalmuru. Arrangements have been made to import fodder from Mandya District.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 25th March 1952.

K. SRINIVASAN,
Revenue Commissioner.

8415

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY MARCH 13, 1952.

A total of 17 attacks with 6 deaths from Plague was returned from 3 villages in 2 taluks in 2 districts during the week against 4 attacks with 1 death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Field reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 7 attacks with 1 death and 3 attacks with 2 deaths, respectively.

A total of 99 attacks with 15 deaths from Small-pox were reported from the Cities of Bangalore and Mysore and from the towns of Banavar, Chintamani, Harihar and Tarikere, and from the taluks of Bagepalli, Mandya, Maddur and T.-Narsipur.

Twenty attacks with 11 deaths from Cholera were reported from the taluks of Honnali and Sidlaghatta.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 256 (93 in hospitals) for 7 days representing a calculated death-rate of 16·8 (10·7 excluding hospital deaths) per mille of population (annual basis) as against 21·2 (16·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Small-pox, 1 under Malaria, 3 under Typhoid, 16 under Other Fevers, 27 under Dysentery and Diarrhœa and 207 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 54 (18 in hospitals) for 7 days representing a calculated death-rate of 11·3 (7·5 excluding hospital deaths) per mille of population (annual basis) as against 20·5 (14·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 2, Typhoid 2, Other Fevers 5, Dysentery and Diarrhœa 3 and All Other Causes 42. The reported mortality was very low.

There were 60 deaths (16 in hospitals) for 7 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 19·5 (14·3 excluding hospital deaths) per mille of population (annual basis) as against 23·6 (20·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Small-pox, 4 under Other Fevers, 8 under Dysentery and Diarrhœa and 47 under All Other Causes. The reported mortality was very low.

T. CHANDRASEKHARAIYA,
Director.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Paddy is being transplanted in some parts of Nelamangala Taluk. Transplantation of summer ragi is also going on in Hoskote Taluk. Sugarcane is being harvested in Nelamangala and Channapatna Taluks. The standing crops such as summer paddy is fairly in good condition. The Vaishaky crops under Malur Tank are reported to have been withering for want of rain. Potato is being harvested in Hoskote Taluk.

10. Public health is generally good in the district except for the prevalence of Cholera in Chandapura and Narayanaghatta in Anekal Taluk and Small-pox in Solur, Magadi Taluk and Heradyapanahalli, Kankanhalli Taluk. Immediate preventive measures have been taken to prevent the spread of disease.

11. Cattle are healthy in the district. Fodder and water are available. It is reported that there is some scarcity of fodder in Kodihalli Hobli, Kankanhalli Taluk. Karadu grass in the forest is made available. All the tanks except Kumbarahalli Tank in Nelamangala Taluk are dried up.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The condition of standing crops, *viz.*, Vaishaky paddy, irrigated ragi, jola and sugarcane is not encouraging. They are in need of rains.

(3) *Crops harvested.*—Potatoes and sugarcane are being harvested.

There was no rainfall anywhere in the district. The seasonal conditions in this district are not favourable due to failure of rains.

The relief works are in progress. Temporary wells excavated in tank beds have been of immense help for men and cattle for drinking water.

One hundred and thirty railway maunds of paddy straw is reported to have been arrived at Goribidnur from Maddur. Out of 28 tons of kachi grass received from Ajjampur, 15 tons have been issued to other taluks and also sold locally at Goribidnur. Arrangements have been made to obtain further supply of paddy straw from Nanjangud. Instructions have been issued to supply hay at Rs. 70 per ton to the needy people in affected parts.

People and cattle are reported to be healthy but for prevalence of Cholera in some parts of Chickballapur and Sidlaghatta Taluks and preventive measures have been taken to combat the disease.

TUMKUR.

8. Fairly well supplied.

9. *Standing crops* :—Tumkur, Gubbi, Kunigal Taluks : Paddy and sugarcane in some parts of the taluks are reported to be fair.

Sira:—Paddy crop under irrigation well is reported to be fair.

Chicknaikanahalli:—Standing paddy crop in about 130 acres under Jodi Thimmalapura tank is reported to have attacked with the pests. The Assistant Director of Agriculture, Tumkur, has been demi-officially addressed in the matter to check the disease.

Pavagada :—Conditions of summer paddy and ragi under irrigation wells are reported to be fair except in Venkatapura Village.

Koratagere :—Summer paddy is reported to be fair.

Tiptur :—Vyshaki paddy at Honnavalli, Sarthavalli and Halkurke villages of Honnavalli Hobli is reported to be good.

Crops harvested.—Sugarcane in parts of Tumkur, Gubbi and Kunigal Taluks, chitte jola in parts of Koratagere Taluk.

10. *Public Health.*—Public health is generally good except for the prevalence of Small-pox in Arasikere Village of Pavagada Taluk and needful action is reported to have been taken to check the spread of the epidemic.

11. *Cattle.*—Cattle are reported to be generally healthy except for the prevalence of Black-quarter in Aladakatte Village of Chicknaikanahalli Taluk and Rinderpest in Bellibatlu, Pavagada, Y. N. Hosakote, Kenchammanahalli and Kotagudda villages of Pavagada Taluk. Preventive measures are reported to have been taken to check the spread of the epidemic.

To combat the difficulty of drinking water both for men and cattle, arrangements are made to sink temporary wells or to deepen the existing wells. State forests have been thrown open for free grazing and steps are taken to import hay from outside the district to the affected areas and the stock is expected to arrive shortly. To provide labour to the unemployed ryots, relief works have been started in Pavagada, Madhugiri and Sira Taluks. The road works are reported to be in progress. In Sira Taluk, a road work from Agrahara to Kanchiganahalli is reported to have been started from 15th March 1952 and 200 persons are reported to be working. The Amildar, Tumkur Taluk, reports that the road works could not be started on 10th March 1952 as no labour came forward to work at the famine relief rates. He further reports that Rs. 100 has been advanced to the Revenue Inspector for purchasing implements.

MYSORE.

8. It is reported that the markets are normally well supplied in all the parts of the District during the week.

Seeds Sown:—It is reported that kar-paddy is being sown in T.-Narasipur Taluk.

Standing crops.—Such as sugarcane, mulberry, kar-paddy and irrigated ragi are in good condition.

9. *Crops harvested.*—It is reported that sugarcane is being harvested in Yelandur Taluk.

10. (1) Prospects of the season are normal.

(2) There was no rainfall in any part of the District during the week. Rainfall for the calendar year so far is 2.07 as against 6·84 being the average for 35 years. There was rainfall during the year only in the Taluks of Mysore, Chamarajanagar, Heggaddevankote, Gundlupet and Nanjangud.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Public health is generally good except for the prevalence of Plague in a few villages of Gundlupet and Cholera in few villages of Nanjangud and Krishnarajanagara Taluks. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In parts of Hunsur, Periyapatna, Heggaddevankote, Gundlupet, Nanjangud, Chamarajanagar and T.-Narsipur Taluks, difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned distress relief grants in these Taluks.

MANDYA.

8. Well supplied.

9. The standing crop of sugarcane in Visvesvaraya Canal Area and kar-paddy in Nagamangala Taluk are reported to be in good condition. Sugarcane of the previous year in Visvesvaraya Canal Area is reported to be under harvest.

10. Prospects of the season are reported to be good. Distress relief works are being taken in Krishnarajpet, Nagamangala and Pandavapura Taluks.

11. The public health is reported to be generally good. It is reported that Cholera was prevailing at Holalu and

Chikkamandya villages, Mandya Taluk and Nallahalli Village in Pandavapura Taluk. The District Health Officer has been addressed in this regard for taking immediate precautionary and preventive measures. Cattle are reported to be healthy. Fodder and water are reported to be available in sufficient quantities in all the Taluks of this District.

HASSAN.

8. Well supplied.

9. The standing sugarcane crop in Channarayapatna, Hole-Narsipur, and Arkalgud is reported to be in good condition. The kar-paddy in Hassan Taluk is also reported to be in good condition.

10. The prospects of the season are reported to be fair. Rains are needed for ploughing purposes.

11. Water and fodder are available. Cattle are generally healthy except for prevalence of Black-quarter disease in Hosally, Palya Hobli, Alur Taluk. Preventive measures are being taken by the Veterinary Department. Some reports of difficulty for drinking water are being received and the Amildars are requested to have temporary wells dug, etc.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in Honnali, Hosanagar, Sagar and Thirthahalli Taluks.

New Sugarcane seedlings were planted in Bhadravati Taluk.

Sugarcane was being crushed in many of the taluks in the district. Paddy was thrashed in Hosanagar and Sagar Taluks. Thrashing of millets was completed in Chennagiri Taluk. Blackgram and Greengram were harvested in Shikaripur Taluk.

The Standing crop of old sugarcane is reported to be in good condition. The standing summer crops of Ragi, Groundnut and Greengram are reported to be in good condition in Bhadravati Taluk.

10 The prospect of the season was generally good. There was prevalence of smallpox in Benakanahalli Village of Chennagiri Taluk and in Byrapur Village of Sagar Taluk. Preventive measures were taken.

It is reported that there was drinking water in Baganakatte Harugavalli and Sunnadakoppa Villages of Shikaripur Taluk.

11. Cattle were healthy in all the taluks except in the Sanganahalli village of Chennagiri Taluk where there prevailed '*Galaleroga*'. Preventive measures were taken.

Fodder and water were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. There was no fluctuation in rates during the week under report.

9. (1) *Standing crops.*—Sugarcane in some parts of Chikmagalur, Kadur, Tarikere Taluks and in Narasimharajapura Sub-Taluk and summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Nil.

(3) *Crops harvested.*—Sugarcane in Chikmagalur, Kadur and Tarikere Taluks and in Narasimharajapura Sub-Taluk were harvested during the week under report.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District in view of there being no distress conditions in this District. From the beginning of the year, there was an average rainfall of 0.58 in this District.

11. The Public Health was generally good throughout the District.

Cattle are generally healthy.

Water and Fodder are available.

CHITALDRUG.

8. Markets are well supplied except the controlled commodities.

Sowing.—Nil.

Standing crops.—The condition of the standing crops such as Vyasakhi paddy crops under irrigation wells, tanks and nalas. Summer jola and cotton in Challakere Taluk, Sugarcane, cotton, paddy and jola in Hiriyur Taluk; Jola, chillies, onions, paddy and tobacco in Molakalmuru Taluk; cotton in Holalkere Taluk; cotton and sugarcane in Davangere Taluk, Cotton, Paddy and bengalgram in Jagalur Taluk, Bilijola, bengalgram and paddy in Hosadurga Taluk; and cotton and tobacco in Harihar Taluk are reported to be fair. Jola crop is reported to be affected with some kind of pests in Hiriyur Taluk.

9. *Harvesting.*—Harvesting of bilijola and cotton in Chitaldrug Taluk, sugarcane in Hiriyur Taluk, cotton in Holalkere Taluk; Cotton and sugarcane in Davangere Taluk; bilijola and bengalgram in Hosadurga Taluk and cotton and tobacco in Harihar Taluk is reported to be in progress.

Relief works have been started in the worst affected parts of Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosadurga Taluks due to failure of rains. Labour is available all over the District except in Javagondanahalli Hobli of Hiriyur Taluk. Deasamudra and Pokurthi Circles of Molakalmuru Taluk, Muthodu, Srirampura and Belagur Circles of Hosadurga Taluk. Relief works are under execution for providing employment. Foodgrain depots have been started to supply foodgrains to the labourers working in places where relief works are under execution. There is sufficient stock of foodgrains in the depots in several taluks in the District and no scarcity has been felt for the present.

The cattle are reported to be generally healthy all over the District except for prevalence of "rinderpest" in Hulikunte and Siddeshwaranadurga Villages in Challakere Taluk, Rangenahalli in Hiriyur Taluk and Black-quarter in Sadarahalli, Hosadurga Town, Begur and Anivala in Hosadurga Taluk. (The authorities of the Veterinary Department are taking effective preventive measures to check the spread of the epidemic. The notifications issued by this Office declaring Rangenahalli and Channammanagathihalli and area comprised within a radius of five miles from the said villages "as infected area for one month with effect from 17th March 1952 and 18th March 1952 are still in force.) Notifications declaring Hulikunte and Siddeshwaranadurga villages and area comprised within a radius of five miles from the above villages as infected area for one month with effect from 27th March 1952 has been issued.

Public Health is generally good all over the district except for prevalence of "small-pox" in a few villages in Challakere Taluk and Gulihalli in Hosadurga Taluk. The authorities of the Health Department are taking necessary preventive measures to check the spread of the Epidemic.

Water is available all over the District except in a few villages in Molakalmuru Taluk.

Fodder scarcity is somewhat felt in the villages of Chitaldrug, Chellakere, Hiriyur, Molakalmuru and Hosadurga Taluks and arrangements have been made for supply of Fodder from Mandya District.

For Di

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY THE 20TH MARCH 1952.

A total of 13 attacks with 10 death from Plague was returned from 6 villages in 5 taluks in 3 Districts during the week against 17 attacks with 6 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were nil attacks with nil death and 6 attacks with 1 death, respectively.

A total of 81 attacks with 12 deaths from Small-pox were reported from the Cities of Bangalore, Mysore and Kolar Gold Fields and from the towns of Chintamani and Nanjangud and from the Taluks of Bangalore South, Bagepalli, Hunsur, Kankanhalli and Mandya.

One hundred and fifteen attacks with 39 deaths from Cholera were reported from Krishnarajanagar Town and from the taluks of Chikballapur, Honnali, Krishnarajanagar, Nanjangud and Sidlaghatta.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 212 (55 in hospitals) for 5 days representing a calculated death-rate of 19·6 (14·5 excluding hospital deaths) per mille of population (annual basis) as against 16·4 (12·7 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Small-pox, 5 under Typhoid, 14 under Other Fevers, 34 under Dysentery and Diarrhœa, and 158 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 60 (16 in hospitals) for 7 days representing a calculated death-rate of (14·8 (10·8 exluding hospital deaths) per mille of population dannual basis) as against 20·4 (14·8 excluding hospital aceaths) for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 2, Malaria 1, Other Fevers 11, Dysentery and Diarrhœa 3, and All Other Causes 43. The reported mortality was very low.

Reports are not received from Kolar Gold Fields.

8470 T. CHANDRASEKHARAIYA, *Director.*

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDRY SERVICES IN MYSORE, BANGALORE.

(HEALTH OF LIVE-STOCK DURING FEBRUARY 1952.)

Notification dated 21st March 1952.

In their order of severity, outbreaks of Rinderpest, Foot and Mouth, Blackquarter, Sheep-pox, Anthrax, Ranikhet, Hæmorrhagic-septicæmia, Contagious-goat pleuro-pneumonia and Gastro-entrittis were encountered in the State during February 1952. Altogether 396 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 219 villages during the previous month. The number of outbreaks was highest in Bangalore, Mandya and Tumkur Districts, while Hassan Chikmagalur and Chitaldrug Districts were least affected. These diseases accounted for 3,262 attacks, of which 697 succumbed. The departmental staff conducted 27,176 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Five outbreaks of Rinderpest were registered in Challakere, Hiriyur, Sira and Pavagada Taluks accounting for 60 attacks among cattle, of which 45 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 2,206 cattle in the infected villages and 2,098 cattle in 42 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 118 villages accounting for 69 deaths, as against 106 villages accounting for 34 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 8,731 animals, as against 8,460 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, and fodder and water were generally available throughout the State.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Paddy is being transplanted in some parts of Dodballapur Taluk. Ploughing of dry lands is going on in the above taluk. The Vysakhi crops under Malur tank in Channapatna Taluk are withering for want of water. Sugarcane cutting is coming to a close in Magadi Taluk. Standing crops such as sugarcane and paddy are fairly in good condition in the district.

10. Public health is generally good in the district except for the prevalence of Small-pox in Jaksandra Village, Kankanhalli Taluk.

11. Cattle are healthy. Fodder and water are available. Some scarcity of fodder is felt in Kodihalli Hobli in Kankanhalli Taluk. Karadu grass is made available from forest.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The conditions of standing crops, *viz.*, Vaishaky paddy, irrigated ragi, jola and sugarcane are improved due to rainfall on Saturday evening.

(3) *Crops harvested.*—Potatoes and ragi are being harvested.

There seems to have been fairly good rainfall all over the district on Saturday evening. But rain cards have not been received yet. Lands are being ploughed.

Relief works are in progress. In view of the recent Government order dated 25th March 1952, action has been taken to suspend the collection of dry and wet assessment and determine the areas which are eligible to get the concession. Paddy and ragi straw have been received from Mandya and Mysore Districts at Goribidnur and Bangarpet. The Amildars have been instructed to issue and maintain proper accounts and also expedite the progress reports of receipts and expenditure.

People and cattle are reported to be generally healthy but for prevalence of Cholera in Chikballapur and Bagepally Taluks. Preventive measures have been taken to combat the disease.

TUMKUR.

8. Fairly well supplied.

9. *Standing crops* :—Tiptur :—Vyshaki paddy at Honnavalli, Sarthavalli and Halkurke villages are in good condition.

Sira :—Paddy under irrigation wells is fair.

Koratagere :—Standing crop—paddy—is in fair condition.

Gubbi :—Sugarcane and paddy are in fair condition.

Chiknaikanahalli:—Paddy about 130 acres under Jodi Thimmalapura tank is reported to have been affected with pests. A few acres under Yelandur and Ganadhal tanks are reported to be in fair condition.

Turuvekere :—Nil.

Pavagada :—Summer paddy and ragi are reported to be fair except in Venkatapura.

Tumkur :—Sugarcane and paddy is in fair condition.

Crops harvested.—Sugarcane in parts of Gubbi and Tumkur Taluks ; chitte jola in parts of Koratagere Taluk.

10. *Public Health.*—Public health is reported to be generally good.

11. *Cattle.*—Cattle are reported to be generally healthy except for the prevalence of Blackquarter in Sadarehalli in Chiknaikanahalli Taluk ; Naragondanahalli in Tumkur Taluk. Rinderpest is reported to be prevailing in Bellibatlu, Pavagada, Y. N. Hosakote, Kenchammanahalli and Kotagudda villages of Pavagada Taluk. Needful action is reported to have been taken to check the spread of the epidemic.

To combat the difficulty of drinking water both for men and cattle, arrangements are made to sink temporary wells or to deepen the existing wells. State forests have been thrown open for free grazing and hay is imported from Mandya District to the affected areas. Relief works have been started in Madhugiri, Tumkur, Sira and Pavagada Taluks. Road and well works are in progress. Eight hundred and fifty persons are reported to be working and the outlay incurred so far amounts to Rs. 3,200.

MYSORE.

8. It is reported that the markets are well supplied in all Taluks of the District during the week.

Seeds Sown:—Nil.

Transplantation of kar paddy is being taken in some parts of the atchkats under tanks of Halepura and Kerehalli in Nanjangud Taluk.

9. *Standing crops.*—Such as sugarcane, paddy, mulberry, and irrigated ragi are in good condition.

10. (1) Prospects of the season are normal.

(2) Except for slight rainfall in Gundlupet Taluk there was no rainfall in any other taluks of the District during the week. The total rainfall for the calendar so far is 2·22 as against 9·66 being the average for 35 years. There was rainfall during the year only in the Taluks of Mysore, Chamarajanagar, Gundlupet and Nanjangud Taluks.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of food grains are made available in all parts of the District.

(5) Public health is generally good except for the prevalence of Plague in a few villages of Gundlupet Taluk and Cholera in a few villages of Nanjangud and Krishnarajanagara Taluks. Necessary preventive and remedial measures being taken to check its spread.

11. Cattle are reported to be generally healthy. Sufficient quantities of water and fodder are made available in all parts of the District. In parts of Hunsur, Periyapatna, Heggaddevankote, Gundlupet, Nanjangud, Chamarajanagar and T.-Narsipur Taluks, difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned Distress Relief Grants in these Taluks.

MANDYA.

8. Well supplied.

9. The standing crop of sugarcane in Visvesvaraya Canal Area and kar-paddy in Nagamangala are reported to be in good condition. Transplantation of kar-paddy seedlings is reported to be in progress in Malvalli Taluk. Sugarcane of the previous year in Visvesvaraya Canal Area is reported to be under harvest.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally good. Fodder and water are reported to be available in sufficient quantities. It is reported that Cholera is prevalent in the Villages of Holalu, Chikkamandya, Gopalpura, Kallahalli, Pankanahalli of Mandya Taluk. The District Health Officer, Mandya, has been addressed in the matter for taking immediate precautionary and preventive measures.

HASSAN.

8. Well supplied.

9. The standing crops of sugarcane in Channarayapatna, Arkalgud, and Hole-Narsipur Taluks and kar-paddy in Hassan Taluk are reported to be in good condition.

10. The prospects of the season are fair. Rains are very badly needed for ploughing purposes. In Gandasi, Banavar and Kankatte Hoblies of Arsikere Taluk difficulty is felt for drinking water and for fodder. Action is taken to deepen the existing wells and also to dig temporary wells in tank beds. There are symptoms of prevalence of Cholera in Magge, Arkalgud Taluk. Small-pox in Yeslur in Manjarabad Taluk. The local doctors have been addressed to take immediate preventive measures.

11. Water and fodder generally available.

Cattle are generally healthy.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in Honnali, Shikaripur, Sorab and Tirthahalli Taluks.

New sugarcane seedlings were planted in Bhadravati Taluk.

Threshing of paddy was completed in Sagar and Hosanagar Taluks.

Sugarcane was being crushed in many of the taluks of the district.

The standing crop of Hombanda crops in Sorab Taluk and the summer crops of Ragi, Greengram and Groundnut in Bhadravati Taluk, are reported to be in good condition.

10 Prospect of the season was generally good. The prevalence of small-pox at Bhyrapura in Sagar Taluk was brought under control. Prevalence of cholera at Issur in Shikaripur Taluk was also brought under control. Mass vaccination was going on at Benkanahalli, Chennagiri Taluk for prevention of small-pox.

Minor tanks at Shikaripur Taluk are reported to be empty and to be in need of rainfall.

11. Cattle were healthy in all the taluks except in Sangahalli village of Chennagiri Taluk where there prevailed '*Galaleroga*'. Preventive measures are reported to have been taken.

Water and fodder were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of commodities were continued to prevail as in last week.

9. (1) *Standing crops.*—Sugarcane in some parts of Chikmagalur, Tarikere Taluks and in Narasimharajapura Sub-Taluk, sugarcane and jave wheat in Kádur Taluk; summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Sugarcane in some parts of Chikmagalur Taluk.

(3) *Crops harvested.*—Sugarcane in the Taluks of Chikmagalur, Kadur and Tarikere and in Narasimharajapura Sub-Taluk were harvested during the week under report.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District in view of there being no distress conditions in this District. From the beginning of this year, there was a rainfall of 0.58 in this District.

11. The Public Health was generally good, except in Jodi Thimmalapura Village in Kadur Taluk, where it is reported that "Cholera" disease is prevailing. The Authorities of the Health Department have been requested to take immediate necessary preventive measures in the matter.

Cattle are generally healthy.

Water and Fodder are available.

CHITALDRUG.

8. Markets were well supplied except the controlled commodities.

(*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—The condition of the standing crops such as Vyasakhi paddy crops under irrigation wells, tanks and nalas. Castor, cotton and jola in Challakere Taluk; Sugarcane, cotton, paddy and jola in Hiriyur Taluk; Jola, onions, chillies, paddy and tobacco in Molakalmuru Taluk; cotton in Holalkere Taluk; bili jola, cotton and sugarcane in Davangere Taluk; Cotton, paddy and bengalgram in Jagalur Taluk; paddy in Hosadurga Taluk; and cotton and tobacco in Harihar Taluk are reported to be fair. Jola crop is reported to be affected with pests in Hiriyur Taluk.

9. *Harvesting.*—Sugarcane in Hiriyur Taluk; cotton in Holalkere Taluk; Paddy in Molkalmuru Taluk; sugarcane and cotton in Davangere Taluk; and cotton in Haribar Taluk are being harvested.

10. Relief works have been started in the worst affected parts of Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosadurga Taluks due to the failure of rains. Labour is reported to be available all over the District except in Javanagondanahalli Hobli of Hiriyur Taluk and Mathod, Srirampura and Belagur Circles of Hosadurga Taluk. Relief works are under execution for providing employment. Proposals for starting some more works in Molakalmuru Taluk have been sanctioned by the Revenue Commissioner. Foodgrain depots have been started to supply foodgrains to the labourers working in places where relief works are under execution. There is sufficient stock of foodgrains in the depots in the several taluks in the District and no scarcity has been felt for the present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of "rinderpest" in a few villages in Challakere Taluk, and Rangenahalli in Hiriyur Taluk. The authorities of the Veterinary Department are taking effective steps to check the spread of the epidemic. The notifications declaring Rangenahalli, Channammanagathihalli, Hulikunte and Siddeshwaranadurga Villages and area comprised within a radius of five miles of the said villages as infected area issued with effect from 17th March 1952, 18th March 1952 and 27th March 1952, for one month are still in force. Notification declaring Meerasabihalli village and area comprised within a radius of five miles of the said village as infected area for one month with effect from 7th April 1952 has been issued. The cattle fair and assemblage of cattle at Sri Veerabhadraswami Jatra at Harthikote, Hiriyur Taluk, has been prohibited for a period of one month with effect from 7th April 1952, on account of Rinderpest prevailing in Hiriyur Taluk.

Public health is generally good all over the district except for prevalence of "small-pox" in a few villages in Challakere Taluk. The authorities of the Health Department are taking necessary effective measures to check the spread of the epidemic.

Water is available all over the district except in a few villages in Molakalmuru Taluk. Estimates for deepening five A. K. Wells in Hiriyur Taluk have been sanctioned by the Revenue Commissioner and action has been taken to get the work executed.

Fodder scarcity is somewhat felt in a few villages of Chitaldrug, Chellakere, Hiriyur, Molakalmuru and Hosadurga Taluks. It is reported that considerable quantities of paddy, hay and jola stalks are being transported from Kudligi Taluk and sold in Molakalmuru at cheaper rates and this has eased the situation to some extent. Arrangements have also been made to import fodder from Mandya District.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 8th April 1952.

K. SRINIVASAN,
Revenue Commissioner.

8415

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY MARCH 27, 1952.

A total of 13 attacks with 8 deaths from Plague was returned from 7 villages in 4 taluks in 2 districts during the week against 13 attacks with 10 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Field reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 23 attacks with 10 deaths and 7 attacks with 4 deaths, respectively.

A total of 124 attacks with 19 deaths from Small-pox were reported from the Cities of Bangalore and Mysore and from the towns of Gundlupet, Harihar and Shimoga and from the taluks of Chintamani, Hosnagar, Hunsur, Kanakanahalli, Kadur, Magadi, Malavalli, Mandya, Pavagada Srirangapatna and Srinivasapur.

Fifty-seven attacks with 27 deaths from Cholera were reported from the towns of Hunsur and Mandya and from the taluks of Chikballapur, Gudibanda, Honnali, Mandya, Pandavapura, Sidlaghatta and Shikaripur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 241 (39 in hospitals) for 7 days representing a calculated death-rate of 15·9 (13·3 excluding hospital deaths) per mille of population (annual basis) as against 18·2 (14·7 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 8 under Small-pox, 14 under Other Fevers, 35 under Dysentery and Diarrhœa and 184 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 54 (21 in hospitals) for 7 days representing a calculated death-rate of 11·3 (6·9 excluding hospital deaths) per mille of population (annual basis) as against 35·7 (21·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 12, Dysentery and Diarrhœa 6 and All Other Causes. 36 The reported mortality was very low.

Reports are not received from Kolar Gold Fields.

T. CHANDRASEKHARAIYA,
Director.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, Potatoes, Paddy and Kar-ragi are in good condition in some parts of the District. Sugarcane is being milled. Summar ragi is being sown under subsidy wells in Hoskote Taluk.

10. Public health is generally good in the District except for the prevalence of Small-pox in Rachamanahally Village, Anekal Taluk and in Konasandra, Kankanhalli Taluk.

Cholera is prevailing in Malurpatna and Banagahally villages, Channapatna Taluk.

11. Cattle are generally good except sheep-pox, prevailing in Kempodbarahalli and Blackquarter in Ankanahally in Ramanagaram Taluk and in Tatnahalli, Anekal Taluk. Rinderpest is prevailing in Kodigehalli in Bangalore North. Fodder and water are available. Some scarcity of fodder is felt in Kodihalli Hobli in Kankanhalli Taluk and Karadu grass is made available from forest.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The condition of Vaishaky paddy, irrigated ragi, jola and sugarcane is reported to have improved due to rainfall during the week.

(3) *Crops harvested.*—Vaishaky paddy and potatoes are being harvested in Kolar Taluk.

10. Rainfall was fairly good in Kolar and Bangarpet Taluks during the week and tanks have received small supply of water.

Relief works started in affected parts are in progress.

Ragi and paddy straw are moving from Mandya and Mysore Districts to Goribidnur and Bangarpet Taluks. The Amildars have been requested to pay personal attention for preservation and issue of hay and maintain proper accounts.

10. People and cattle are reported to be generally healthy but for prevalence of cholera in some parts of of Chikballapur, Bagepally and Goribidnur Taluks. Preventive and currative measures have been taken by the Public Heal h Department to combat the disease. Congregation at public places have also been prohibited.

TUMKUR.

8. Fairly well supplied.

9. *Standing crops* :—Gubbi :—Paddy and sugarcane are reported to be in fair condition.

Tiptur :—Vyshaki paddy in fair condition.

Pavagada :—Summer paddy and ragi are reported to be good except in Venkatapura Village.

Koratagere :—Paddy is said to be withering in some parts of the Taluk.

Chiknaikanahalli:—Vaisakhi paddy in a very little extent under the tanks of Marenadu and Ganadhal is reported to to be in fair condition. Rainfall is reported in parts of Handanakere, Huliyar, Kasaba and Settikere Hoblis.

Kunigal :—Sugarcane and paddy are reported to be in good condition.

Crops harvested.—Harvest of paddy in Gubbi Taluk is almost complete. Vaisakhi paddy in some parts of Sira Taluk.

10. *Public Health.*—(1) Public health is reported to be generally good.

(2) Cattle are reported to be generally healthy except for the prevalence of Blackquarter in Madihalli in Tiptur Taluk and in some of the villages in Turuvekere Taluk. Rinderpest is reported to be prevailing in Bellihatlu, Pavagada, Y. N. Hosakote, Kenchammanahalli and Kotagudda villages in Pavagada Taluk. Needful action is reported to have been taken to check the spread of the epidemics.

To provide drinking water both for men and cattle, arrangements are made to sink temporary wells or to deepen the existing wells. State Forests have been thrown open for free grazing purposes. Hay is imported from Mandya and being rushed to the affected parts in Madhugiri, Koratagere, Pavagada and Sira Taluks. Relief works 6 temporary wells and 5 road works have been started in Madhugiri, Pavagada, Sira and Tumkur Taluks. About 900 persons are reported to be working. Total amount spend so far is Rs. 5,365-6-0.

11. Nil.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District.

Seeds Sown:—It is reported that sowing operation of jola has commenced in Heggaddevankote and Chamarajanagar taluks.

Transplantation of kar paddy in some parts of the atchkats under Halepura and Kerehalli tanks in Nanjangud is being done.

9. *Standing crops.*—Such as sugarcane, mulberry and irrigated ragi are reported to be in good condition.

Crops harvested.—Nil.

10. (1) Prospects of the season are normal.

(2) There was fairly good rainfall in Heggaddevankote and Gundlupet Taluks and it was scanty in Chamarajanagar and Periyapatna taluks and no rainfall in other taluks.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Public health is generally good in all parts of the District except for the prevalence of plauge in a few villages of Nanjangud Taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy. Sufficient quantities of water and fodder are available in all parts of the District. In parts of Hunsur, Periyapatna, Heggaddevankote, Gundlupet, Nanjangud and T.-Narsipur taluks, difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned Distress Relief Grants in these taluks.

MANDYA.

8. Well supplied.

9. Transplantation of kar-paddy seedlings is reported to be in progress in Malvalli Taluk. The standing crops of sugarcane in Visvesvaraya Canal Area and kar-paddy in Nagamangala are reported to be good in condition.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally good. Fodder and water are reported to be available in sufficient quantities. It was reported that Cholera was prevalent in the villages of Holalu, Chandagal and Doddagarudanahalli, and Small-pox in Urumarakasalagere Village, Mandya Taluk. The District Health Officer and the District Medical Officer, Mandya, have been addressed in the matter for immediate preventive and precautionary measures.

HASSAN.

8. Well supplied.

9. Standing sugarcane crop in Arkalgud, Hole-Narsipur and Channarayapatna and kar-paddy in Hassan Taluk are reported to be in good condition.

10. The prospects of the season are fair except for the prevalence of Cholera at Dodmagge and Honnenahalli in Arkalgud Taluk. Preventive measures are taken by the Health Department. Rains are badly needed for ploughing purposes. In Arsikere and Channarayapatna taluks temporary wells are being dug up in tank bed as some difficulty was felt for drinking water.

11. Fodder and water are available.

Cattle are generally healthy except for prevalence of Black-quarter in Belavadi Village, Arkalgud Taluk.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in Honnali, Shikaripur, Soiab, Sagar, Hosanagar, Tirthahalli and Bhadravati Taluks.

Threshing of paddy was being completed in Sagar and Hosanagar Taluks. Crushing of sugarcane was also being brought to completion in many taluks of the district.

New sugarcane seedlings were planted in Bhadravati and Shikaripur Taluks.

The standing crop of old sugarcane in all the taluks of the districts and the summer crops of Ragi, Groundnut and Green gram in Bhadravati Taluk and the Hombanda crop at Soiab Taluk are reported to be in good condition.

10 The prospects of the season were generally good. Mirror tanks at Shikaripur Taluk are reported to be empty. It is reported that there is difficulty for drinking water in border villages of Shikaripur Taluk. The Amildar is taking action to restore the old wells and to sink new wells wherever necessary.

11. Cattle were healthy in all the taluks except in Chennagiri Taluk where there prevailed "Foot and Mouth" disease to cattle at Haronahalli Village of the Taluk. Preventive measures were taken.

Fodder and water were available to cattle.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of commodities were as the same as in last week.

9 (1) *Standing crops.*—Sugarcane in Chikmagalur, Tarikere Taluks and in Narasimharajapura Sub-Taluk, sugarcane and jave wheat in Kadur and summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Sugarcane was sown in some parts of Chikmagalur Taluk.

(3) *Crops harvested.*—Sugarcane in the Taluks of Chikmagalur, Kadur, Tarikere and in Narasimharajapura Sub-Taluk were harvested during the week under report.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District in view of there being no distress conditions in this District. From the beginning of this year, there was an average rainfall of 0·81 in this District.

11. The Public Health was generally good throughout the District.

Cattle are generally healthy except for the prevalence of "Anthrax" disease among cattle in Uddeboranahally Village of Chikmagalur Taluk, where it is reported that 13 cattle died on account of the above disease. The Authorities of the Animal Husbandry Department have been addressed to take necessary preventive measures in the matter.

Water and Fodder are available.

CHITALDRUG.

8. Markets were well supplied.

9. (*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—The condition of the standing crops such as Vyasakbi paddy crops under irrigation wells, tanks and nalas. Castor and cotton in Challakere Taluk; Sugarcane, Groundnuts, cotton, and paddy in Hiriyur Taluk, onions, chillies, paddy and tobacco in Molakalmuru Taluk, cotton in Holalkere Taluk, cotton and sugarcane in Davangere Taluk; cotton, paddy and bengalgram in Jagalur Taluk, paddy in Hosadurga Taluk, and cotton and tobacco in Harihar Taluk, are reported to be fair.

(*c*) *Harvesting.*—Sugarcane in Hiriyur Taluk, cotton in Holalkere Taluk, paddy in Molkalmuru Taluk, paddy in Challakere Taluk, sugarcane and cotton in Davangere Taluk, and cotton in Harihar Taluk, are being harvested.

10. Due to the failure of rains in the Taluks of Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosadurga the crops failed. Relief works have been started in the worst affected parts. Cooly classes are finding sufficient labour all over the District except in a few Villages of Javanagondanahalli Hobli in Hiriyur Taluk, Devasamudra and Pokurthi Circles of Molakalmuru Taluk, and Mathod, Srirampura and Belagur Circles of Hosadurga Taluk, where relief works are under execution for providing employment. Proposals to start some more works in Molakalmuru Taluk have been sanctioned by the Revenue Commissioner. Foodgrains depots have been started to relief works are under execution. There is sufficient stock of foodgrains in the depots in several taluks in the District and no scarcity has been felt for the present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of rinderpest in a few villages in Challakere Taluk, Rangenahalli and a few Villages in Hiriyur Taluk. The authorities of the Veterinary Department are taking necessary preventive measures to check the spread of the epidemic. The notifications issued by this office declaring Rangenahalli, Channammanagathihalli, Hulikunte, Siddeshwarahadurga and Meerasabihalli, Villages and area comprised within a radius of five miles of the above villages as infected area for a period of one month with effect from 17th March 1952, 18th March 1952, 27th March 1952 and 7th April 1952 are still in force. The cattle fair and assemblage of cattle in the ensuing Jatra of Sri Veerabhadraswami at Harthikote and Sri Kalleswaraswamy at Kalledevarapura has been prohibited for one month with effect from 7th April 1952, and 14th April 1952. A Notification declaring Jaganoorahatti Hamlet of Naikanahatti Village and area comprised within a radius of five miles as infected area for one month has been issued from 14th April 1952.

Public health is generally good all over the district except for prevalence of "small-pox" in a few villages in Challakere and Hosadurga Taluks. The authorities of Health Department are taking necessary preventive measures to check the spread of the epidemic.

Water is available all over the district except in a few villages in Devasamudra Circle of Molakalmuru Taluk and Sirigere Circle, Hirihar Taluk. Action is being taken for silt clearing and deepening the existing wells.

Fodder is available all over the District except in a few villages in Molakalmuru Taluk. A consignment of paddy, hay consisting of 2 1/10 tons has been received from Mandya District to Chitaldrug Railhead. The hay indented to Hosadurga and Somalapura Railheads is not yet received.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 15th April 1952.

K. SRINIVASAN,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY APRIL 10, 1952.

A total of 2 attacks with nil death from Plague was returned from 1 village, in 1 taluk in 1 district during the week against 9 attacks with 4 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 2 attacks with nil death and 2 attacks with 1 death, respectively.

A total of 16 attacks with 6 deaths from Small-pox were reported from the Cities of Bangalore and Kolar Gold Fields and from the taluks of Mudigere and Pandavapura.

Forty-four attacks with 19 deaths from Cholera were reported from the towns of Chikballapur, Mandya and Sidlaghatta and from the taluks of Arkalgud, Bagepalli, Channapatna, Mandya, Maddur, Pandavapura and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 290 (91 in hospitals) for 6 days representing a calculated death-rate of 22·4 (15·4 excluding hospital deaths) per mille of population (annual basis) as against 18·4 (13·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 6 under Small-pox, 6 under Typhoid, 18 under Other Fevers, 45 under Dysentery and diarrhœa and 214 under All Other Causes. The reported mortality was low.

The total mortality for Mysore City was 55 (21 in hospitals) for 5 days representing a calculated death-rate of 16·2 (10·0 excluding hospital deaths) per mille of population (annual basis) as against 14·1 (4·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers. 9, Dysentery and Diarrhœa 2 and All Other Causes 44 The reported mortality was very low.

Reports were not received from Kolar Gold Fields.

568

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, THE 3RD APRIL 1952.

A total of 9 attacks with 4 deaths from Plague was returned from 4 villages in 4 taluks in 2 Districts during the week against 13 attacks with 8 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 22 attacks with 10 deaths and 1 attack with 2 death, respectively.

A total of 32 attacks with 10 deaths from Small-pox were reported from the Cities of Bangalore and Mysore and from the Taluks of Bagepalli, Kadur, Krishnarajapet and Mulbagal.

Sixty-two attacks with 30 deaths from Cholera were reported from the towns of Chikballapur, Hunsur, Mandya and Pirivapatna and from the taluks of Bagepalli, Gudibanda, Mandya, Maddur, Sidlaghatta and Shikaripur.

The State remained free from Influenza and Relapsing

The total mortality for Bangalore Corporation amounted to 291 (84 in hospitals) for 7 days representing a calculated death-rate of 19·2 (13·6 excluding hospital deaths) per mille of population (annual basis) as against 20·4 (16·8 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 3 under Small-pox, 2 under Malaria, 3 under Typhoid, 14 under Other Fevers, 42 under Dysentery and Diarrhœa, and 227 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 72 (14 in hospitals) for 7 days representing a calculated death-rate of 15·1 (12·2 excluding hospital deaths) per mille of population (annual basis) as against 12·2 (8·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Other Fevers 14, Dysentery and Diarrhœa 7, and all Other Causes 50. The reported mortality was very low.

Reports are not received from Kolar Gold Fields.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Summer Paddy, Sugarcane and Kar-ragi are in good condition in some parts of the District. Sugarcane is being milled.

10. Public health is generally good in the District except for the prevalence of Small-pox in Satnur, Konasandra and other villages in Kankanhalli Taluk. In affected areas of Dodballapur and Kanakapura Taluks, action has been taken to start relief works.

11. Cattle are generally good except sheep-pox in Kempodanahalli and Blackquarter in Ankanahally in Ramanagaram Taluk.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—Vaishaky paddy, irrigated ragi and jola are in need of rains.

(3) *Crops harvested.*—Vaishaky paddy is being harvested.

10. There was no Rainfall during the week. Weather is sultry. Rains are expected shortly.

Relief works are in progress in affected parts.

People and cattle are reported to be healthy but for prevalence of cholera in some parts of Bagepally Taluk which has since subsided. Rinderpest was also prevalent in Goribidnur Taluk and the cattle show at Viduraswatha was called off as preventive measure.

Ragi and paddy straw are moving from Mandya and Mysore Districts to Chikballapur, Bangarpet and Goribidnur Taluks. The Amildars of other Taluks have been obtaining their requirements of hay from these railheads for distribution to the raiyats of affected parts.

TUMKUR.

8. Fairly well supplied.

9. *Standing crops*:—Pavagada.—Summer paddy and ragi except in Venkatapura village. Paddy crop is reported to be withering in some parts for want of water.

Koratagere:—Paddy is withering in some parts of the Taluk for want of water.

Tiptur:—Vyshaki paddy is reported to be in fair condition.

Madhugiri:—Paddy is withering in most of the parts for want of water.

Gubbi and Tumkur:—Paddy and sugarcane are reported to be in fair condition.

Crops harvested.—Sugarcane in Gubbi Taluk and Vaisakhi paddy in some parts of Sira Taluk.

10. *Public Health.*—(1) Public health is reported to be generally good.

(2) Cattle are reported to be generally healthy except for the prevalence of Rinderpest in Bellibatlu, Pavagada, Y. N. Hosakote, Kenchammanahalli and Kotagudda village in Pavagada Taluk. Needful action is reported to have been taken to check the spread of the epidemic.

To provide drinking water both for men and cattle, arrangements are made to sink temporary wells or to deepen the existing wells. State Forests have been thrown open for free grazing purposes. Hay is imported from Mandya and the same is being rushed to the affected parts in Madhugiri, Sira, Pavagada and Koratagere Taluks. To provide labour to the unemployed ryots, relief works have been started in Madhugiri, Sira, Pavagada, Tumkur and Gubbi Taluks. They are reported to be under progess. About Rs. 9,842 has been spent so far under relief works. About 1,000 persons are reported to be working on the relief works.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District.

Transplantation of paddy is being taken up under Halepura tank in Nanjangud taluk.

Seeds Sown:—It is reported that jola was sown in some parts of Chamarajanagar and Heggaddevankote taluks but in other taluks it is delayed for want of rains.

9. *Standing crops.*—Such as sugarcane, mulbery and irrigated ragi are in good condition.

(1) Prospects of the season are normal.

(2) There was no rainfall in any part of the District during the week. Sowing jola and other millets is delayed for want of rains. Rains are urgently required.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is reported to be generally good in all parts of the District during the week.

10. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In parts of Hunsur, Periyapatna, Heggaddevankote, Gundlupet and Nanjangud taluks, difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned Distress Relief Grants in these taluks.

MANDYA.

8. Well supplied.

9. Transplantation of Kar-paddy seedlings is reported to be in progress in Malvalli Taluk. The standing crop of Sugarcane in Visvesvaraya Canal Area and Kar-paddy in Nagamangala taluk are reported to be in good condition.

10. Prospects of the season are reported to be generally good.

11. Fodder and water are reported to be available in sufficient quantities. Cattle are reported to be generally good. It was reported that Cholera was prevalent in Chandagal and Doddagarudanahalli villages. The District Health Officer has been addressed in the matter for immediate preventive and precautionary measures.

HASSAN

8. Well supplied.

9. Kar-paddy and sugarcane in Hassan Taluk and sugarcane in Arkalgud, Channarayapatna and Hole-Narsipur are in good condition. (Rain is needed for ploughing operations in other Taluks).

10. Rain is badly needed for ploughing operations in all the Taluks. Public Health is generally good.

Cattle are generally healthy except for "Chappe Roga," in Arkalgud Taluk which was subsequently brought under control by taking preventive measures.

11. Cattle are generally healthy. Water and fodder are available. Temporary wells have been dug in some of the villages in Arsikere and Channarayapatna Taluks.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in many taluks in the District. Threshing of paddy was completed in Sagar Taluk. Crushing of sugarcane was completed in Sagar and Channagiri Taluk and it was in progress in Thirthahalli Taluk. New sugarcane seedlings were planted in Sagar and Hosanagar Taluks.

The standing crop of sugarcane is reported to be in good condition. The standing summer crop of groundnut, Ragi and Greengram was in good condition in Bhadravati Taluk.

10 The prospects of the season were generally good. Rains were required in Shikaripur and Sagar Taluks.

11. Cattle were healthy in all taluks of the District except in the village of Kundur in Honnali Taluk where there prevailed "Galale Roga" Preventive measures have been taken.

Fodder and water were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of commodities were as the same as in last week.

9. (1) *Standing crops.*—Sugarcane in Chikmagalur, Tarikere Taluks and in Narasimharajapura Sub-Taluk, sugarcane and jave wheat in Kadur Taluk. Summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Ploughing was done in Chikmagalur Taluk during the week under report.

(3) *Crops harvested.*—Sugarcane was harvested in Chikmagalur, Tarikere Taluks and in Narasimharajapura Sub-Taluk.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in the District in view of there being no distress in this District. There was an average rainfall of 1·30 in this District from the beginning of 1st January 1952.

11. Public Health was generally good except in Hulikere Village of Sakrepatna Hobli in Kadur Taluk, where it is reported that small-pox disease has broken out. The District Health Officer has been requested to take necessary preventive measures in the matter.

Cattle are generally healthy Water and Fodder are available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—The condition of the standing crops such as Vyasakhi paddy crops under irrigation wells, tanks and nalas. in Challakere Taluk, sugarcane, groundnut, cotton, and paddy in Hiriyur Taluk, paddy, onions, tobacco and chillies in Molakalmuru Taluk, paddy in Jagalur Taluk, cotton and sugarcane in Davangere Taluk, paddy in Hosadurga Taluk, cotton and tobacco in Haribar Taluk, are reported to be fair. The paddy crop under Bagur Tank in Hosadurga Taluk is affected with a kind of pests and it is reported that the Agricultural Department has been addressed to take preventive measures.

(*c*) *Harvesting.*—Paddy in Challakere Taluk, sugarcane in Hiriyur Taluk, paddy and onions in Molkalmuru Taluk, cotton in Jagalur Taluk, sugarcane and cotton in Davangere Taluk, and cotton in Haribar Taluk, are being harvested.

10. Due to the adverse seasonal conditions in the Taluks of Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosadurga Taluks, the dry crops failed. Relief works are in progress in the Taluks of Chitaldrug, Hiriyur, Molakalmuru, and Hosadurga. Cooly classes are finding sufficient labour except in a few Villages of Molkalmuru and Hiriyur Taluks, where relief works are under execution for providing employment. The relief works in Chellakere and Jagalur Taluks are at a standstill as there has been no response from local labour in these Taluks. The stock position of foodgrains in the depots is satisfactory all over the District and there is no scarcity at present. Foodgrain depots have been started in places where relief works are under progress to supply foodgrains to the labourers working.

11. The cattle are reported to be generally healthy all over the District except for prevalence of rinderpest in a few villages in Challakere and Hiriyur Taluks. The authorities of the Veterinary Department are taking necessary preventive measures to check the spread of the epidemic.

The Public health is generally good all over the District except for prevalence of small-pox in a few villages in Challakere and Hosadurga Taluks. Theauthorities of the Health Department are taking necessary preventive measures to check the spread of the epidemic.

Water is available all over the District for the present except in a few villages in Hiriyur, Chitaldrug, Molakalmuru and Harihar Taluks. Needful arrangements have been made to deepen the existing wells, wherever necessary to secure adequate supply of water.

The fodder indented to Samplapura and Hosadurga Railheads is not yet received. The paddy straw received at Chitaldrug from Mandya District does not find a sale.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Summer Paddy, Sugarcane, Kar-ragi and potatoes are in good condition in some parts of the District. Field ploughing is being carried in many parts of Doddaballapur Taluk after the recent rains. Sugarcane is being milled.

10. Public health is generally good in the District. In affected areas of Doddaballapur and Kanakapur Taluks, action has been taken to start relief works.

11. Cattle are generally healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—Vaishaky paddy, sugarcane and jola are in need of rains urgently.

(3) *Crops harvested.*—Vaishaky paddy is being harvested.

10. There was some rainfall in the Taluks of Chintamani, Sidlaghatta, Chikballapur, Malur and Srinivasapur. The seasonal conditions are not favourable in this District.

Relief works started in affected parts are in progress.

Ragi and paddy straw are moving from Mandya and Mysore Districts to Chikballapur, Bangarpet and Goribidnur Taluks (Rail head). The Amildars of other Taluks have been obtaining their requirements from these railheads for distribution to the raiyats of affected parts.

People and cattle are reported to be healthy but for prevalence of cholera in some parts of Bagepally and Gudibanda Taluks and small-pox in Mulbagal Taluk. preventive measure have been taken to check the spread of the epidemic by the Public Health Department.

TUMKUR.

8. Fairly well supplied.

9. *Standing crops*:—Pavagada.—Summer paddy and ragi except in Inam Venkatapura village, reported to be in fair condition.

Koratagere:—Paddy crop withering for want of rain.

Tiptur:—Vysbaki paddy is reported to be in fair condition.

Gubbi:—Paddy and sugarcane are reported to be in good condition.

Tumkur:—Summer paddy in about 200 acres and sugarcane in some parts of the Taluk are in fair condition.

Crops harvested.—Paddy in parts of Sira Taluk and Sugarcane in Gubbi Taluk.

10. *Public Health.*—(1) Public health is reported to be generally good.

(2) Cattle are reported to be generally healthy. At Pavagada and Sira Rinderpest which was prevailing has been brought under control.

To provide drinking water for men and cattle, action is being taken to sink temporary wells and hondas in tank bed. State Forests have been thrown open for free grazing purposes. Hay is being imported from Srirangapatna to the needy parts of District *i.e.*, Madhugiri, Pavagada, Koratagere, Sira, Gubbi, Tiptur and Chiknaikanahalli Taluks. About 10,000 has been spent so far under relief works in the affected areas. About 1,000 persons are reported to be working on the relief works.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—It is reported that jola is being sown in the taluks of Chamarajanagar, Gundlupet, Nanjangud and Heggaddevankote and groundnut in Nanjangud taluk and dry paddy in Heggadadevankote taluk.

9. *Standing crops.*—Such as sugarcane, mulberry and irrigated ragi are in good condition.

(1) Prospects of the season are normal.

(2) There was fairly good rainfall during the week in the taluks of Mysore, Heggadadevankote, Gundlupet Hunsur and Nanjangud and it was scanty in the taluk, of Chamarajanagar and T-Narasipur and there was no rainfall in other taluks and rain is urgently needed in the Taluks of T-Narasipur, Periyapatna, Krishnarajanagar and Hunsur.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good in all parts of the District during the week.

10. Cattle are reported to be healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In the taluks of Hunsur, Periyapatna, Heggadadevankote. Gundlupet and Chamarajanagar and in parts of Nanjangud and T-Narasipur taluks, difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned Distress Relief Grants in these taluks.

MANDYA.

8. Well supplied.

9. Jola is being sown in Nagamangala Taluk. Transplantation of Kar-ragi and Kar-paddy is reported to be in progress in Maddur and Malvalli Taluks. The standing crops of Sugarcane in Visvesvaraya Canal Area and Kar-paddy in Nagamangala Taluk are reported to be fairly good.

10. Prospects of the season are reported to be generally good.

11. Fodder and water are reported to be available in sufficient quantities in all the taluks. Cattle are reported to be generally healthy. It was reported that Cholera was prevalent in Konanahalli Village, Mandya Taluk. The District Health Officer, Mandya has been addressed kindly to take immediate preventive and precautionary measures.

HASSAN.

8. Well supplied.

9. Shantigrama Tank has received water from the recent rains for standing Kar-paddy. Sugarcane crop in Hole-Narsipur and Belur Taluks is good. Ploughing and sowing operations are going on.

10. General health is good except Cholera in some parts of Arkalgud Taluk and in Dadadahalli of Channarayapatna Taluk and Bayaghatta of Arasikere Taluk. Preventive measures have been taken by the Health Department and inoculations are done in Arsikere and Channarayapatna Taluks.

Rain is needed in Arsikere and Channarayapatna Taluks.

11. Fodder and water are available except Rinderpest and black quarter in parts of Alur Taluk. General health of cattle is good.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in almost all the taluks in the District. Crushing of sugarcane was in progress in Shikaripur Taluk and it was being completed in Thirthahalli Taluk. New sugarcane seedlings were planted in Shikaripur and Thirthahalli Taluks. The summer crops of ragi,

greengram and groundnut were being harvested in Bhadravati Taluk.

The standing crop of sugarcane in Shimoga, Shikaripur, Thirthahalli and Bhadravati Taluks is reported to bein good condition. The standing Hombanda crops in Sorab Taluk is also reported to be in good condition.

10. Prospects of the season were generally good. There was prevalence of Cholera in Shimoga Town and in Gajanur and Veerapur Villages of Shimoga Taluk. Preventive measures were taken.

The prevalence of small-pox in Bhyrapur Village of Sagar Taluk was brought under control.

11. Cattle were healthy. Water and fodder were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of commodities remained the same as in last week.

9. (1) *Standing crops.*—Sugarcane in Chikmagalur, Kadur, Tarikere Taluks and in Narasimharajapura Sub-Taluk, and summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Tillage was done in Chikmagalur, Kadur and Tarikere Taluks.

(3) *Crops harvested.*—Sugarcane in Tarikere Taluk.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District in view of there being no distress in this District. There was an average rainfall of 3'17 in this District from the beginning of 1st January 1952.

11. Public Health were generally good, throughout the District.

Cattle are generally healthy. Water and fodder are available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—The condition of the standing crops such as Vysakhi paddy under irrigation wells, tanks and nalas in Challakere Taluk; sugarcane, groundnut, cotton and paddy in Hiriyur Taluk; onions, tobacco, chillies and paddy in Molakalmuru Taluk; cotton and bilijola in Davangere Taluk; paddy in Jagalur Taluk; paddy in Hosadurga Taluk, and cotton and tobacco in Harihar Taluk, are reported to be fair. The paddy crop under Bagur Tank in Hosadurga Taluk is reported to be affected with some kind of pests and the Agricultural Department has been addressed to take preventive measures.

(*c*) *Harvesting.*—Paddy in Challakere Taluk; sugarcane in Hiriyur Taluk; paddy and onions in Molkalmuru Taluk; cotton and bilijola in Davangere Taluk; cotton in Jagalur Taluk; and cotton in Harihar Taluk, are being harvested.

10. The dry crops completely failed in the Taluks of Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosadurga Taluks. Cooly classes are finding sufficient labour except in a few villages of Hiriyur and Molakalmuru Taluks, where relief works are under execution for providing employment. The relief works in Chellakere and Jagalur Taluks are at a standstill as there has been no response from local labour in those Taluks. The stock position of foodgrains in the depots and societies is satisfactory all over the District and there is no scarcity at present. Foodgrain depots have been started in places where relief works are under execution to supply foodgrains to the labourers working.

11. The cattle are reported to be generally healthy all over the District except for prevalence of rinderpest in a few villages in Challakere Taluk. The authorities of the Veterinary Department are taking necessary effective measures to check the spread of the epidemic. A notification declaring Nannivala, Siddapura and Devarahalli villages of Chellakere Taluk and area comprised within a radius of 5 miles from the said villages as infected area for one month with effect from 26th April 1952 has been issued.

Public health is generally good all over the District except for prevalence of small-pox in a few villages in Challakere and Hosadurga Taluks. The authorities of the Health Department are taking necessary preventive measures to check the spread of the epidemic. Water is available all over the District for the present. The fodder indented to Somalapura and Hosadurga Railheads is not yet received.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore,
Dated 29th April 1952.

K. SRINIVASAN,
Revenue Commissioner.

410

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, THE 17TH APRIL 1952.

A total of 3 attacks with 2 deaths from Plague was returned from 1 village in 1 taluk in 1 District during the week against 2 attacks with nil death in the previous week. The Cities of Bangalore and Mysore reported free from Plague. Kolar Gold Fields City reported 2 attacks with nil death. Comparative figures for the corresponding week in 1951 and 1950 were 2 attacks with 2 deaths and nil attack with nil death, respectively.

A total of 28 attacks with 14 deaths from Small-pox were reported from the Cities of Bangalore, Mysore and Kolar Gold Fields and from Shikaripur Town and from the taluks of Bagepalli, Kankanhalli and Sorab.

Forty-six attacks with 32 deaths from Cholera were reported from the taluks of Bagepalli, Gudibanda, Mandya, Sidlaghatta and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 300 (75 in hospitals) for 7 days representing a calculated death-rate of 19·7 (14·8 excluding hospital deaths) per mille of population (annual basis) as against 22·2 (17·1 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 8 under Small-pox, 2 under Typhoid, 11 under Other Fevers, 45 under Dysentery and Diarrhœa, and 234 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 51 (15 in hospitals) for 7 days representing a calculated death-rate of 10·7 (7·5 excluding hospital deaths) per mille of population (annual basis) as against 15·4 (12·2 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 1, Other Fevers 10, Dysentery and Diarrhœa 2, and all Other Causes 38. The reported mortality was very low.

There were 32 deaths (7 in hospitals) for 6 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 12·2 (9·5 excluding hospital deaths) per mille of population (annual basis) as against 7·8 (4·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 3 under Other Fevers, 5 under Dysentery and Diarrhœa and 24 under All Other Causes. The reported mortality was very low.

789 E. R. SUNDARARAJAN, For *Director*.

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDRY IN MYSORE, BANGALORE.

(HEALTH OF LIVE-STOCK DURING MARCH 1952.)

Notification dated 18th April 1952.

In their order of severity, outbreaks of Rinderpest, Blackquarter, Foot and Mouth, Sheep-pox, Hæmorrhagic-septicæmia, Ranikhet, Anthrax, Rabies and Gastro-entritis were encountered in the State during March 1952. Altogether 214 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 396 villages during the previous month. The number of outbreaks was highest in Kolar, Tumkur and Shimoga Districts, while Mysore, Mandya and Chitaldrug Districts were least affected. These diseases accounted for 2,002 attacks, of which 555 succumbed. The departmental staff conducted 34,832 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Ten outbreaks of Rinderpest were registered in Challakere, Sira and Pavagada Taluks accounting for 171 attacks among cattle, of which 98 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 5,103 cattle in the infected villages and 3,846 cattle in 23 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 117 villages accounting for 20 deaths, as against 118 villages accounting for 69 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 8,772 animals, as against 8,731 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, and fodder and water were generally available throughout the State.

P. M. NARAYANASWAMI NAIDU,
844 *Director*.

OFFICE OF THE CHIEF INSPECTOR OF FACTORIES IN MYSORE, BANGALORE.

COTTON PRESS RETURN FOR THE WEEK ENDING 21ST MARCH 1952.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, Paddy Kar-ragi and potatoes are in good condition in some parts of the District. Field ploughing is being carried in some parts of the District after the recent rains.

10. Public health is generally good in the District. In affected areas of Dodballapur and Kanakapura Taluks, action has been taken to start relief works.

11. Cattle are healthy. Water and fodder are available. Death of cattle on account of some disease is reported in Chikkakuntanahalli in Ramanagaram Taluk.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—Vaishaky paddy, irrigatated ragi and sugarcane are in need of rains urgently.

(3) *Crops harvested.*—paddy crop under Kolar Amani tank is being harvested.

10. There was some rainfall in Chikballapur, Sidlaghatta, Bagepally and Gudibanda Taluks during the week. The seasonal conditions in this District are not favourable from the beginning of the year.

Relief works started in this District are in progress. People and cattle are reported to be generally healthy but for prevalence of cholera in some parts of Goribidnur Taluk and holding of weekly shandies in these parts are prohibited as a preventive measure.

Hay from Mandya District will be moving to Bangarpet, Chikballapur and Goribidnur during the month of May 1952. Arrangements have been made for supply of hay of other Taluks from these rail heads and instructions issued to all Amildars to sell at reduced rate of Re. 0–0–4 per Lb.

TUMKUR.

8. Fairly well supplied.

9. *Standing crops*:—Tumkur.—Paddy is reported to be in good condition.

Sira.—Vysbaki paddy is being harvested in some parts of the Taluk.

Gubbi.—Standing crop—Paddy is reported to be in fair condition.

Koratagere.—Paddy is reported to be withering for want of water.

Pavagada.—The condition of summer paddy and ragi under irrigation wells is reported to be fair except in Venkatapura. It is reported that fodder crops are withering for want of water.

Tiptur :—Vaishaki paddy crop is reported to be good in some parts of the Taluk.

Crops harvested.—Paddy in some parts of Sira Taluk.

10. *Public Health.*—Public health is reported to be generally good except for the prevalence of small-pox in Hosahalli Village in Pavagada Taluk. Needful measures are reported to have been taken to check the spread of epidemic.

Cattle are reported to be generally healthy except for the outbreak of blackquarter at Ankasandra in Gubbi Taluk. Needful measures are reported to have been taken to check the spread of the epidemic.

Distress relief works are in progress in Pavagada, Gubbi, Sira and Madhugiri Taluks. About 1,100 people are working. Hay has been distributed to Sira, Pavagada and Madhugiri Taluks where it is in demand. Tiptur Sub-Division does not want hay as there is no demand. State forests are continued to be open for free grazing. Arrangements are being made to distribute milk, vitamin tablets, cloth, etc., and cash grant to the people in the affected areas.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—It is reported that jola is being sown in the taluks of Nanjangud, Chamarajanagar, Hunsur, Gundlupet, T.-Narasipur and Mysore; sowing of dry crops in Krishnarajanagar Taluk is delayed for want of rains.

9. *Standing crops.*—Such as kar-paddy, sugarcane, mulberry and irrigated ragi are in good condition.

(1) Prospects of the season are normal.

(2) There was fairly good rainfall in the taluks of Periyapatna, Hunsur, Nanjangud and Mysore, and it was scanty in Krishnarajanagar, Chamarajanagar, Gundlupet and Heggadadevankote Taluks and there was no rainfall in T.-Narasipur Taluk. Rain is urgently needed in the Taluks of Krishnarajanagar and T.-Narasipur.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is reported to be generally good in all parts of the District during the week

10. Cattle are reported to be healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In the taluks of Hunsur, Periyapatna, Heggadadevankote and Chamarajanagar and parts of T-Narasipur and Nanjangud taluks difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned Distress Relief Grants in these taluks.

MANDYA.

8. Well supplied.

9. Jola is being sown in Nagamangala Taluk. Transplantation of Kar-paddy is reported to be going on in Malvalli Taluk. Standing crops of Sugarcane in Visvesvaraya Canal Area and Kar-paddy in Nagamangala Taluk are reported to be fairly good.

10. Prospects of the season are reported to be generally good.

11. Fodder and water are reported to be available in sufficient quantities in all the taluks of the District. Cattle are reported to be generally healthy. It was reported that Cholera was prevalent in Konanahalli (Mandya Taluk) and Koppa (Maddur Taluk). The District Health Officer, Mandya has been addressed for taking immediate necessary preventive and precautionary measures.

HASSAN.

8. Well supplied.

9. On account of recent showers ploughing is going on and paddy and giddaragi are being sown throughout the District except in the Arsikere Taluk. The standing crops of kar-paddy and sugarcane in the Hassan, Hole-Narsipur and Belur Taluks are in good condition.

10. General health is good except Cholera in some parts of Arkalgud and Hole-Narsipur Taluks. Preventive measures are adopted.

11. Cattle are generally healthy except for Rinderpest and black quarter in parts of Alur Taluk.

Pasture, fodder and water are available.

SHIMOGA.

8. Well supplied.

9. The land was being ploughed in almost all the taluks in the District.

Harvesting and thrashing of paddy was completed in Sagar Taluk and the crushing of sugarcane was being completed in Thirthahalli Taluk. The summer crops of ragi and green gram were being thrashed in Bhadravati Taluk. New sugarcane seedlings were planted in Shikaripur and Sagar Taluks.

The standing crop of sugarcane is reported to have been in good condition. The Hombanda crop in Sorab Taluk was also in good condition. Sowing of paddy was commenced in Sorab, Sagar and Thirthahalli Taluks.

10. Prospects of the season were generally good. Though the rains during the week has done much good to the field in Shikaripur Taluk, some more rains are reported to be required.

11. Cattle were healthy in all Taluks of the District except in the villages of Kaggi and Durvigere in Channagiri Taluk where there prevailed Rinderpest.

Preventive measures are reported to have been taken. Water and fodder were available.

CHIKMAGALUR.

8. Markets were well supplied except with controlled foodgrains. Prices were the same as in the last week.

9 (1) *Standing crops.*—Sugarcane in Chikmagalur, Kadur and Tarikere Taluks and in Narasimharajapura Sub-Taluk and summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Ploughing was done in Chikmagalur, Kadur and Tarikere Taluks.

(3) *Crops harvested.*—Nil.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District, in view of there being no distress in this District. There was an average rainfall of 5·15″ in this District, from the beginning of the calendar year 1952.

11. Public Health was generally good, throughout the District.

Cattle are generally healthy. Water and fodder are available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—The condition of the standing crops such as Vysakhi paddy under irrigation wells, tanks and malas in Challakere Taluk; sugarcane, groundnut, cotton and paddy in Hiriyur Taluk; onions, paddy chillies and tobacco in Molakalmuru Taluk; cotton in Davangere Taluk; paddy in Jagalur and Hosadurga Taluks; and cotton and tobacco in Harihar Taluk, are reported to be fair.

(*c*) *Harvesting.*— Paddy in Challakere; sugarcane in Hiriyur Taluk; paddy and onions in Molakalmuru Taluk; cotton in Davangere Taluk; cotton in Jagalur Taluk; paddy in Hosadurga Taluk and cotton in Harihar Taluk, are being harvested.

10. The dry crops in the Taluks of Chitaldrug, Challakere, Hiriyur, Molakalmuru and Hosadurga Taluks had failed due to failure of rains. Relief works are being executed in the taluks of Chitaldrug, Hiriyur, Molakalmuru and Hosadurga Taluks. Cooly classes are finding sufficient labour all over the District except in few villages of Hiriyur and Molakalmuru Taluks, where relief works are under execution for providing employment to the needy. There has been no response from local labour in Challakere and Jagalur Taluks for execution of relief works. The stock position of foodgrains all over the district is satisfactory. Foodgrains are being supplied to the labourers working in places where relief works are under execution through foodgrains depots. No scarcity has been felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of rinderpest in a few villages in Challakere Taluk. The authorities of the Veterinary Department are taking necessary effective measures to check its spread.

Public health is generally good all over the District except for prevalence of small-pox in a few villages in Challakere Taluk. The authorities of the Health Department are taking necessary effective measures to check the spread of the epidemic.

Water is available all over the District for the present except in a few villages of Hiriyur, Molakalmuru and Harihar Taluks. The Amildars concerned have been requested to arrange for deepening of the existing wells.

Fodder from Mandya is received in the Taluks of Molakalmuru and Hosadurga and the scarcity is relieved to some extent.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore, Dated 6th May 1952.

K. SRINIVASAN,
Revenue Commissioner

415

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY APRIL 24, 1952.

A total of 3 attacks with nil death from Plague was returned from 1 village, in 1 taluk in 1 district during the week against 3 attacks with 2 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 2 attacks with 2 deaths and nil attack with nil death, respectively.

A total of 82 attacks with 10 deaths from Small-pox were reported from the Cities of Bangalore and Kolar Gold Fields and from Anekal Town and from the taluks of Kadur, Krishnarajanagar and Mandya.

Thirty-five attacks with 10 deaths from Cholera were reported from Shimoga Town and from the taluks of Bagepalli, Channapatna, Goribidnur, Mandya, Sidlaghatta and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 296 (86 in hospitals) for 7 days representing a calculated death-rate of 19·5 (13·8 excluding hospital deaths) per mille of population (annual basis) as against 23·4 (17·1 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 5 under Small-pox, 7 under Other Fevers, 35 under Dysentery and Diarrhœa and 249 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 79 (19 in hospitals) for 7 days representing a calculated death-rate of 13·8 (12·6 excluding hospital deaths) per mille of population (annual basis) as against 26·9 (12·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 3, Dysentery and Diarrhœa 6 and All Other Causes 60. The reported mortality was very low.

There were 21 deaths (2 in hospitals) for 4 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 11·9 (10·8 excluding hospital deaths) per mille of population (annual basis) as against 10·4 (0·8 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Small-pox, 4 under Other Fevers, 4 under Dysentery and Diarrhœa and 12 under All Other Causes. The reported mortality was very low.

942

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, THE 1ST MAY 1952.

During the week no attack or death from Plague was reported, against 3 attacks with nil death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 24 attacks with 8 deaths and 2 attacks with nil death, respectively.

A total of 39 attacks with 5 deaths from Small-pox were reported from Bangalore Corporation and from the Towns of Malavalli, and T.-Narasipur and from the taluks of Bagepalli, Honnali, Kadur, Mandya and Malavalli.

Sixty-five attacks with 42 deaths from Cholera were reported from the towns of Ramanagaram and Shimoga and from the taluks of Alur, Arkalgud, Arsikere, Channarayapatna, Goribidnur, Gudibanda, Hassan, Mandya, Maddur and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 352 (71 in hospitals) for 7 days representing a calculated death-rate of 23·2 (18·5 excluding hospital deaths) per mille of population (annual basis) as against 22·0 (17·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 3 under Small-pox, 1 under Typhoid, 8 under Other Fevers, 51 under Dysentery and Diarrhœa, and 289 under All Other Causes. The reported mortality was low.

The total mortality for Mysore City was 34 (19 in hospitals) for 5 days representing a calculated death-rate of 10·0 (4·4 excluding hospital deaths) per mille of population (annual basis) as against 14·4 (9·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 5, Dysentery and Diarrhœa 3, and all Other Causes 26. The reported mortality was very low.

There were 40 deaths (14 in hospitals) for 5 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 18·2 (11·8 excluding hospital deaths) per mille of population (annual basis) as against 11·9 (11·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Small-pox, 2 under Other Fevers, 4 under Dysentery and Diarrhœa and 33 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, Paddy, Kar-ragi and Potatoes are in good condition in some parts of the District. Field ploughing is being carried. Paddy crop is being harvested under some big Tanks in Doddaballapur Taluk and out-turn is reported to be normal.

10. Public health is good except for the prevalence of Cholera in villages of Agara, Bilaganakuppe, Burudanahalli and Pichanakere in Kanakapura Taluk. It is reported that the District Medical Officer, Bangalore has been addressed to depute special staff for taking precautionary measures. Relief works have been started in affected areas of Kanakapura and Dodballapur Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—Irrigated ragi and sugarcane are in need of rains urgently.

(3) *Crops harvested.*—Vaishaky paddy and irrigated ragi are being harvested.

10. There was some rainfall during the week in all Taluks except Bangarapet, Goribidnur and Srinivasapur Taluks. The seasonal conditions in this District are not favourable during this year. Relief works have been started to provide labour to agriculturists and unemployed people. They are in progress.

Hay obtained from Mysore and Mandya Districts have been distributed to affected Taluks and instructions have also been issued to Amildars to sell at Re. 0-0-4 per lb. at Circle headquarters.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in some parts of Goribidnur Taluk. Preventive measures have been taken to check the spread of the epidemic by the Public Health Department.

TUMKUR

8. Fairly well supplied.

9. *Standing crops.*—Paddy in Tumkur, Gubbi, Tiptur, Chiknaikanahalli and Koratagere is reported to be in fair condition. The paddy crop in Koratagere is just stated to be withering for want of rains. Sugarcane is reported to be good.

Crops harvested.—Harvest of paddy in parts of Sira, Pavagada, Tumkur and Madhugiri has commenced.

10. *Public Health.*—Public health is reported to be generally good.

2. Cattle are reported to be generally healthy except for the prevalence of Black-quarter in Devarayapatna and Thandagere in Tumkur Taluk, and Arkasandra and Chelur in Gubbi Taluk. Preventive measures are reported to have been taken to check the spread of the epidemic.

Distress relief works are in progress in Pavagada, Sira, Gubbi and Madhugiri Taluks. About 1,100 people are working. Hay is being distributed to Pavagada, Sira, Madhugiri and other Taluks where it is in keen demand. State Forests also continued to be thrown out for free grazing purposes. Arrangements are being made for the distribution of Multi Vitamin tablets, and cloth to the needy in the affected areas.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—It is reported that jola was sown in the taluks of Chamarajanagar, Hunsur, Krishnarajanagar, Heggaddevankote, Gundlupet, Nanjangud and T.-Narasipur and Togari in Chamarajanagar and Krishnarajanagar taluks and groundnut in the Heggaddevankote and Nanjangud taluks.

9. *Standing crops.*—Such as kar-paddy, irrigated ragi, sugarcane and mulberry are in good condition.

(1) Prospects of the season are normal.

(2) There was fairly good rainfall in the taluks of Nanjangud, Periyapatna, Chamarajanagar, Gundlupet and it was scanty in the Taluks of Yelandur, Krishnarajanagar and Hunsur and there was no rainfall in the Taluks of T.-Narasipur and Heggaddevankote. Rainfall is urgently needed in the Taluks of Krishnarajanagar and T.-Narasipur.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good in all parts of the District during the week.

10. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In the Taluks of Hunsur, Periyapatna, Heggaddevankote, Chamarajanagar and in parts of T-Narasipur and Nanjangud difficulty for drinking water is felt. Action is being taken to undertake the execution of certain well works from the sanctioned Distress Relief Grants in these taluks.

MANDYA.

8. Well supplied.

9. Jola is being sown in Nagamangala Taluk. The standing crops of Sugarcane in Visvesvaraya Canal area and Kar-paddy. Kar-ragi are reported to be fairly good condition in Maddur, Malvalli, Pandavapura and Srirangapatna and Nagamangala Taluks.

10. Prospects of the season are reported to be generally good.

11. Fodder and water are reported to be available in sufficient quantities in all the taluks of the District. Cattle are reported to be generally healthy.

HASSAN.

8. Markets are well supplied.

9. Sowing of paddy and ragi is going on throughout the District, jola and til have been sown in some parts of Arsikere and Channarayapatna Taluks. The standing crop of kar-paddy under Shantigrama Major Tank and sugarcane in Arkalgud, Alur, Belur, Channarayapatna and Hole-Narsipur Taluks are in good condition.

10. Public health is generally good.

11. Cattle are generally healthy except for blackquarter and Rinderpest at Hulikal in the Arkalgud Taluk in which connection the Veterinary Department has been communicated to arrest the further spread of the diseases.

Fodder and water are available.

SHIMOGA.

8. Well supplied.

9. Ploughing operation was in progress in almost all taluks of the District.

Crushing of sugarcane was almost completed in Shikaripur Taluk.

Paddy was sown in Shimoga, Sorab, Sagar and Hosanagar Taluks.

The standing crop of sugarcane is proposed to be in good condition.

10. Prospects of the season was generally good. More rain is reported to be required in Shimoga and Shikaripur Taluks.

Difficulty for drinking water is reported to have been felt in four villages of Shikaripur Taluk.

11. Cattle were healthy in all the Taluks except in two villages of Koggi and Durvigere in Channagiri Taluk where there prevailed Rinderpest. Preventive measures are reported to have been taken.

Water and fodder were available.

420

CHIKMAGALUR.

8. Markets were well supplied except with controlled foodgrains. Prices were the same as on the last week.

9 (1) *Standing crops.*—Sugarcane in Chikmagalur, Kadur and Tarikere Taluks and in Narasimharajapura Sub-Taluk and summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Ploughing was done in Chikmagalur, Kadur and Tarikere Taluks.

(3) *Crops harvested.*—Nil.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District, in view of there being no distress in this District. There was an average rainfall of 5·74" in this District, from the beginning of the calendar year 1952.

11. Public Health was generally good, throughout the District, except cholera at Lingadahalli, Tarikere Taluk and Maradihalli in Kadur Taluk. Precautionery measures have been taken by the Health Department.

Cattle are generally healthy. Water and fodder are available.

CHITALDRUG.

8. Well supplied.

9. *(a) Sowing.*—Nil.

(b) Standing crops.—The condition of the standing crops such as Vysakhi paddy under irrigation wells, tanks and nalas in Challakere Taluk; sugarcane, cotton, paddy and groundnut in Hiriyur Taluk; onions, tobacco, paddy and chillies in Molakalmuru Taluk; cotton in Davangere Taluk; paddy in Jagalur and Hosadurga Taluks; and cotton in Harihar Taluk, are reported to be fair.

(c) Harvesting.—Paddy in Challakere Taluk; sugarcane in Hiriyur Taluk; paddy and onions in Molakalmuru Taluk; cotton in Davangere Taluk; paddy in Jagalur and Hosadurga Taluks and cotton in Harihar Taluk, are being harvested.

10. Relief works are in progress in the Taluks of Chitaldrug, Hiriyur, Molakalmuru and Hosadurga Taluks due to adverse seasonal conditions. Cooly classes are finding sufficient labour except in few villages of Hiriyur and Molakalmuru Taluks, where relief works are under execution for providing employment. The relief works in Challakere and Jagalur Taluks are at standstill as there has been no response from local labourers. The stock position of foodgrains is satisfactory all over the district and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of rinderpest in a few villages in Challakere Taluk. Action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic.

Public health is generally good all over the District except for prevalence of small-pox in a few villages in Challakere Taluk. The authorities of the Health Department are taking necessary preventive measures to check its spread.

Water is available all over the District.

Fodder from Mandya is got and supplied to the Taluks of Molakalmuru and Hosadurga and the scarcity is relieved to some extent. Instructions have been issued to sell the same not only in the Taluk Headquarters but also in the interior parts.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore,
Dated 18th May 1952.

K. SRINIVASAN,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, MAY 8, 1952.

A total of 6 attacks with 4 deaths from Plague was returned from 3 villages, in 3 taluks in 3 districts during the week against nil attack with nil death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week period in 1951 and 1950 were 44 attacks with 22 deaths and nil attack with nil death, respectively.

A total of 44 attacks with 15 deaths from Small-pox were reported from the Cities of Bangalore and Kolar Gold Fields, and from the towns of Aoekal, Mulbagal, Malavalli, and Shimoga, and from the taluks of Bangalore South, Chamarajanagar, Kunigal, Mudigere and Shimoga.

Eighty-five attacks with 48 deaths from Cholera were reported from Shimoga Town and from the taluks of Arkalgud, Alur, Chitaldrug, Goribidnur, Hassan, Maddur, Malur, Mandya, Ramanagaram and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 290 (66 in hospitals) for 7 days representing a calculated death-rate of 19·1 (14·7 excluding hospital deaths) per mille of population (annual basis) as against 19·6 (14·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 3 under Small-pox, 3 under Typhoid, 8 under Other Fevers, 49 under Dysentery and Diarrhœa, 227 under All Other Causes. The reported mortality was very low.

There were 34 deaths (4 in hospitals) for 5 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 15·5 (13·6 excluding hospital deaths) per mille of population (annual basis) as against 18·2 (16·7 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Small-pox, 3 under Malaria, 2 under Other Fevers, 5 under Dysentery and Diarrhœa, 23 under All Other Causes. The reported mortality was very low.

Figures have not been received for Mysore City.

E. R. SUNDARARAJAN,
For *Director*.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, Paddy, Kar-ragi and Potatoes are in good condition in some parts of the District. Field ploughing is in progress.

10. Public health is good except for the prevalence of Cholera in six villages of Kanakapura Taluk. Precautionary measures have been taken, deputing three Assistant Surgeons specially for this work. Relief works are in progress in the affected areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—Paddy and Irrigated ragi under wells are in need of rains.

(3) *Crops harvested.*—Irrigated ragi is being harvested.

10. There was some rainfall during the week as noted against each Taluk. The seasonal conditions in this District are not favourable during this year. Relief works started in the affected parts are in full swing. The allotment of one lakh of rupees has been completely spent and additional allotment of another lakh asked for.

The need for hay is very keenly felt as the supplies received have been consumed and requisition has been made to arrange to run special block trains carrying hay to Goribidnur and Bangarapet, rail heads. Milk powder received from the Secretary, Red Cross Society, has been supplied to all the Taluks for free distribution to needy people. Public Health is generally good except for prevalence of Cholera in Goribidnur Taluk. Preventive measures have been taken to check the spread of the epidemic by the Public Health Department.

TUMKUR.

8. Fairly well supplied.

Standing crops.—Paddy in Tumkur, Gubbi, Tiptur and Chicknaikanahalli are reported to be in good condition. Paddy crops in some parts of Koratagere, Madhugiri and Pavagada are reported to be withering for want of water. Sugarcane is reported to be in good condition.

9. *Crops harvested.*—Vaisakhi paddy is being harvested in some parts of Koratagere, Sira, Madhugiri and Pavagada Taluks.

10. *Public Health.*—(i) Public health is reported to be generally good.

(ii) Cattle are reported to be generally healthy except for the prevalence of Black-quarter in Chelur village in Gubbi Taluk. Preventive measures are reported to have been taken up to check the spread of the epidemic. Fodder is being supplied to the cattle by the Government agency.

Distress relief works are in progress in Pavagada, Sira, Madhugiri and Gubbi Taluks. Eight hundred and fifty people are reported to have been employed in the famine relief works in Pavagada Taluk. About 1,100 people are working. State Forests are also continued to be thrown open for free grazing purposes.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—It is reported that jola was sown in the taluks of Nanjangud, Chamarajanagar, Hunsur, Krishnarajanagar, Gundlupet and T.-Narasipur Taluks and Kar-ragi in Mysore and Heggaddevankote Taluks.

9. *Standing crops.*—Such as jola, sugarcane irrigated ragi, kar-paddy and mulbery are reported to be in good condition.

(1) Prospects of the season are normal.

(2) There was fairly good rainfall in the taluks of Mysore, Gundlupet Heggaddevankote T.-Narasipur and Krishnarajanagar and it was scanty in Nanjangud and Periyapatna Taluks and no rainfall in Chamarajanagar Taluk. Rainfall is urgently required in the Taluks of Chamarajanagar and Nanjangud.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all over the District.

(5) Public health is reported to be generally good in all parts of the District during the week.

10. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In the Taluks of Hunsur, Periyapatna, Heggaddevankote and Chamarajanagar and in parts of T-Narasipur and Nanjangud difficulty for drinking water is felt to some extent. Action is being taken to undertake the execution of certain well works from the sanctioned Distress Relief Grants in these taluks.

MANDYA.

8. Well supplied.

9. The standing crop of sugarcane in Visvesvaraya Canal Area and kar-paddy, kar-ragi both under nala and certain tank atchkats are reported to be in fairly good condition.

10. Prospects of the season are reported to be generally good.

11. Fodder and water are reported to be available in sufficient quantities in all the taluks of this District. Cattle are generally healthy. It was reported that Cholera was prevalent at Anegola Village, Krishnarajapet Taluk. The District Health Officer and District Medical Officer, Mandya, have been addressed to take immediate preventive and precautionary measures.

HASSAN.

8. Well supplied.

9. Jola and til are being sown in Arsikere and Channarayapatna Taluks. Sowing of paddy and gidda-ragi is going on throughout the District, Kar-paddy under Shantigrama Major Tank and sugarcane in Alur, Arkalgud, Belur, Channarayapatna and Hole-Narsipur Taluks are reported to be in good condition. Sowing is reported to held up in the Arsikere Taluk for want of rains.

10. Public health is generally good except for outbreak of Cholera in Hole-Narsipur Town and the neighbouring villages and Small-pox in Kodihalli Village. Preventive measures have been adopted.

11. Cattle are generally healthy except for Blackquarter in Mukkanahalli Village of Hole-Narsipur Taluk. Preventive measures have been adopted. Pasture, fodder and water are available except in the Arsikere Taluk where fodder is felt short.

SHIMOGA.

8. Well supplied.

9. Ploughing operation was in progress in most of the taluks in the District.

Crushing of sugarcane was completed in Tirthahalli Taluk.

425

Paddy was sown in some parts of Shimoga, Shikaripur, Sorab, Hosanagar and Tirthahalli Taluks.

The standing crop of sugarcane is reported to be in good condition.

10. Prospect of the season was generally good. The prevalence of Small-pox at Bhyrapur Village of Sagar Taluk is reported to have been brought under control.

11. Cattle were healthy. Water and fodder were available.

CHIKMAGALUR.

8. Markets were well supplied except with controlled foodgrains. Prices were the same as in the last week.

9. (1) *Standing crops.*—Sugarcane in Chikmagalur, Kadur, Tarikere Taluks and in Narasimharajapura Sub-Taluk and summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Sowing of ragi and paddy in Chikmagalur Taluk and Mungar jola in Kadur Taluk were done during the week.

(3) *Crops harvested.*—Sugarcane was harvested in Tarikere Taluk.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District, in view of there being no distress in this District. There was average rainfall of 5'72" in this District, from the beginning of the calendar year 1952.

11. Public Health was generally good, throughout the District during the week.

Cattle are generally healthy.
Water and fodder are available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Groundnut and jola in Holalkere Taluk is going on.

(*b*) *Standing crops.*—The condition of the standing crops such as Vysakhi paddy under irrigation wells, tanks and halas in Challakere Taluk; sugarcane, groundnut and paddy in Hiriyur Taluk; paddy in Jagalur Taluk; onions, tobacco, chillies and paddy in Molakalmuru Taluk; and paddy in Hosadurga Taluk; are reported to be fair.

(*c*) *Harvesting.*—Paddy in Challakere Taluk; sugarcane in Hiriyur Taluk; onions and paddy in Molakalmuru and paddy in Jagalur and Hosadurga Taluks are being harvested.

10. Relief works are in progress in the Taluks of Chitaldrug, Hiriyur, Molakalmuru and Hosadurga Taluks. Cooly classes are finding sufficient labour all over the District except in a few villages of Hiriyur and Molakalmuru Taluks, where relief works are under execution for providing employment. The relief works in Challakere and Jagalur Taluks are at standstill as there has been no response from local labourers. The stock position of foodgrains is satisfactory all over the district and no scarcity has been felt at present.

11. Cattle are reported to be generally healthy all over the District except for prevalence of Rinderpest in a few villages in Challakere, Hiriyur and Hosadurga Taluks and action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic. A notification declaring Chikmadhure Village and area comprised within a radius of five miles as infected area has been issued with effect from 17th May 1952 for one month.

Public health is generally good all over the District.
Water is available all over the District.

Fodder scarcity in few villages of Molakalmuru and Hosadurga Taluks has been relieved for the present to some extent due to the receipt of hay from Mandya District,

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, Paddy, and Kar-ragi are in good condition in some parts of the District. Ploughing work is in progress.

10. Public health is good except for the prevalence of Cholera in some villages in Kanakapura Taluk. Relief works are in progress in the affected areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The condition of sugarcane and Irrigated ragi under wells has improved due to rains during the week.

(3) *Crops harvested.*—Nil.

The seasonal conditions are not favourable in this District. The recent rains have facilitated ploughing of fields.

Relief works which have been started in all taluks to provide labour to unemployed agriculturists and to people seeking labour are in progress. A sum of Rs. 2,17,933-11-0 has been paid as wages to persons employed.

10. Arrangements have been made to move hay received from Mandya District to the affected parts.

Free distribution of milk powder, Multi-Vitamin pills and clothes has been arranged for to the poor people.

11. Cholera which was pevalent in Goribidnur Taluk was subsided and public health is generally good.

TUMKUR.

8. Fairly well supplied.

Standing crops.—Paddy crops in Tumkur, Gubbi, Tiptur, Kunigal Taluks are reported to be in good condition. Sugarcane in Kunigal Taluk is also reported to be good. Jola and Hesaru in some parts of Huliyar and Handanakere villages of Chicknaikanahalli Taluk are reported to be withering for want of rain. Paddy crops in Koratagere Taluk is reported to be withering for want of rains.

9. *Crops harvested.*—Vaisakhi paddy is being harvested in some parts of Madhugiri, Sira and Pavagada Taluks, but the yield is reported to have been far below the expectation as the crops were dried during the last stage for want of rains. The effect of recent showers will be watched and reported next week.

10. *Public Health.*—Public health is reported to be generally good.

Cattle are reported to be generally healthy. Fodder is being imported from Mandya District, to the affected parts, *viz.*, Tumkur, Chicknaikanahalli, Sira, Madhugiri, Koratagere and Pavagada Taluks.

Scarcity of water is being felt in Chicknaikanahalli Taluk for want of sufficient rains. State forests are also continued for free grazing purposes. Distress relief works are in progress in Pavagada, Sira, Madhugiri, Koratagere and Gubbi Taluks. About 1 100 people are reported to have been working in the scheme.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—It is reported that sowing of Jola, Ragi and Dry paddy is in progress in some parts of Heggaddevankote Taluk. The jola sown in some parts of Yelandur Taluk has withered away for want of rains.

9. *Standing crops.*—Such as Sugarcane, Mulberry and Irrigated ragi are in good condition. The standing jola crop in the Taluks of Mysore, Chamarajanagar, Nanjangud, T.-Narasipur, Yelandur and Gundlupet are in need of urgent rains. It is reported that kar-paddy under the major tanks of Yeriyur and Maddur in Yelandur Sub Taluk has also withered away.

(1) Prospects of the season are normal except in certain parts of Chamarajanagar and Yelandur taluks. Even here, the area affected is small. If rains set in early, the situation will improve.

(2) There was no rainfall in any part of the District during the week except in Gundlupet Taluk where too it is scanty. The rainfall during the week is insufficient in all parts of the District. The standing dry crops such as Jola etc., in all parts of the District are in need of urgent rains.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District except in some parts of Chamarajanagar Taluk where people are moving to Coffee Plantation and Industrial Centres in search of labour.

(4) Sufficient quantities of foodgrains are made available in all over the District.

(5) Public Health is generally good in all parts of the District during the week.

10. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In Taluks of Hunsur, Periyapatna, Heggaddevankote and Chamarajanagar and in parts of T-Narasipur, Nanjangud and Yelandur, difficulty for drinking water is felt to some extent. Action is being taken to undertake the execution of certain well works from the sanctioned Distress Relief Grants in these taluks.

MANDYA.

8. Well supplied.

9. The standing crop of sugarcane in Visvesvaraya Canal Area and kar-paddy, and kar-ragi both under nala and certain tank atchkats are reported to be in fairly good condition.

10. Prospects of the season are reported to be generally good.

11. Cattle are generally healthy. Fodder and water are reported to be available in sufficient quantities.

HASSAN.

8. Markets are well supplied.

9. Sowing of paddy and giddaragi is still going on in the Alur Taluk where it is held up for want of rains. The paddy and ragi crops are badly in need of rains in the Hassan and Belur Taluks. The Mungar crops, *i.e.*, cotton and pulses are reported to be withering in the Arsikere Taluk. Kar-paddy in the Hassan Taluk and Sugarcane crop in Alur Taluk, Hole-Narsipur, Chennarayapatna and Arkalgud are reported to be in good condition.

10. Public health is generally good.

11. Cattle are generally healthy except for blackquarter and food and mouth disease in Honnaganahally, Allapatna and Yadane villages in the Arkalgud Taluk.

Pasteurage, fodder and water are available.

SHIMOGA.

8. Well supplied.

9. Ploughing operation was going on in almost all parts of the District. Paddy was sown in some parts of Shimoga, Shikaripur, Sorab, Sagar, Hosanagar, Thirthahalli and Bhadravati Taluks. The standing crop of sugarcane in Shimoga, Honnali, Shikarpur, Sagar, Hosanagar, Thithahalli and Bhadravati is reported to be in good condition. The (newly sown) standing crop of paddy was in good condition in Shimoga, Sorab and Thirthahalli Taluks.

10. Prospect of the season was generally good. The rainfall is reported to be insufficient in the taluks of Shimoga, Channagiri and Bhadravati. There was Smallpox in Mallenahalli, Nelavagilu and Mugalikoppa villages of Shikarpur Taluk. Preventive measures are reported to have been taken.

11. Cattle were healthy. Water and fodder were available.

CHIKMAGALUR.

8. Markets were well supplied except with controlled foodgrains. Prices were the same as in the last week.

9 (1) *Standing crops.*—Sugarcane in Chikmagalur, Kadur Taluks and in Narasimharajapura Sub-Taluk and summer paddy in Mudigere Taluk, were the standing crops.

(2) *Seeds sown and transplantation made.*—Paddy and ragi in Chikmagalur, Mudigere Taluks, Mungar jola in Kadur Taluk, were sown during the week.

(3) *Crops harvested.*—Nil

429

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District, in view of there being no distress in this District. There was an average rainfall of 5·94″ in this District, from the beginning of the calendar year 1952.

11. The Public Health was generally good, except in Galihally village of Tarikere Taluk, where it is reported that Cholera eqidemic disease has broken out and there were 2 deaths from that disease. The District Health Officer, has been requested to take necessary preventive measures in the matter.

Cattle are generally healthy.

Water and fodder are available.

CHITALDRUG.

8. Well supplied.

9. (a) *Sowing.*—Groundnut in Jagalur Taluk,

(b) *Standing crops.*—The condition of the standing crops such as Gidda ragi, Vyasakhi paddy crops under irrigation wells, tanks and nalas in Challakere Taluk; sugarcane, groundnut and paddy in Hiriyur Taluk; onions, tobacco and paddy in Molakalmuru Taluk, paddy in Jagalur and Hosadurga Taluks are reported to be fair due to the recent rains.

(c) *Harvesting.*—Paddy in Challakere Taluk; sugarcane and groundnut in Hiriyur Taluk, and paddy in Jagalur Taluk are being harvested.

10. Relief works are in progress in the Taluks of Chitaldrug, Hiriyur, Molakalmuru, and Hosadurga Taluks. Cooly classes are finding sufficient labour all over the District except in a few villages, where relief works are under execution for providing employment. The relief works in Challakere and Jagalur Taluks are at standstill as there has been no response from local labourers. The stock position of food grains is satisfactory all over the district and no scarcity has been felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of Rinderpest in a few villages in Challakere, Hiriyur and Hosadurga Taluks. Action is being taken by the authorities of the Veterinary Departments to check its spread. The Notification declaring "Thippareddihally" Village, Challakere Taluk and area comprised within a radius of five miles from the above village as infected area has been issued with effect from 22nd May 1952 for one month.

Public health is good all over the District except for prevalance of small-pox in a few villages in Challakere Taluk. The authorities of the Health Department are taking necessary effective measures to check its spread.

Water is available all over the District.

Fodder scarcity in few villages of Molakalmuru and Hosadurga Taluks has been relieved for the present due to receipt of hay from Mandya District and availability of karada grass in nearby forests.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 27th May 1952.

K. SRINIVASAN,
Revenue Commissioner.

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDRY SERVICES IN MYSORE, BANGALORE.

Notification dated 19th May 1952.

(HEALTH OF LIVE-STOCK DURING APRIL 1952.)

In their order of severity, outbreaks of Rinderpest, Blackquarter, Anthrax, Foot and Mouth, Sheep-pox, Hæmorrhagic-septicæmia, Contagious Goat Pleuro-Pneumonia, Ranikhet and Gastro-entritis were encountered in the State during April 1952. Altogether 233 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 214 villages during the previous month. The number of outbreaks was highest in Shimoga, Bangalore and Chitaldrug Districts, while Hassan, Mandya and Chikmagalur Districts were least affected. These diseases accounted for 1,798 attacks, of which 847 succumbed. The departmental staff conducted 66,309 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth diseases.

Twelve outbreaks of Rinderpest were registered in Bangalore North, Devanahalli, Goribidnur, Channagiri, Challakere and Sira Taluks accounting for 250 attacks among cattle, of which 133 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 17,369 cattle in the infected villages and 22,359 cattle in 77 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 113 villages accounting for 5 deaths, as against 117 villages accounting for 20 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 8,422 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, and fodder and water were generally available throughout the State.

844 P. M. NARAYANASWAMI NAIDU, *Director.*

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, Paddy, and Kar-ragi are in good condition in some parts of the District. Ploughing operations are in progress.

10. Public health is good. Distress relief works are in progress in the affected areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy except Rinderpest in Devanahalli Taluk and some disease in Bangalore South Taluk.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The conditions of standing crops such as Paddy, Irrigated ragi and sugarcane has improved.

(3) *Crops harvested.*—Nil.

10. The recent showers have facilitated ploughing operations. Relief works have been started in all taluks to provide labour to unemployed agriculturists and to people seeking employment. The total expenditure incurred up-to-date for execution of relief works is Rs. 2,98,529-15-0. Six hundred and thirty-eight works are under progress. Additional allotment of two lakhs has been asked for. It is expected that the situation of fodder may be improved gradually as rains fall. Seven hundred and forty-five and a half tons of hay have been imported into this District from other Districts and it was distributed to cattle owners. The demand is still very great. In addition wheat bran has also been made available to augment the supply of hay. One thousand and nine hundred and seventy lbs. of milk powder, 5,000 multi-vitamin pills and 8,000 lbs. of bread have been distributed to the destitute families and indigent children in affected parts, free of cost.

11. People and cattle are generally healthy.

TUMKUR.

8. Fairly well supplied.

8. *Standing crops.*—Paddy in some parts of Tumkur, Gubbi, Tiptur, Kunigal is reported to be good. Sugarcane in parts of Tumkur and Kunigal Taluks Green gram and Jola in Huliyar and Handanakere hoblis of Chiknaikanahalli Taluk are also reported to be in good condition but rain is reported to be very necessary.

Paddy crops in Koratagere Taluk is reported to be not satisfactory due to inadequacy of rainfall.

9. *Crops harvested.*—Vaisakhi paddy is being harvested in parts of Sira, Madhugiri, Chiknaikanahalli, Tiptur, Pavagada, Kunigal and Koratagere Taluks.

Public Health.—Is generally good except for the prevalence of cholera in Yediyur village of Kunigal Taluk and preventive measures are reported to have been taken to check the spread of epidemic.

Cattle.—Cattle are reported to be generally healthy. Fodder is being imported from outside the District to the affected areas. State forests are also continued for free grazing. Distress relief works are in progress in Pavagada, Sira, Madhugiri, Koratagere and Gubbi Taluks. About 1,000 people are reported to be working in this scheme.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—It is reported that sowing of Jola, Ragi and til are still in progress in some parts of Heggaddevankote Taluk.

9. *Standing crops.*—Such as jola, sugarcane, irrigated ragi, kar paddy and mulberry are reported to be generally in good condition in all parts of the District.

(1) Prospects of the season have been improved after recent heavy rains in all parts of the District during the week.

(2) There was fairly good rainfall in all parts of the District during the week and the standing dry crops such as Jola etc., have been very much improved after recent good rains.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public Health is generally good in all parts of the District except for the prevalence of Cholera in a few villages of Heggaddevankote and Nanjangud Taluks. Necessary preventive and remedial measures are being taken to check its spread.

10. Cattle are reported to be generally healthy. Sufficient quantities of water and fodder are made available all over the District. It is reported that some difficulty for drinking water is felt in certain parts of the District and in those places well works have been taken up from the District Relief Grants sanctioned by Government.

MANDYA.

8. Well supplied.

9. The standing crop of sugarcane in Visvesvaraya Canal Area and kar-paddy, and kar-ragi both under nala and certain tack atchkats and jola in Nagamangala Taluk are reported to be in fairly good condition.

10. Prospects of the season are reported to be generally good.

11. Cattle are generally healthy. Fodder and water are reported to be available in sufficient quantities.

HASSAN.

8. Markets are well supplied.

9. Agricultural operations are being pushed through vigorously. Dodragi, til and groundnut in the Chennarayapatna Taluk; Giddaragi in Arkalgud, paddy, giddaragi, potato, groundnut and cotton in Belur Taluk are being sown. The standing crops of sugarcae in Hassan, Arkalgud, Hole-Narsipur and Alur Taluks is in good condition.

10. Public health is generally good except for out-break of cholera in Chigalur village of Alur Taluk. Preventive measures are adopted.

11. Cattle are generally healthy.

Pasture, fodder and water are available.

SHIMOGA.

Nil.

CHIKMAGALUR.

8. Markets were fairly well supplied except with controlled food grains. Prices were the same as in the last week.

9. (1) *Standing crops.*—Sugarcane in Chikmagalur, Kadur Taluks and in Narasimharajapura Sub-Taluk, were the standing crops.

(2) *Seeds sown and Transplantation made.*—Paddy and ragi in Chikmagalur, Mudigere Taluks and Mungar jola in Kadur Taluk, were sown during the week.

(3) *Crops harvested.*—Summer paddy was harvested in Mudigere Taluk.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District, in view of there being no distress in this District. There was an average rainfall of 6·72″ in this District, from the beginning of the calendar year 1952.

11. The Public Health was generally good, except in Yelagondanahalli village of Kadur Taluk, where it is reported that Cholera has broken out and there were 2 deaths from the disease. The District Health Officer, has been requested to take immediate necessary preventive measures in the matter.

Cattle are generally healthy. Water and fodder are available.

433

CHITALDRUG.

8. Well supplied.

9. (a) *Sowing.*—Sowing of Jola, Groundnut, til and Bengalgram in Chitaldrug taluk, Giddaragi in Chellakere taluk; Mungaru Jola, Oil seeds, Greengram, Sajje, Halasandi and Togari in Molakalmuru taluk; Groundnut, Save and Paddy in Davangere taluk; til and Jola in Hosadurga taluk, Jola, Sesumum, Groundnut, Paddy and Togari in Holalkere taluk has just commenced.

(b) *Standing crops.*—Giddaragi and paddy under irrigation wells, tanks and nalas in Challakere taluk; Sugarcane, groundnut and paddy in Hiriyur Taluk; Jola, tobacco and onions in Molakalmuru Taluk; Paddy in Jagalur Taluk, and til in Hosadurga Taluk are reported to be fair due to the recent rains.

(c) *Harvesting.*—Paddy in Challakere, Sugarcane and groundnut in Hiriyur and onions in Molakalmuru are being harvested.

10. Relief works are in progress in the Taluks of Chitaldrug, Hiriyur, Molakalmuru and Hosadurga Taluks. Cooly classes are finding sufficient labour all over the District except in a few villages, where relief works are under execution for providing employment. The relief works in Challakere and Jagalur Taluks are at standstill, as there has been no response from local labourers. The stock position of food grains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of Rinderpest in a few villages in Hiriyur and Hosadurga Taluks. Action is being taken by the authorities of the Veterinary Department to check its spread. Fodder scarcity which was felt in a few villages of Molakalmuru and Hosadurga Taluks has been relieved for the present due to the receipt of hay from the Mandya District and availability of karada grass in nearby forests and the situation has been improving due to recent rains.

12. Water is available all over the District.

Public health is generally good all over the District except in a few villages in Challakere Taluk where small-pox is prevailing and action is being taken by the authorities of the Health Department to check the spread of the epidemic.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 3rd June 1952.

K. SRINIVASAN,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, THE 22, MAY 1952.

A total of 10 attacks with 5 deaths from Plague was returned from 4 villages, in 3 taluks in 1 district during the week against nil attack with 1 death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 15 attacks with 6 deaths and nil attack with nil death, respectively.

A total of 33 attacks with 2 deaths from Small-pox were reported from the Cities of Bangalore and Kolar Gold Fields, and from Chintamani and Magadi Towns and from the taluks of Heggaddevankote, Kadur, Malavalli, Maddur, Srirangapatna, Sorab and Tarikere.

Thirty three attacks with 12 deaths from Cholera were reported from the towns of Holenarasipur and Shimoga and from the taluks of Goribidnur, Holenarasipur, Hassan, Heggaddevankote, Ramanagaram, Shimoga and Tarikere.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 207 (48 in hospitals) for 6 days representing a calculated death-rate of 16·0 (12·3 excluding hospital deaths) per mille of population (annual basis) as against 21·2 (16·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Small-pox, 2 under Typhoid, 8 under Other Fevers, 38 under Dysentery and Diarrhœa, and 158 under All Other Causes. The reported mortality was very low.

The total mortality for Mysor City was 41 (14 in hospitals) for 6 days representing a calculated death-rate of 10·1(6·6 (excluding hospital deaths) per mille of population (annual basis) as against 9·8 (6·4 excluding hospital deaths)

for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Other Fevers 7, Dysentery and Diarrhœa 4 and All Others Causes 29. The reported mortality was very low.

There were 27 deaths (5 in hospitals) for 4 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 15·3 (12·5 excluding hospital deaths) per mille of population (annual basis) as against 15·6 (13·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Malaria, 2 under Other Fevers, 5 under Dysentery and Diarrhœa, and 19 under All Other Causes. The reported mortality was very low.

1597

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, THE 29TH MAY 1952.

During the week no attack or death from Plague was reported, against 10 attacks with 5 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 25 attacks with 10 deaths and 3 attacks with 2 deaths, respectively.

A total of 27 attacks with 11 deaths from Small-pox were reported from cities of Bangalore and Kolar Gold Fields and from the towns of Kolar and Magadi and from the taluks of Bangalore North, Chamarajanagar, Kunigal, Mulbagal, Mandya, Sorab and Shimoga.

Sixty-five attacks with 33 deaths from Cholera were reported from the towns of Anekal and Shimoga and from the taluks of Alur, Bagepalli, Channapatna, Chanarayapatna, Heggaddevankote, Kunigal, Koppa, Nagamangala, Shimoga and Tarikere.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 210 (55 in hospitals) for 6 days representing a calculated death-rate of 16·2 (12·0 excluding hospital deaths) per mille of population (annual basis) as against 22·2 (14·1 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 4 under Small-pox, 1 under Malaria, 2 under Typhoid, 4 under Other Fevers, 39 under Dysentery and Diarrhœa and 160 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 50 (19 in hospitals) for 6 days representing a calculated death-rate of 12·3 (7·6 excluding hospital deaths) per mille of population (annual basis) as against 18·4 (11·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Malaria 2, Other Fevers 5, Dysentery and Diarrhœa 6, and all Other Causes 37. The reported mortality was very low.

There were 56 deaths (12 in hospitals) for 5 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 25·5 (20·0 excluding hospital deaths) per mille of population (annual basis) as against 7·9 (7·6 excluding hospital deaths) for the corresponding period of last year. Classified according to causes the deaths numbered 2 under Small-pox, 3 under Other Fevers, 4 under Dysentery and Diarrhœa and 47 under All Other Causes. The reported mortality was low.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, Paddy, and Kar-ragi are in good condition in some parts of the District. Ploughing operations are in progress.

10. Public health is good except for the prevalence of Cholera in some villages in Kanakapura Taluk. Distress relief works are in progress in the affected areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy except Blackquarter in Bannikuppe Village in Ramanagaram Taluk.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The condition of standing crops such as paddy, irrigated ragi and sugarcane is reported to be fair.

(3) *Crops harvested.*—Nil.

10. There was rainfall during the last two weeks in all the taluks. Lands are being ploughed and got ready for sowing seeds.

Relief works have been started to provide labour to unemployed agriculturists and people seeking employment. Separate progress report of relief works is being sent. The situation of fodder and water for cattle has improved. Arrangements have been made for the free distribution of Bread, Milk powder and Multi-vitamin pills to the destitute families and indigent children in affected areas.

11. People and cattle are reported to be healthy but for prevalence of Small-pox in Malur Taluk. Preventive measures have been taken to check the spread of the epidemic by the Public Health Department.

TUMKUR.

8. Fairly well supplied.

8. *Standing crops.*—Paddy in some parts of Tumkur, Gubbi and Kunigal Taluks are reported to be in good condition. Sugarcane in some parts of Tumkur and Kunigal and Greengram and Jola in some parts of Chiknaikanahalli Taluk are reported to be in good condition.

9. *Crops harvested.*—Paddy crop is being harvested in some parts of Sira, Koratagere, Madhugiri and Tiptur Taluks.

Public Health.—Public health is reported to be generally good except for the prevalence of Small-pox in Byadaraballi Village in Chicknaikanahalli Taluk. Needful action is reported to have been taken to check the spread of the epidemic.

10. Cattle are reported to be generally healthy except for the prevalance of Blackquarter at Kenchaveeranahalli, Hagalwadi Hobli, Gubbi Taluk. Preventive measures have reported to have been taken up to check the spread of the epidemic. Fodder is being imported from Mandya District and is distributed among the affected parts of Tumkur, Sira, Koratagere, Chicknaikanahalli and Pavagada Taluks. State Forests are also continued for free grazing purposes. Distress Relief works are in progress in Pavagada, Sira, Madhugiri, Koratagere and Gubbi Taluks. About 1,000 people are reported to have been working in the scheme.

MYSORE.

8. It is reported that the markets are normally supplied in all parts of the District during the week.

Seeds Sown:—It is reported that ragi was sown in Hunsur and Nanjangud Taluks and Jola in some parts of Yelandur Taluk.

9. *Standing crops.*—Such as paddy, ragi, jola, sugarcane and mulberry are generally in good condition in all parts.

(1) Prospects of the season are improving after recent rains in all parts of the District.

(2) There was fairly good rainfall in the Taluks of Chamarajanagar, Hunsur, Krishnarajanagar and T-Narasipur and it was scanty in the Taluks of Mysore, Nanjangud and Periyapatna and no rainfall in Gundlupet Taluk.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is generally good except for the outbreak of Cholera in a few villages of Heggaddevankote and Nanjangud Taluks and in one village of Krishnarajanagar Taluk. Necessary preventive and remedial measures are being taken to check its spread.

10. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. It is reported that some difficulty for drinking water is felt in certain parts of the District and in those places well works have been taken up from the Distress Relief Grants sanctioned by Government.

MANDYA.

8. Well supplied.

9. The standing crop of sugarcane in Visvesvaraya Canal Area, kar-paddy, and kar-ragi both under nala and certain tank atchkats and jola in Nagamangala and Krishnarajpet Taluks are reported to be in good condition.

10. Prospects of the season are reported to be generally good.

11. Cattle are generally healthy. Fodder and water are available in sufficient quantities.

HASSAN.

Not Received.

SHIMOGA.

8. Well supplied.

9. The land was being ploughed in almost all the Taluks in the District. The ploughing operation was being brought to completion in Sorab Taluk. Paddy was being sown in all the taluks of the District except in Channagiri Taluk. Sowing of paddy was being brought to completion in Sagar and Hosanagar Taluks. Ragi, jola and groundnut were sown in Channagiri Taluk. Save and groundnut in Honnali Taluk and groundnut in Bhadravati Taluk were sown. The standing crops of newly planted sugarcane and newly sown paddy are reported to be in good condition.

10. Prospect of the season was generally good. Rains are required in Shimoga, Honnali, Shikaripur and Bhadravati Taluks where rainfall is reported to be insufficient.

11. Cattle were healthy. Water and fodder were available.

CHIKMAGALUR.

8. Markets were fairly well supplied, except with controlled foodgrains. Prices of the commodities were the same as in the last week.

9. (1) *Standing crops.*—Sugarcane in Chikmagalur, Kadur Taluks and in Narasimharajapura Sub-Taluk, were the standing crops.

(2) *Seeds sown and Transplantation made.*—Paddy and ragi in Chikmagalur Taluk and Paddy in Sringeri Sub-Taluk and Mungar jola in Kadur Taluk, were sown during the week.

(3) *Crops harvested.*—Nil.

10. Prospects of the season are reported to be generally good and no special relief measures were necessary in this District, in view of there being no distress in this District. There was an average rainfall of 8·21" in this District, from the beginning of the calendar year 1952.

11. The Public Health was generally good, throughout the District.

Cattle are generally healthy. Water and fodder are available.

CHITALDRUG.

8. Well supplied.

9. (a) *Sowing.*—Jola, Groundnut, til and Bengalgram in Chitaldrug Taluk, Giddaragi in Challakere; Mungaru Jola, Togari, Sajje, Groundnut, Greengram, Halasandi and Oil seeds in Molakalmuru Taluk, Mungar Jola and Groundnut in Holalkere taluk, Groundnut, Save and Paddy in Davangere Taluk, Jola, Cotton, Groundnut, and Castor in Jagalur Taluk, Til, Jola and Groundnut in Hosadurga taluk are being sown during the week.

(b) *Standing crops.*—Giddaragi and Paddy under irrigation wells, tanks and nalas in Challakere Taluk, Sugarcane, Groundnut and Paddy in Hiriyur Taluk, Onions, Jola, Tobacco in Molakalmuru Taluk, Paddy in Jagalur Taluk, Paddy, Til and Jola in Hosadurga Taluk are fair during the week due to rains.

(c) *Harvesting.*—Paddy in Challakere Taluk, Sugarcane and Groundnut in Hiriyur Taluk, Tobacco and Onions in Molakalmuru Taluk, Paddy in Jagalur Taluk are being harvested.

10. Relief works are in progress in the Taluks of Chitaldrug, Hiriyur, Molakalmuru and Hosadurga Cooly classes are finding sufficient labour all over the District except in a few villages, where relief works are under execution for providing employment. The relief works in Challakere and Jagalur Taluks are at standstill, as there has been no response from the local labourers. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of Rinderpest in a few villages in Challakere and Hiriyur Taluks. Action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic. A notification declaring Huvinahole Village, Hiriyur Taluk, as infected area for one month with effect from 7th June 1952 has been issued. The fodder scarcity felt in few villages of Molakalmuru and Hosadurga Taluks has been improving due to the availability of karada grass and receipt of hay from Mandya District.

12. Water is available all over the District.

Public health is generally good all over the District except for prevalence of Small-pox in a few villages in Challakere and Hosadurga Taluks, and action is being taken by the authorities of the Health Department to check the spread of the epidemic.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, 5TH JUNE 1952.

A total of 6 attacks with 2 deaths from Plague was returned from 2 villages, in 2 taluks, in 1 district during the week against nil attack with nil death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 33 attacks with 22 deaths and 11 attacks with 5 deaths, respectively.

A total of 39 attacks with 10 deaths from Small-pox were reported from the cities of Bangalore and Kolar Gold Fields and from the taluks of Bangalore South, Kadur, Krishnarajpet and Sorab.

Forty-seven attacks with 16 deaths from Cholera were reported from Shimoga Town and from the taluks of Anekal, Heggaddevankote, Kunigal and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 184 (36 in hospitals) for 6 days representing a calculated death-rate of 14·2 (11·4 excluding hospital deaths) per mille of population (annual basis) as against 19·7 (15·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Small-pox, 5 under Other Fevers, 29 under Dysentery and Diarrhœa and 148 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 44 (13 in hospitals) for 6 days representing a calculated death-rate of 10·8 (7·6 excluding hospital deaths) per mille of population (annual basis) as against 25·0 (14·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Other Fevers 6, Dysentery and Diarrhœa 5, and all Other Causes 32. The reported mortality was very low.

Reports were not received from Kolar Gold Fields.

T. CHANDRASEKHARAIYA,
Director.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and kar-ragi are in good condition in some parts of the District. Ploughing operations are in progress. Harvesting of kar-paddy is in progress in Channapatna Taluk.

10. Public health is good. Distress relief works are in progress in the affected areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The condition of standing crops such as paddy, irrigated ragi and sugarcane under wells are reported to be fair.

(3) *Crops harvested.*—Nil.

10. There was rainfall of 1-50 in Gudibanda and a few cents in parts of Kolar and Srinivasapur Taluks.

Ploughing operations is still being continued and lands are being got ready for sowing.

Relief works have been undertaken on a large scale in all the taluks to provide labour to unemployed agriculturists and people seeking employment. Separate progress report of relief works is being sent. Fodder is obtained from other districts and distributed to cattle owners at reduced price in all the affected parts of the district. There is still demand for additional supply of fodder and an indent for a further supply of 1,000 tons has been sent. Arrangements have been made for the free distribution of cloth, bread, milk-powder and multi-vitamin pills to the destitute families and indigent children in affected parts.

11. People and cattle are reported to be generally healthy.

TUMKUR.

8. Fairly well supplied.

Standing crops.—Paddy in some parts of Tumkur, Gubbi and Kunigal Taluks are reported to be in good condition. Sugarcane in some parts of Kunigal, Gubbi and Tumkur Taluks are reported to be good. Greengram and Jola in Chiknaikanahalli Taluk are withering for want of rains.

9. *Crops harvested.*—Vaisakhi paddy is being harvested in Sira, Koratagere, Madhugiri and Tiptur Taluks.

Public Health.—Public health is reported to be generally good except for the prevalence of Small-pox in Dabbeghatta Village in Madhugiri Taluk. Preventive measures are reported to have been taken to check the spread of the epidemic.

10. Cattle are reported to be generally healthy. Water and fodder are available. Fodder is being imported from Mandya District and is distributed among the affected parts of Tumkur, Sira, Koratagere, Chicknaikanahalli and Pavagada Taluks. State Forests also continue for free grazing purposes. Distress Relief works are in progress in Pavagada, Sira, Madhugiri, Koratagere and Gubbi Taluks. About 1,000 people are reported to have been working in the scheme.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—It is reported that ragi was sown in Hunsur Taluk.

9. *Standing crops.*—Such as paddy, irrigated ragi, jola, castor and sugarcane are in good condition. Though the standing dry crops are reported to be good for the present but yet they require rains urgently. Ragi crop in parts of Krishnarajanagar Taluk is reported to have been affected by pest attack. The Agriculture Department are taking necessary remedial measures to check its spread. It is reported that kar-paddy under tanks in Yelandur taluk is being harvested.

(1) The prospects of the season are hopeful. There seems to be no anxiety for the present.

(2) There was no rainfall in any Taluks of the District except in Hunsur Taluk where too it was scanty.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is generally good except for the prevalence of Cholera in a few villages of Krishnarajanagar, Heggaddevankote and Nanjangud Taluks and Plague in one village each in the Taluks of Nanjangud and Gundlupet. Necessary preventive and remedial measures are being taken to check its spread.

10. Cattle are reported to be generally healthy all over the District for the prevalence of Anthrax and Rinderpest in one village of Gundlupet Taluk. Necessary preventive and remedial measures are being taken by the Department of Animal Husbandry to check its spread.

Sufficient quantities of water and fodder are available all over the District. In places where difficulty for drinking water is felt, well works have been taken up from the Distress Relief Grants sanctioned by Government and they are under progress.

MANDYA.

8. Well supplied.

9. The ploughing operations are in progress throughout the District. The standing crops of sugarcane in Visvesvaraya Canal Area, kar-paddy and kar-ragi both under nala and certain tank atchkats and jola in Nagamangala and Krishnarajpet are reported to be in good condition.

10. Prospects of the season are reported to be generally good. Rains are required urgently for the standing jola crop.

11. Cattle are generally healthy. Fodder and water are available in sufficient quantities.

HASSAN.

Not Received.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in many taluks of the District. Sowing of paddy continued in all the taluks in the District except in Channagiri Taluk. Sowing of paddy was being brought to completion in Sagar and Hosanagar Taluks. Groundnut was also sown in Bhadravati Taluk. The standing crops of newly planted sugarcane and newly sown paddy are reported to be generally in good condition except in a few places of Bhadravati Taluk where the seed sown is reported to have not sprouted. These areas are to be resown after rains.

10. Prospect of the season was generally good. Rains are urgently required in Shimoga, Channagiri, Honnali, Shikaripur and Bhadravati Taluks.

11. Cattle were healthy. Water and fodder were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of the commodities were the same as in the last week.

9. (1) *Standing crops.*—Sugarcane, paddy and ragi in Chikmagalur Taluk; sugarcane and mungar jola in Kadur Taluk; paddy and sugarcane in Narasimharajapura Sub-Taluk, were the standing crops.

(2) *Seeds sown and Transplantation made.*—Paddy and ragi in Chikmagalur Taluk; Mungar jola in Kadur Taluk and paddy in Narasimharajapura Sub-Taluk were sown during the week under report.

(3) *Crops harvested.*—Nil.

10. Prospects of the season are reported to be not good during the week. Rainfall is badly needed for the standing crops in Chikmagalur and Kadur Taluks. It is reported that ragi and jola crops in Kadur Taluk are getting up dried for want of rains. No special relief measures were necessary in this District, in view of there being no distress. There was an average rainfall of 8·52 in this District from the beginning of the calendar year 1952.

11. The Public Health was generally good except for the prevalence of small pox disease in Kurubarahalli village and its surrounding villages of Kadur Taluk. The District Health Officer has been requested to take immediate necessary preventive measures in the matter.

Cattle are generally healthy except for the prevalence of Blackquarter disease in Soosalevani and Narasimharajapura Towns. The Assistant Director of Animal Husbandry has been requested to take necessary preventive measures in the matter.

Water and fodder are available in the district except in some parts of Kadur Taluk where it is reported that there is scarcity of fodder.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Jola, groundnut, til and bengalgram in Chitaldrug Taluk; giddaragi in Challakere Taluk; Mungaru jola, togari, sajje, groundnut, greengram, halasandi and oil seeds in Molakalmuru Taluk; Mungar jola and groundnut in Holalkere Taluk; groundnut, save and paddy in Davangere Taluk; jola, cotton, groundnut and Castor in Jagalur Taluk; til, jola and groundnut in Hosadurga Taluk are being sown during the week.

(*b*) *Standing crops.*—Giddaragi and paddy under irrigation wells, tanks and nalas in Chellakere Taluk; sugarcane groundnut and paddy in Hiriyur Taluk; onions, jola and tobacco in Molakalmuru Taluk; paddy in Jagalur Taluk; paddy, til and jola in Hosadurga Taluk are so far fair during this week. But in some parts, the standing crops are withering for want of rains.

(*c*) *Harvesting.*—Paddy in Challakere Taluk; sugarcane and groundnut in Hiriyur Taluk; tobacco and onions in Molakalmuru Taluk; paddy in jagalur Taluk are being harvested.

10. Relief works are in progress in the Taluks of Chitaldrug, Hiriyur, Molakalmuru and Hosadurga. Cooly classes are finding sufficient labour all over the District except in a few villages where relief works are under execution for providing employment. The relief works in Challakere, Hosadurga and Jagalur Taluks are at stand still, as there has been no response from the local labourers. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District, except for prevalence of Rinderpest in a few villages in Challakere and Hiriyur Taluks and some kind of disease in a few villages of the Hosadurga Taluk. Action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic. A notification declaring Huvinahole village, Hiriyur Taluk, as infected area for one month with effect from 7th June 1952 has been issued. The fodder scarcity in few villages of Molakalmuru and Hosadurga Taluks has been eased due to the availability of karada grass and receipt of hay from Mandya District.

12. Water is available all over the District.

Public health is generally good all over the District except for prevalence of Small-pox in a few villages in Challakere and Hosadurga Taluks; and action is being taken by the authorities of the Health Department to check the spread of the epidemic.

HASSAN.

8. Markets are well supplied.

9. Sown paddy and ragi are in good conditions. Doddaragi and paddy in Belur, Til and Groundnut in Channarayapatna are sown during the week. Potato, cotton and groundnut are being sown in the Arsikere and Belur Taluks. The standing crop of sugarcane in Hassan, Alur, Arkalgud, Holenarasipur and Manjarabad is in good condition and jola, til, groundnut and cotton in the Arsikere Taluk as well.

10. Public health is generally good.

11. Cattle are generally healthy except for Blackquarter at Kakanahalli in Alur and Budunur in Arkalgud Taluks for which preventive measures have been adopted. Pasture, fodder and water are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 11th June 1952.

K. SRINIVASAN,
Revenue Commissioner.

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDRY SERVICES IN MYSORE, BANGALORE.

Notification dated 16th June 1952.

(HEALTH OF LIVE-STOCK DURING MAY 1952.)

In their order of severity, outbreaks of Rinderpest, Blackquarter, Hæmorrhagic-septicæmia, Anthrax, Foot-and-Mouth, Sheep-pox, Ranikhet and Contagious Goat Pleuro-Pneumonia were encountered in the State during May 1952. Altogether 230 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 233 villages during the previous month. The number of outbreaks was highest in Hassan, Tumkur and Kolar Districts, while Shimoga, Mandya and Chikmagalur Districts were least affected. These diseases accounted for 954 attacks, of which 705 succumbed. The departmental staff conducted 52,014 preventive inoculations and vaccinations against all the above diseases except Foot-and-Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot-and-Mouth disease.

Eight outbreaks of Rinderpest were registered in Pavagada, Hiriyur, Challakere and Devanahalli Taluks accounting for 114 attacks among cattle, of which 62 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 2,980 cattle in the infected villages and 17,618 cattle in 58 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 135 villages accounting for 80 deaths, as against 113 villages accounting for 5 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 12,603 animals as against 8,422 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, and fodder and water were generally available throughout the State.

P. M. NARAINSWAMI NAIDU,
Director.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and kar-ragi are in good condition in some parts of the District. Ploughing operations are in progress. Harvesting of kar-paddy is in progress in Channapatna Taluk.

10. Public health is good except for the prevalence of Cholera in Santhemoganahalli Village in Channapatna Taluk and Banni-mukkodlu Village in Kanakapura Taluk. Distress Relief works are in progress in the affected areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Nil.

Lands are continued to be ploughed and got ready for sowing seeds.

Standing crops.—Irrigated ragi, paddy and sugarcane under wells are reported to be fair.

Crops harvested.—Nil.

10. There was no rainfall during the week except a few cents in Gudibanda Taluk. The seasonal conditions are not favourable in this District. Relief works have been started on a large scale to provide labour to unemployed agriculturists and people seeking employment. Arrangements have also been made for the free distribution of bread, milk-powder, clothes and multi-vitamin pills to the destitute families and indigent children in affected parts. Imported hay from other districts has been made available in the affected parts.

11. People and cattle are reported to be generally healthy.

TUMKUR.

8. Fairly well supplied. Food commodities are being sold in the open market at fair prices.

9. *Standing crops.*—Paddy in some parts of Tumkur, Gubbi and Kunigal Taluks are reported to be in good condition. Sugarcane in some parts of Tumkur, Gubbi and Kunigal Taluks are reported to be good. Greengram and Jola in Chiknaikanahalli Taluk are reported to be withering for want of rains.

10. *Crops Harvested.*—Vaisakhi Paddy is being harvested in some parts of Sira, Koratagere and Tiptur Taluks.

Public Health.—Public health is reported to be generally good in all Taluks.

Cattle;—Cattle are reported to be generally healthy in all the Taluks. Water and fodder are generally available. Fodder is being imported from Mandya District and is distributed among the affected parts of Tumkur, Sira, Koratagere, Madhugiri, Pavagada, Chicknaikanahalli Taluks. State Forests have been continued for free grazing purposes. Distress Relief works are in progress in Pavagada, Sira, Madhugiri, Koratagere and Gubbi Taluks. About 1,000 people are reported to have been working in the scheme.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown:—Nil.

9. *Standing crops.*—Such as paddy, irrigated ragi, sugarcane and mulbery are reported to be generally in good condition. The standing dry crops jola, ragi, etc. are in need of urgent rains and are reported to be withering in Heggaddevankote, Gundlupet and Krishnarajanagar taluks. The standing ragi crop in some parts of Krishnarajanagar is reported to have been affected by pest attack. The Agricultural Department are taking necessary remedial measures to check its spread.

10. (1) Prospects of the season are normal.

(2) There was no rainfall in any Taluks of the District except in Mysore, Periyapatna, Krishnarajanagar and Heggaddevanakote where too it was scanty.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is generally good all over the District except for the prevalence of Cholera in a few villages of Heggaddevankote, Krishnarajanagar and Nanjangud Taluks and Plague in one village, each of Nanjangud and Gundlupet Taluks. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available throughout the District. In places where there was difficulty for drinking water well works have been taken up from the Distress Relief Grants and they are under progress.

MANDYA.

8. Well supplied.

9. The ploughing operations are in progress throughout the District. The standing crops of sugarcane in Visvesvaraya Canal Area, kar-paddy and kar-ragi both under nala and certain tank atchkats and jola in Nagamangala taluk, Pandavapura, are reported to be in good condition.

10. Prospects of the season are generally good. Rains are required urgently for the standing jola crop.

11. Cattle are generally healthy. Fodder and water are available in sufficient quantities. Infection of small-pox is reported to be prevailing in Manigere village, Maddur taluk. The District Health Officer, has been addressed to take immediate preventive and precautionary measures.

HASSAN.

8. Markets are well supplied.

9. The standing crops of paddy and ragi are in bad need of rains. These crops are reported to be withering in the Hassan and Alur Taluks and Ragi, Jola, Till and Cotton in the Arsikere Taluk.

The standing crop of sugarcane in Arkalgud, Chennarayapatna and Hole-Narsipur Taluks is in good condition.

10. Public health is generally good.

11. Cattle are generally healthy except for black-quarter at Singodanahally and Muddanaikanahalli in the Palya Hobli, Alur Taluk for which prentive measures have been adopted.

Pasture, Fodder and Water are available except in the Arsikere Taluk and in Dudda and Shantigrama of Hassan Taluk where it is brought from outside.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in all the taluks of the District. Paddy sowing was continued in all the taluks and it was being brought to completion in Sagar and Hosanagar Taluks. Groundnut was being sown in Bhadravati and Channagiri Taluks.

The condition of the standing crops was not quite good and they required rains very badly.

10. Prospects of the season was generally good. Rains are urgently required particularly in the Taluks of Shimoga, Bhadravati, Honnali and Channagiri.

11. Cattle were healthy. Water and fodder were available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains such as Rice and Wheat were also available in the market. Fine rice at 1½ seers a rupee and Medium rice 1¾ seers to 2 seers a rupee, were sold, during the week.

9. (1) *Standing crops.*—Paddy and ragi, sugarcane, in Chikmagalur Taluk; sugarcane and mungar jola in Kadur Taluk; paddy and sugarcane in Narasimharajapura Sub-Taluk, were the standing crops.

(2) *Seeds sown and Transplantation made.*—Paddy and ragi in some parts of Chikmagalur Taluk, mungar jola in Kadur Taluk and paddy in Mudigere Taluk were sown during the week under report.

10. Prospects of the season are reported to be fair. Rainfall is badly needed for the standing crops. Crops in Kadur Taluk are getting up dried for want of rains. No special relief measures were necessary in view of there being no distress in this District. There was an average rainfall of 10·11 in this district from the beginning of the calendar year 1952.

11. The Public Health was generally good except for the prevalence of small-pox disease in Nelagadde village of Narasimharajapura Sub-Taluk, where it is reported that there were three attacks from the disease. The District Health Officer has been requested to take immediate preventive measures in the matter.

The cattle are generally healthy. Water and fodder are available except in some parts of Kadur Taluk, where it is reported that there is scarcity of fodder.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Jola, groundnut, til and horsegram in Chitaldrug Taluk; Giddaragi in Challakere Taluk, Groundnut, save and paddy in Davangere Taluk, jola, cotton, castor, groundnut and til in Jagalur Taluk were sown during the week.

Standing crops.—The condition of the standing crops such as, Giddaragi in Chellakere Taluk, Sugarcane, groundnut and paddy in Hiriyur Taluk, jola, tobacco, castor, groundnut, til, pulses, sajje, navane and cotton in Molakalmuru Taluk, Mungar jola, paddy, groundnut, and til in Holalkere Taluk, and groundnut in Jagalur taluk and groudnut, til and jola in Hosadurga Taluk are reported to be fair but in some parts, they are withering for want of rains.

Harvesting.—Paddy in Challakere Taluk, sugarcane and groundnut in Hiriyur Taluk and paddy in jagalur Taluk were harvested.

10. Relief works are in progress in the Taluks of Chitaldrug, Hiriyur and Molakalmuru Taluks. Cooly classes are finding sufficient labour all over the District except in villages where relief works are under execution for providing employment. The relief works in Challakere, Jagalur and Hosadurga Taluks are at stand still, as there has been no response from the local labourers. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District, except for prevalence of Rinderpest in a few villages in Challakere, Jagalur, and some kind of disease among live-stock in few villages of Hosadurga Taluk and action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic. A notification declaring Korlakunte village, Challakere Taluk, as infected area for one month with effect from 16th June 1952 has been issued. The fodder scarcity in few villages of Molakalmuru and Hosadurga Taluks has been eased due to the availability of karada grass in nearby forests and receipt of hay from Mandya District.

Water is available all over the District. Public health is generally good all over the District except for prevalence of Small-pox in a few villages in Challakere and Hosadurga Taluks, and cholera in Rayanahalli and some of the villages of Haribar Taluk. Action is being taken by the authorities of the Health Department to check the spread.

HASSAN.

8. Markets are well supplied.

9. The Standing crops of Paddy and Ragi are in good conditions, except in some parts of Hassan and Alur Taluks where the crops are reported to be withering for want of rains. The other crops such as Jola, Cotton, Groundnut, Potato and Til are also in need of immediate showers.

Paddy is still being sown in some parts of Alur Taluk.

10. The standing crop of Sugarcane in Hassan, Arkalgud, Channarayapatna, Hole-Narasipur and Alur is in good condition.

Kar paddy under Shantigrama major tank is harvested.

Public health is generally good except for Plague at Arasinakunte in Hole-Narsipur Taluk for which preventive measures have been adopted.

11. Cattle are generally healthy. Pasture, fodder and water are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 14th June 1952.

K. SRINIVASAN,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, 12TH JUNE 1952.

During the week no attack or death from Plague was reported against 6 attacks with 2 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 7 attacks with 7 deaths and nil attack with nil death, respectively.

A total of 25 attacks with 8 deaths from Small-pox were reported from the Cities of Bangalore, Mysore and Kolar Gold Fields and from Chintamani Town and from the taluks of Krishnarajpet, Kunigal, Mandya, Maddur, Srirangapatna and Sorab.

Seventy-three attacks with 20 deaths from Cholera were reported from Shimoga Town and from the taluks of Anekal, Heggaddevankote, Kanakapura, Krishnarajanagar, Maddur and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 183 (43 in hospitals) for 6 days representing a calculated death-rate of 14·1 (10·8 excluding hospital deaths) per mille of population (annual basis) as against 23·2 (17·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Small-pox, 1 under Malaria 8 under Other Fevers, 29 under Dysentery and Diarrhœa and 143 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 41 (19 in hospitals) for 6 days representing a calculated death-rate of 10·1 (5·4 excluding hospital deaths) per mille of population (annual basis) as against 20·5 (16·8 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Typhoid 1, Other Fevers 5, Dysentery and Diarrhœa 2, and all Other Causes 32. The reported mortality was very low.

Reports were not received from Kolar Gold Fields.

T. CHANDRASEKHARAIYA,
Director.

DISTRICT REPORTS.

8. Markets how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocx.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and kar-ragi are in good condition in some parts of the District. Ploughing operations are in progress. Harvesting of kar-paddy is in progress in Bangalore North taluk and kar-ragi in Hoskote Taluk.

10. Public health is good except for the prevalence of Cholera in Bennimukkodalu Village in Kanakapura Taluk and Urgahalli and other villages in Ramanagaram Taluk. Distress Relief works are in progress in the affected areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Sowing operations are held up owing to lack of rains.

Standing crops.—Paddy, Irrigated Ragi and Sugarcane under wells are reported to be fair.

Crops harvested.—Nil.

10. There was no rainfall during the week except a few cents in Kolar, Chikballapur and Gudibanda Taluks. The seasonal conditions in this District are not favourable from the beginning of the year.

Relief works have been started on a large scale to provide labour to agriculturists and people seeking employment. There is demand for the supply of fodder to the cattle and arrangements have been made for the distribution of imported hay from other districts, to the affected parts. An indent has been made for additional supply of 1,000 tons for the month of July. Wheat bran has also been made available in addition to hay.

Free distribution of bread, multi-vitamin pills, milk-powder and clothes has been arranged in the affected parts to the poor families and destitute children.

11. People and cattle are reported to be generally healthy but for prevalence of plague in Srinivasapur Taluk and cholera and small-pox in Bagepally Taluk. Preventive measures have been taken to check the spread of the epidemics by the Public Health Department.

TUMKUR.

8. Market fairly well supplied. Foodgrains such as rice and ragi are being sold in the open market at prices a little lower than the Control rates.

9. *Standing crops.*—Paddy crop in some parts of Tumkur, Gubbi and Kunigal Taluks are reported to be in good condition. Sugarcane in some parts of Kunigal, Gubbi and Tumkur Taluks are reported to be good. Green-gram and Jola are reported to have been withering in some parts of Chiknaikanahalli Taluk for want of rain. Ragi crop under wells reported to have been transplanted in some parts of Madhugiri and Pavagada Taluks.

10. *Crops Harvested.*—Vaisaki Paddy in some parts of Gubbi Taluk is being harvested. Harvest of paddy in Sira and Tiptur Taluks is reported to have been completed.

Public Health.—Public health is reported to be generally good except for the prevalence of small pox in Doddahatti the hamlet of Asrihal village in Chicknaikanahalli Taluk. Preventive measures are reported to have been taken to check the spread of the epidemic.

Cattle.—Cattle are reported to be generally healthy except for the prevalence of black-quarter in Gunnegere Village in Kunigal Taluk. Preventive measures are reported to have been taken to check the spread of the epidemic. Water and fodder are generally available. Fodder is being imported from Mandya District and is distributed among the affected parts of the District. State Forests have been thrown open for free grazing purposes. Relief works are in progress in Sira, Pavagada, Madhugiri, Koratagere and Gubbi Taluks. About 1,000 people are reported to be working in the scheme.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that paddy is being sown in the taluks of Nanjangud and Chamarajanagar.

Standing crops.—Such as paddy, irrigated ragi and sugarcane are reported to be generally in good condition.

The standing dry crops are reported to be withering in almost all the taluks. Particularly jola crop in parts of T.-Narsipur, Yelandur, Chamarajanagar, Gundlupet and Nanjangud taluks is getting dry and unless it is relieved by immediate rains, the crop is likely to fail. Ragi crop is affected in parts of Krishnarajanagar taluk for want of rains. In parts of Hunsur, Krishnarajanagar and Periyapatna taluks ragi is being transplanted now.

Crops Harvested.—It is reported that kar paddy is being harvested in the taluks of Yelandur and Krishnarajanagar.

10. (1) Prospects of the season are normal.

(2) The rainfall during the week was scanty in all taluks except in taluks of Nanjangud and T.-Narsipur where there was no rainfall.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is reported to be generally good all over the District except for the prevalence of Cholera in a few villages of Heggaddevankote and Nanjangud Taluks and Plague in one village each of Gundlupet and Hunsur Taluks. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District. In places where there was difficulty for drinking water well works have been taken up from the Distress Relief Grants and they are under progress.

MANDYA.

8. Well supplied.

9. The ploughing operations are in progress throughout the District. The standing crops of sugarcane in Visvesvaraya Canal Area, kar-paddy and kar-ragi both under nala and certain tank atchkats are reported to be good.

Kar-paddy, kar-ragi and jola are reported to be withering for want of timely rains at Malvalli, Krishnarajapet and Nagamangala.

10. Prospects of the season are reported to be fair. Rains are required urgently for the standing dry crops.

11. Cattle are generally healthy except at Sakshibidu village, Krishnarajapet taluk where it is reported that cattle are attacked with some disease. The Assistant Director of Animal Husbandry, Mandya has been addressed for immediate preventive and precautionary measure. It is reported that small-pox was prevalent in Manigere village, Maddur taluk. The District Health Officer, Mandya has been addressed for taking immediate preventive and precautionary measures. Fodder and water are available in sufficient quantities.

HASSAN.

8. Markets are well supplied.

9. Tillage of the soil is still going on in Alur Taluk. Sowing is held up in the Arsikere Taluk and the standing crop of til, jola, groundnut and cotton is withering for want of rains. The standing crops of paddy and ragi are fairly good but require immediate showers. Ragi and paddy seedling are being transplanted in the Alur and Manjarabad Taluks, respectively. The standing crop of sugarcane is in good condition in Arkalgud and Hole-Narsipur Taluks. Sugarcane is being milled in the Channarayapatna Taluk.

10. Public health is generally good. Rat fall at Carighatta and Hebbale in Arkalgud Taluk is reported.

11. Cattle are generally healthy. Pasture, fodder and water are available except in Arsikere Taluk and Dudda and Shantigrama Hobli in the Hassan Taluk where fodder is brought from outside.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in all the taluks in the District. Paddy sowing was brought to completion in all the taluks except in Shimoga Taluk parts of Bhadravati and of Chennagiri Taluks. Ragi, Jola, Save and Greengram are being sown in Bhadravati Taluk. Sowing operations are not going on in Honnali and Chennagiri Taluks on account of inadequacy of rainfall. Standing crops require more rains. In some parts of Tirthahalli Taluk, paddy crop was affected by Fungus and preventive measures to put down the disease have been undertaken.

10. Prospects of the season so far as paddy crop is concerned appear to be generally good but bad for dry crops. Rains are urgently required in the Taluks of Shimoga, Bhadravati, Honnali, Channagiri and Shikaripur taluks.

11. Cattle are healthy. Water and fodder are available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains such as Rice and Ragi were also available in the market. Fine rice (polished) at 1½ seers a rupee and Medium rice at 1¾ seers or 2 seers, were sold, during the week.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram and blackgram, tur and jola in Kadur Taluk; sugarcane and paddy in Narasimharajapura, were the standing crops. They are reported to be in good condition.

(2) *Seeds sown and Transplantation made.*—Paddy and ragi in Chikmagalur; jola in Kadur; paddy in Tarikere, transplantation of paddy in Koppa, and paddy sown in Narasimharajapura, transplantation of paddy in Sringeri and Mudigere Taluks.

(3) *Crops harvested*—Nil.

10. Prospects of the season are reported to be fair. Rainfall is badly needed in parts of Kadur Taluk where oil seeds and jola sown are drying for want of rains. There is adequate stock of foodgrains.

11. The Public Health was generally good. There were no fresh attacks of small-pox in Nelagadde and no deaths from small-pox in Nelagadde in Narasimharajapura Sub-Taluk.

Cattle were generally healthy. Water and fodder were available except in some parts of Kadur and Tarikere Taluks. Labour is available.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Giddaragi in Challakere, Paddy in Hiriyur Taluk was sown during the week.

Standing crops.—The condition of the standing crops such as Giddaragi in Chellakere Taluk; jola, til and groundnut in Chitaldrug Taluk, Sugarcane and groundnut in Hiriyur Taluk; jola, tobacco, groundnut, cotton, til and pulses in Molakalmuru Taluk; jola, ragi, til and groundnut in Holalkere Taluk; jola cotton, til and castor in Jagalur taluk and groundnut, til and jola in Hosadurga Taluk are reported to be fair, but they have been withering in some taluks for want of rains.

Harvesting.—Groundnuts and sugarcane in Hiriyur luk were harvested.

10. Relief works are in progress in the Taluks of aldrug, Hiriyur and Molakalmuru, Taluks. Cooly s are finding sufficient labour all over the District in villages where relief works are under execution viding employment to the needy. The relief works kere, Jagalur and Hosadurga Taluks have been still, as there has been no response from r to start them. The stock position of foodgrains ory all over the District and no scarcity is felt

attle are reported to be generally healthy, all District, except for prevalence of Rinderpest in a few villages of Challakere, Hiriyur and Jagalur Taluks and some kind of disease among live-stock in a few villages of Davanagere Taluk. Action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic. A reference has been made by the Amildar, Hosadurga Taluk, to the Amildar, Srirangapatna Taluk for immediate despatch of 30 wagons of hay as fodder is urgently required in a few villages of Hosadurga Taluk and it is awaited.

Water is available all over the District. Public health is generally good all over the District except for prevalence of Small-pox in a few villages in Challakere and "Cholera" in a few villages in Harihar Taluk. Action is being taken by the authorities of the Health Department to check its spread.

BANGALORE, Dated 19th June 1952.

N. V. SIDDALINGAPPA, For *Director.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, JUNE 19, 1952.

A total of 2 attacks with nil death from Plague was returned from 1 village in 1 taluk in 1 district during the week against nil attack with nil death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 19 attacks with 7 deaths and nil attack with nil death, respectively.

A total of 15 attacks with 3 deaths from Small-pox were reported from Bangalore Corporation and from the Towns of Chintamani and Channagiri and from the taluks of Bangalore North and Kunigal.

Seventy-four attacks with 37 deaths from Cholera were reported from Shimoga Town and from the taluks of Bangalore South, Channarayapatna, Harihar, Heggaddevankote, Kanakapura, Kriahnarajanagar, Maddur and Nanjanagud.

The State remained free from Influenza and Relapsing Fever.

Reports were not received from Bangalore Corporation.

The total mortality for Mysore City was 71 (19 in hospitals) for 7 days, representing a calculated death-rate of 14·9 (10·9 excluding hospital deaths) per mille of population (annual basis) as against 20·5 (16·8 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Small-pox 2, Malaria 2, Typhoid 1, Other Fevers 20, Dysentery and Diarrhoea 4 and All Other Causes 42. The reported mortality was very low.

Reports were not received from Kolar Gold Fields.

STRICT REPORTS.

supplied.

gricultural operations, state of stand- and probable out-turn of the harvests, e to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and kar-ragi are in good condition in some parts of the District. Ploughing operations are still in progress. Harvesting of Paddy is in progress in Channapatna Taluk.

10. Public health is good except for the prevalence of Cholera in Kanakapura Taluk. Distress Relief works are in progress in the affected areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Black quarter is reported in Avamanahalli in Ramanagaram Taluk. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Sowing operations are held up owing to lack of rains.

Standing crops.—Sugarcane, Irrigated Ragi and Paddy under wells are in urgent need of rains.

Crops harvested.—Nil.

10. There was no rainfall during the week except a few cents in Kolar and Sidlaghatta Taluks. The seasonal conditions in this District are not favourable.

Relief works have been started on a large scale to provide labour to the unemployed agriculturists and people seeking employment.

Arrangements have been made to secure as much hay as possible and made available in all affected parts. People are not coming forward to purchase wheat bran even at subsidised rate of Rs. 6 per bag. Seed Ragi has also been supplied to agriculturists by the Department of Agriculture. Still there is great demand for seeds. Free distribution of bread, milk-powder multi-vitamin tablets and clothes has been arranged in the affected parts to the poor families and destitute children.

11. People and cattle are reported to be generally healthy but for prevalence of plague in some parts of Srinivasapur Taluk. Preventive measures have been taken to check the spread of the epidemic by the Public Health Department.

TUMKUR.

8. Market is fairly well supplied. Foodgrains such as rice and ragi are being sold in the open market at prices a little lower than control rates.

9. *Standing crops.*—Paddy crop in some parts of Tumkur, Gubbi and Kunigal Taluks are reported to be in good condition. Sugarcane in some parts of Kunigal, Gubbi and Tumkur, Taluks is reported to be good. Jola, greengram and groundnut crops in Chiknaikanahalli and Tiptur Taluks, is reported to be withering for want of rains. Irrigation ragi is reported to have been transplanted in some parts of Madhugiri and Pavagada Taluks.

10. *Crops Harvested.*—Paddy crop is being harvested in Gubbi Taluk.

Public Health.—Public health is reported to be generally good in all the Taluks.

Cattle.—There is an out-break Black-quarter in Kuppur and Hosahalli Villages in Tumkur Taluk and Rinderpest in Kodapalukere Village in Pavagada Taluk. Generally weak in the affected areas. Preventive measures are reported to have been taken to check the spread of the diseases. Water and fodder are generally available. Fodder is also being imported from Mandya District and distributed to the affected parts of the District. State Forests have been thrown open for free grazing purposes. Relief works are in progress in Sira, Madhugiri, Koratagere and Gubbi Taluks. About 1,000 people are reported to be working in the scheme.

MYSORE.

8. It is reported that the markets are normally well supplied in all taluks of the District during the week.

9. *Seeds Sown.*—It is reported that paddy is being sown in the taluks of Krishnarajanagar and Heggaddevankote.

Standing crops.—Such as paddy, mulberry and sugarcane are reported to be generally in good condition.

The standing dry crops are drying in almost all the taluks of the District. Particularly jola crop in parts of Gundlupet, Chamarajanagar, T.-Narsipur, Yelandur, Nanjangud and Mysore Taluks has withered away beyond recovery in most places. Even if it rains quite well now. There are no chances of even getting a yield of Re. 0-4-0 to Re. 0-6-0 crop. Ragi transplantation in parts of Hunsur and Periyapatna Taluks is in progress. Owing to belated rains, sowing of ragi is delayed. It is reported that kar paddy is being harvested in Yelandur Taluk.

10. (1) Prospects of the season are not hopeful and it is somewhat causing anxiety amongst agricultural classes.

(2) The rainfall during the week is scanty in all taluks except in T.-Narsipur and Yelandur Taluks where there was no rainfall.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good throughout the District except for the prevalence of Cholera in a few villages of Nanjangud, Krishnarajanagar and Heggaddevankote Taluks and Plague in one village of Gundlupet Taluk and Small-pox and Plague in a few villages of Hunsur Taluk. Necessary preventive and remedial measures are being taken to check the spread of the epidemics.

11. Cattle are reported to be generally healthy all over the District except for the prevalence of Blackquarter in one village of Mysore Taluk and in a few villages of Yelandur Taluk. Necessary preventive and remedial measures are being taken by the Department of Animal Husbandry to check the spread of the epidemic. Sufficient quantities of water and fodder are available in all parts of the District.

MANDYA.

8. Well supplied.

9. Ploughing operations are in progress throughout the District. The standing crop of sugarcane in Visvesvaraya Canal Area; kar-paddy and kar-ragi both under nala and certain tank atchkats are reported to be in good condition. Kar-paddy and kar-ragi are reported to be being harvested in Mandya, Maddur and Krishnarajpet Taluks. The crops of kar-paddy kar-ragi and jola are reported to have been adversely affected withering for want of timely rains at Malvalli, Krishnarajapet and Nagamangala Taluks. Sugarcane is being planted in Maddur Taluk.

10. Prospects of the season are reported to be generally fair. Rains are required urgently for the standing dry crops.

11. Cattle are reported to be generally healthy. Fodder and water are available in sufficient quantities. It was reported that there were symptoms of small-pox at Madavinakodi village, Krishnarajpet Taluk. The concerned authorities have been intimated to take immediate necessary preventive and precautionary measures.

HASSAN.

8. Markets are well supplied.

9. Agricultural operations are held up in Channara patna and Alur Taluks. Giddaragi, paddy and pot crops are withering in the Hassan Taluk for want of r as also til, jola, groundnut and cotton in Arsikere T Paddy and ragi seedling are being transplanted in Mar bad and Alur Taluks, respectively. The standing of sugarcane is fairly good in Hassan, Arkalgud, Ch rayapatna and Hole-Narsipur Taluks and sugarc being milled in Chennarayapatna Taluk.

10. Public health is generally good.

11. Cattle are generally healthy except for ri at Gunja in the Hole-Narsipur and Blackquarter godanahalli in the Alur Taluk for which p measures have been adopted.

Pasture, fodder and water are available except in the Arsikere Taluk and Dudda and Shantigrama Hoblis in Hassan Taluk where paddy is brought from outside.

Some of the cattle of these areas have been sent to Hunsur and Tarikere Taluks for grazing.

SHIMOGA.

8. Well supplied.

9. The land was ploughed in all the taluks in the District. Paddy sowing was brought to completion in all the taluks except in Shimoga Taluk. Sowing of ragi, jola, save and groundnut are being brought to completion in Bhadravati Taluk and it is going on in Honnali Taluk to a very little extent. Standing crops require more rains. In some parts of Sorab Taluk, paddy crop is affected by Kolave Roga for want of heavy rainfall.

10. Prospects of the season appear to be good for paddy crops but bad for dry crops. Rains are urgently required in Shimoga, Honnali, Channagiri, Bhadravati, Shikaripur and Sorab Taluks.

11. Cattle are healthy. Water and fodder are available. Small-pox is reported to be prevailing in Agarabannihatti in Channagiri Taluk and the District Health Officer is addressed to take up mass vaccination.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains such as rice and ragi were also available in the open market. Fine rice (polished) at 1½ seers a rupee and Medium rice at 1¾ seers or 2 seers a rupee, were sold, during the week. Due to the availability of rice and ragi in the open market the off-take of foodgrains in the Government Depots was much less than usual.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram and blackgram, tur and jola in Kadur Taluk; sugarcane and paddy in Narasimharajapura Sub-Taluk, were the standing crops

(2) *Seeds sown and Transplantation made.*—Paddy and ragi in some parts of Chikmagalur Taluk were sown and paddy in Mudigere Taluk and in Koppa Taluk were transplanted during the week under report.

(3) *Crops harvested*—Nil.

10. Prospects of the season are reported to be fair. Rainfall is badly needed for the standing crops. Crops in Kadur Taluk were withering for want of rains.

11. Public Health was generally good except for the prevalence of cholera epidemic disease in Devarakareballi village of Kadur Taluk. It is reported that there was one death from cholera. The District Health Officer, Chikmagalur has been requested to take immediate necessary preventive measures in the matter.

Cattle were generally healthy. Water and fodder were available except in some parts of Kadur and Tarikere Taluks.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Nil.

Standing crops.—The standing dry crops in Chitaldrug, Jagalur, Holalkere and Hosadurga Taluks are withering for want of rains. The irrigated crop of Giddaragi in Chellakere and Molakalmuru Taluks, and groundnut and sugarcane in Hiriyur Taluk is fair.

Harvesting.—Harvest of sugarcane and groundnut in Hiriyur Taluk is nearing completion.

10. The relief works started in the taluks of Chitaldrug, Hiriyur and Molakalmuru for providing employment to the cooly classes are in progress and cooly classes are getting sufficient labour all over the District except in those villages where relief works are under execution for providing employment. There has been no progress in the execution of relief works in Challakere, Molakalmuru and Hosadurga Taluks as there has been no response from the local labourers to start them. The condition at the stock position of foodgrains all over the District is satisfactory and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District, except for prevalence of Rinderpest in a few villages of Challakere, Hiriyur and Hosadurga Taluks. Action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic.

A telegraphic reminder has been issued by the Amildar, Hosadurga Taluk, to the Amildar, Srirangapatna for despatch of 30 wagons of hay as there is fodder scarcity in some villages in Hosadurga Taluk and the consignment awaited.

Water is available all over the District. Public health is generally good all over the District.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, 26TH JUNE 1952.

A total of 16 attacks with 8 deaths from Plague was returned from 4 villages in 4 taluks in 2 districts during the week against 2 attacks with nil death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 20 attacks with 7 deaths and nil attack with nil death, respectively.

A total of 17 attacks with 6 deaths from Small-pox were reported from the Cities of Bangalore and Mysore and from Chintamani Town and from the taluks of Kolar, Krishnarajpet and Malur.

One hundred and five attacks with 42 deaths from Cholera were reported from the towns of Nanjangud and Shimoga and from the taluks of Channapatna, Gundlupet, Harihar, Heggaddevankote, Kanakapura, Maddur, Nanjangud, Ramanagaram, Srirangapatna and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 192 (22 in hospitals) for 6 days representing a calculated death-rate of 14·8 (13·1 excluding hospital deaths) per mille of population (annual basis) as against 27·7 (17·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Small-pox, 2 under Typhoid, 9 under Other Fevers, 23 under Dysentery and Diarrhœa and 156 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 44 (8 in hospitals) for 5 days representing a calculated death-rate of 13·0 (10·6 excluding hospital deaths) per mille of population (annual basis) as against 28·0 (15·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Malaria 3, Other Fevers 8, Dysentery and Diarrhœa 2, and all Other Causes 31. The reported mortality was very low.

There were 39 deaths (2 in hospitals) for 6 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 14·8 (14·1 excluding hospital deaths) per mile of population (annual basis) as against 8·9 (7·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Malaria, 2 under Other Fevers, 7 under Dysentery and Diarrhœa and 29 under All Other Causes. The reported mortality was very low.

2594

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, JULY 3, 1952.

A total of 20 attacks with 12 deaths from Plague was returned from 5 villages in 5 taluks in 3 districts during the week against 16 attacks with 8 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 46 attacks with 16 deaths and nil attack with nil death, respectively.

A total of 39 attacks with 13 deaths from Small-pox were reported from the Cities of Bangalore and Mysore and Sira Town and from the taluks of Bangalore North, Hunsur, Mysore and Maddur.

Forty-four attacks with 34 deaths from Cholera were reported from the towns of Nanjangud and Shimoga and from the taluks of Bagepalli, Bangalore South, Harihar, Heggaddevankote, Nanjangud and Srirangapatna.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 193 (36 in hospitals) for 5 days representing a calculated death-rate of 17·8 (14·5 excluding hospital deaths) per mille of population (annual basis) as against 14·3 (10·7 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Small-pox, 1 under Malaria, 1 under Other Fevers, 11 under Dysentery and Diarrhœa, and 179 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 43 (19 in hospitals) for 6 days, representing a calculated death-rate of 10·6 (5·9 excluding hospital deaths) per mille of population (annual basis) as against 16·9 (12·5 excluding hos-

Classified according to causes the deaths were: Small-pox 1, Typhoid 1, Other Fevers 3, Dysentery and Diarrhœa 3 and All Other Causes 35. The reported mortality was very low.

There were 39 deaths (11 in hospitals) for 4 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 22·1 (15·9 excluding hospital deaths) per mille of population (annual basis) as against 16·9 (15·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Other Fevers, 7 under Dysentery and Diarrhœa, and 30 under All Other Causes. The reported mortality was low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and kar-ragi are in good condition in some parts of the District. Ploughing operations are in progress. Sowing operations are started. Harvesting of kar-paddy is going on in Channapatna Taluk.

10. Public health is good. Distress Relief Works are in progress in the affected areas of Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Sowing operations of ragi, avare, thogari and jola have just commenced.

Standing crops.—The recent showers have improved the condition of standing crops such as irrigated ragi, sugarcane, and paddy under wells.

Crops harvested.—Nil.

The rainfall was moderate during the week and these recent showers have helped the sowings of seeds in fields.

A large number of relief works have been started to provide labour to people seeking employments.

Relief works have been suspended for the present, awaiting receipt of additional allotment.

Arrangements have been made to distribute hay to the affected parts. Wheat bran is also made available but people are not coming forward to purchase even at the subsidised rate of Rs.... per bag. Seed ragi and paddy have also been supplied by the Agricultural Department. There is great demand for seeds. Free distribution of clothes, milk-powder, bread for multivitamin pills has also been arranged.

11. People and cattle are reported to be generally healthy but for prevalence of Plague in some parts of Malur and Srinivasapur Taluks and also Cholera in Malur Taluk. Preventive measures have been taken to check the spread of the epidemics by the Public Health Department.

TUMKUR.

8. Market is fairly well supplied. Foodgrains such as rice and ragi are being sold in the open market at price a little lower than control rates.

9. *Standing crops.*—Paddy and sugarcane in some parts of Tumkur, Gubbi and Kunigal Taluks are reported to be in good condition. Irrigated ragi is reported to have been transplanted in some parts of Madhugiri and Pavagada Taluks. Jola, greengram and groundnut in some parts of Tiptur Taluk are reported to be fair.

10. *Crops Harvested.*—Paddy is being harvested in Gubbi Taluk.

Public Health.—Public health is reported to be generally good in all the taluks.

Cattle.—Cattle are reported be weak in the affected areas and they are reported to be healthy in other taluks. Water and fodder are generally available to the cattle. Fodder is being imported from Mandya District and is distributed to the affected parts of the District. State Forests have been continued for free grazing purposes. Relief works are in progress in Sira, Madhugiri, Koratagere and Gubbi Taluks. About 1,000 people are reported to be working in these works.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that ragi is being sown in taluks of Chamarajanagar, T.-Narsipur and Yelandur and paddy in Krishnarajanagar and Groundnut in Chamarajanagar Taluk.

Standing crops.—Such as sugarcane, mulberry and paddy are in good condition.

The standing dry crops such as jola, ragi, etc., which were drying in almost all taluks of the District have been benefited by recent good rains.

10. (1) Prospects of the season are improving after recent rains and there seems to be no anxiety for the present.

(2) There was fairly good rainfall in all taluks of the District during the week except in Periyapatna and Gundlupet Taluks where it was insufficient.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is generally good except for the prevalence of Plague in a few villages of Gundlupet and Hunsur Taluks. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all over the District.

MANDYA.

8. Well supplied.

9. Ploughing operations are in progress throughout the District. Paddy nurseries are being raised both under Nala and certain tank atchkats and transplantation of paddy has commenced in some parts of the District. The standing crops of paddy and sugarcane in Visvesvaraya Canal Area and kar-ragi and kar-paddy both under Nala and certain tank atchkats are reported to be in good condition. Kar-paddy and kar-ragi are reported to be ready for being harvested in Mandya, Maddur and Krishnarajpet Taluks. The crops of kar-paddy, kar-ragi and jola are reported to have been adversely affected for want of timely rains in Malvalli, Krishnarajapet, Nagamangala and Pandavapura Taluks.

10. Prospects of the season are reported to be improving owing to the recent rains. Rains are required urgently for the standing crops.

11. Cattle are reported to be generally healthy. Fodder and water are available in sufficient quantities. It was reported that Small-pox was prevalent at Manigere Village, Maddur Taluk. The District Health Officer, Mandya, has been addressed to take immediate precautionary measures to check the spread of the epidemic.

HASSAN.

8. Markets are well supplied.

9. Agricultural operations are being pushed through vigorously on account of the recent showers and sowing of ragi is going on in Channarayapatna and Hassan Taluks. The situation of the standing crops in the Hassan and Arsikere Taluks has been improved to a little extent. The standing crops of paddy, ragi and sugarcane are in good condition. Paddy and ragi seedlings are being transplanted in Manjarabad, Arkalgud and Alur Taluks. Sugarcane is being milled in Chennarayapatna Taluk.

10. Public health is generally good.

11. Cattle are generally healthy except for Black-quarter and Hæmorrhagic Septicæmia at Sannahalli and Marikyathanahalli in Alur Taluk. Preventive measures have been adopted.

Pasture, fodder and water are available except in Arsikere Taluk and Dudda and Shantigrama Hobliez in the Hassan Taluk where fodder is brought from outside.

SHIMOGA.

8. Well supplied.

9. Paddy sowing was completed. Ragi is being sown in Shimoga and Bhadravati Taluks. Sowing of ragi is going on to a small extent in Honnali Taluk. In Channagiri Taluk agricultural operations have been delayed owing to inadequacy of rainfall and crops sown are prejudicially affected considerably and the failure of rains is causing serious anxiety. Transplanation of paddy is held up for want of

467

sufficient rains in Sagar, Hosanagar and Thirthahalli Taluks. Paddy crop is affected by pest in some parts of Shikaripur and Sorab Taluks.

Standing crops require more rains.

10. Prospects of the season are not good even for paddy crops in some areas such as Sorab, Shikaripur and Thirthahalli and are definitely bad for dry crops. Both the wet and dry crops require immediate rainfall.

11. Cattle are generally healthy. Small-pox is reported to be prevalant in some parts of Channagiri Taluk. The District Health Officer has been addressed to take up necessary measures. Fodder and water are available in all the taluks except in some portions of Channagiri Taluk where some difficulty is felt for fooder and water owing to insufficient rainfall.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains such as rice and ragi were also available in the open market. Fine rice (polished) at 1½ seers a rupee and Medium rice at 1¾ seers or 2 seers a rupee, were sold during the week. Due to the availability of rice and ragi in the open market the off-take of foodgrains in the Government Depots was much less than usual.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; sugarcane and paddy in Narasimharajapura Sub-Taluk, were the standing crops.

(2) *Seeds sown and Transplantation made.*—Paddy was transplanted in Mudigere and Koppa Taluks.

(3) *Crops harvested*—Nil.

10. Prospects of the season are reported to be not good. Rains are badly needed for the standing crops in all parts. Standing crops in Kadur Taluk were withering for want of rains. There was scarcity for drinking water in Kadur Taluk.

11. Public health was generally good throughout the District during the week.

Cattle were generally healthy. Water and fodder were available except in some parts of Kadur Taluk, where it is reported that there is great scarcity for fodder, and date leaves are being used for fodder purposes.

CHITALDRUG.

Not received.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 15th July 1952.

N. MADHAVA RAO,
Revenue Commissioner.

2947

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, 10TH JULY 1952.

A total of 8 attacks with 4 deaths from Plague was returned from 6 villages in 5 taluks in 3 districts during the week against 20 attacks with 12 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 40 attacks with 16 deaths and nil attack with nil death, respectively.

A total of 48 attacks with 24 deaths from Small-pox were reported from the Cities of Bangalore, Mysore and Kolar Gold Fields and from Sira Town and from the taluks of Bagepalli, Heggaddevankote, Kolar, Kunigal, Maddur and Srinivasapur.

Thirty-seven attacks with 21 deaths from Cholera were reported from Bangalore Corporation and from Shimoga Town and from the taluks of Bagepalli, Heggaddevankote, Kanakapura, Malur and Nanjangud.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 206 (56 in hospitals) for 6 days representing a calculated death-rate of 15·9 (11·6 excluding hospital deaths) per mille of population (annual basis) as against 17·3 (12·6) for the corresponding week of last year. Classified according to causes, the deaths numbered 25 under Other Fevers, 24 under Dysentery and Diarrhœa and 157 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 53 (12 in hospitals) for 6 days representing a calculated death-rate of 13·0 (10·1 excluding hospital deaths) per mille of population (annual basis) as against 11·3 (3·2 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were, Other Fevers 9, Dysentery and Diarrhœa 8 and All Other Causes 36. The reported mortality was very low.

There were 23 deaths (6 in hospitals) for 5 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 10·4 (7·7 excluding hospital deaths) per mille of population. Classified according to causes the deaths numbered, 3 under Dysentery and Diarrhœa and 20 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and kar-ragi are in good condition in some parts of the District. Ploughing operations are in progress. Sowing operations are being done. Harvesting of kar-paddy is going on in Hoskote Taluk.

10. Public health is good. Distress Relief Works are in progress in the affected areas of Dodballapur and Kanakapura Taluks. Plague is reported to be prevailing at Isture in Hoskote Taluk.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Sowing operations of Ragi, Avare, Thogari, Jola are briskly progressing.

Standing crops.—Irrigated Ragi and Paddy and Sugarcane under wells are reported to be fair.

Crops harvested.—Irrigated ragi is being harvested in Goribidnur Taluk.

10. Rainfall was wide spread during the week in all the Taluks expect in Srinivasapur, Chintamani and Mulbagal Taluks where the rainfall was little.

A large number of relief works have been started to provide labour to non-agriculturists and people seeking employments. Additional allotment of Rs. 2 lakhs has been received on the 19th July 1952 for expenditure. Alternative works have also been arranged to be taken up by Public Works Department and District Board. Arrangements have been made to distribute hay to the affected parts. Seed Ragi and Seed Paddy have also been supplied by the Agricultural Department in the affected parts. The demand for seed grains is very heavy. Free distribution of milk-powder, clothes and multivitamin pills has been arranged to the poor families and destitute children.

11. People and cattle are reported to be generally healthy but for prevalence of cholera in two villages in Mulbagal Taluk. Shandies and hotels in Mulbagal Town, Byrakur and Nangli have been stopped as a preventive measure.

TUMKUR.

8. Market is fairly well supplied. Foodgrains such as rice and ragi are being sold in the open market at prices a little less than the control rates.

9. *Standing crops.*—Sugarcane in some parts of Tumkur, Gubbi and Kunigal Taluks, and paddy in some parts of Kunigal and Gubbi are reported to be in good condition. Irrigated ragi is reported to have been transplanted in some parts of Madhugiri and Pavagada Taluks. Jola and hesaru in some parts of Tiptur and groundnut in some parts of Gubbi and Tiptur are reported to be fair.

10. *Crops Harvested.*—Paddy is being harvested in Gubbi Taluk.

Public Health.—Public health is reported to be generally good in all the taluks. Cattle are reported to be weak in the affected areas and they are reported to be healthy in other taluks. Water and fodder are generally available to cattle. Fodder is being imported from Mandya District and is distributed to the affected parts of the District. State Forests have been continued for free grazing purposes. Relief works are in progress in Madhugiri and Pavagada Taluks. About 800 people are reported to be working on these works.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that ragi is being sown in the taluks of Mysore, Chamarajanagar, T.-Narsipur and Yelandur and groundnut in Chamarajanagar Taluk.

Paddy transplantation is going on in the taluks of Krishnarajanagar, T.-Narsipur and Nanjangud.

Standing crops.—Such as sugarcane, mulberry, kar paddy and groundnut are generally in good condition but require rains. The standing dry crops such as jola, kar-ragi, togari, castor, gingelly and groundnut are reported to be generally in good condition all over the District.

10. (1) Prospects of the season are normal after recent rains and there seems to be no anxiety for the present for the dry ragi crop though the jola crop has suffered owing to the long drought. There is however very inadequate supply in tanks.

(2) There was fairly good rainfall during the week in the taluks of Periyapatna, Nanjangud and Gundlupet and it was scanty in the taluks of Mysore, Krishnarajanagar and Heggaddevankote and there was no rainfall in other Taluks.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is generally good except for the prevalence of Plague in a few villages of Gundlupet Taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available all over the District.

MANDYA.

8. Well supplied.

9. Transplantation of paddy has commenced in Nala and certain tank atchkats of the District. The standing crops of sugarcane in Visvesvaraya Canal Area, kar-paddy under Nala and certain tank atchkats are reported to be in good condition. Kar-paddy and kar-ragi are reported to be under harvest in Mandya, Maddur and in some parts of Krishnarajpet Taluk. Ragi is being sown in all parts of Malavalli Taluk. The condition of kar-paddy, kar-ragi and jola are reported to be fair on account of recent rains in Malavalli, Krishnarajapet and Nagamangala Taluks.

10. The prospects of the season are reported to be fair. Rains are required further for the standing crops.

11. Cattle are reported to be generally healthy. Fodder and water are available in sufficient quantities.

HASSAN.

8. Markets are well supplied.

9. Agricultural operations are being pushed through vigorously and dodda ragi is being sown in Hassan, Arsikere and Channarayapatna Taluks. Transplantation of ragi seedlings is in progress in parts of Alur and Belur Taluks and that of paddy in parts of Manjarabad, Arkalgud, Belur and Alur Taluks. The standing crops of paddy, ragi, jola, potato, til, groundnut, cotton and sugarcane are fairly good.

10. Public health is generally good.

11. Cattle are generally healthy. Pasture, fodder and water are available except in parts of Arsikere Taluk and Dudda and Shantigrama Hoblis of Hassan Taluk where fodder is brought from outside.

SHIMOGA.

8. Well supplied.

9. Sowing of paddy was completed. Sowing of ragi, jola and groundnut is going on in Honnali Taluk and ragi in Bhadravati and Shimoga Taluks. After the recent rainfall, the agricultural operations have commenced in Channagiri Taluk.

Transplantation of paddy has commenced and is going on in Hosanagar, Sagar and Tirthahalli Taluks. Standing

crops require more rainfall. Paddy pest is reported to be prevalent in Kortigere Circle in Shikaripur Taluk. The Local Agricultural Inspector has been addressed to take preventive measures. Recent rains have improved the condition of paddy crop affected by Kolave Roga in Sorab Taluk.

10. Rainfall has been insufficient all over the District. The recent rainfall during the week has relieved the anxiety regarding the seasonal conditions to a little extent.

11. Cattle are reported to be healthy all over the District except for prevalance of Anthrax in Malali in Hosanagar Taluk and Galale Roga in Mallenahalli Village in Shikaripur Taluk. The Veterinary Inspector has been addressed to take preventive measures in the matter. Small-pox in the surrounding villages of Maravangi in Channagiri Taluk and Chicken-pox in Basur Village, Sagar Taluk are reported to be prevailing. The District Health Officer is addressed. Fodder and water are available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains such as rice and ragi were also available in the open market. Fine rice (polished) at 1½ seers a rupee and Medium rice at 1¾ seers a rupee, were sold during the week. Ragi was not available in the open market of Mudigere and Koppa Taluks.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; paddy in Mudigere Taluk; paddy and sugarcane in Narasimharajapura Sub-Taluk; were the standing crops. The situation in Kadur Taluk has been improved to a great extent by the recent rains, during the week. Still the standing crops are in need of rains. The transplanting of paddy in Narasimharajapura Sub-Taluk is held up for want of rains.

(2) *Seeds sown and Transplantation made.*—Paddy was sown in Tarikere Taluk, and the transplanting of paddy was in progress in Koppa and Mudigere Taluks.

(3) *Crops harvested*—Nil.

10. Prospects of the season are reported to be better than that of last week. Still further rains are required for the standing crops.

11. Public health was generally good throughout the District, during the week.

Cattle were generally healthy. Water and fodder were available except in some parts of Kadur Taluk, where it is reported that scarcity for fodder still continues.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Sowing of ragi, navane and cotton in Chitaldrug Taluk, doddaragi in Chellakere Taluk, ragi in Holalkere Taluk, groundnut in Jagalur Taluk and ragi in Hosadurga Taluk was in progress during the week.

Standing crops.—The standing dry crops such as jola, groundnut, til, castor and tur in the Taluks of Chitaldrug, Chellakere, Molakalmuru and Hosadurga are in urgent need of rains. The irrigated ragi crop in Bagayet lands in Chellakere and Molakalmuru Taluks and groundnut and sugarcane, in channel areas of Hiriyur Taluk is reported to be fair. The standing dry crops in Holalkere and Jagalur Taluks are improving due to recent rains.

Harvesting.—Harvesting of groundnut in Hiriyur Taluk is nearing completion.

10. The relief works started in the taluks of Chitaldrug, Hiriyur and Molakalmuru are in progress and cooly classes are getting sufficient labour in these works. The relief works in Chellakere, Jagalur and Hosadurga are at standstill as there has been no response from the local labourers to start them. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District, except for prevalence of "Rinderpest" in a few villages of Hiriyur, Hosadurga, Davangere and Jagalur Taluks. Action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic.

Fodder scarcity is reported in a few villages of Holalkere Chitaldrug, Jagalur, Hiriyur, Molakalmuru and Hosadurgu Taluks. A reference has been made to the Revenue Commissioner to arrange supply of fodder to the above taluks immediately and the Deputy Commissioner, Mandya has also been addressed separately.

Water is available all over the District. Public health is generally good, except for prevalance of small-pox in a few Villages of Davangere and Hosadurga taluks. Action is being taken by the authorities of the Health Department to check the spread of the epidemic.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Nil.

Standing Crops.—The standing dry crops as jola, groundnut and till in the Taluks of Chitaldrug, Holalkere, Jagalur and Hosadurga taluks are withering for want of rains and the ryots are anxiously waiting the receipt of rains. The irrigated ragi crop in Challakere and Molakalmuru taluks and sugarcane and groundnut in channel areas of Hiriyur Taluk are fair.

Harvesting.—Harvest of sugarcane, groundnut and paddy in Hiriyur Taluk is nearing completion.

10. The relief works started in the Taluks of Chitaldrug, Hiriyur and Molakalmuru are in progress and cooli classes are getting sufficient labour in these works. There has been no progress in the execution of relief works in Challakere, Jagalur and Hosadurga Taluks as there has been no response from the local labourers. The condition of the stock position of foodgrains is satisfactory all over the District and there is no scarcity for the present.

11. The Cattle are reported to be generally healthy all over the District except for prevalence of rinderpest in a few villages of Challakere, Hiriyur, Hosadurga and a kind of disease among live stock in a few villages of Davangere Taluk. Action is being taken by the authorities of Veterinary Department to check the spread of the epidemic. A notification declaring Obalapura in Challakere Taluk and Lakshmidevarahally and Guddanerlakere villages in Hosadurga Taluk as infected area for month with effect from 10th July 1952 has been issued.

Fodder scarcity is reported in a few villages of Holalkere, Jagalur, Chitaldrug, Hiriyur, Molakalmuru and Hosadurga Taluks. Nine wagons of hay received at Hosadurga railhead during the first week of July 1952 from Srirangapatna Taluk has been completely sold to the needy raiyats.

Public health is good except for prevalence of small pox in a few villages of Davangere and Hosadurga Taluks. Action is being taken by the authorities of the Health Department to check the spread of the epidemic.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 16th July 1952.

N. MADHAVA RAO,
Revenue Commissioner.

2972

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDRY SERVICES IN MYSORE, BANGALORE.

Notification dated 16th July 1952.

(HEALTH OF LIVE-STOCK DURING JUNE 1952.)

In their order of severity, outbreaks of Rinderpest, Black-quarter, Hæmorrhagic-septicæmia, Anthrax, Ranikhet, Sheep-pox, Foot and Mouth, Contagious Goat Pleuro-Pneumonia and Rabies were encountered in the State during June 1952. Altogether 214 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 230 villages during the previous month. The number of outbreaks was highest in Bangalore, Shimoga and Mandya Districts, while Hassan, Chitaldrug and Chikmagalur Districts were least affected. These diseases accounted for 1,169 attacks, of which 669 succumbed. The departmental staff conducted 29,596 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Five outbreaks of Rinderpest were registered in Challakere and Pavagada Taluks accounting for 56 attacks among cattle, of which 28 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 2,075 cattle in the infected villages and 1,578 cattle in 7 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 120 villages accounting for 109 deaths, as against 135 villages accounting for 80 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 8,421 animals as against 12,603 animals during the previous month.

The rest of the live-stock remained free from diseases during the month.

P. M. NARAINSWAMI NAIDU,
Director.

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE BANGALORE.

FORM OF WHOLESALE PRICES

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 15th April 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and potatoes are in good condition in some parts of the District. Ploughing and sowing operations are in progress. Harvesting of kar-paddy is going on in Hoskote Taluk.

10. Public health is good. Distress Relief Works are in progress in the affected areas of Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Ragi, avare, thogari and jola have been sown in some parts but sowing operations are held up for want of rains.

Standing crops.—Irrigated ragi, sugarcane and paddy under wells are reported to be fair.

Crops harvested.—Irrigated ragi is being harvested in Goribidnur Taluk.

There was no rainfall during the week except a few cents in Sidlaghatta, Goribidnur and Gudibanda. Rains are anxiously awaited. A large number of relief works have been started to provide labour to persons seeking employment. Relief works have now been suspended awaiting further allotment. Alternative works have also been arranged to be taken up by Public Works Department and District Board.

10. Fooder supply has been arranged to the affected parts. There is still great demand for hay. Agricultural department has supplied seeds to agriculturists. Free distribution of milk powder multivitamin pills and clothe has also been arranged to the poor and helpless destitutes.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in Mulbagal Taluk. Shandies have been closed as a preventive measure. Department of Public Health has been taking curative action.

TUMKUR

8. Market is fairly well supplied. Foodgrains such as rice and ragi are being sold in the open market at prices a little lower than the control rates.

9. *Standing crops.*—Sugarcane in some parts of Tumkur, Gubbi and Kunigal Taluks, are reported to be in good condition. Paddy in some parts of Gubbi and Kunigal Taluks is reported to be good. Greengram, jola and groundnut in some parts of Tiptur and Chiknaikanahalli Taluks are reported to be fair.

10. *Crops Harvested.*—Paddy is being harvested in some parts of Gubbi and Kunigal Taluks.

Public Health.—Public health is reported to be generally good in all the taluks.

Cattle.—Cattle are reported to be weak in the affected areas and generally healthy in other areas. Water and fodder are generally available to the cattles. Fodder is being imported from Mandya District and is distributed to the affected parts of the District. State Forests have been continued for free grazing purposes. Relief works are in progress in Madhugiri and Pavagada Taluks. About 800 people are working on these works.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that ragi is being sown in the taluks of Mysore, T.-Narsipur and Yelandur.

Paddy transplantation is in progress in the taluks Mysore, Hunsur, Krishnarajanagar, Heggaddevankote, Nanjangud and T.-Narsipur.

Standing crops.—Such as sugarcane, mulberry, jola, ragi, togari, castor and gingilly are reported to be generally in good condition but still they require rains. It is reported that young paddy crop in some parts of Krishnarajanagar Taluk is affected by "Stem Borer" (ಕೊಳವೆರೋಗ). Agricultural Department are taking necessary preventive and remedial measures to check its spread.

10. (1) Prospects of the season are normal for the present.

(2) There was fairly good rainfall in the taluks of Heggaddevankote and Periyapatna, and it was scanty in the taluks of Mysore, Hunsur, Krishnarajanagar and Nanjangud and no rainfall in the remaining taluks of the District. Water supply in tanks is inadequate.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good all over the District except for the prevalence of Cholera in a few villages of Nanjangud Taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Fodder and water are available in sufficient quantities all over the District.

MANDYA.

8. Well supplied.

9. Transplantation of paddy has commenced in the Nala and certain tank atchkats of the District. Transplantation of ragi has commenced in all parts of Krishnarajpet Taluk. Ragi is being sown in some parts of Nagamangala Taluk. Kar-paddy, kar-ragi and jola are reported to be under harvest in Mandya, Maddur and Malavalli Taluks. The standing crops of sugarcane in V. C. area and kar-paddy under Nala and certain tank atchkats are reported to be in good condition. The condition of kar-paddy, kar-ragi and jola are reported to be in fair condition on account of recent showers of rain in Malavalli, Krishnarajpet and Nagamangala Taluks.

10. The prospects of the season are reported to be fair. Rains are required further for the standing crops.

11. Cattle are reported to be generally healthy. Fodder and water are available in sufficient quantities. It is reported that Small-pox is prevalent in Manigere and Mattanalli Villages, Maddur Taluk. Necessary action has been taken to check the spread of the epidemic.

HASSAN.

8. Markets are fairly well supplied.

9. Agricultural operations are being pushed through vigorously. Ragi is being sown in the Arsikere and Hole-Narsipur Taluks. Sowing of ragi, avare and togari has been completed in Channarayapatna Taluk. Transplantation of paddy and ragi seedlings is in progress and the standing crops of paddy, ragi, jola, til, potato, cotton and sugarcane are fairly good. Gidda ragi crop is reported to have been affected with "Kembare Roga" (ಕೆಂಬಾರೆ ರೋಗ) on account of failure of rains in the early stages in the Hassan Taluk.

10. Public health is generally good.

11. Cattle are generally healthy. Pasture, fodder and water are available except in parts of Arsikere Taluk and Dudda and Shantigrama Hoblis of Hassan Taluk where fodder is brought from outside.

SHIMOGA.

8. Well supplied.

9. Sowing of paddy was completed. Sowing of ragi, jola and groundnut is going on in Honnali Taluk and ragi in Shimoga Shikaripur and Bhadravati Taluks. Sowing operations have commenced in Channagiri Taluk.

Transplantation of paddy is going on in Sagar, Hosanagar, Thirthahalli and Bhadravati Taluks. Paddy pest prevalent in Kortigere Circle, Shikaripur Taluk, is subsided and Kolaveroga in Sorab Taluk is under control on account of recent rains.

10. Rainfall has been insufficient in all the taluk except Sagar, Hosanagar and Thirthahalli Taluks. Standing crops particularly rainfed paddy require more rains.

11. Cattle are reported to be healthy all over the District except for prevalence of Galaleroga in Marigondanahalli Village, Honnali Taluk and in Mallenahalli Village in Shikaripur Taluk. The local Veterinary Inspector at Honnali has been addressed in the matter.

Ratfall and Small-pox are reported to be prevalent in Yelodahalli Village, Channagiri Taluk. The local Sub-Assistant Surgeon is reported to have taken up inoculation work in the Village. Ginea worm disease is prevailing in Malavalli, Shikaripur Taluk, and Health Department is addressed.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains such as rice and ragi were also available in the open market. Fine rice (polished) at 1½ seers a rupee and Medium rice at 1¾ seers to 2 seers a rupee were sold during the week. Ragi was not available in the open market of Mudigere and Koppa Taluks.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; paddy in Mudigere Taluk; paddy and sugarcane in Narasimharajapura Sub-Taluk were the standing crops. The condition of standing crops have improved to a great extent owing to recent showers. Still rainfall is insufficient for paddy crop.

(2) *Seeds sown and Transplantation made.*—Paddy was sown in Tarikere Taluk, and the transplantation of paddy in Mudigere and Koppa Taluks and in Narasimharajapura Sub-Taluk was in operation.

(3) *Crops harvested*—Nil.

10. Prospects of the season are reported to be good.

11. Public health was generally good throughout the District except for the prevalence of "Small-pox" disease in Lingadahalli Village of Tarikere Taluk, where it is reported that there were five attacks during the week. The District Health Officer, Chikmagalur, has been requested to take immediate necessary preventive measures in the matter.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Ragi, navane and cotton in Chitaldrug Taluk, ragi navane and horsegram in Holalkere Taluk, ragi in Hosadurga Taluk, groundnut, save, and navane in Chellakere Taluk, and paddy in Hiriyur Taluk were sown during the week.

Standing crops.—The standing dry crops such as jola, til, groundnut, castor, tur and pulses in the taluks of Chitaldrug, Chellakere, Molakalmuru, Jagalur and Hosadurga are withering for want of rains. The irrigated ragi crop, tobacco, and jola in Bagayet lands in Chellakere and Molakalmuru and groundnut and sugarcane in the channel areas of Hiriyur Taluk are reported to be fair. The standing dry crops in some parts of Holalkere Taluk is improving due to recent rains. The groundunt crop in Jagalur Taluk is reported to be affected with some kind of pests.

Harvesting.—Harvesting of groundnut and sugarcane in Hiriyur Taluk is nearing completion.

10. The relief works started in the taluks of Chitaldrug, Hiriyur and Molakalmuru are in progress and sufficient labour is available in these works. The relief works in Chellakere, Jagalur and Hosadurga Taluks are at standstill as there has been no response from the local labourers to start them. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of "Rinderpest" in a few villages of Chellakere, Hosadurga and Hiriyur Taluks and action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic to other places.

Fodder scarcity is reported in a few villages of Holalkere, Molakalmuru, Chitaldrug, Hiriyur and Hosadurgu Taluks. A consignment of 9 wagons of hay received at Hosadurga railhead has been sold to the needy raiyats. A reference has been made to the Deputy Commissioner, Mandya, for supply of fodder to other places immediately.

Water is available all over the District.

Public health is generally good except for prevalance of Small-pox in a few villages of Hosadurga Taluk. Action is being taken by the authorities of the Health Department to check the spread of the epidemic.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore,
Dated 29th July 1952.

N. MADHAVA RAO,
Revenue Commissioner.

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM OF WHOLESALE PRICES

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 30th April 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

K. THIPPERUDRIAH, *Chief Marketing Officer.*

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED THURSDAY, 17TH JULY 1952.

A total of 11 attacks with 1 death from Plague was returned from 4 villages in 4 taluks in 3 districts during the week against 8 attacks with 4 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 43 attacks with 22 deaths and 9 attacks with 2 deaths, respectively.

A total of 69 attacks with 33 deaths from Small-pox were reported from Mysore City and Sira Town and from the taluks of Bangalore South, Bangarpet, Maddur, Mandya, Mulbagal, Nelamangala, Sorab and Srinivaspur.

Twenty attacks with 8 deaths from Cholera were reported from Bangalore City and from Shimoga Town and from the taluks of Bangalore North, Bangalore South, Bagepalli, Mulbagal, Nanjangud and Shimoga.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 213 (61 in hospitals) for 6 days representing a calculated death-rate of 16·3 (11·7 excluding hospital deaths) per mille of population (annual basis) as against 14·4 (12·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 33 under Other Fevers, 23 under Dysentery and Diarrhœa and 157 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 48 (16 in hospitals) for 7 days representing a calculated death-rate of 10·1 (6·7 excluding hospital deaths) per mille of population (annual basis) as against 22·7 (19·7 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were, Other Fevers 6, Dysentery and Diarrhœa 4 and All Other Causes 38. The reported mortality was very low.

There were 39 deaths (13 in hospitals) for 6 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 14·3 (9·9 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered, 1 under Malaria, 4 under Other Fevers, 12 under Dysentery and Diarrhœa and 22 under All Other Causes. The reported mortality was very low.

3095

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, JULY 24, 1952.

A total of 13 attacks with 6 deaths from Plague was returned from 7 villages in 3 taluks in 2 districts during the week against 11 attacks with 1 death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 39 attacks with 15 deaths and 7 attacks with 4 deaths, respectively.

A total of 35 attacks with 17 deaths from Small-pox were reported from the Cities of Bangalore and Mysore and from Sira Town and from the taluks of Maddur, Sorab, Srinivasapur and Shikaripur.

Twenty-nine attacks with 17 deaths from Cholera were reported from the towns of Chamarajanagar and Mulbagal and from the taluks of Bangalore South, Bangarpet, Mandya, Mulbagal and Nanjangud.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 207 (49 in hospital) for 5 days representing a calculated death-rate of 19·1 (14·6 excluding hospital deaths) per mille of population (annual basis) as against 16·2 (12·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 36 under Other Fevers, 37 under Dysentery and Diarrhœa, and 134 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 49 (14 in hospitals) for 6 days, representing a calculated death-rate of 12·1 (8·6 excluding hospital deaths) per mille of population (annual basis) as against 20·8 (14·1 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Malaria 3, Other Fevers 4, Dysentery and Diarrhœa 2 and All Other Causes 40. The reported mortality was very low.

There were 44 deaths (8 in hospitals) for 6 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 16·7 (13·7 excluding hospital deaths) per mille of population (annual basis) as against 6·4 (3·2 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Small-pox, 3 under Other Fevers, 9 under Dysentery and Diarrhœa, and 31 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and potatoes are in good condition in some parts of the District. Ploughing and sowing operations are held up for want of rains. Dry crops are withering for want of rains.

10. Public health is good. Distress Relief Works are going on in the distress area in Dodballapur Taluk.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—1. Ragi, avare, thogari and jola have been sown in some parts, but sowing operations are held up for want of rains.

Standing crops.—2. Ragi, avare, thogari, jola and irrigated ragi under wells are in need of rains urgently.

Crops harvested.—Irrigated ragi is being harvested in Goribidnur Taluk.

10. There was no rainfall during the week except for a few cents in Gudibanda Taluk. Rains are anxiously awaited. The seasonal condition is not encouraging.

Relief works were started to provide labour to persons seeking employment. Incomplete works have been suspended and alternative works have been arranged to be taken up by the Public Works Department, District Board and Village Panchayets. Necessity to import fodder from Mandya still exists and indent has been sent separately.

Arrangements have been made for the free distribution of milk powder, multi-vitamin pills and clothes to the poor and helpless destitutes from Assam Relief Fund allotted to this District.

11. Public health is reported to be generally good except for the prevalence of Cholera in Chilakalnerpu Village in Chintamani Taluk. Preventive measures have been taken to check the spread of the epidemic by the Department of Public Health. Prohibitory notification *re*: holding of weekly shandies at Tookal and Guttahalli in Bangarpet Taluk has been withdrawn as cholera has since subsided in this Taluk.

TUMKUR.

8. Market is fairly well supplied. Foodgrains such as rice and ragi are being sold in the open market though the rates are little higher than controlled rates.

9. Sugarcane in some parts of Kunigal, Gubbi and Tumkur Taluks, are reported to be in good condition. Paddy in some parts of Gubbi and Kunigal Taluks are reported to be in good condition. Ragi, jola and groundnuts in some parts of Chiknaikanahalli and Tiptur and Gubbi Taluks are reported to be in need of rains.

10. *Crops Harvested.*—Vaisaki paddy is being harvested in some parts of Kunigal and Gubbi Taluks. Greengram is being harvested in some parts of Chiknaikanahalli Taluk.

Public Health.—Public health reported to be generally good except for the prevalence of plague in Navile Village in Chiknaikanahalli Taluk and small-pox in Kunigal Town. Preventive measures are reported to have been taken up to check the spread of the epidemic.

Cattle.—Cattle are reported to be weak in the affected areas and they are generally healthy in other areas. Water and fodder are generally available to the cattle. Fodder is being imported from Mandya District and is distributed to the affected parts of the District. State Forests have been thrown open for free grazing purposes. Relief works are in progress in Madhugiri and Pavagada Taluks. About 300 people are working on these works.

MYSORE.

8. It is reported that the markets are normally well supplied in all taluks of the District during the week.

9. *Seeds Sown.*—It is reported that paddy is being sown in Heggadadevankote and ragi in Mysore Taluk.

Paddy transplantation is in progress in taluks of Mysore, Hunsur, Krishnarajanagar, Heggaddevankote, Gundlupet, Nanjangud and T.-Narsipur.

Standing crops.—Such as paddy, ragi, jola, sugarcane, castor, togari and other pulses are reported to be generally in good condition for the present but they require rains urgently. It is reported that paddy crop in some parts of Krishnarajanagar Taluk is affected by Stem-Borer and in one village of this Taluk ragi crop also is affected by webbing cater pillar. Necessary preventive and remedial measures are being taken by Agricultural Department to check their spread.

10. (1) Prospects of the season are normal for the present.

(2) During the week under report there was no rainfall in any taluk except in the taluks of Mysore, Krishnarajanagar, Heggaddevankote and Periyapatna where too it is very scanty. Water supply in tanks is inadequate.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are available in all parts of the District.

(5) Public health is reported to be generally good in all taluks of the District during the week except for the prevalence of Plague in a few villages of Nanjangud and Gundlupet Taluks. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available all over the District.

MANDYA.

8. Well supplied.

9. Transplantation of paddy has commenced in the Nala and certain tank atchkats of the District. Ragi is being sown in Maddur, Malavalli and Nagamangala Taluks Kar-paddy, kar-ragi, jola are reported to be under harvest in Mandya, Maddur, Malavalli and Nagamangala Taluks. The standing crops of sugarcane in V. C. area kar-paddy and under Nala and certain tank atchkats are reported to be in good condition. Sugarcane is under harvest in Pandavapura Taluk.

10. The prospects of the season are reported to be fair. Rains are required further urgently for the standing crops.

11. Cattle are reported to be generally healthy. Fodder and water are available in sufficient quantities. It was reported that Small-pox was prevalent in Manigere and Muttahalli Villages, Maddur Taluk. Prevalence of cholera at Alur Village, Maddur Taluk is also reported. Necessary action has been taken to check the spread of the epidemic.

HASSAN.

8. Markets are fairly well supplied.

9. Agricultural operations are in progress. Transplantation of paddy and ragi is going on. The standing crops of paddy, ragi, sugarcane, avare are in good condition except in parts of Arsikere Taluk where the Mungar crops are reported to be withering for want of rains.

10. Public health is generally good.

11. Cattle are generally healthy except for Rinderpest at Yadane Village in the Arkalgud Taluk for which preventive measures have been adopted.

Pasture, fodder and water are available.

SHIMOGA.

8. Well supplied.

9. Sowing of ragi, jola are going on in Honnali and Bhadravati Taluks, sowing operations have not been done in Thyavanige Circle in Channagiri Taluk owing to failure of rains and this has caused anxiety among ryots. Transplantation of paddy is going on in Sagar, Hosanagar, Thirthahalli and Bhadravati Taluks. Paddy pest is reported to be still prevalent in Kortigere Circle, Shikaripur Taluk.

10. Rainfall has been insufficient in all the taluks except Sagar and Tirthahalli Taluks. Standing crops such as rain fed paddy and dry crops in ragi, jola in Honnali and Channagiri Taluks require more rains.

11. Cattle are reported to be healthy all over the District except for prevalence of Rinderpest in Hirenallur Village, Sagar Taluk, and Blackquarter in Madapura Village in Honnali Taluk. The local Veterinary Inspector has been addressed in the matter. Fodder and water are available except in Thyavanige and Basavapatna Circles in Channagiri Taluk. Small-pox is stated to be prevailing in Thippagondanahalli Village, Channagiri Taluk. The District Health Officer has been addressed.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains such as rice and ragi were available in the open market. Fine rice (polished) at 1½ seers a rupee and medium rice at 1¾ seers to 2 seers a rupee were sold during the week. Ragi was not available in the open market of Mudigere and Koppa Taluks.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; ragi, avare, togari and paddy in Tarikere Taluk, paddy in Mudigere and Koppa Taluks and in Sringeri Sub-Taluk; paddy and sugarcane in Narasimharajapura Sub-Taluk, were the standing crops. The standing crops are still in need of more rains and there was absolutely no rainfall in Kadur Taluk during the week under report.

(2) *Seeds sown and transplantation made.*—Paddy in Tarikere Taluk was shown and transplantation of paddy in Mudigere and Koppa Taluks and in Narasimharajapura Sub-Taluk was in operation.

(3) *Crops harvested*—Nil.

10. Prospects of the season are reported to be good. Standing crops especially paddy is badly in need of further rains though there was some rain in all the taluks except Kadur during the week. The average rainfall during the week is below the normal average rainfall of 35 years.

11. Public health was generally good throughout the District during the week

Cattle were generally healthy except for the prevalence of "Blackquarter" disease among Cattle at Doddabokikere Village of Tarikere Taluk, where it is reported four cattle including calves were dead on account of the disease.

Water and fodder were available.

CHITALDRUG.

8. Markets are well supplied.

9. *Sowing.*—Ragi, navane and cotton in Chitaldrug Taluk, ragi, navane and horsegram in Holalkere Taluk, ragi in Hosadurga Taluk, groundnut, save, and navane in Chellakere Taluk, paddy in Hiriyur were sown during the week.

Standing crops.—The standing dry crops such as jola, til, groundnut, castor, tur and pulses in the Taluks of Chitaldrug, Chellakere, Molakalmuru, Jagalur and Hosadurga Taluks are in urgent need of rains. The irrigated ragi crop, jola in Bagayet land in Chellakere and Molakalmuru Taluks, groundnut and sugarcane in the channel areas of Hiriyur Taluk are reported to be fair. The standing dry crops in some parts of Holalkere is improving due to recent rains. The groundnut crop is affected with some kind of pests in the Jagalur Taluk.

Harvesting.—Harvesting of groundnut and sugarcane in Hiriyur Taluk is nearing completion.

10. *Relief Works.*—The relief works started in the Taluks of Chitaldrug, Hiriyur and Molakalmuru are in progress and sufficient cooly is available to the labourers in these works. The relief works in Jagalur and Hosadurga are at standstill as there has been no response from the local labourers to start them. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of "Rinderpest" in a few villages of Chellakere, Hosadurga and Hiriyur Taluks and action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic to other places.

Fodder scarcity is reported in a few villages of Holalkere, Molakalmuru, Chitaldrug, Hiriyur and Hosadurga Taluks and in few villages round about the Donehalli in Jagalur Taluk. A consignment of 9 wagons of hay received at Hosadurga Rail Head Station has been sold to the needy raiyats. A reference has been made to Revenue Commissioner for supply of 100 tons of Fodder for supply to the affected taluks.

Water is available all over the District except in a few villages in Chitaldrug Taluk. Public health is generally good except for prevalence of Small-pox in a few villages of Hosadurga Taluk. Action is being taken by the authorities of the Health Department to check the spread of the epidemic.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore,
Dated 5th August 1952.

N. MADHAVA RAO,
Revenue Commissioner.

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

MODEL FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 15th May 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy and potatoes are in good condition in some parts of the District and they are withering for want of rains. Harvesting of summer paddy is going on under Bellandur tank in Bangalore South Taluk and Hosakote Tank.

10. Public health is good. Distress Relief Works are in progress in the distress areas in Doddaballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available. Blackquarter is reported in Kolatur village in Hosakote Taluk.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Sowing operations are held up for want of rains.

Standing crops.—The standing crops such as Ragi, avare, jola, thogari are withering for want of rains.

Crops harvested.—Irrigated ragi is being harvested in some places of Bagepally Taluk.

10. There were small showers in Kolar, Bangarpet, Malur and Goribidnur Taluks. The seasonal conditions have not been encouraging. People are anxiously awaiting rains.

Relief works were started to provide labour to Agriculturists and people seeking employment. Incomplete works have been taken up by the Public Works Department and District Board, to provide labour to people seeking employment. There is great demand for hay. Indent has been sent for supply of hay in August 1952. Distribution of milk powder, clothes and multi-vitamin pills is made to the poor and helpless destitutes from Assam Relief Fund.

11. People and cattle are reported to be generally healthy.

TUMKUR.

8. Market is fairly well supplied. Foodgrains such as rice and ragi are being sold in the open market though the rates are a little higher than controlled rates.

9. *Standing crops.*—Sugarcane in some parts of Kunigal, Gubbi and Tumkur Taluks, is reported to be good. Paddy in some parts of Gubbi, Kunigal and Tumkur Taluks is reported to be in good condition. Irrigated ragi under wells in Madhugiri Taluk is in need of rains. Ragi, jola, avare, togari in some parts of Chiknaikanahalli, Gubbi, Tiptur, Sira and Turuvekere Taluks are badly in need of rains.

10. *Crops Harvested.*—Vaisaki paddy in some parts of Gubbi and Kunigal Taluks is being harvested. Greengram is being harvested in some parts of Chiknaikanahalli Taluk.

Public Health.—Public health is reported to be generally good in all the Taluks.

Cattle are reported to be weak in the affected areas and they are reported to be healthy in other areas. Water and fodder are generally available to the cattle. Fodder is also being imported from Mandya District and is distributed to the affected parts of this District. State Forests have been thrown open for free grazing purposes. Relief works are in progress in Madhugiri and Pavagada Taluks. About 800 people are reported to be working on these works.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that ragi is being sown in Mysore and Horsegram in Periapatna Taluk.

Transplantation of paddy is going on in the Taluks of Mysore, Chamarajanagar, Hunsur, Krishnarajanagar, Heggaddevankote, Gundlupet, Nanjangud and T.-Narsipur.

Standing crops.—Such as paddy, sugarcane and mulberry are reported to be generally in good condition. Standing dry crops such as jola, ragi, avare, castor, groundnut, togari and other pulses are reported to be generally in good condition but they are badly in need of rains. Ragi crop in some parts of Periyapatna taluk is reported to have been affected by a pest known as "Kemmotte Roga". The Department of Agriculture is requested to take necessary preventive and remedial measures to check its spread. Similarly jola crop in some parts of Chamarajanagar Taluk is affected by a pest of earhead bugs. The Department of Agriculture are taking necessary preventive measures to check its spread.

10. *Crops Harvested.*—It is reported that kar paddy is being harvested in T.-Narasipur Taluk and jola is being cut and heaped in some parts of Chamarajanagar.

(1) Prospects of the season are however normal for the present but the standing dry crops are in need of urgent rains.

(2) During the week under report there was scanty rainfall in taluks of Mysore, Heggaddevankote, Hunsur, T.-Narasipur and Periyapatna and no rainfall in the remaining taluks of the District. Standing dry crops are reported to be in need of urgent rains all over the District. The water supply in tanks for irrigational purposes is reported to be quite inadequate.

(3) Both the cooly and agricultural classes are reported to be finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is reported to be generally good all over the District except for the arevalence of Plague in a few villages of Gundlupet and Hunsur Taluks. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is in progress in the Nala and certain tank atchkats of the district. Ragi is being sown in Maddur and Malavalli Taluks. Kar-paddy, kar-ragi and jola are under harvest in Mandya, Maddur and Malavalli Taluks. The ragi and jola are reported to be withering for want of rains in Pandavapura and Krishnarajapet Taluks. The standing crops of sugarcane in Visvesvaraya Canal Area, kar-paddy, kar-ragi and jola under Nala and certain tank atchkats are reported to be in good condition in Mandya, Maddur, Malavally and Nagamangala Taluks.

10. The prospects of the season are reported to be fair. Rains are required urgently for the standing crops and the withholding of the rain is causing great anxiety and the low level of the Krishnarajasagara has added to the same.

11. Cattle are generally healthy. Fodder and water are available in sufficient quantities. It was reported that Small-pox was prevalent in Manigere and Muttahalli and Cholera in Alur Village of Maddur Taluk. Necessary action has been taken to check the spread of the epidemics.

HASSAN.

8. Markets are fairly well supplied.

9. Agricultural operations are in progress. Transplantation of paddy seedlings is going on in all the taluks except in Arsikere Taluk and that of ragi in parts of Belur and Channarayapatna Taluks. Standing crops of paddy, ragi, jola, avare, groundnut, cotton, potato, coriander and sugarcane are fairly good. Transplantation of ragi is held up in Arsikere Taluk for want of rains. Til is being harvested in Channarayapatna Taluk. More rains are needed for the standing crops.

10. Public health is generally good except for Plague at Aladahally and Bychanahally in Arkalgud Taluk, for which preventive measures have been adopted.

11. Cattle are generally healthy. Fodder and water are available in all taluks except Arsikere where fodder is brought from outside.

SHIMOGA.

8. Well supplied.

9. Sowing of jola, ragi, navane and groundnut is going on in Honnali Taluk. Sowing operations have not been done in some parts of Channagiri Taluk like Santhebennur, Thyavanige, Kogalur and Basavapatna Circles for want of rains. Sowing has been completed in other taluks. Transplantation of paddy is nearing completion in Sagar, Hosanagar and Thirthahalli Taluks and is going on in some parts of Shimoga and Bhadravati Taluks.

10. Rainfall has been insufficient in all the taluks except Sagar and Tirthahalli Taluks. More rains are required for standing crops.

11. Cattle are generally healthy all over the district except for prevalence of Blackquarter and Galaleroga in Malligenahalli Village, Honnali Taluk and Rinderpest in Hirenellur Village in Sagar Taluk. The local Veterinary Department has been addressed to take up preventive measures. Fodder and water are available except in some parts of Channagiri Taluk where some difficulty is felt for fodder for want of rains. Temporary wells are got sunk in tank-beds in some villages to provide water to the villagers. Cholera is reported to be prevailing in Kanivebilachi and Ramasagara Villages in Channagiri Taluk and inoculations are being done.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains such as rice and ragi were available in the open markets in some taluks. Rice and wheat were not available in the open market in Kadur Taluk. First variety of rice at 1¼ seers to 1½ seers a rupee and second variety of rice at 1½ to 1¾ seers a rupee, 3½ to 4 seers of ragi a rupee were sold during the week under report. Ragi was not available in the open market of Mudigere and Koppa Taluks.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; ragi, togari, groundnut and greengram in Tarikere Taluk; paddy and sugarcane in Narasimharajapura Sub-Taluk; paddy in Mudigere and Koppa Taluks and in Sringeri Sub-Taluk, were the standing crops. Standing paddy crops is badly in need of further rains in the Taluks of Chikmagalur and Mudigere and to all the crops in maidan parts. The standing crops in Kadur Taluk were withering for want of rains.

(2) *Seeds sown and transplantation made.*—Paddy was sown in Tarikere Taluk; and transplantation of paddy in Mudigere and Koppa Taluks and in Narasimharajapura Sub-Taluk was in operation.

(3) *Crops harvested.*—Nil.

10. Prospects of the season are reported to be not very good. Rains are badly required for the standing crops. The average rainfall during the week is 5 inches and 25 cents as against an average of 4·79 for the past 35 years.

11. Public health was generally good throughout the District during the week under report.

Cattle were generally healthy. Water and fodder were available in all the taluks, except in some parts of Kadur Taluk, where it is reported that there is dearth for fodder. Fodder is being supplied to these parts from Narasimharajapura and Koppa Taluks.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Jola, groundnut, till, ragi, navane and cotton seeds in Chitaldrug Taluk, ragi, navane and horsegram in Holalkere Taluk, ragi jola and groundnut, save, navane and jola in Chellakere Taluk, paddy in Hiriyur Taluk were sown during the week.

Standing crops.—The standing dry crops such as jola, til, groundnut, castor, tur and pulses in the Taluks of Chitaldrug, Jagalur and Hosadurga Taluks are just picking up due to recent rains and they are in urgent need of good showers of rains. The irrigated ragi crop and jola in Bagayet land in Chellakere and Molakalmuru, groundnut and sugarcane in the channel areas of Hiriyur Taluk are reported to be fair. The standing dry crops in Chellakere and Molakalmuru Taluks are withering due to failure of rains. The groundnut crops is affected with some kind of pest in Jagalur Taluk. Jola and ragi crops are reported to be affected by some disease like "Sambe Roga" and „Jadi" respectively in some parts of Molakalmuru, Konsasagara and others.

Harvesting.—Harvesting of groundnut and sugarcane in Hiriyur Taluk is nearing completion.

10. *Relief Works.*—The relief works started in the Taluks of Chitaldrug, Hiriyur, Molakalmuru and Hosadurga Taluks are in progress and sufficient cooly is available to the labourers in these taluks. The relief works in Jagalur Taluk are at stand still as there has been no response from the local labourers to start them. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of "Rinderpest" in a few villages of Chellakere and Hosadurga and action is being taken by the authorities of the Veterinary Department to check the spread of the epidemic to other places.

Fodder scarcity is reported in a few villages of Holalkere, Molakalmuru, Davangere and Harihar Taluks. A consignment of 9 wagons of hay received at Hosadurga Rail Head Station has been sold to the needy ryots. A reference has been made to Revenue Commissioner for supply of 100 tons of fodder for supply to the affected taluks.

Water is available all over the District except in a few villages in Chitaldrug Taluk.

Public health is generally good except for prevalence of small-pox in a few villages of Hosadurga Taluk. Action is being taken by the authorities of Health Department to check the spread of the epidemic.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore,
Dated 12th August 1952.

N. MADHAVA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, JULY 31, 1952.

A total of 19 attacks with 5 deaths from Plague was returned from 6 villages in 5 taluks in 3 districts during the week against 13 attacks with 6 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 53 attacks with 15 deaths and 15 attacks with 6 deaths, respectively.

A total of 26 attacks with 7 deaths from Small-pox were reported from the Cities of Bangalore and Kolar Gold Fields and from the towns of Bhadravati, Kunigal and Sira, and from the taluks of Hiriyur, Krishnarajanagar, Maddur, Srinivaspur and Tarikere.

Twenty- nine attacks with 18 deaths from Cholera were reported from the taluks of Bangalore South, Bangalore North, Bagepalli, Mandya, Nanjangud, Shimoga, T-Narasipur and Yelandur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore City amounted to 253 (55 in hospitals for 6 days representing a calculated death-rate of 19·5 (15·3 excluding hospital deaths) per mille of population (annual basis) as against 20·2 (14·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 35 under Other Fevers, 49 under Dysentery and Diarrhœa, and 169 under All Other Causes. The reported mortality was low.

The total mortality for Mysore City was 68 (24 in hospitals) for 6 days, representing a calculated death-rate of 16·7 (10·8 excluding hospital deaths) per mille of population (annual basis) as against 16·1 (10·2 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Malaria 1, Other Fevers 12, Dysentery and Diarrhoea 13 and All Other Causes 42. The reported mortality was very low.

There were 31 deaths (5 in hospitals) for 6 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 11·8 (9·9 excluding hospital deaths) per mille of population (annual basis) as against 16·0 (14·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Typhoid, 1 under Other Fevers, 6 under Dysentery and Diarrhœa and, 23 under All Other Causes. The reported mortality was very low.

BANGALORE,

3543 *Dated 4—5th August* 1952.

N. V. SIDDALINGAPPA,
For *Director*.

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 31st May 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy, potatoes and ragi are in good condition in some parts of the District and they are withering for want of sufficient rains.

10. Public health is good. Distress relief works are in progress in the distress areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available. Blackquarter is reported to be at Koatur in Hoskote Taluk and Chowdeshvarahalli in Ramanagaram Taluk.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Sowing operations are held up for want of rains. There was small quantity of rain fall during the week in seven taluks.

Standing crops.—The standing crops such as ragi, avare, jola, same and thogari are in need of rains urgently.

Crops harvested.—Irrigated ragi is being harvested in Bagepally Taluk.

10. Relief works were started to provide labour to people seeking employment. Incomplete works have been suspended for the present and alternative works have been taken up by the Public Works Department, District Board and Village Panchayets to provide labour to the poor people.

Arrangements have been made for the supply of fodder to the affected parts. Demand for hay is as great as ever. Free distribution of milk powder, multi-vitamin pills and clothes has been made to the poor and helpless destitutes in affected parts.

11. People and cattle are reported to be generally healthy. Small-pox in some villages of Chintamani Taluk and Cholera in Achampalli, Srinivasapur Taluk, have been reported. Preventive measures have been taken to check the spread of the diseases by the Public Health Department.

TUMKUR.

8. Market is fairly well supplied. Rice is being sold in the open market but rates are a little higher than controlled rates.

9. *Standing crops.*—Paddy and Sugarane in some parts of Tumkur, Gubbi and Kunigal Taluks, are reported to be in good condition. Ragi, jola, avare, thogari in some parts of Tiptur, Chiknaikanahalli, Truvekere and Sira Taluks are in need of rains. Javari cop in Pavagada Taluk is reported to be fair. Rains are badly needed.

Crops Harvested.—Paddy is being harvested in some parts of Gubbi and Kunigal Taluks.

10. *Public Health.*—Is reported to be generally good except for the prevalence of Small-pox in Kunigal Town. Preventive measures are reported to have been taken to check the spread of the epidemic.

Cattle.—Cattle are reported to be weak in affected areas and they are healthy in other Taluks Water and fodder available to the cattle. Fodder is also got from Mandya District and is distributed to the afected parts of the District. State Forests have been thrown open for free grazing purposes. Relief works are in progress in Pavagada, Madhugiri and Koratagere Taluks.

MYSORE.

8. It is reported that the markets are normally well supplied in all taluks of the District during the week.

9. *Seeds Sown.*—It is reported that horsegram is sown in Periyapatna Taluk.

Standing crops.—Such as sugarcane, mulberry are reported to be generally in good condition for the present. In standing dry crops ragi, togari, castor, avare and other pulses are reported to be withering in almost all parts of the District and are in need of urgent rains. It is reported that the standing ragi crop in some parts of Krishnarajanagar Taluk is affected by "Kemmotte Roga". The Agricultural Department is being addressed to take necessary measures to check its spread. Similarly jola crop in some parts of Chamarajanagar Taluk. is affected by "Ear-head bugs". The Agricultural Department are taking necessary measures to check its spread. Jola is being harvested in Mysore, Nanjangud, Gundlupet and Chamarajanagar Taluks.

Transplantation of paddy is in progress is all Taluks of the District except in Periyapatna taluk where it is delayed for indequate water supply in tanks. The water supply in tanks for the purposes of irrigation are quite inadequate.

10. (1) Prospects of the season are however normal.

(2) There was scanty rainfall during the week in all taluks of the District except in Gundlupet Taluk where there was no rainfall. The standing crops are in need of urgent rain in all parts of the District.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District. As it was reported that there was scarcity of foodgrains in Gonahalli and Biligere in Nanjanagud Taluk, the Village Panchayet of Gonahalli has been licensed to run a licensed Sales Depot as a measure of relief for about a month. A licensed Sales Depot is also opened at Biligere to afford relief to the newly ration card holders.

(5) Public health is reported to be generally good except for the prevalence of Plague in a few villages of Gundlupet and Nanjangud Taluks. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is going on under Nala and certain tank atchkats of the District. Ragi is being sown in Maddur Taluk. Kar-paddy, kar-ragi and jola are being harvested in some parts of Malavalli and Maddur Taluks. Ragi and jola crops are reported to be withering for want of rains in Krishnarajapet Taluk. The standing crops of sugarcane in Visvesvaraya Canal Area and kar-paddy under Nala and certain tank atchkats are reported to be in good condition.

10. Prospects of the season are reported to be fair. Rains are required urgently for the standing crops. The withholding of rains is causing great anxiety and the low level of Krishnarajasagara has added to the same.

11. Cattle are generally healthy. Fodder and water are available in sufficient quantities, except at Krishnarajapet Taluk where it is reported that scarcity of fodder and water is felt in dry areas. It was reported that Small-pox was prevalent in Manigere, Muttanahalli, Thylur and Madanayakanahalli in Maddur Taluk. Necessary action has been taken to check the spread of the epidemic.

HASSAN.

8. Markets are fairly well supplied.

9. Giddaragi crop is affected with 'Kembare Roga' in certain parts of Hassan Taluk. The standing crops of paddy, ragi, sugarcane, jola, avare, potatoe, groundnut, coriander and cotton are fairly good. Transplantation of paddy is going on throughout the District except in Arsikere Taluk and that of ragi in the Belur Taluk. Transplantation of ragi is held up in the Arsikere Taluk for want of rains. Coriander has been and til is being harvested in the Channarayapatna Taluk. Potatoe crop is being harvested in some parts of Hassan Taluk.

Rains are very badly required in all parts of the Taluks.

10. Public health is generally good.

11. Cattle are generally healthy. Pasture fodder and water are available except in parts of Hassan, Arsikere, Chennarayapatna, Belur and Hole-Narasipur Taluks where fodder is brought from outside. Cases of Hæmorrhagic Septicæmia are reported in Alur Taluk in which connection preventive measures have been adopted.

SHIMOGA.

8. Markets are adequately supplied.

9. Sowing of ragi, jola, navane and kulti is stated to be going on in Shimoga and Honnali Taluks. Sowing has not been done hitherto in some parts of Channagiri Taluk for want of adequate rainfall. Transplantation of paddy is completed in Thirthahalli Taluk and it is still done in Shimoga, Sagar, Hosanagar and Bhadravati Taluks. Standing crops are fair. Rainfed paddy crops are in need of more rains. Groundnut crop in Honnalli Taluk is stated to have affected by a sort of pest.

10. Prospects of the season are generally fair all over except in certain parts of Channagiri and Honnalli Taluks. Rainfall is just sufficient in Sagar, Hosanagar and Thirthahalli and it is inadequate in other taluks especially in Channagiri Taluk.

Heavy rains are stated to be required for the paddy crops in Anavatti, Jade and Kuppagadde circles of Sorab Taluk and in parts of Shikaripur.

11. Cattle are generally healthy except for prevalence of Rinderpest in Hirenellur in Sagar Taluk. Preventive action is taken. Water is generally available. Wherever there is difficulty for water in Channagiri Taluk temporary wells are got sunk in tank beds. Similarly fodder scarcity is not felt anywhere except in Channagiri. People are advised to send non-essential cattle to the neighbouring Forest and Kavals.

Public Health is generally good except for prevalance of Cholera in Kanivebilachi, Ramasagara and other villages of Channagiri Taluk. Inoculations are being done.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled commodities such as rice and ragi were available in the open market in some taluks. Rice and wheat were not available in the open market of Kadur Taluk. First variety of rice at 1¼ seers to 1½ seers and second variety of rice at 1½ to 1¾ seers a rupee, 3½ to 4 seers of ragi a rupee were sold during the week under report. Ragi was not available in the open market of Mudigere and Koppa Taluks.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; ragi, togari, groundnut and greengram in Tarikere Taluk; paddy in Mudigere and Koppa Taluks and in Sringeri Sub-Taluk; paddy and sugarcane in Narasimharajapura Sub-Taluk were the standing crops.

Standing crops in maidan taluks are in need of rains. Crops in Kadur Taluk and in III Circle of Lakya Hobli in Chikmagalur Taluk were withering for want of rains.

(2) *Seeds sown and transplantation made.*—Paddy was sown in Tarikere Taluk; and transplantation of paddy in the Taluks of Mudigere and Koppa and in Narasimharajapura Sub-Taluk was in progress.

(3) *Crops harvested.*—Nil.

10. Prospects of the season are reported to be not very good. Standing crops in maindan taluks are badly in need of rains. There was good rainfall in Malnad Taluks during the week.

11. Public health was generally good during the week under report.

Cattle were generally healthy. Water and fodder were available in all the taluks, except some parts of Kadur Taluk, where it is reported that scarcity for fodder prevails. Arrangements have been made for supplying fodder to these areas from Koppa and Narasimharajapura Taluks.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Paddy and navane in Molakalmuru Taluk, navane, cotton and horsegram in Holalkere Taluk and ragi in Hosadurga Taluk were sown during the week.

Standing crops.—The standing dry crops such as jola, groundnut, til, ragi and navane in the Taluks of Chitaldrug, Molakalmuru, Davangere and Jagalur are withering for want of rains. The standing dry crops in Holalkere and Hosadurga Taluks have improved due to the receipt of good showers of rain. The irrigated ragi crop and jola in bagayet lands in Challakere and Molakalmuru Taluks and sugarcane and groundnut in the channel areas of Hiriyur Taluk are reported to be fair. The jola crop is affected with some kind of pests in Molakalmuru Taluk.

Harvesting.—Harvesting of groundnut and sugarcane in Hiriyur Taluk is nearing completion.

10. *Relief Works.*—The relief works started in the Taluks of Chitaldrug, Hiriyur, Molakalmuru and Hosadurga are in progress and cooly classes are getting sufficient work in these taluks. The relief works in Challakere and Jagalur Taluks are at standstill as there has been no response from local labourers to start them. The stock position of food-grains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District. Fodder scarcity is reported in few villages of Holalkere, Molakalmuru, Davangere, Harihar and Hosadurga Taluks.

Water is available all over the District except in a few villages of Chitaldrug Taluk.

Public health is generally good all over the District except for prevalence of Small-pox in a few villages of Hosadurga Taluk. Action is being taken by the authorities of the Health Department to check the spread of the epidemic.

STATEMENT SHOWING THE PRICES CURRENT (RETAIL) OF RICE (2ND SORT), RAGI AND HORSEGRAM AT THE SEVERAL TALUK HEADQUARTERS FOR THE 33RD WEEK ENDING SATURDAY, THE 16TH AUGUST 1952.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 16th June 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

BANGALORE,

3820 *Dated* 14—18*th August* 1952.

N. V. SIDDALINGAPPA,
For *Director*.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, 7TH AUGUST 1952.

A total of 19 attacks with 10 deaths from Plague was returned from 8 villages, in 4 taluks in 2 districts during the week against 19 attacks with 5 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 39 attacks with 16 deaths and 1 attack with 2 deaths, respectively.

A total of 35 attacks with 4 deaths from Small-pox were reported from Bangalore City and from the Towns of Chintamani, Kunigal and Sira and from the taluks of Bangarpet, Maddur, Malavalli and Srirangapatna.

Twelve attacks with 8 deaths from Cholera were reported from Mysore City and from Mandya Town and from the taluks of Chintamani and Maddur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 263 (44 in hospitals) for 6 days representing a calculated death-rate of 20·3 (16·9 excluding hospital deaths) per mille of population (annual basis) as against 15·9 (7·7 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Typhoid, 47 under Other Fevers, 55 under Dysentery and Diarrhœa and 159 under All Other Causes. The reported mortality was low.

The total mortality for Mysore City was 60 (26 in hospitals) for 7 days representing a calculated death-rate of 12·6 (7·1 excluding hospital deaths) per mille of population (annual basis) as against 14·6 (8·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were, Cholera 1, Malaria 1, Other Fevers 12, Dysentery and Diarrhœa 3 and All Other Causes 43. The reported mortality was very low.

There were 65 deaths (10 in hospitals) for 5 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 29·6 (25·0 excluding hospital deaths) per mille of population (annual basis) as against 12·0 (11·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered, 1 under smallpox 1 under Malaria, 2 under Other Fevers, 10 under Dysentery and Diarrhœa and 51 under All Other Causes.

T. CHANDRASEKHARAIYA,
Director.

3751

DEPARTMENT OF ANIMAL HUSBANDRY IN MYSORE, BANGALORE.

Notification dated 18th August 1952.

(HEALTH OF LIVE-STOCK DURING JULY 1952).

In their order of severity, outbreaks of Rinderpest, Black-quarter, Hæmorrhagic-septicæmia, Anthrax, Sheep-pox, Ranikhet, Foot and Mouth, and Contagious-Goat Pleuro-pneumonia were encountered in the State during July 1952. Altogether 191 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 214 villages during the previous month. The number of outbreaks was highest in Bangalore, Shimoga and Chitaldrug Districts, while Hassan, Mysore and Mandya Districts were least affected. These diseases accounted for 887 attacks, of which 633 succumbed. The departmental staff conducted 37,655 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Seven outbreaks of Rinderpest were registered in Sagar, Hiriyur, Hosadurga, Devanahalli and Pavagada Taluks accounting for 128 attacks among cattle, of which 84 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 2,712 cattle in the infected villages and 5,044 cattle in 23 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 124 villages accounting for 24 deaths, as against 120 villages accounting for 109 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 8,719 animals as against 8,421 animals during the previous month.

The rest of the live-stock remained free from diseases during the month.

P. M. NARAINSWAMY NAIDU,
Director.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy, potatoes and ragi are in good condition in some parts of the District. The remaining un-sown areas are being sown after recent rains. Transplantation of paddy is in progress in Nelamangala and Magadi Taluks. Dry crops are reported to be withering in Channapatna taluk for want of rains.

10. Public health is good. Distress relief works are in progress in the distress areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available. Scarcity of fodder is reported in Kodihalli and Uyyamballi Hoblis in Kanakapura Taluk.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Sowing operations of ragi, avare, thogari, jola and same have been completed in all Taluks except Bagepalli. Paddy has also been sown under Kolar amanikere atchkat.

Standing crops.—The condition of standing crops such as ragi, avare, thogari, same and jola have improved, due to recent showers.

Crops harvested.—Nil.

10. There was some rainfall in all taluks except Bagepalli during the week. More rains are awaited.

Relief works were started to provide labour to people seeking employment. Separate progress report of relief works is being sent.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in Yeldur village of Srinivaspur Taluk and also in Kolar Town. Preventive measures have been taken by the Health Department to check the spread of the epidemic. Holding of weekly shandies has been prohibited.

TUMKUR.

8. Markets are well supplied. Rice is being sold in the open market but rates are a little higher than the controlled rates.

9. *Standing crops.*—Standing crops such as ragi, avare, jola, greengram and groundnuts, etc., are reported to be withering in some parts of Tumkur, Turuvekere, Sira and Chiknaikanahalli Taluks; paddy and sugarcane in Kunigal Taluks, and other standing crops in the remaining Taluks are reported to be in good condition on account of recent rains. Jola crop in Pavagada Taluk is reported to be fair.

Crops Harvested.—Vyshaki paddy in some parts of Kunigal and Gubbi Taluks is being harvested.

10. *Public Health.*—Public Health is reported to be generally good in all parts of the Taluks.

Cattle.—Cattle are reported to be generally healthy except for the prevalence of "ಬಪ್ಪೆ ರೋಗ" in Kothagere Hobli of Kunigal Taluk. Preventive measures are taken to check the epidemic. Water and fodder is available to the cattle. Fodder is also being imported from Mandya District and distributed to the several affected areas in the District. Relief works have been taken up in Madhugiri, Sira, Koratagere and Pavagada Taluks. Further works are programmed to be taken up under Grow More Food Scheme.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that horsegram is sown in Periyapatna Taluk.

It is reported that paddy transplantation is going on in all taluks of the District except in Periyapatna where it is delayed for inadequate water supply in tanks.

Standing crops.—Such as paddy, ragi, jola, castor, togari, sugarcane and mulberry are reported to be withering in almost all taluks of the District and are in need of urgent rains. It is reported that ragi crop in some parts of Krishnarajanagar Taluk is affected by "Kembotte Roga". Similarly jola crop in some parts of Chamarajanagar Taluk is affected by a pest of ear-head bugs. The Agricultural Department are taking necessary preventive and remedial measures to check its spread.

It is reported that jola is being harvested in the taluks of Mysore, Nanjangud, Chamarajanagar and Gundlupet.

10. (1) Prospects of the season are normal.

(2) During the week under report there was scanty rainfall in the taluks of Mysore, Hunsur, Krishnarajanagar, Nanjangud, T.-Narasipur and Periyapatna and no rainfall in other taluks of the District. Standing crops in almost all taluks of the District are withering and are in need of urgent rains. The water supply in tanks is quite inadequate for irrigational purposes, consequently paddy transplantation works under tanks have not been taken up.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District. The temporary relief shops licensed at Gonahalli, Biligere and Kalkunda in Nanjangud Taluk are continued and adequate quantities of foodgrains arranged to be supplied in view of continued demand for foodgrains owing to failure of jola crop.

(5) Public health is reported to be generally good in all the taluks of the District except for the prevalence of Plague in a few villages of Nanjangud, Hunsur, Yelandur and Gundlupet Taluks. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is going on both under Nala and certain tank atchkats of the District. Sugarcane is being harvested in Maddur Taluk. The crops of paddy, ragi and jola are reported to be withering for want of rains in Krishnarajapet and Nagamangala Taluks.

The standing crops of sugarcane in Visvesvaraya Canal Area and paddy, both under Nala and certain tank atchkats are reported to be in good condition.

10. Prospects of the season are reported to be fair. The withholding of rain is causing great anxiety and the low level of Krishnarajasagara has added to the same. Rains are required urgently for the standing crops.

11. Cattle are reported to be generally healthy, and fodder and water are available in sufficient quantities except at Krishnarajapet where it is reported that scarcity of fodder and water is felt in dry areas.

It was reported that Small-pox was prevalent in Thylur and Madanayakanahalli Villages, Maddur Taluk. Necessary action has been taken to check the spread of the epidemic.

HASSAN.

8. Markets are fairly well supplied.

9. Giddaragi crop is affected with 'Kembare Roga' in certain parts of Hassan Taluk. Transplantation of paddy seedlings is still going on in parts of Manjarabad, Chennarayapatna, Hole-Narsipur and Alur Taluks. Transplantation of paddy seedlings is held up in parts of Alur and that of ragi in Arsikere Taluk for want of rains. Sowing of ragi is also held up in parts of Arsikere Taluk. The standing crops of paddy, ragi, sugarcane, potatoe, avare, thogari, groundnut, jola and cotton are fairly good and are badly in need of rains. Potatoe crop is being harvested in parts of Hassan Taluk.

10. Public health is generally good except for Plague at Chokarahalli in Belur and Ankavalli in Hole-Narsipur Taluk in which connection preventive measures have been adopted.

11. Cattle are generally healthy except for Hæmorrhagic Septicæmia in parts of Kasaba and Palya Hoblis of Alur Taluk. Preventive measures have been adopted to arrest the further spread of the disease. Pasture, fodder and water are available except in parts of Arsikere, Hassan, Chennarayapatna, Hole-Narasipur and Belur Taluks where fodder is brought from outside.

SHIMOGA.

8. Well supplied.

9. Sowing is brought to completion in all the Taluks except in parts of Channagiri Taluk like Santhebennur, Kogalore, Thyavanige and Basavapatna circles where it is stated to have not been done for want of sufficient rainfall. The condition of standing crops is generally fair and they require heavy rainfall all over. Paddy pest is reported to be prevalent in Kortigere circle of Shikaripur Taluk and in Thirthahalli Taluk. The Agricultural Department has been addressed in this behalf.

10. Rainfall has been sufficient in Sagar, Hosanagar and Thirthahalli Taluks and has been insufficient in all other Taluks and especially in Honnalli and in some parts of Channagiri Taluk. There has been no rain in Honnali at all during the week.

11. Cattle are reported to be generally healthy except for prevalence of Galaleroga in Rampura village in Honnali Taluk and in Rudrapura and Narasettyhalli villages of Channagiri Taluk. The Veterinary Department has been addressed in the matter. Fodder is generally available except in some parts of Honnali and Channagiri Taluks. Most of the non-essential cattle in parts of Channagiri and Honnali Taluks have been moved to State Forests and Karab for want of adequate supply of fodder in these areas. The requirements of fodder for essential cattle are being worked out. Relief works have been started under G.M.F. and Distress relief grants in those parts to improve the purchasing capacity of poor people.

CHIKMAGALUR.

8. Markets were fairly well supplied. Supply of controlled foodgrains was much less than that of previous weeks in the open market in some taluks and there was no supply at all in other taluks. First variety of rice at 1¼ to 1½ seers a rupee and second variety at 1½ to 1¾ seers a rupee and 3½ to 4 seers of ragi a rupee were sold during the week under report.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; ragi, togari, groundnut and greengram in Tarikere Taluk; paddy in Mudigere and Koppa Taluks and in Sringeri Sub-Taluk; and paddy and sugarcane in Narasimharajapura Sub-Taluk were the standing crops. Standing crops of maidan taluks are very badly in need of rains. Standing Crops in Kadur Taluk and in III Circle of Lakya Hobli in Chikmagalur Taluk are withering for want of rains.

(2) *Seeds sown and transplantation made.*—Paddy was sown in Tarikere Taluk; and transplantation of paddy in Koppa, Mudigere and Narasimharajapura was under progress.

(3) *Crops harvested.*—Nil.

10. Prospects of the season are reported to be not very good. Standing crops are badly in need of rains.

11. Public health was generally good during the week under report.

Cattle were generally healthy, except in Kadur Taluk, where the cattle have become very weak on account of scarcity of fodder.

Water and fodder were available in all the taluks, except in some parts of Kadur Taluk, where it is reported that scarcity for fodder continues to prevail. Arrangements have been made for the supply of fodder from Mysore District.

CHITALDRUG.

8. Well supplied.

9. *Sowing.*—Navane, horsegram and cotton in Holalkere Taluk, ragi in Hosadurga Taluk, paddy in Hiriyur Taluk and doddaragi in Challakere Taluk, were sown during the week.

Standing crops.—The standing dry crops such as jola ragi, togari, avare, groundnut, cotton and sesamum in the Taluks of Holalkere, Davangere and Hosadurga Taluks have improved to some extent due to the recent rains. The standing dry crops in Molakalmuru, Challakere, Chitaldrug, Jagalur and Harihar Taluks are withering for want of rains. The irrigated ragi and jola in wet and bagayet lands of Challakere and Molakalmuru Taluks and groundnut and sugarcane in the channel areas of Hiriyur Taluk are reported to be fair. The jola crop is affected with some kind of pests in Molakalmuru Taluk.

Harvesting.—Sugarcane in Hiriyur Taluk and giddaragi in Challakere Taluk are being harvested.

10. The relief works started in the Taluks of Chitaldrug, Hiriyur and Molakalmuru are in progress and cooly classes are getting sufficient work in these taluks. The relief works in Hosadurga and Jagalur Taluks are at standstill as there has been no response from local labourers. There is a proposal to start relief works in the taluks of Davangere and Harihar as cooly classes are not getting sufficient work. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of "Rinderpest" in a few villages of Hiriyur Taluk. Preventive measures were taken by the authorities of Veterinary Department to check the spread of the epidemic. Fodder scarcity is reported in a few villages of Holalkere, Davangere, Molakalmuru, Jagalur, Hosadurga and Harihar Taluks. The Deputy Commissioner, Mandya, has been requested to make necessary arrangements for immediate despatch of 10 tons of fodder for supply to each of the taluks of Harihar and Davangere in addition to the balance of 100 tons still due to the taluks of Chitaldrug, Holalkere and Hosadurga

Water is available all over the District.

Public health is generally good all over the District except for prevalence of "Cholera" in Mayakonda Town Davangere Taluk, and preventive measures to check its spread are being taken.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 26th August 1952.

N. MADHAVA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, AUGUST 14, 1952.

A total of 25 attacks with 13 deaths from Plague was returned from 11 villages in 9 taluks in 3 districts during the week against 19 attacks with 10 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 25 attacks with 10 deaths and 6 attacks with 1 death, respectively.

A total of 25 attacks with 4 deaths from Small-pox were reported from the Cities of Bangalore and Kolar Gold fields and Kunigal Town and from the taluks of Chintamani, Maddur, Srinivasapur, Srirangapatna, Turuvekere and Tarikere.

Thirty-six attacks with 13 deaths from Cholera were reported from the taluks of Bangalore North, Bangalore South, Channagiri, Mulbagal, Mandya and T-Narasipur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 195 (59 in hospitals for 4 days representing a calculated death rate of 22·5 (15·7 excluding hospital deaths) per mille of population (annual basis) as against 14·1 (10·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 21 under Other Fevers, 30 under Dysentery and Diarrhœa, and 144 under All Other Causes. The reported mortality was low.

The total mortality for Mysore City was 41 (18 in hospitals) for 4 days, representing a calculated death-rate of 15·1 (8·4 excluding hospital deaths) per mille of population (annual basis) as against 21·9 (18·2 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 3, Dysentery and Diarrhoea 3 and All Other Causes 35. The reported mortality was very low.

There were 28 deaths (4 in hospitals) for 5 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 12·7 (10·9 excluding hospital deaths) per mille of population (annual basis) as against 11·4 (10·2 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Other Fevers, 6 under Dysentery and Diarrhœa and 20 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Sugarcane, paddy, ragi and potatoes are in good condition in some parts of the District. Ragi and paddy are being transplanted.

10. Public health is good. It is reported that there was rainfall in Harohalli Village in Devanahally Taluk. Distress relief works are in progress in the distress areas in Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—The recent showers have facilitated the completion of sowing operations of dry crops.

Standing crops.—The condition of standing crops such as ragi, avare, thogari, horsegram, jola and paddy under some tanks has improved due to recent showers.

Crops harvested.—Irrigated ragi is being harvested in Bagepalli Taluk.

10. The rainfall during the week accelerated sowing of seeds and was very beneficial to the growth of tender crops. This has lessened the anxiety of the people.

Relief works in P. W. D., District Board and Village Panchayets have been taken up to provide labour to people seeking employment. Separate progress report of relief works is being sent.

11. People and cattle are reported to be generally healthy. Blackquarter to the cattle in Chintamani Taluk is reported. Preventive measures have been taken to check the spread of the epidemics by the Department of Animal Husbandry.

TUMKUR.

8. Markets are well supplied. The price of ragi and rice are in open market higher than the controlled rates.

9. *Standing crops.*—Standing crops such as ragi, jola, avare, thogari and groundnut are in good condition in Tiptur, Turuvekere, Gubbi and Pavagada Taluks. Paddy and sugarcane are also reported to be in good condition in Kunigal, Gubbi and Tumkur Taluks. The standing crops are reported to be withering in some parts of the other taluks for want of adequate rains.

Crops Harvested.—Vyshaki paddy is being harvested in a few parts of Kunigal Taluk.

10. *Public Health.*—Public Health is reported to be generally good in all parts of the District except for the prevalence of Small-pox in a few parts of Gubbi Taluk. Action has been taken to check the disease. Cattle are reported to be healthy except for the prevalence of "ಚಪ್ಪೆ ರೋಗ" in Kothagere Hobli of Kunigal Taluk. Preventive measures have been taken to check the epidemic. Water and fodder are available to the cattle in all the taluks except Chicknayakanahalli where the scarcity of fodder and water is felt. Fodder is being imported and distributed to the affected areas. Relief works have also been going on in the affected taluks of Sira, Pavagada and Madhugiri. Number of tank desilting works will be taken up by the Public Works Department to provide labour in these parts.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that horsegram was sown in Heggaddevankote Taluk and Tobacco in Periyapatna Taluk was transplanted.

Transplantation of paddy is in progress in almost all the taluks of the District except in Periyapatna Taluk where it is delayed due to inadequacy of water supply in tanks. Water supply in tanks in all taluks of the District for irrigational purposes is quite inadequate.

Standing crops.—Such as ragi, paddy, castor, togari, mulberry and sugarcane are reported to be still in need of urgent rains. Standing crops in taluks of T. Narsipur, Mysore, Nanjangud and Krishnarajanagar have been much benefited by recent rains. The pest attack of ear-head bugs on jola crop in parts of Chamarajanagar Taluk and "Kembotte Roga" in certain parts of Krishnarajanagar Taluk is still persisting and causing damage. Paddy crop in a portion of the taluk (Tippur area) is reported to have been infected by a pest known as "Stem borer pest" (ಕೊಳವೆ ರೋಗ). Concerned authorities of Agricultural Department have been addressed in the matter. The Agricultural Department are taking necessary preventive measures to check its spread. The harvesting of jola crop is in progress in the taluks of Mysore, Nanjangud, Chamarajanagar, Gundlupet and Yelandur. The yield of the crop is very much affected by untimely and insufficient rainfall. Harvesting of coriander in Periyapatna Taluk and Kar ragi and til in Hunsur and Heggaddevankote Taluks and jola in Chamarajanagar Taluk is in progress.

10. (1) Prospects of the season are normal for the present. The seasonal conditions in parts of Gundlupet and Chamarajanagar Taluks have worsened. The very low food crop has been reaped. But the commercial crop of groundnut seems to be failing and immediate rains are very necessary for the crops. Water supply in tanks is quite inadequate.

(2) During the week under report there was fairly good rainfall in the taluks of Mysore, T.-Narsipur and Chamarajanagar and it was scanty in Taluks of Krishnarajanagar, Gundlupet and Nanjangud Taluks and no rainfall in the remaining taluks of the District.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District. The temporary relief by Government licensed Depots of Gonahalli, Biligere and Kalkunda in Nanjangud Taluk are continued and adequate quantities of foodgrains are being supplied in view of continued demand for foodgrains owing to failure of jola crop.

(5) Public health is reported to be generally good all over the District except for the prevalence of Plague in a few villages of Hunsur, Chamarajanagar, Gundlupet, Nanjangud, Heggaddevankote and Yelandur Taluks. Necessary preventive and remedial measures are being taken by Health Department to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of foodgrains are available in all parts of the District except in some parts of Periyapatna Taluk where scarcity for drinking water is being felt.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is going on under Nala and certain tank atchkats. Sugarcane is being harvested in Maddur Taluk. The crops of sugarcane, paddy and ragi are reported to be improving due to recent rains.

The standing crop of sugarcane in Visvesvaraya Canal area and paddy under Nala and tank atchkats are reported to be in good condition. Harvest of gidda ragi and jola has commenced in Krishnarajapet Taluk.

10. Prospects of the season are reported to be fair. The recent rains have minimised anxiety and the present level of Krishnarajasagara has brought some relief. Though there have been rains in all the taluks some more rains are reported to be necessary.

11. Cattle are reported to be generally healthy, and fodder and water are available in sufficient quantities except in Krishnarajapet Taluk where the scarcity of fodder and water is reported to be continuing. Small-pox is reported to be prevailing in Tailur, Manigere and Madanayakanahalli in Maddur Taluk. Action has been taken to prevent the epidemic.

HASSAN

8. Well supplied.

9. Giddaragi crop in some parts of Hassan Taluk is reported to have been affected with 'Kembare Roga'. Transplantation of paddy is in progress in Manjarabad and Hole-Narsipur Taluks. Transplantation of paddy is reported to be held up in Alur Taluk for want of sufficient rains. The recent rains have reported to have improved the conditions of standing crop of ragi, paddy, sugarcane and avare. Some more rains are needed for standing paddy crops. Transplantation of ragi is in operation in parts of Arsikere Taluk due to recent rains. Gidda ragi in Alur Taluk and groundnut in Channarayapatna Taluk is being harvested.

10. The prospect of the season is reported to be normal. Rains are insufficient for standing paddy crop. More rains are required in parts of Arsikere, Channarayapatna, Hole-Narsipur and Hassan Taluks.

11. Public health is generally good except for prevalence of Plague in Bikkodu and Chokanahally of Belur Taluk and in Atni and Honnavally of Arkalgud Taluk. Preventive measures are being taken by Health Department. Cattle are generally healthy. Fodder and water are available except in parts of Arsikere and Belur Taluks where it is brought from outside.

SHIMOGA.

8. Market supplied adequately.

9. Sowing has been completed in all the taluks except in parts of Honnali as the rainfall was very scanty. Standing crops like paddy, jola, ragi and groundnut were affected in parts of Honnali, certain villages in Shikarpur Taluk bordering Dharwar District, in a few places like Santhebennur, Kogalur, Thyavanige and Basavapatna circles of Channagiri Taluk and in parts of Jade and Anavatti Hoblis of Sorab Taluk. Standing crops in the whole District require very heavy rains. Prevalence of 'Kolave Roga' in Jade and Anavatti Hoblis in Sorab Taluk and 'Seede Roga' in Honnali Taluk has done some harm to crops. Steps have been taken to prevent the spread.

10. The prospects of the season during the week were not very hopeful in any of the taluks except Hosanagar, Sagar and Thirthahalli. If no rains were to come during this week the standing crops may wither. Relief works are started in Honnali and Channagiri Taluks and non-essential cattle are being sent to State Forests to remove pressure on fodder for essential cattle.

11. Galaleroga was prevailing in Rudrapura, Somalapura, Channapura and Kerebilachi villages of Channagiri Taluk and the Veterinary Department has been addressed in the matter. Rat-fall was reported in Santhebennur Village and the Health Department had been addressed to take preventive measures. Cattle were reported to be healthy in all the other taluks and Government has been addressed to supply 50 tons of hay for supply to the distressed areas.

CHIKMAGALUR.

8. Markets were fairly well supplied. The supply of controlled foodgrains in the open market was very poor during the week in some taluks and they were not at all available in some other taluks. Consequent to this the off-take in the Government Depots is steadily increasing. The first variety of rice at 1¼ to 1½ seers a rupee, second variety of rice at 1½ to 1¾ seers a rupee and that of ragi 3¼ to 3½ seers a rupee were sold during the week.

9. *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; ragi, togari, groundnut and greengram in Tarikere Taluk; paddy in Mudigere and Koppa Taluks and in Sringeri Sub-Taluk; paddy and sugarcane in Narasimharajapura Sub-Taluk were the standing crops. Dry crops have failed in Lakya Hobli and in part of Amble Hobli in Chikmagalur Taluk. Crops in Chikmagalur and Kadur Taluks are withering for want of rains.

(2) *Seeds sown and transplantation made.*—Transplantation of paddy was in operation in Koppa, Mudigere and Tarikere Taluks and in Narasimharajapura Sub-Taluk.

(3) *Crops harvested.*—Nil.

10. Prospects of the season are not satisfactory. Standing crops are very badly in need of water. There is no water in any of the taluks in Lakya Hobli and in part of Amble Hobli in Chikmagalur Taluk.

11. Public health was generally good during the week. Cattle were generally healthy, except in Kadur Taluk, where the cattle have become very weak on account of scarcity for fodder.

Water and fodder were available in all the taluks, except in some parts of Kadur Taluk and in Lakya Hobli and part of Amble Hobli of Chikmagalur Taluk. Non-essential cattle of the affected area have been moved to the forests of Tarikere and Chikmagalur Taluks.

Arrangements have been made for the supply of fodder to the distress areas in Kadur Taluk.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Navane, save and horsegram in Chitaldrug Taluk; navane, horsegram, sajje and paddy in Molakalmuru Taluk; ragi in Hosadurga Taluk; and jola, navane, sajje and ragi in Harihar Taluk were sown during the week.

(*b*) *Standing crops.*—The standing dry crops of jola, ragi, togari, avare, groundnut, cotton and sesamum in the taluks of Holalkere, Davangere and Hosadurga are showing signs of improvement due to recent rains. The standing dry crops in Challakere, Chitaldrug, Molakalmuru, Jagalur and Harihar Taluks are withering for want of rains. The irrigated ragi and jola in wet and bagayet lands in Challakere and Molakalmuru Taluks and sugarcane and groundnut in the channel areas of Hiriyur Taluk are reported to be fair. The jola crop in Molakalmuru Taluk is affected with some kind of pests and the authorities of the Agricultural Department have been addressed to check its spread.

(*c*) *Harvesting.*—Jola and ragi in wet and bagayet lands of Molakalmuru Taluk; giddaragi in Challakere Taluk and Sugarcane in Hiriyur Taluk were harvested.

10. The relief works started in the taluks of Chitaldrug, Harihar, Molakalmuru, Hiriyur and Davangere are in progress and cooly classes are getting sufficient work in these taluks. The relief work in Jagalur Taluk has been at standstill as there has been no response from the local labourers. The stock position of foodgrains is fairly satisfactory all over the District and no scarcity is felt at present.

11. The cattle are reported to be generally healthy all over the District except for "Cattle Disease" prevailing in a few villages of Hosadurga Taluk. Preventive measures have been taken by the authorities of the Veterinary Department to check the spread of the epidemic.

Fodder scarcity is reported in a few villages of Chitaldrug, Holalkere, Davangere, Hiriyur, Molakalmuru, Jagalur and Hosadurga Taluks. The paddy hay received from Mandya District to Chitaldrug and Davangere Taluks are being distributed among the needy ryots. A further consignment of fodder to the remaining taluks is yet awaited. Forty tons are expected to be received shortly.

Water is available all over the District except in a few villages of Chitaldrug, Molakalmuru and Davangere Taluks. Action is being taken to deepen the existing wells.

Public health is generally good all over the District except for prevalence of Small-pox in a few villages of Hosadurga Taluk and Cholera in Mayakonda in Davangere Taluk. The authorities of the Health Department are taking necessary preventive measures to check the spread of the epidemic.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 2nd September 1952.

N. MADHAVA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, 21ST AUGUST 1952.

A total of 52 attacks with 14 deaths from Plague was returned from 13 villages, in 7 taluks in 3 districts during the week against 25 attacks with 13 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 56 attacks with 19 deaths and 16 attacks with 8 deaths, respectively.

A total of 14 attacks with 5 deaths from Small-pox were reported from Mysore City and from the Taluks of Chintamani, Hassan, Maddur, Mandya, Nelamangala, Srinivasapur and Tarikere.

Sixteen attacks with 11 deaths from Cholera were reported from the taluks of Kolar, Mulbagal and Srinivasapur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 333 (68 in hospitals) for 7 days representing a calculated death-rate of 21·9 (17·4 excluding hospital deaths) per mille of population (annual basis) as against 18·8 (14·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 70 under Other Fevers, 78 under Dysentery and Diarrhœa and 185 under All Other Causes. The reported mortality was low.

The total mortality for Mysore City was 42 (13 in hospitals) for 7 days representing a calculated death-rate of 8·8 (6·1 excluding hospital deaths) per mille of population (annual basis) as against 27·2 (18·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were, Malaria 1, Other Fevers 4, Dysentery and Diarrhœa 6 and All Other Causes 31. The reported mortality was very low.

There were 24 deaths (12 in hospitals) for 6 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 9·1 (4·5 excluding hospital deaths) per mille of population (annual basis) as against 21·3 (19·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered, 1 under Other Fevers, 6 under Dysentery and Diarrhœa and 17 under All Other Causes. The reported mortality was very low.

T. CHANDRASEKHARAIYA,
Director.

FORM FOR RETAIL PRICES.

Fortnightly return of retail prices prevailing at headquarter stations of districts on the last day of the fortnight ending date 30th June 1952.

NOTE.—If any (*e.g.* Regi, Masur etc.), is not grown in any province it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar, to a particular state may be specified. Prices in seers and chataks (of 80 and 5 tolas respectively) per Rupee unless otherwise stated. When quality is not specified *fair average* quality is implied.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8.—Well supplied.

9. Sugarcane, paddy, ragi, avare, tur are in good condition in some parts of the District. Transplantation of paddy is going on.

10. Public health is good. Rain is required in some taluks to the standing crops.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Sowing operations have been completed.

Standing crops.—The standing crops such as ragi, avare, jola, same, thogari, horsegram and paddy under some tanks are in need of rains urgently.

Crops harvested.—Irrigated ragi is being harvested in Bagepalli Taluk.

10. There was no rainfall during the week except a few cents in Chickballapur and Gudibanda Taluks. Standing crops are fading and they stand in urgent need of rains.

Relief works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment.

Progress report of relief works is being sent separately.

11. People and cattle are reported to be healthy but for prevalence of plague in some parts of Malur Taluk and cholera in Srinivasapur Taluk. Preventive measures have been taken to check the spread of the epidemics. Holding of weekly shandies at Yeldur Village has been prohibited.

TUMKUR.

8. Market is fairly supplied. Foodgrains such as rice and ragi are being sold in open market, but their rates are higher than the controlled rates.

9. *Standing crops.*—Such as ragi, jola, avare, groundnut and paddy, etc., are reported to be in good condition in Tumkur, Tiptur, Kunigal, Gubbi and Turuvekere Taluks. Ragi, jola and minor millets are reported to be withering for want of adequate rains in some parts of Chicknaikanahalli, Kortagere, Sira and Madhugiri Taluks.

Crops Harvested.—The harvest of Vyshaky paddy is nearing completion in Kunigal Taluk.

10. *Public Health.*—Public Health is reported to be generally good in all parts of the District. The health of the cattle is generally good in all the taluks. Water and fodder are available in all the taluks except a few parts of Chicknayakanahalli and Madhugiri Taluks. Fodder from outside the District is being imported and distributed to the several affected areas.

Availability of Labour.—Labour is available in almost all the taluks except a few parts of Koratagere and Madhugiri, Sira and Pavagada, where distress relief works are taken up to provide Labour.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds sown.*—It is reported that the horsegram greengram is sown in Heggaddevankote, Chamarajanagar and Nanjangud taluks, Cowpea and Blackgram in Chamarajanagar Taluk. Transplantation of paddy under channel areas is completed in all parts of the District. Water supply in tanks for irrigational purposes is quite inadequate.

Standing crops.—Such as paddy, ragi, avare, castor, togari, cotton, mulberry and sugarcane are reported to be in need of urgentrains. The standing crops in taluks of Gundlupet, Hunsur, Krishnarajanagar and Periyapatna are withering for want of rain and are not in good condition. It is reported that ragi crop in some parts of Periyapatna Taluk is affected by "Motte Roga." The Agricultural Department is being addressed to take the necessary preventive measures to check its spread. The harvesting of jola is in progress in taluks of Mysore, Chamarajanagar, Yelandur, Gundlupet and Nanjangud Taluks. Ragi in Periyapatna, Heggaddevankote and Hunsur taluks, til in Hunsur and Heggaddevankote taluks, groundnuts in Nanjangud and Heggaddevankote taluks are being harvested.

10. (1) Prospects of the season are however normal but the standing crops are all in need of urgent rains.

(2) The rainfall during the week was scanty in taluks of Mysore, Krishnarajanagar, Gundlupet, Heggaddevankote and T.-Narsipur Taluks and there was no rainfall in the remaining taluks of this District.

(3) Both the cooly and agricultural classes are finding sufficient employments all over the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District. The temporary Relief Government Licensed Depots at Gonahalli, Biligere and Kalkunda in Nanjangud Taluk are continued and adequate quantities of foodgrains are being supplied in view of continued demand for foodgrains owing to failure of jola.

(5) Public health is generally good in all parts of the District except for the prevalence of Plague in a few villages of Nanjangud Taluk and Cholera in one village of this taluk. Necessary preventive remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy in all parts of the District. Sufficient quantities of fodder and water are available all over the District except in Periyapatna Taluk where there is difficulty for drinking water.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is going on under Nala and certain tank atchkats. Sugarcane is being harvested in Maddur Taluk. The crops of paddy, ragi, jola and sugarcane are reported to be withering for want of rains in Krishnarajpet and Nagamangala Taluks.

The standing crops of sugarcane in Visvesvaraya Canal area and paddy under Nala and certain tank atchkats are reported to be in good condition. Harvest of gidda ragi and jola has commenced in Krishnarajapet Taluk.

10. Prospects of the season are reported to be fair in all taluks except at Krishnarajpet and Nagamangala taluks. Rains are urgently required for the standing crops. The Krishnarajasagar water level has not come up to expected level and this has been causing anxiety in the minds of the paddy and cane growers at the tail end of the Nala atchkats.

11. Cattle are reported to be generally healthy, fodder and water are available in sufficient quantities except in Krishnarajapet Taluk where the scarcity of fodder and water is felt in dry areas to a little extent.

HASSAN.

8. Markets are fairly well supplied.

9. Horsegram is being sown in the Alur and Channapatna Taluks. Giddaragi is being reaped in parts of Hassan and Alur Taluks. Transplantation of paddy seedlings is still going on in the Manjarabad Taluk and that of ragi in the Chennarayapatna Taluk. The standing crops of paddy, ragi, avare, thogari, horsegram, groundnut and sugarcane are fairly good and are badly in need of rains. The paddy transplanted under tank fed areas in the Hassan Taluk and the standing crops of paddy and ragi in the Belur Taluk are reported to be withering. Sowing of Horsegram and transplantation of ragi is held up in Arsikere Taluk for want of rains.

10. Public health is generally good except for Plague at Biccode in the Belur Taluk and Diarrhœa at Bidarakka in the Hole-Narsipur Taluk for which preventive measures have been adopted. Rainfall is reported at Devarayapatna in the Hassan Taluk.

11. Cattle are generally healthy. Pasture, fodder and water are available except in Arsikere Taluk and parts of Hassan, Belur, Chennarayapatna and Hole-Narsipur Taluks where fodder is brought from outside.

SHIMOGA.

8. Markets are adequately supplied except Jola and Ragi in Shikaripur Taluk.

9. Sowing of Horsegram is going on in Shikaripur Taluk. Standing crops require heavy rains. There was absolutely no rainfall in Shimoga, Honnali, and Sorab Taluks. In general the rainfall was very insufficient in the whole District. Transplantation of paddy is almost complete in all parts of the District. Owing to inadequate rainfall agricultural operations are delayed in Channagiri Taluk. Seede Roga which was reported last week at Honnali Taluk has subsided.

10. The prospects of the season are far from bright as the rainfall during the week was very scanty in the whole District. The ryots are feeling great anxiety in view of the adverse conditions prevailing especially in certain parts of Channagiri and Honnali Taluks. Crops are reported to be withering in Honnali Taluk. Relief works are going on ahead in Honnali and Channagiri Taluks and supply of Foodgrains is satisfactorily made both in Government and Multi-purpose Co-operative Societies.

11. Cattle are generally reported to be healthy all over the District. Galaleroga reported to be prevailing last week in Channagiri Taluk, is being brought under control. Non-essential cattle are continued to be sent to State Forests both in Honnali and Channagiri Taluks. Supply of Hay to these taluks has been arranged from Mandya.

CHIKMAGALUR.

8. Markets were fairly well supplied. The flow of controlled foodgrains in the open market was much less in some taluks and in some taluks, there was no supply at all. Consequently to the off-take in the Government Depots is on the increase. The prices of the controlled foodgrains in the open market were as follows:—

I variety of rice		$1\frac{1}{4}$ to $1\frac{1}{2}$ seers a rupee.	
II	Do	$1\frac{1}{2}$ to $1\frac{3}{4}$	Do
Ragi		$3\frac{1}{4}$ to $3\frac{1}{2}$	Do

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, groundnut, til, haraka, greengram, blackgram, tur and jola in Kadur Taluk; paddy, ragi, avare, togari, jola and groundnut in Tarikere Taluk; paddy in other Taluks were the standing crops.

(2) *Seeds sown and transplantation made.*—Transplantation was completed in Mudigere and Koppa Taluks and was in progress in Narasimharajapura Sub-Taluk.

(3) *Crops harvested.*—Til, green and blackgram and groundnut in Kadur and Tarikere Taluks were harvested during the week.

10. Prospects of the season are not bright. There was only an average rainfall of 0·51 as against 35 years' average of 1·54. Standing crops are very badly in need of water. Standing paddy crop in Chikmagalur Taluk was withering for want of rain. There is no water in any of the tanks in Lakya and Amble Hoblis of Chikmagalur Taluk. Desilting of tanks in Kalasapura village of Chikmagalur Taluk, Devanur, Panchanahally and in other 4 centres of Kadur Taluk was taken up for affording relief to the villagers in those distress areas.

11. Public health was generally good during the week. Cattle were generally healthy, except in Kadur Taluk and in Lakya Hobli and part of Amble Hobli of Chikmagalur Taluk where the cattle have become very weak on account of scarcity for fodder. Arrangements have been made for the supply of fodder to these distress areas from Mysore and Mandya Districts and its distribution in the affected area at a subsidised rate of Rs. 60 per ton. Non-essential cattle have been moved to the forests for grazing.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—The standing dry crops of jola, ragi, togari, groundnut, castor, cotton, sesamum, til and avare in the taluks of Chellakere, Molakalmuru, Davangere, Jagalur, Hosadurga and Harihar taluks are withering due to thorough failure of rains. The standing dry crops in Chitaldrug and Holalkere Taluk require some more rains to thrive well. The irrigated ragi, jola and cotton in wet and bagayet lands in Chellakere and Molakalmuru Taluks and sugarcane, groundnut and paddy in the channel areas of Hiriyur Taluk are reported to be fair. The ryots are anxiously waiting for rains. The jola crop in Molakalmuru Taluk is affected with some kind of pests and the Agricultural authorities have taken preventive measures to check its spread.

(*c*) *Harvesting.*—Kapile jola and gidda-ragi in Molakalmuru Taluk; giddaragi in Chellakere Taluk, til in Hosadurga Taluk; Sugarcane in Hiriyur Taluk were harvested.

10. The relief works started in the taluks of Chitaldrug, Hiriyur, Molakalmuru, Davangere, Jagalur, Hosadurga and Harihar are in progress and cooly classes in roundabout villages are getting sufficient work in these works. Proposals to start some more works in the taluks of Molakalmuru and Hiriyur are under consideration. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present. Foodgrain Depots have been opened in some taluks to supply foodgrains to the cooly classes working in these relief works.

11. The cattle are reported to be generally healthy all over the District except for prevalence of "Cattle Disease" in few villages of Jagalur and Hosadurga Taluks. The authorities of the Veterinary Department have taken necessary preventive measures to check the spread of the epidemic.

Fodder scarcity is still reported to be felt in a few villages of Chitaldrug, Holalkere, Molakalmuru, Davangere, Jagalur Hosadurga and Harihar Taluks. The paddy hay received from Mandya District to Chitaldrug, Harihar and Davangere Railheads are being sold to the needy ryots at Re. 0-0-6 per lb. A further consignment of fodder to the remaining taluks is expected during this week. The Deputy Commissioner, Mandya has been requested to make immediate arrangements in the matter.

Water is available all over the District except in a few villages of Chitaldrug, Harihar, Molakalmuru and Davangere Taluks. Action is being taken to deepen the existing wells by silt clearing, etc.

Public health is generally good all over the District except for prevalence of "Small-pox" in a few villages of Hosadurga Taluk and "Cholera" in Mayakonda in Davangere Taluk. All the hotels, cinemas, etc., in Mayakonda Town have been closed for a period of one week to prevent the spread to other places. The authorities of the Health Department are taking necessary preventive measures to check the spread.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Standing sugarcane and paddy crops are good. Ragi, avare, thogari and other minor millets are withering for want of rainfall. Paddy is transplanted in some parts of Nelamangala Taluk.

10. Public health is generally good. Rain is badly required in all taluks for the standing crops.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—Ragi, avare, thogari, same, horsegram, paddy and jola, are withering for want of rains.

(3) *Crops harvested.*—Jola is being harvested in Srinivasapur Taluk.

10. There was no rainfall during the week. Standing crops are withering. Rains are anxiously awaited.

Relief works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to the agriculturists and people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy, but for prevalence of cholera in some parts of Bagepally, Chintamani, Mulbagal and Srinivasapur Taluks. Plague is also prevailing in some parts of Malur Taluk. Preventive measures have been taken to check the spread of the epidemics by the Department of Public Health. Holding of weekly shandies in the infected areas has been prohibited.

TUMKUR

8. Markets were fairly supplied. Foodgrains are being distributed through Government Sales Depots and Multipurpose Societies to the needy people. Rice and ragi are also being sold in open markets and these rates are higher than the controlled rates.

9. *Standing crops.*—Standing crops such as ragi, jola, avare and thogari, etc., are in need of immediate rains throughout the District. Paddy and sugarcane are reported to be good in Kunigal Taluk. Standing crops are reported to be withering in Pavagada, Sira, Koratagere, Tiptur and Chicknaikanahalli Taluks for want of rains.

Crops Harvested.—Harvest of paddy is nearing completion in Kunigal Taluk.

10. *Public health.*—Generally good in all the Taluks.

Condition of cattle.—Cattle are reported to be generally healthy in all the taluks except for the prevalence of "ಹಂದಿರೋಗ" (Handiroga) in a few parts of Gubbi Taluk. Preventive measures have been taken to check the spread of the disease. Scarcity of fodder and water is felt in a few parts of Chicknaikanahalli Taluk. Arrangements have been made for the distribution of hay imported from Mandya District to the several affected areas.

Availability of Labour.—Labour is reported to be available in all the taluks except in Chicknaikanahalli. Distress relief works have also been taken up in Sira, Koratagere, Madhugiri and Pavagada Taluks to provide labour to the cooly classes. Irrigation works under Grow More Food Scheme have been taken up in all the taluks particularly in the affected areas to provide labour to the unemployed ryots to secure permanent irrigation benefits.

MYSORE.

8. It is reported that the markets are normally well supplied in all taluks of the District during the week.

9. *Seeds sown.*—It is reported that the sowing of horsegram, greengram and other pulses is completed in Najangud Taluk. It is reported that transplantation of paddy under tanks in Mysore and Chamarajanagar Taluks is in progress. The water supply in tanks is inadequate for irrigational purposes.

Standing crops.—Such as paddy and sugarcane under channels is fairly good. Standing paddy crops under tanks in Nanjangud, Chamarajanagar and Gundlupet Taluks is drying for want of water supply from tanks. The dry crops such as ragi, jola, castor and other pulses are reported to be withering for want of rains all over the District. It is reported that ragi crop in some parts of Periyapatna Taluk is affected by "Motte Roga." The Agricultural Department is being addressed to take the necessary measures to check its spread. Similarly paddy crop in some parts of Krishnarajanagar Taluk is affected by "Stem borer". The Department of Agriculture are taking necessary preventive measures to check its spread. It is reported that jola is being harvested in the taluks of Mysore, Chamarajanagar and Nanjangud and ragi in Periyapatna and Heggaddevankote.

10. (1) Prospects of the season are normal.

(2) There was no rainfall in any taluks of the District during the week. All the standing crops in all parts of the District are withering and are in need of urgent rains.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District. But relief works are necessary in the draught-stricken parts of the District.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is generally good all over the District except for the prevalence of plague in a few villages of Yelandur Taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available all over the District except in Periyapatna and Gundlupet Taluks where scarcity for drinking water is felt in many parts of the taluks.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is going on both under Nala and certain tank atchkats of the District. The standing crop of the sugarcane in V. C. area and paddy both under nala and certain tank atchkats are reported to be in fair condition. The harvest of gid-ragi and jola is coming to a close. The harvest is reported to be not satisfactory.

10. Prospects of the season are reported to be fair except in Krishnarajpet and Nagamangala Taluks. Rains are urgently required for the standing crops. The Krishnarajasagar water level has not come up to expected level. This has been causing anxiety in the minds of the paddy and cane growers at the tail end of the Nala atchkats. Rains are urgently needed as the standing crops are withering for want of rains.

11. Cattle are reported to be generally healthy; fodder and water are available in sufficient quantities except in the dry areas of Krishnarajapet Taluk and in some parts of Nagamangala Taluk.

HASSAN.

8. Markets are fairly well supplied.

9. Giddarâgi crop has been affected with Kembare Roga in certain parts of Hassan Taluk and the Broadcast Paddy crop in parts of Kasaba and Belgod Hoblis of Manjarabad Taluk with Katteroga. Planting of ragi and horsegram is held up in Chennarayapatna Taluk. Ragi and other standing crops in the Arsikere, paddy and ragi in Belur Taluk and paddy transplanted under a few tanks in Hassan are withering for want of rains. Giddaragi is being reaped in Hassan, Arkalgud and Alur Taluks. Horsegram is being sown in Alur Taluk. The standing crops of paddy, ragi, sugarcane, avare and burli are drying up all over the District and are badly in need of rain.

10. Public health is generally good except for Plague at Bommenahalli in the Belur Taluk, for which preventive measures have been adopted.

11. Cattle are generally healthy except for Cattle Disease at Lakkunda and Sidagalale in Manjarabad and Black-quarter at Bornahalli in Arkalgud and M. Hosahalli, Mavanur and Samdali in Alur Taluk for which preventive measures have been adopted. Pasture, fodder and water are available for immediate relief except in Arsikere and parts of Hassan, Chennarayapatna, Hole-Narsipur and Belur Taluks where fodder is brought from outside. Scarcity of water for cattle is felt in several places.

SHIMOGA.

8. Market adequately supplied but supply of ragi and jola is essential.

537

9. Standing crops generally fair in most parts. There was actually no rainfall in the whole district during the week except for some 20 cents in Channagiri and Hosanagar Taluks. Agricultural operations are delayed on account of insufficiency of rainfall. Crops are withering in the taluk of Honnali, parts of Bhadravati, Chennagiri and Hosanagar Taluks. Prevalence of 'Jatte Hula Roga' is reported from Sorab in border villages and attack of pests at Humcha Hobli in Hosanagar Taulk are reported. The concerned officers have been addressed to take preventive measures.

10. The continuous stoppage of rainfall has made the ryots in some parts lose hope and immediate and heavy rains may improve the situation to a considerable extent. Relief works are going on in Honnali and Channagiri Taluks and rations are being regularly supplied where there are relief works.

11. Cattle were generally reported to be healthy. Prevalence of Small-pox in Nuggehally and Ratfall in Santhebennur of Channagiri Taluk were reported and the District Health Officer was addressed to take preventive measures. Fooder from Srirangapatna were got distributed to Channagiri and Honnali Taluks and temporary wells were sunk for water in parts of Channagiri Taluk.

CHIKMAGALUR.

8. Markets were fairly well supplied. There was very poor supply of controlled foodgrains in the open market in some taluks and in some other taluks foodgrains such as rice, ragi and jola were not at all available in open market. The rates were the same as that of last week. Purchases from Government Depots are on the increase.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, harka and jola in Kadur Taluk; paddy, ragi, avare, togari and jola in Tarikere Taluk; and paddy in other taluks were the standing crops. Dry crops have failed in certain parts of Chikmagalur and Kadur Taluks and paddy crop is withering in other taluks for want of rain. The paddy crop in Mudigere Taluk is reported to have been affected with "Leptispa" disease and considerable damage is caused to the crop. The Assistant Director of Agriculture, Chikmagalur, has been requested to take immediate necessary preventive measures in the matter.

(2) *Seeds sown and transplantation made.*—Nil.

(3) *Crops harvested.*—Nil.

10. Prospects of the season is not good. There was no rainfall at all in most of the taluks and only a few cents in Mudigere and Narasimharajapura Taluks. The standing paddy crop requires incessant rainfall. Otherwise, there will be no prospect of getting even the average crop. The tanks also in maidan taluks have not received the supply of water due to failure of rains.

11. Public health was generally good. Cattle were generally healthy. Arrangements have been made for the supply of hay to the distress areas. Non-essential cattle have been moved to the forests in Tarikere and Chikmagalur Taluks for grazing.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—The standing dry crops of jola, ragi, groundnut, castor, cotton, togari, sesamum and avare in the Taluks of Challakere, Hiriyur, Molakalmuru, Davangere, Jagalur, Hosadurga, Holalkere and Harihar Taluks are withering due to complete failure of rains. The standing dry crops in Chitaldrug Taluk is in urgent need of rains to thrive well. The irrigated ragi, jola and cotton in wet and bagayet lands in Challakere and Molakalmuru Taluks and sugarcane, groundnut and paddy in the channel areas of Hiriyur Taluk are reported to be fair. The ryots are removing the withered crops and are anxiously waiting for rains to sow bilijola.

(*c*) *Harvesting.*—Jola and ragi in bagayet lands in Molakalmuru Taluk, til and groundnut in Hosadurga Taluk, groundnut in Holalkere, giddaragi in Challakere and Sugarcane in Hiriyur Taluk are being harvested.

10. The relief works are in progress in the taluks of Chitaldrug, Hiriyur, Molakalmuru, Davangere, Jagalur, Hosadurga and Harihar Taluks and cooli classes in round about villages are getting sufficient work in these relief works. Proposals to start some more relief works in Molakalmuru Taluk is under consideration. The stock position of foodgrains is satisfactory all over the District and no scarcity is felt at present. Foodgrain Depots have been opened in some of the taluks to supply foodgrains to the cooli classes working in relief works.

11. The cattle are reported to be generally healthy all over the District. Fodder scarcity is reported in all over the District. The paddy hay received from Mandya and Mysore Districts is being sold to the needy ryots in fodder depots at Re. 0-0-6 per lb. A further consignment of fodder to the remaining taluks is yet to be received.

Water is available all over the District except in a few villages of Chitaldrug, Molakalmuru, Davangere and Harihar Taluks. Action is being taken to deepen the existing wells by clearing the silt, etc.

Public health is generally good all over the District except for prevalence of "Small-pox" in a few villages of Challakere and Hosadurga Taluks. The authorities of the Health Department are taking necessary preventive measures to check its spread.

STATEMENT SHOWING THE PRICES CURRENT (RETAIL) OF RICE (2ND SORT), RAGI, HORSEGRAM AND KADALE AT THE SEVERAL TALUK HEADQUARTERS FOR THE 37TH WEEK ENDING SATURDAY, THE 18TH SEPTEMBER 1952.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 16th September 1952.

N. MADHAVA RAO,
Revenue Commissioner.

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 15th July 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, 4TH SEPTEMBER 1952.

A total of 19 attacks with 10 deaths from Plague was returned from 8 villages in 3 taluks in 1 district during the week against 23 attacks with 11 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 44 attacks with 16 deaths and 6 attacks with 2 deaths, respectively.

A total of 23 attacks with 5 deaths from Small-pox were reported from Bangalore City and from the taluks of Challakere, Chintamani, Mandya, Maddur and Srirangapatna.

Forty attacks with 25 deaths from Cholera were reported from Mayakonda Town and from the taluks of Mulbagal, Nanjangud and Srinivasapur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 253 (62 in hospitals) for 6 days representing a calculated death-rate of 19·5 (14·7 excluding hospital deaths) per mille of population (annual basis) as against 14·3 (9·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Typhoid, 31 under Other Fevers, 31 under Dysentery and Diarrhœa, 189 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 48 (15 in hospitals) for 5 days representing a calculated death-rate of 14·1 (9·7 excluding hospital deaths) per mille of population (annual basis) as against 21·0 (14·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Typhoid 2, Other Fevers 9, Dysentery and Diarrhœa 2 and All Other Causes 35. The reported mortality was very low.

There were 36 deaths (6 in hospitals) for 6 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 13·7 (11·4 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered: 3 under Other Fevers, 7 under Dysentery and Diarrhœa and 26 under All Other Causes. The reported mortality was very low.

T. CHANDRASEKHARAIYA,
Director.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Generally well supplied. Supply of foodgrains is insufficient in Dodballapur Taluk.

9. Standing crops are all withering for want of rains. Adverse seasonal conditions are causing anxiety among the agriculturists.

10. Public health is generally good. One death and one attack alleged to be of Cholera is reported in Hagalahalli, Ramanagaram Taluk. Distress relief works are in progress in distress areas of Dodballapur and Kanakapura Taluks.

11. Cattle are healthy. Scarcity of fodder is felt in Hoblis of Sathnur, Uyyamballi, Kodihalli of Kanakapura and Dodballapur Taluks.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Nil.

(2) *Standing crops.*—The dry crops such as ragi, avare, thogari, horsegram and jola, are withering for want of rains.

(3) *Crops harvested.*—Potatoes, onions and garlic are being harvested in some parts of Sidlaghatta Taluk.

10. There was no rainfall during the past two weeks. The Standing crops are withering. People are anxiously waiting for rains.

Relief works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy, but for prevalence of cholera in some parts of Srinivaspur and Chintamani Taluks. Plague is also prevailing in Dodda Iggalur Village, Malur Taluk. Preventive measures have been taken by the Public Health Department. Holding of weekly shandies in the infected areas has been prohibited.

TUMKUR.

8. Markets were fairly supplied. Foodgrains are being distributed through Government Depots and Multipurpose Societies to the needy people. Rice and ragi are also sold in open markets but, their rates are higher than the controlled rates.

The condition of sugarcane and paddy in Kunigal Taluk is reported to be normal. Dry crops such as ragi, jola, avare and thogari, etc., require immediate rains throughout the District and they are reported to be withering in Chicknaikanahalli, Sira, Koratagere, Tiptur and Turuvekere Taluks.

9. Yade ragi is being harvested in some parts of Sira Taluk.

Public health.—Public Health is reported to be generally good in almost all the Taluks, except for the prevalence of Plague in Chicknaikanahalli Taluk and Dysentery in a few parts of Gubbli Taluk. Preventive measures have been taken to check the disease.

Condition of cattle.—The health of the Cattle is reported to be generally good in all the taluks except for the prevalence of Blackquarter in a few parts of Turuvekere Taluk. Action has been taken to check the spread of the epidemic. Scarcity of fodder and water is felt in Chicknaikanahalli, Sira, Tiptur and Madhugiri Taluks. Arrangement is made to get hay from Mandya again.

10. Labour is reported to be available in all the taluks except in a few parts of Chicknaikanahalli Taluk. Relief works have been taken up in the affected areas to provide labour to the unemployed classes. Works under Grow More Food Scheme also are going on in almost all taluks with a view to afford relief.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds sown.*—Sowing of crops is delayed for want of rains all over the District.

Transplantation of paddy under tanks is reported to be in progress still in some parts of Heggaddevankote Taluk.

Standing crops.—Such as paddy and sugarcane in the channel areas are fairly in good condition for the present even there good rains are urgently required to get good yield. The paddy crop under tanks in taluks of Chamarajanagar, Gundlupet and Heggaddevankote is drying on account of inadequacy of water supply in tanks. Transplantation of paddy crop has not been taken up under many tanks in the taluks of Mysore, Chamarajanagar, Gundlupet, Heggaddevankote and Periyapatna owing to inadequate water supply in tanks. The standing dry crops such as ragi, jola, castor, cotton, groundnut and dry paddy are reported to be withering in all parts of the District and are in need of urgent rains.

Crops harvested.—It is reported that ragi is being harvested in Hunsur, Periyapatna and Krishnarajanagar and jola in taluks of Mysore, Gundlupet and Chamarajanagar Taluks and the yield of the crop is very much affected owing to failure of rains.

10. (1) Prospects of the season are deteriorating and causing anxiety amongst ryots and agricultural classes. Rains are urgently required to improve the situation all over the District.

(2) There was no rainfall in any taluks of the District during the week and all the standing dry crops in all parts of the District are withering and are in need of urgent rains.

(3) Both the cooly and agricultural classes are finding sufficient employment in all parts of the District but relief works are necessary in drought-stricken parts of the District and necessary action is being taken to start relief works in affected areas.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is reported to be generally good in all the taluks of the District except for the prevalence of plague in a few villages of Heggaddevankote, Nanjangud and Periyapatna Taluks and ratfall in a few villages of Mysore Taluk. Necessary preventive and remedial measures are being taken to check its spread.

11. Cattle are reported to be generally healthy all over the District except for the prevalence of Blackquarter in one village of Chamarajanagar Taluk. Necessary preventive and remedial measures are being taken to check its spread. Sufficient quantities of fodder are available to cattle all over the District except in Periyapatna Taluk where difficulty for fodder is reported to have been felt to some extent. Water is available both for men and cattle in all taluks of the District except in some parts of Chamarajanagar, Gundlupet, Periyapatna and Krishnarajanagar Taluks where difficulty for drinking water is reported to have been felt both for men and cattle. Necessary action is being taken to provide drinking water facilities by deepening the existing wells from Distress Relief Grants wherever necessary.

MANDYA—Not received.

HASSAN.

8. Markets are fairly well supplied.

9. Horsegram is being sown in Alur Taluk. Giddaragi has been and is being reaped in Hassan and Alur Taluks. Paddy crop in parts of Kasaba and Belgod Hoblis in Manjarabad Taluk has been affected by Katteroga. Ragi

and other standing crops in Arsikere and paddy and ragi in parts of Belur and paddy transplanted under a few tanks in Hassan Taluk are withering for want of rains. The standing crops of paddy, ragi, hurli are drying up all over the District are badly in need of rains.

10. Public health is generally good.

11. Cattle are generally healthy except for H. S. at M. Hosahally, Alur Taluk for which preventive measures have been taken. Pasture, fodder and water are available for immediate needs except in Arsikere and parts of Hassan, Chennarayapatna, Hole-Narsipur and Belur Taluks where paddy is brought from outside. Scarcity of water is felt in several places.

SHIMOGA—Not received.

CHIKMAGALUR.

8. Markets were fairly well supplied. The supply of controlled foodgrains in the open market was the same as in the previous week.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, harka and jola in Kadur Taluk; paddy, ragi, avare, jola and togari in Tarikere Taluk; and paddy in other taluks were the standing crops. Crops are withering in almost all the Taluks for want of rains. The paddy crop in Banakal and Gonibid areas in Mudigere Taluk is affected with the pest called "Leptispa" and Hairy catterpillar and is damaging the crop. The Assistant Director of Agriculture, Chikmagalur, has been requested to take immediate necessary preventive measures in the matter.

(2) *Seeds sown and transplantation made.*—Nil.

(3) *Crops harvested.*—Til, coriander, greengram and groundnut crops were harvested in Kadur and Tarikere Taluks during the week.

10. Prospects of the season is very gloomy. There was absolutely no rainfall at all during the week in any of the taluks. Already the dry crops have failed and the paddy crop is withering and if there is no immediate rain within a week, there is every probability of the complete failure of the expected paddy crop and the scarcity for fodder and water may spread to the other taluks also.

11. Public health was generally good. Cattle were generally healthy. Arrangements for the supply of hay to the distress areas have been made. Relief works started in the distress area are in progress. The Executive Engineer has been requested to start some more relief works in the distress areas.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—The standing dry crops of jola, ragi, groundnut, navane, til, save, castor, cotton, togari, sesamum and avare all over the District are withering due to thorough failure of rains. The irrigated ragi, jola and cotton in wet and bagayet lands, and under Kapile wells in Challakere and Molakalmuru Taluks and sugarcane, groundnut and paddy in the channel areas of Hiriyur Taluk are reported to be fair. The withered crops are being removed and lands are being made ready for sowing of bilijola if rains come in the near future.

(*c*) *Harvesting.*—Til and groundnut in Hosadurga Taluk, jola and ragi in bagayet lands in Molakalmuru Taluk are being harvested.

10. The relief works are in progress in the taluks of Chitaldrug, Holalkere, Hiriyur, Molakalmuru, Davangere, Jagalur, Hosadurga and Harihar; and cooly classes in round about villages are getting sufficient work in these relief works. Proposal to start some more reliefworks in the taluks where there is dearth for sufficient work to the cooly classes are under consideration. The stock position of foodgrains is satisfactory all over the District. Foodgrain Depot for supply of foodgrains to the cooly classes working in relief works, have been opened in some taluks.

11. The cattle are reported to be generally healthy all over the District.

Fodder scarcity has been eased to some extent in the taluks of Chitaldrug and Hosadurga. Paddy hay received from Mandya and Mysore Districts are being sold to the needy ryots in Government fodder depots at Re. 0-0-6 per lb. Action is being taken to get fodder to the scarcity areas.

Water is available all over the District except in a few villages of Chitaldrug, Molakalmuru, Davangere and Harihar Taluks. Action is being taken to deepen the existing wells.

Public health is generally good all over the District.

BANGALORE,
Dated 15th *September* 1952.

N. V. SIDDALINGAPPA,
For *Director*.

4607

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, SEPTEMBER 11, 1952.

A total of 29 attacks with 15 deaths from Plague was returned from 5 villages in 5 taluks in 4 districts during the week against 19 attacks with 10 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 91 attacks with 45 deaths and 5 attacks with 2 deaths, respectively.

A total of 10 attacks with 2 deaths from Small-pox were reported from the Cities of Bangalore and Kolar Gold Fields and from the taluks of Mandya, Maddur and Sorab.

Thirteen attacks with 6 deaths from Cholera were reported from taluks of Chintamani and Srinivasapur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Mysore City was 23 (11 in hospitals) for 5 days, representing a calculated death-rate of 6·7 (3·5 excluding hospital deaths) per mille of population (annual basis) as against 18·9 (10·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Typhoid 1, Other Fevers 3, Dysentery and Diarrhœa 2, and All Other Causes 17. The reported mortality was very low.

There were 37 deaths (5 in hospitals) for 7 days from all causes in Kolar Gold Fields equivalent to a calculated death-rate of 12·0 (10·4 excluding hospital deaths) per mille of population (annual basis) as against 14·2 (12·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Malaria, 5 under Other Fevers, 4 under Dysentery and Diarrhœa, 26 under All Other Causes. The reported mortality was very low.

Reports were not received from Bangalore Corporation.

4598 T. CHANDRASEKHARAIYA, *Director.*

DEPARTMENT OF ANIMAL HUSBANDRY IN MYSORE, BANGALORE.

Notification dated 22nd September 1952.

(HEALTH OF LIVE-STOCK DURING AUGUST 1952).

In their order of severity, outbreaks of Black-quarter, Hæmorrhagic septicæmia, Anthrax, Ranikhet, Contagious-Goat Pleuropneumonia Sheep-pox, Gastro-enteritis and Foot and Mouth, were encountered in the State during August 1952. Altogether 141 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 191 villages during the previous month. The number of outbreaks was highest in Shimoga, Bangalore and Hassan Districts, while Chikmagalur, Tumkur and Mandya Districts were least affected. These diseases accounted for 474 attacks, of which 417 succumbed. The departmental staff conducted 23,378 preventive inoculations and vaccinations against all the above diseases, except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

During the month the State was free from Rinderpest. As a prophylactic measure the staff of the department have protected 935 cattle in four villages of Devanahalli Taluk.

Diseases caused by internal parasites were reported from 123 villages accounting for 34 deaths, as against 124 villages accounting for 24 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 9,008 animals, as against 8,719 animals during the previous month.

Due to failure of rains, scarcity of fodder was keenly felt in Kolar, Tumkur, Chitaldrug, parts of Hassan, Chikmagalur and Shimoga Districts. One thousand one hundred and forty-two cattle are reported to have died from starvation. Fodder depots have been opened in all the affected areas and adequate quantities of paddy straw are reported to have been made available in these depots from Mandya District. Government have also thrown open all the Forests and about 27,000 acres of Amrith Mahal Kaval lands in different parts of the State. The villagers in the distress areas are being advised to move their non-essential cattle into the jungle areas and Amrith Mahal Kavals.

P. M. NARAINSWAMY NAIDU,
4688 *Director.*

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Generally well supplied.

9. The condition of standing crops is better since the recent rains have eased the situation. Some tanks also have received water.

10. Public health is generally good. Cholera was reported in Hagalahalli Village, Ramanagaram Taluk, last week. Preventive measures have been taken by the Health Department. No fresh cases are reported during this week. Distress relief works are in progress in distress areas of Dodballapur and Kanakapur Taluks. Crops in Nandagudi, Sulebele and parts of Hosakote Kasaba Hobli have been affected greatly and relief works are necessary.

11. Cattle are healthy.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.* Nil.

Dry crops such as Ragi, Avare, Thogari, Horsegram and Jola are just reviving on account of latest rains.

Potatoes, onions and garlic are being harvested in some parts of Sidlaghatta Taluk.

10. The rainfall was little in some taluks, moderate to heavy in other taluks. Relief work in Public Works Department, District Board and Village Panchayet, have been taken up to provide labour to people seeking employment. Progress reports of Relief works are being sent separately.

11. People and cattle are reported to be generally healthy throughout the District.

TUMKUR.

8. Markets were well supplied. Rice and Ragi are being sold in open markets at rates higher than the controlled rates.

Standing crops.—Standing crops such as Ragi, Jola, Avare, Paddy and Sugarcane etc., were withering in almost all the taluks for want of rains. The rains so far received are not sufficient for the crops.

Crops Harvested.—Groundnut in Chicknaikanahalli Taluk; Yade Rage in Sira Taluk; Jola and Kadle in Pavagada Taluk are being harvested.

9. *Public health.*—Public Health is reported to be generally good in all the parts of the District.

Condition of cattle.—Cattle are reported to be generally healthy in all the taluks except for the prevalence of scarcity of fodder. Arrangements have been made to get hay from Mandya again.

Availability of labour.—Labour is reported to be generally available in all the taluks. Relief works and works under Grow More Food Scheme have been going on in almost all the taluks to provide relief to the unemployed classes.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds sown.*—It is reported that horsegram is sown in the Taluks of Gundlupet, Chamarajanagar, Heggaddevankote and T.-Narasipur Taluks and Makara jola in T.-Narasipur Taluk.

Standing crops.—Such as paddy and sugarcane under channel areas are fairly in good condition.

The standing paddy crop under a few tanks in Taluks of Gundlupet and Chamarajanagar also may revive as tanks have received small supply of water by recent rains.

The standing dry crops such as ragi, castor, cotton, groundnut and other pulses which were withering for want of rains may improve by recent rains all over the District except in Periyapatna Taluk where the rainfall is being scanty and the crops are still withering for want of rain. It is reported that the standing ragi crop in some parts of Chamarajanagar Taluk is affected by 'Motte Roga' and the Agricultural Department are taking necessary preventive measures to check its spread.

10. *Crops harvested.*—It is reported that jola is being harvested in the Taluks of Krishnarajanagar, Mysore and Gundlupet and it was completed in Chamarajanagar and Yelandur Taluks. Ragi is being harvested in Taluks of Periyapatna, Krishnarajanagar and Heggaddevankote and groundnut in Periyapatna Taluk,

(1) Prospects of the season are likely to improve by recent showers all over the District except in Periyapatna Taluk where the rainfall is very scanty.

(2) There was fairly good rainfall in almost all the taluks of the District except in Periyapatna Taluk where it was scanty. Still more rains are needed to impound water supply in tanks as the tanks have no sufficient supply of water for the purposes of irrigation.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District but relief works are necessary in drought stricken areas of the District and necessary action is being taken to start relief works in the affected parts wherever necessary.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good all over the District.

11. Cattle are reported to be generally healthy in all taluks of the District. Sufficient quantities of water and fodder are available in all parts of the District except in some parts of Chamarajanagar, Gundlupet, Periyapatna and Krishnarajanagar Taluks where difficulty for drinking water is reported to have been felt. Necessary action has been taken to provide drinking water facilities by deepening the existing wells from District Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is going on in Maddur Taluk and sugarcane is being harvested in Maddur Taluk. The standing crops of sugarcane in V. C. Area and paddy both under nala and certain tank atchkats of the District are reported to be in fair condition. The crops of paddy, ragi and sugarcane were reported to be withering owing to scanty rainfall, these crops may improve on account of recent showers.

10. The prospects of the season were not satisfactory but may improve on account of recent rains. Further rains are required for the standing crops.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available except in dry parts of Krishnarajapet Taluk and in some parts of Nagamangala and Pandavapura Taluks.

HASSAN.

8. Markets are fairly supplied.

9. Giddaragi is being reaped in Hassan and Arkalgud Taluks. The situation has improved to a certain extent in parts of Kasaba and Belgod Hoblis in Manjarabad Taluk where the broadcast paddy crop was affected with Katteroga. Doddaragi and paddy under a few tanks in Hassan Taluk has withered away for want of rains. The standing crops of paddy, ragi, sugarcane and other crops are in urgent need of rains.

10. Public health is generally good except for small-pox at Rangenahalli in the Halli Mysore Hobli of Hole-Narsipur Taluk for which preventiv measures have been taken.

11. Cattle are generally healthy except for Cattle disease in parts of Belgod Hobli in the Manjarabad Taluk and Hamorrhagic septicæmia at Bydrahalli in Kasaba Hobli of Hole-Narsipur Taluk. Preventive measures have been taken. Pasture, fodder and water are available for immediate needs except in Arsikere and parts of Hassan,

Chennarayapatna, Hole-Narsipur and Belur Taluks where fodder is brought from outside.

SHIMOGA.

8. Market is well supplied except ragi, and millets in Shikaripur and Thirthahalli Taluks.

9. There was some rainfall during the week in Channagiri, Honnali, Sagar, Hosanagar and Bhadravathi and no rainfall in other taluks as in previous weeks. The rainfall in taluks noted above have instilled some hope among the ryots and the standing crops which were in bad condition are hoped to revive. Still very heavy rains are necessary in all the taluks. Paddy crop is reported to be withering in parts of Bhadravathi, Sorab, Shikaripur, Shimoga, Honnali and Nagar Taluks.

10. The rainfall during the week though very scanty has filled hope among the ryots and it can be hoped that further rains may improve in the taluks where there was rainfall during the week. In other taluks urgent and heavy rains may still improve the situation.

11. Cattle are generally reported to be healthy and the week was free from attack of pests, to cattle. Relief works are going on unhampered in Honnali and Channagiri Taluks. Non esssential cattle are sent to state forest in Honnali and Channagiri Taluks. No difficulty for supply of fodder in any taluks.

CHIKMAGALUR.

8. Markets were fairly well supplied. The supply of controlled foodgrains in the open market was very poor in some taluks and there was no supply at all in other taluks.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, harka and jola in Kadur Taluk; paddy, ragi, avare, jola and togari in Tarikere Taluk; and paddy in other taluks were the standing crops. Crops in all the taluks are withering for want of rain. The recent rainfall in Mudigere has helped the paddy crop to a certain extent.

(2) *Seeds sown and transplantation made.*—Horsegram was sown in Tarikere Taluk during the week.

(3) *Crops harvested.*—Groundnut and coriander crops were harvested during the week under report.

10. Prospects of the season is very gloomy. The standing crops are badly in need of rain. If there is no rain during the coming week at least, there will be complete failure of the expected paddy crop also.

11. Public health was generally good. Cattle were generally healthy. Scarcity for fodder continues in Kadur Taluk and part of Chikmagalur Taluk. Arrangements have been made for the supply of fodder to these distress areas from Mysore and Mandya Districts. Relief works started to ncrease the purchasing power of the people, are in progress.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Nil.

(*b*) *Standing crops.*—Due to the receipt of rains during the week all over the District the standing crops of ragi, jola, navane and cotton in the taluks of Davangere, Jagalur and Hosadurga are showing signs of improvement. The other standing dry crops such as groundnut, navane, jola, til, castor. togari and avare all over the District had withered away due to failure of rains. The conditions of the standing crops may improve if rains come in the near future as the present rainfall is insufficient.

The irrigated ragi and jola in wet and bagayet lands of Chellakere and Molakalmuru taluks and sugarcane and groundnut in the channel areas of Hiriyur taluk are reported to be fair.

(*c*) *Harvesting.*—Groundnut in Hosadurga Taluk and ragi in Molakalmuru Taluk are being harvested.

10. The relief works are in progress and cooly classes are getting sufficient labour in these relief works. Proposals to take up fresh works in villages where there is dearth for work to the cooly classes is engaging attention. Foodgrain depots for issue of foodgrains to the labourers working in relief works have been opened. There is just enough stock of foodgrains for the present.

11. The cattle are reported to be generally healthy all over the District except for prevalence of cattle disease in a few villages of Hosadurga Taluk. The veterinary authorities have taken necessary preventive measures to check its spread.

Fodder scarcity continues. As there has been some rains, it might ease in the course of fortnight. Paddy hay received from Mandya and Mysore Districts are being sold to the needy ryots in fodder depots at six pies per lb. Action is being taken to get fodder to the scarcity areas.

Drinking water is available all over the District except in a few villages of Chitaldrug, Molakalmuru, Davangere and Harihar Taluks. Action is being taken to deepen the existing wells by removing the silt.

Public health is generally good all over the District.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Standing crops such as ragi, paddy, sugarcane are improving on account of recent rains. Transplantation of paddy is in progress in Nelamangala Taluk. Potato is being harvested in Davanhalli Taluk.

10. Public health is generally good.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Horsegram is being sown.

Standing crops.—The condition of standing crops has improved on account of latest showers.

Crops harvested.—Irrigated ragi under wells is being harvested.

10. The rainfall occurred generally in all the Taluks. These rains have revived the growth of crops which were decaying. Relief works in Revenue Department have been suspended. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and also to people seeking employment. Progress reports of Relief Works is being sent separately.

11. People and cattle are reported to be generally healthy.

TUMKUR.

8. Markets were well supplied during the week. Food grains were sold in Government Depots and Multi-purpose Societies.

Standing crops.—The condition of the standing crops such as Ragi, Jola, Avare, Thogari, etc., are reported to be good in all the taluks due to recent rains.

Crops Harvested.—Jola and Korle in Pavagada Taluk is being harvested.

9. *Public health.*—Public Health is reported to be good in all the parts of the District.

Condition of cattle.—Cattle are reported to be generally healthy in all the taluks, water and fodder are reported to be available. The recent rains have relieved. The scarcity for fodder in all the taluks. Hay was also imported from Mandya and distributed in Chicknaikanahalli, Tumkur and Koratagere Taluks.

Availability of labour.—Labour is reported to be available. Relief Works and Grow More Food Works are going on to provide relief to the unemployed classes in the affected taluks.

The crops are revitalised on account of recent heavy rains. The rainfall is much below the average in Madhugiri, Tiptur and Koratagere Taluks. Except the dry crops lost in a small area in Koratagere and Madhugiri Taluks, there will be an yield of 4 to 10 annas crops in the rest of the area.

MYSORE.

8. It is reported that the markets are normally well supplied in all taluks of the District during the week.

9. *Seeds sown.*—It is reported that the sowing of horsegram, coriander and other pulses are in progress in the Taluks of Nanjangud, Gundlupet, Heggaddevankote, Krishnarajanagar, Chamarajanagar and T.-Narsipur.

Standing paddy crops under channels and tanks are reported to be fairly in good condition all over the District. The standing dry crops such as ragi, castor, cotton, groundnut and other pulses which were withering are improving in all parts of the District by recent rains and are generally in good condition.

10. *Crops harvested.*—It is reported that ragi and jola are being harvested in some parts of Krishnarajanagar Taluk.

(1) Prospects of the season which was causing anxiety are improving in all parts of the district by the recent good rains.

(2) There was fairly good rainfall in almost all taluks of the District during the week.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District, but relief works are necessary in draught stricken areas of the District and necessary action is being taken to start Relief Works in the affected parts wherever necessary.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good all over the District.

11. Cattle are reported to be generally healthy in all over the District except for the prevalence of lever fluke for sheeps and goats in one village of Krishnarajanagar Taluk. Necessary preventive and remedial measures are being taken to check its spread. Sufficient quantities of water and fodder are available in all parts of the District except in some parts of Chamarajanagar, Gundlupet and Periyapatna Taluks where difficulty for drinking water is reported to have been felt to some extent. Necessary action has been taken to provide drinking water facilities by deepening the existing wells from the Distress Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is going on in Maddur Taluk The harvest of sugarcane is also being done in Maddur Taluk.

The standing crops of sugarcane in V. C. Area and paddy both under Nala and certain tank atchkats of the District are reported to be in good condition. The dry crops are reported to be improving owing to the recent showers of rain.

10. The prospects of the season are reported to be improving on account of recent rains. Further rains are required for the standing crops. The Krishnaraja Sagar water level 84·67. In-flow 10,089 cusecs records as on 6th October 1952.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available in all the taluks on account of recent rains.

HASSAN.

8. Markets are fairly supplied.

9. Agricultural operations are in progress all over the District. Horsegram, Coriander and Ibbani Jola are being sown in Belur Taluk. The standing crops of Paddy, Doddaragi, Sugarcane and other Kirani crops are in a fair condition. The condition of the standing crops has improved on account of recent showers.

10. Public health is generally good.

11. Cattle are generally healthy. Pasture fodder and water are available. The fodder scarcity has eased to some extent on account of the recent showers.

SHIMOGA.

8. Market supplied adequately.

9. There was good rainfall during the week and such standing crops as had not already withered have improved considerably. The wet crops need more rainfall in the week has instilled hopes among the ryots in view of steady rains. Groundnuts and sove are being harvested in Honnali Taluk. Ragi is being harvested in Sorab Taluk. No pests are reported from anywhere in the district.

10. The rainfall has given succour to the standing crops and the labourers are finding some employment inasmuch as agricultural operations connected with Hingar rains are being started. Tanks also are receiving supply of water. The present effect of the rains has however to be watched before the benefit could be assessed. The want of purchasing power among the rural population continues.

11. Cattle are generally reported to be healthy and are free from diseases. Rainfall during the week has removed pressure on fodder which was found short in Honnali and Channagiri Taluks.

CHIKMAGALUR.

8 Markets were fairly well supplied. The supply of good grains in the open market was the same as in the last week.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy and haraka in Kadur Taluk; paddy, ragi, avare and jola in Tarikere Taluk; and paddy in other taluks were the standing crops. The condition of the standing crops have improved to a little extent owing to good showers during the week under report. It is reported that paddy crop in Koppa Taluk is affected with some pests. The Assistant Director of Agriculture, Chickmagalur has been requested to take immediate preventive measures in the matter.

(2) *Seeds sown, and transplantation made.*—Summer jola, horsegram and coriander in Kadur Taluk and horsegram in Tarikere Taluk were sown.

(3) *Crops harvested.*—The faild crop of Mungar jola was cut in Kadur Taluk and groundnut and coriander was harvested in Tarikere Taluk.

10. Prospects of the season are reported to be very much better than that prevailed in the last week. There were some very good showers in Chikmagalur and Narasimharajapura Taluks and in all other taluks also, there was some rainfall. The tanks also have received some water. Still the standing crops are in need of further rain.

11. Public health was generally good. Cattle were generally healthy. Due to good rainfall, fodder has come up and was avilable for the cattle. Hay received from outside the district was also sold in the distress areas.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Horsegrame, Bilijola and cotton in black soiled lands of Molakalmuru; bilijola, groundnut, navane and kadle in Davangere Taluk, bilijola and horsegram in Jagalur Taluk; bilijola and navane in Hosadurga Taluk; bilijola and cotton in Hiriyur Taluk were sown during the week.

Standing crops.—Due to good showers of rain all over the District the conditions of the standing dry crops such as jola, ragi, navane, horsegram, cotton, togari, sajje, castor and til in the taluks Chitaldrug, Molakalmuru, Holalkere, Davangere, Jagalur and Hosadurga are showing signs of improvement. The irrigated ragi, jola and cotton in wet and bagayet lands of Molakalmuru Taluk, under kapile wells in Challakere Taluk; sugarcane, groundnut and paddy in the channel areas of Hiriyur Taluk are reported to be fair. The standing dry crops in Harihar Taluk have withered due to failure of rains.

Harvesting.—Mungar jola in Chitaldrug Taluk, jola in bagayet lands of Molakalmuru; jola and groundnut in Holalkere Taluk; groundnut in Davangere Taluk and sugarcane in Hiriyur Taluk were harvested during the week.

10. The relief works are in progress and cooly classes are getting sufficient work in these relief works. The seasonal conditions are fair all over the District. The stock position of foodgrains is satisfactory for the present. Foodgrains depots opened for issue of foodgrains to the labourers working in relief works are functioning well.

11. The cattle are reported to be generally healthy all over the District.

Fodder scarcity may ease within the course of a fortnight as there has been good showers of rains all over the District. Paddy hay received from Mandya and Mysore Districts are being sold to the needy ryots in Government fodder depots at six pies per lb.

Drinking water is available all over the District for the present.

Public health is generally good all over the District.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 7th October 1952.

N. MADHAVA RAO,
Revenue Commissioner.

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 15th July 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of "other" cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

FORM FOR RETAIL PRICES.

Fortnightly return of retail prices prevailing at headquarter stations of districts on the last day of the fortnight ending date 31st July 1952.

NOTE.—If any (*e.g.* Ragi, Masur etc.), is not grown in any province it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar, to a particular state may be specified. Prices in seers and chataks (of 80 and 5 tolas respectively) per Rupee unless otherwise stated. When quality is not specified *fair average* quality is implied.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 22nd September 1952.

N. MADHAVA RAO,
Revenue Commissioner.

MANDYA.

8. Well supplied.

9. Transplantation of paddy is going on in Maddur Taluk and sugarcane is being harvested in Maddur Taluk. The standing crops of sugarcane in Visvesvaraya Canal Area and paddy both under nala and certain tank atchkats of the district are reported to be in fair condition. The crops of paddy, ragi and sugarcane are reported to be withering for want of rains in Krishnarajapet, Pandavapura, Nagamangala and Malavalli Taluks.

10. The prospects of the season are reported to be not satisfactory. Rains are urgently needed, as the standing crops are withering for want of rains. The Krishnarajasagar water level has not come up to expected level, this has been causing grave anxiety in the minds of the paddy and cane-growers at the tail end of the nala atchkat.

11. Cattle are reported to be generally healthy. Fodder and water are available except in the dry areas of Krishnarajpet and in some parts of Nagamangala Taluk.

SHIMOGA.

9. Market supplied adequately except ragi and jola in Sorab and Shikaripur Taluks.

9. There was no rainfall during the week and paddy crop is being dried up in parts of Shimoga, Bhadravati, Shikaripur and Honnali borders of Sorab, Chennagiri and Nagar Taluks. Prospects of the season continue to be gloomy and pests in parts of Nagar and affected the paddy crop. The concerne addressed to take preventive measur being harvested in Honnali Taluk.

10. The rainfall during this week b the ryots has been increased and it i than 6,000 acres of land with paddy in of Shikaripur Taluk has been affected view of the failure of rains. Relie progress in Bhadravati, Honnali and Rations are adequately supplied.

11. Cattle are generally reported prevalence of small-pox and rat-fall in Taluk last week is reported to be subsi cattle from Chennagiri and Honnali Ta sent to State Forests. Supply of hay made adequately. Temporary wells we of Chennagiri Taluk where difficul expressed.

MYSORE STATE DEPARTMEN HEALTH.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Standing crops such as ragi, paddy, sugarcane are improving due to recent rains.

10. Public health is good.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Horsegram, Jola and Baragu are being sown.

Standing crops.—The condition of standing crops such as Ragi, Paddy, Avare, Thogari, Same and Groundnut have improved on account of latest rains and the yield expected may be estimated at Re. 0-4-0 to Re. 0-6-0.

Crops harvested.—Nil.

10. Rainfall was moderate in all the Taluks during the week and revived the condition of crops.

Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to the ryots and to other people seeking for employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in some parts of Malur and Bangarapet Taluks. Preventive measures have been taken to check the spread of the epidemic by the Public Health Department.

TUMKUR.

8. Markets were well supplied. Foodgrains were distributed through Government Depots and Multi-purpose Societies.

Standing crops.—Ragi, Jola, Avare, Thogari, Sugarcane and Paddy, etc., are the standing crops and their condition is reported to have improved in almost all the taluks.

Crops Harvested.—Jola and Korle is being harvested in Pavagada Taluk.

9. *Public health.*—Public Health is reported to be generally good throughout the District except for the prevalance of Plague in Navile Village, Chicknaikanahalli Taluk. Action has been taken to check the spread of the epidemic.

Condition of cattle.—The condition of the cattle is reported to be good in all the taluks. Fodder and water are available.

Availability of labour.—Labour is reported to be available throughout the District. Relief works are going on in Gubbi, Koratagere, Sira, Pavagada, Chicknaikanahalli and Madhugiri Taluks. The following table furnishes the number of people employed in relief works in the several taluks.

Gubbi 529, Pavagada 728, Sira 21,877. The other Amildars have not furnished figures under this head.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

Standing crops such as paddy, ragi, groundnut and pulses are improving by r and are reported to be fairly in good condi District.

10. *Crops harvested.*—It is reported t harvested in Taluks of Heggaddevank Ragi in Heggaddevankote Taluk and Chill nut in Periyapatna Taluk.

(1) Prospects of the season are impr District by recent good rains and are presen t.

(2) During the week under report good rainfall in all taluks of the District

(3) Both the cooly and agricultural c sufficient employment all over the Di works are necessary in draught stric District and necessary action is being tak works in the affected parts wherever nec

(4) Sufficient quantities of food available in all parts of the District.

(5) Public health is reported to be over the District except for the provalen few villages of Heggaddevankote, Krishnarajanagar Taluks. Necessary remedial measures are being taken to ch

11. Cattle are reported to be gen over the District. Sufficient quantities are available in all parts of the Distr parts of Chamarajanagar, Gundlupet Taluks where difficulty for drinking wa extent. Necessary action has been drinking water facilities by deepening from Distress Relief Grants wherever n

MANDYA.

8. Well supplied.

9. Sugarcane is being harvested The standing crops of sugarcane in the paddy both under nala and certain tan District are reported to be in good co crops are reported to be improving ow showers of rains.

10. The prospects of the season be fairly good on account of recent rai are required for the standing crops. Sagara water level as on 13th October inflow 12,473 cusecs.

11. Cattle are reported to be Fodder and water are reported to Taluks. It is reported that cholera epid in Kudaragundi village, Maddur taluk ventive measures are reported to have b the spread of the epidemic.

HASSAN.

8. Markets are fairly supplied.

9. Horsegram has been sown in Taluk. The standing crops of paddy cane, avare, thogari, etc., are fair. reaped in Arkalgud Taluk.

10. Public health is generally good, b Cholera were reported from Javagal. Th ment is taking necessary action.

11. Cattle are generally healthy excep septicæmia in Kamathi and Siddapura which preventive measures have been fodder and water are available.

SHIMOGA.

8. Markets are supplied adequately. for supply of ragi, jola and rice in open pur Taluk.

9. There was good rainfall during crops are reviving gradually. Ground Honnali and Ragi in Sorab are bein damage is caused to crops on account o

10. The rainfall has been steady and the standing crops throughout the District are fair. It is reported from Shikarpur Taluk that rains have affected ragi crop. Rain-fed paddy in Bhadravathi and Shimoga Taluks is stated to be a failure, in most cases as rains came too late. On the borders of Anavatti (Sorab Taluk), Paddy crop is reported to have dried up. Most of the standing dry crops in the affected areas of Honnali and Channagiri have also failed to revive as rains came too late.

11. Cattle are reported to be healthy and the week also continued to be free from pests. Pressure on fodder is removed to a great extent on account of steady rains.

CHIKMAGALUR.

8. Markets were fairly well supplied. The supply of food grains in the open market was very poor during the week under report.

9. (1) *Standing crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy and haraka in Kadur Taluk; paddy, ragi, avare and jola in Tarikere Taluk; and paddy in other taluks were the standing crops. The crops have improved owing to good rain during the week. The pest affected to the paddy crop in Koppa Taluk has been brought under control.

(2) *Seeds sown and transplantation.*—Summer jola, bengalgram, horsegram and coriander in Kadur Taluk were sown during the week.

(3) *Crops harvested.*—Coriander and groundnut were harvested in Tarikere Taluk.

10. Prospects of the season are reported to be generally good during the week under report. The paddy crop in makki lands still require further rain.

11. Public health was generally good. Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*— Bilijola and Horsegram in Chitaldrug Taluk, horsegram, bilijola and cotton in black soiled lands of Molakalmuru Taluk, bilijola and cotton in Holalkere Taluk, bilijola and horsegram in Jagalur Taluk; bilijola and navane in Hosadurga Taluk; paddy and cotton in Challakere Taluk; Bilijola in Hiriyur Taluk; bilijola, kadale navane and groundnuts in Davangere Taluk were sown during the week.

(*b*) *Standing crops.*—Due to the good shower of rains the conditions of the standing dry crops such as horsegram, navane, castor, groundnut, til, ragi, jola, cotton, togari and sajje all over the District are showing signs of improvement. The ryots are busily engaged in making their lands ready for sowing. The irrigated ragi and jola under kapile wells and tanks and cotton in wet and bagayet lands of Molakalmuru and Challakere Taluks and sugarcane, groundnut and paddy in the channel areas of Hiriyur Taluk are reported to be fair.

(*c*) *Harvesting.*—Mungar jola and groundnut in Chitaldrug Taluk, jola in bagayet lands of Molakalmuru Taluk, jola and groundnut in Holalkere Taluk, jola in Hosadurga Taluk, groundnut in Davangere Taluk and doddaragi in Challakere Taluk were harvested during the week.

10. Relief works are in progress and cooly classes are getting sufficient work in these relief works and also through works undertaken by the Public Works Department such as construction of roads, tanks etc. The seasonal conditions are improving all over the District. There is just enough stock of foodgrains in Government Depots for the present. Foodgrains Depots opened for supply of foodgrains to the labourers working in relief works are functioning well. Some of the tanks in the District have received two to four months water due to recent rains.

11. The cattle are reported to be generally healthy all over the District.

Fodder scarcity may ease within the course of a fortnight as rains have been received all over the District. Paddy hay received from Mandya and Mysore Districts are being sold to the needy ryots at Re. 0-0-6 per lb.

Drinking water is available all over the District

Public health is generally good all over the District.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, OCTOBER 3, 1952.

A total of 2 attacks with nil death from Plague was returned from 1 village in 1 taluk in 1 district during the week against 7 attacks with 4 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 21 attacks with 10 deaths and 19 attacks with 13 deaths, respectively.

A total of 17 attacks with 3 deaths from Small-pox were reported from the taluks of Goribidanur and Maddur.

Twenty-six attacks with 12 deaths from Cholera were reported from Bangalore City and Arsikere Town and from the taluks of Arsikere, Krishnarajanagar, Mulbagal and Ramanagaram.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 208 (53 in hospitals) for 7 days representing a calculated death-rate of 13·7 (10·2 excluding hospital deaths) per mille of population (annual basis) as against 12·6 (9·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Malaria, 1 under Typhoid, 29 under Other Fevers, 23 under Dysentery and Diarrhœa, and 153 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 30 (9 in hospitals) for 7 days representing a calculated death-rate of 6·3 (4·4 excluding hospital deaths) per mille of population (annual basis) as against 26·8 (22·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 4, Dysentery and Diarrhœa 1 and All Other Causes 25. The reported mortality was very low.

There were 22 deaths (10 in hospitals) for 7 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 7·1 (3·9 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered: 1 under Other Fevers, 16 under Dysentery and Diarrhœa and 5 under All Other Causes. The reported mortality was very low.

5023

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, OCTOBER 9, 1952.

A total of 15 attacks with 5 deaths from Plague was returned from 5 villages in 4 taluks in 4 districts during the week against 2 attacks with nil deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 16 attacks with 9 deaths and 20 attacks with 13 deaths, respectively.

A total of 12 attacks with 2 deaths from Small-pox were reported from Bangalore City and Kadur Town and from the taluks of Bhadravati and Channagiri.

Sixty-nine attacks with 31 deaths from Cholera were reported from the Taluks of Arsikere, Bangarpet, Kolar, Krishnarajanagar, Mulbagal and Maddur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 216 (54 in hospitals) for 5 days representing a calculated death-rate of 20·0 (15·0 excluding hospital deaths) per mille of population (annual basis) as against 12·9 (9·8 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Malaria, 34 under Other Fevers, 21 under Dysentery and Diarrhœa and 160 under All Other Causes. The reported mortality was low.

The total mortality for Mysore City was 65 (26 in hospitals) for 7 days representing a calculated death-rate of 13·6 (8·2 excluding hospital deaths) per mille of population (annual basis) as against 11·2 (6·3 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 7, Dysentery and Diarrhœa 4 and All Other Causes 54. The reported mortality was very low.

There were 37 deaths (8 in hospitals) for 6 days from All causes in Kolar Gold Fields City equivalent to a calculated death-rate of 14·1 (11·0 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered 2 under Malaria, 5 under Other Fevers, 2 under Dysentery and Diarrhœa and 28 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Standing crops such as paddy, ragi, jola and sugarcane kulthi are in good condition.

10. Public health is good.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8 Moderately supplied.

9. *Seeds Sown.*—Horsegram, is being sown.

Standing Crops.—The condition of standing crops such as ragi, paddy, avare, thogari, jola, same and groundnut has improved due to latest showers.

Crops Harvested.—Same is being harvested in Mulbagal taluk.

10. Rainfall was good in all the taluks except Kolar. It has revived the condition of crops. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in villages of Bangarpet Taluk; congregation at shandies, eating houses and in cinemas have been stopped to check the spread of the epidemic. People in the affected villages are being inoculated by the Health Department.

TUMKUR.

8. Markets were well supplied. Foodgrains were distributed through Government Depots and Multi-purpose Societies.

Standing Crops.—Such as ragi, avare, thogari, paddy, and sugarcane, etc., are reported to be in good condition in all the taluks except Madhugiri where it is reported that there is no prospects of any appreciable yield from the standing dry crops on account of continuous failure of rains during the previous months.

Crops Harvested.—Ragi, jola, korle and groundnut are being harvested in Pavagada Taluk.

9. *Public Health.*—Public Health is reported to be generally good throughout the District.

Condition of Cattle.—The cattle are reported to be healthy in all the taluks. Fodder and water are available.

Availability of Labour.—Labour is available in all the Taluks. Relief works are going on in almost all the Taluks either under Distress Relief or G.M.F. Scheme.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that pulses have been sown in Taluks of Gundlupet and Chamarajanagar and ragi and coriander in Gundlupet Taluk.

Standing paddy crop under channel area is reported to be in fairly good condition. As tanks have received a small supply of water by recent rains the paddy crop under tanks in taluks of Gundlupet, Chamarajanagar, Nanjangud and Heggaddevankote is also improving and is in good condition. The standing dry crops such as ragi, castor, cotton and pulses in all taluks of the District are improving by recent rains and are in good condition for the present. It is reported that the standing paddy in some parts of Chamarajanagar Taluk is affected by a pest of case worms. Agricultural Department are taking necessary preventive and remedial measures to check its spread.

10. *Crops Harvested.*—It is reported that groundnut is being harvested in taluks of Heggaddevankote and Periyapatna and chillies in Periyapatna Taluk.

1. Prospects of the season are normal.

2. There was fairly good rainfall in all the taluks of the District during the week.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District but relief works are necessary in draught stricken areas of the District and necessary action is being taken to start relief works in the affected parts wherever necessary.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good all over the District except for the prevalence of Plague in a few villages of Nanjangud and Mysore Taluks. Necessary preventive and remedial measures are being taken by the Health Department to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District except in some parts of Chamarajanagar, Gundlupet Periyapatna and Hunsur Taluks where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells from Distress Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. Sugarcane is being harvested in Maddur Taluk. The standing crops of sugarcane in Visvesvaraya Canal area and paddy both under nala and certain tank atchkats of the District are reported to be in fair condition. The dry crops are also reported to be good in all Taluks except in Maddur Taluk.

10. The prospects of the season are reported to be fairly good on account of the recent rains. Further rains are needed for the standing crops. The Krishnarajasagara lake level as on 20th October 1952 was 102·00 feet and inflow 4,268 cusecs.

11. Cattle are reported to be generally healthy and fodder and water available in all the Taluks. It is reported that cholera was prevalent in Kudaragundi in Maddur Taluk and Kudagabalu Village, Nagamangala Taluk. The District Health Officer, Mandya, has been addressed to take immediate preventive and precautionary measures to check the spread of the epidemic.

HASSAN.

8. Markets are fairly supplied.

9. Reaping of giddaragi is completed in Arkalgud and Hole-Narsipur Taluks. The standing crops of paddy, doddaragi, sugarcane, avare, thogari, etc., are fair.

10. Public health is generally good, except for prevalence of Cholera in Javagal of Arsikere Taluk and in some parts of Halebid in Belur Taluk for which necessary preventive action has been taken by the Health Department.

11. Cattle are generally healthy except for Blackquarter at Singatagere and Kodagihalli in Alur Taluk for which preventive measures have been taken. Pasture, fodder and water are available.

SHIMOGA.

8. Market supplied adequately. Difficulty is felt in getting millets and ragi in open market, but after recent rains, small quantities of millets are coming in.

9. There was sufficient rainfall in all the taluks except in Sorab during the week. More rains are necessary for wet crops in Shikaripur and Sorab Taluks. Ragi in Sorab Taluk is being harvested. No damage is caused for dry crops though some damage is reported in respect of dry crops in Shikaripur Taluk on account of incessant rains. Paddy pest is reported from parts of Thirthahalli Taluk and the Agriculture Department has been addressed.

10. Standing crops throughout the District are fair except where it is already dried up. Rainfed paddy in parts of Bhadravathi and Shimoga is stated to be a failure due to failure of rains. On the border villages of Anavatti (Sorab Taluk) paddy is reported to have dried up even prior to arrival of recent rains and have not improved materially on account of them.

11. Cattle are generally reported to be healthy and the week continued to be free from pests. Small-pox is reported from Beedugondanahalli (Channagiri Taluk) and the District Health Officer has addressed the concerned officials to take up the necessary precautions. There is no pressure on fodder on account of steady rains.

CHIKMAGALUR.

8. Markets were fairly well supplied. The supply of controlled foodgrains such as rice and ragi was better than that of previous week.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy and haraka in Kadur Taluk; paddy, ragi, avare and jola in Tarikere Taluk and paddy in other taluks were the standing crops. Paddy crops require further rain.

(2) *Seeds Sown and Transplantation.*—Summer jola, bengalgram, horsegram and coriander were sown in Kadur Taluk during the week.

(3) *Crops Harvested.*—Coriander and groundnut were harvested in Tarikere Taluk.

10. Prospects of the season are reported to be generally good during the week. The paddy crop in makki lands is in need of further rain.

11. Public health was generally good. Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Bilijola in Chitaldrug Taluk; bilijola and cotton in Hiriyur Taluk; bilijola navane, and cotton in Holalkere Taluk; bilijola and bengalgram in Jagalur Taluk and bilijola and navane and horsegram in Hosadurga Taluk were sown during the week.

(*b*) *Standing Crops.*—Due to the good shower of rains during the week the standing dry crops of ragi, jola, horsegram, cotton, navane, sajje, castor, til, groundnut, and togari all over the District have improved. Irrigated ragi, jola and cotton in wet and bagayet lands of Molakalmuru Taluk and under Kapile wells, in Challakere Taluk; and sugarcane, paddy and groundnut in channel areas of Hiriyur Taluk, were reported to be fair.

(*c*) *Harvesting.*—Mungar jola and groundnut in Chitaldrug Taluk and jola and groundnut in Holalkere Taluk were harvested during the week.

10. Relief works are in progress all over the district and cooly classes are getting sufficient work in these relief works and also through works undertaken by Public Works Department such as construction and repairs, to tanks, bridges, etc. There is just enough stock of foodgrains for the present. Foodgrains depots opened for issue of foodgrains to the labourers working in relief works are functioning well. Some of the tanks have received two to four months water due to recent rains.

11. The cattle are reported to be generally healthy all over the District.

Fodder scarcity may ease as good showers of rains have been received all over the District. Paddy hay received from Mandya and Mysore Districts are being sold to the needy ryots in Government depots at Re. 0-0-6 per lb.

Drinking water is available all over the District.

Public health is generally good all over the District.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 21st October 1952.

N. MADHAVA RAO,
Revenue Commissioner

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 31st August 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

FORM FOR RETAIL PRICES.

Fortnightly return of retail prices prevailing at headquarter stations of districts on the last day of the fortnight ending date 31st August 1952.

NOTE.—If any (*e.g.* Ragi, Masur etc.), is not grown in any province it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar, to a particular state may be specified. Prices in seers and chataks (of 80 and 5 tolas respectively) per Rupee unless otherwise stated. When quality is not specified *fair average* quality is implied.

BANGALORE,
Dated 9—15th October 1952.

N. V. SIDDALINGAPPA,
For *Director*.

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDRY IN MYSORE, BANGALORE.

Notification dated 15th October 1952.

(HEALTH OF LIVE-STOCK DURING SEPTEMBER 1952).

In their order of severity, outbreaks of Rinderpest, Hæmorrhagic septicæmia, Black-quarter, Anthrax, Gastro-enteritis, Sheep-pox, Foot and Mouth, Ranikhet, Rabies and Contagious-Goat, Pleuro pneumonia were encountered in the State during September 1952. Altogether 167 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 146 villages during the previous month. The number of out-breaks was highest in Shimoga, Hassan and Bangalore Districts, while Mandya, Chikmagalur and Tumkur Districts were least affected. These diseases accounted for 679 attacks, of which 572 succumbed. The departmental staff conducted 26,827 preventive inoculations and vaccinations against all the above diseases, except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Three outbreaks of Rinderpest were registered in Bagepalli Taluk accounting for 19 attacks among cattle, of which 6 succumbed. Prompt measures of control were undertaken by the department to check its spread and 341 cattle in the infected villages and 495 cattle in four neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 118 villages accounting for 41 deaths, as against 123 villages accounting for 34 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 7,487 animals, as against 9,008 animals during the previous month.

Due to failure of rains, scarcity of drinking water and fodder was continued to be felt in Kolar, Tumkur, Chitaldrug and parts of Hassan, Chikmagalur Shimoga and Bangalore Districts, as a result of which 2,443 cattle are reported to have died from starvation. Fodder continued to be supplied to all the depots opened in the affected areas from Mandya District. The villagers in the distress areas have moved their non-essential cattle into the jungle areas and Amrith Mahal Kavals that are thrown open for free grazing and the staff of the department is keeping necessary vigilance on the large gatherings of cattle for controlling any outbreaks that may be evidenced among them with a view to preventing serious losses to livestock therefrom.

P. M. NARAINSWAMY NAIDU,
Director.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Standing crops such as ragi, jola, paddy, sugarcane are in good condition. Transplantation of paddy is nearing completion in Nelamangala Taluk and it is going on in Dodballapur Taluk. Groundnut is harvesed in Dodballapur Taluk.

10. Seasonal prospects are hopeful. Public health is good.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds Sown.*—Irrigated ragi and jola are being sown in some places.

(2) *Standing Crops.*—Standing crops such as ragi, avare, thogari, horsegram, paddy, are reported to be fair at present.

(3) *Crops Harvested.*—Jola and same are being harvested.

10. The recent rainfall has improved the condition of standing crops. With one or two showers ragi crop will mature. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy but for prevalence of Plague in Dodda Iggalur of Malur Taluk. Preventive measures have been taken to check the spread of the epidemic by the Public Health Department.

TUMKUR.

8. Markets were well supplied. Foodgrains were distributed through Government Depots and Multi-purpose Societies.

Standing Crops.—Such as ragi, jola, avare, thogari, paddy, and sugarcane, etc., are reported to be in good condition except in Tiptur Taluk where ragi crop is attacked by a certain kind of worm in some parts. The standing crops require some more rains in all the taluks.

Crops Harvested.—Ragi, jola and korle are being harvested in Pavagada Taluk.

9. *Public Health.*—Public Health is reported to be generally good throughout the District.

Condition of Cattle.—The cattle are reported to be generally healthy in all the taluks. Water and fodder are reported to be available.

Availability of Labour.—Labour is available in all the taluks on account of agricultural operations and Distress Relief and Grow More Food Works.

MYSORE.

It is reported that the markets are normally well supplied in all parts of the District during the week.

Seeds Sown.—It is reported that pulses have been sown in Taluks of Mysore, Chamarajanagar, Heggadadevankote; and coriander in taluks of Chamarajanagar, Gundlupet and jola in Gundlupet and Yelandur and bengalgram in Gundlupet Taluk.

Condition of standing crops.—Standing paddy crops in canal areas is reported to be in fairly good condition. They have received small supply of water by recent rains. Standing paddy crop under rainfed tanks in taluks of Chamarajanagar, Gundlupet, Heggaddevankote and Nanjangud is also improving and is in good condition. The standing dry crops such as ragi, cotton, castor, groundnut, mulberry and pulses are all improving by recent rains and are in good condition. It is reported that the standing crop—horsegram in some parts of Chamarajanagar Taluk is affected by a pest known as Thrips. Necessary preventive and remedial measures are being taken by the Department of Agriculture to check its spread.

10. *Crops Harvested.*—It is reported that kar ragi and jola is being harvested in some parts of Krishnarajanagar Taluk and chillies and groundnut in Periyapatna Taluk and groundnut in Heggaddevankote Taluk.

(1) Prospects of the season are hopeful.

(2) There was fairly good rainfall in all the taluks of the District during the week.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District. But relief works are necessary in draught-stricken areas of the District and necessary action is being taken to start relief works in the affected parts wherever necessary.

(4) Sufficient quantities of foodgrains are made available in all over the District.

(5) Public health is reported to be generally good in all taluks of the District except for the prevalence of Plague in a few villages of Nanjangud and Hunsur Taluks. Necessary preventive and remedial measures are being taken by the Health Department to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all Taluks of the District except in some parts of Chamarajanagar, Hunsur, Heggadadevankote, Periyapatna and Gundlupet Taluks where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells from Distress Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. Sugarcane is being harvested in Mandya, Pandavapura and Maddur Taluks. The standing crops of sugarcane in Visvesvaraya Canal area and paddy both under nala and certain tank atchkats of the District are reported to be in fair condition. The dry crops are also reported to be good in all Taluks except in Maddur Taluk.

10. The prospects of the season are reported to be fairly good. Further rains are required for the standing crops. The Krishnarajasagara lake level as on 27th October 1952 was 94·40 feet and inflow was 2,217 cusecs. As a result of letting out agreed quantity of water to Madras Government the water level in Krishnarajasagar lakes has gone down, and again the anxiety prevails in the minds of cane and paddy growers.

11. Cattle are reported to be generally healthy. Fodder and water are available in all the Taluks.

HASSAN.

8. Markets are fairly supplied.

9. Ibbani jola is being sown in Hole-Narsipur Taluk. The standing crops of paddy, doddaragi, sugarcane, avare, thogari are fair throughout the District except in Arkalgud where condition of paddy in the tank-fed areas and makki fields is unsatisfactory.

10. Public health is generally good, except for outbreak of plague at Hole-Narsipur Town. Action has been taken by the Health Department for preventing the spread of disease.

11. Cattle are generally healthy except for Rinderpest and Hæmorrhagic septicæmia at Alur, Bochavalli and Morasukoppal for which preventive measures have been taken.

Pasture, fodder and water are available.

SHIMOGA.

8. Market supplied adequately. Difficulty is felt in getting millets in open market.

9. There was a little rainfall during the week in all the taluks except Shimoga, Honnali, Shikaripur and Thirthahally. More rains are needed for paddy in Shikaripur

582

Taluk. Harvesting of ragi and jola in Channagiri; ragi and paddy in parts of Sorab Taluk is going on. Harvesting of paddy is reported to have commenced in Bhadravati and Shikaripur Taluks on a small scale.

10. Standing crops throughout the District are fair except where they had already dried up. Rainfed paddy in Bhadravathi and on the borders of Anavatti (Sorab Taluk) is reported to have dried up even before the arrival of recent rains.

11. Cattle are generally reported to be healthy in all the taluks except for the prevalence of anthrax in Nadakuppige Village (Sagar Taluk) and new type of cattle disease in Malali and Nagodi Villages of Hosanagar Taluk, resulting in a few deaths. The Veterinary Department has undertaken preventive measures. There is no pressure on fodder.

CHIKMAGALUR.

8. Markets were fairly well supplied. Rice was available in the open market. The first variety of rice was sold at 1¼ seers to 1½ seers a rupee and the second variety at 1½ seers per rupee.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy, ragi, haraka and save in Kadur Taluk; paddy, ragi, avare and jola in Tarikere Taluk; and paddy in other taluks were the standing crops. The rainfall is insufficient for paddy crop in maidan taluks. Paddy crop is withering in Tarikere Taluk for want of rain.

(2) *Seeds Sown and Transplantation made.*—Coriander in Chikmagalur Taluk; summer jola, horsegram, and coriander in Kadur Taluk, were sown during the week under report.

(3) *Crops Harvested.*—Coriander and groundnut were harvested in Tarikere Taluk.

10. Prospects of the season are reported to be generally good. More showers are required for the standing crops.

11. Public health was generally good. Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Bilijola and bengalgram in Chitaldrug Taluk; paddy in Chellakere Taluk; horsegram and bilijoga in Molakalmuru Taluk; bilijola and bengalgram in Jagalur Taluk; bilijola and navane in Hosadurga Taluk; bilijola in Harihar Taluk; bilijola and cotton in Hiriyur Taluk; bilijola and navane in Holalkere Taluk and bilijola, navane and bengalgram in Davangere Taluk, were sown during the week.

(*b*) *Standing Crops.*—The standing crops of ragi, jola, cotton, horsegram, navane, castor, groundnut, bajra, paddy, save, togari, and til in the taluks of Chitaldrug, Chellakere, Hosadurga, Jagalur and Molakalmuru are reported to be thriving well. The crops in Hiriyur, Holalkere, Davangere and Harihar Taluks have greatly improved. The irrigated ragi, jola and cotton in wet and bagayet lands of Challakere and Molakalmuru Taluks and sugarcane, paddy and groundnut in channel areas of Hiriyur Taluk, are also reported to be fair.

(*c*) *Harvesting.*—Jola in Chitaldrug Taluk and doddaragi in Challakere Taluk were harvested.

10. Relief works are in progress. Cooly classes are getting sufficient work in the relief works and also in works undertaken by the Public Works Department. The seasonal conditions are improving all over the District. There is just enough stock of foodgrains for the present. The foodgrain depots opened in places where relief works are under execution are functioning well. Most of the tanks have received adequate water supply.

11. The cattle are reported to be generally healthy all over the District. Fodder scarcity may ease within the course of a fortnight as seasonal conditions have improved. Paddy hay received from Mandya and Mysore Districts are being sold in fodder depots at Re. 0-0-6 per lb.

Drinking water is available all over the District.

Public health is generally good all over the District.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Standing crops such as ragi, paddy, sugarcane are in good condition. Groundnut and sweet potatoes harvested in Dodballapur Taluk. Paddy Transplanted under some tanks in Dodballapur Taluk. Standing crops require immediate rains.

10. Public health is good.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds Sown.*—Paddy and jola are being sown in Bagepally Taluk.

(2) *Standing Crops.*—The standing crops such as ragi, avare, thogari, horsegram, jola and groundnut require one or two showers to mature.

(3) *Crops Harvested.*—Same is being harvested in some places.

10. There was no rainfall during the week. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy but for prevalence of cholera in some parts of Mulbagal and Bangarpet Taluks. Plague is prevailing in Manisettihalli, Malur Taluk. Rinderpest to cattle is also prevailing in Bagepalli Taluk.

Preventive measures have been taken to check the spread of the epidemics by the Public Health Department.

TUMKUR.

8. Markets were well supplied.

Standing Crops.—The condition of the standing crops such as ragi, avare, thogari, paddy, and sugarcane, etc., are reported to be generally good throughout the District. The standing crops are in need of rains in all the taluks. Ragi crop is attacked by a certain kind of worm in some parts of Tiptur Taluk.

Crops Harvested.—Jola, korle and groundnut in Pavagada Taluk.

9. *Public Health.*—Public Health is reported to be generally good.

Condition of Cattle.—The cattle are reported to be generally healthy in all the taluks. Water and fodder are available.

Availability of Labour.—Labour is available in all the Taluks on account of agricultural operations and Distress Relief and Grow More Food Works.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—It is reported that pulses have been sown in the Taluks of Hunsur, Periyapatna and Gundlupet; Ibbani jola in Gundlupet and Yelandur Taluks; and Coriander in Gundlupet and Periyapatna Taluks.

Standing crops.—Such as Paddy, Ragi, Castor, Cotton, Groundnut, Tobacco, Sugarcane, Mulberry, Togari and other pulses are reported to be generally in good condition all over the District.

Crops Harvested.—It is reported that chillies are being harvested in Periyapatna and Hunsur Taluks and Groundnut in Periyapatna and Gundlupet Taluks.

10. (1) Prospects of the season are hopeful.

(2) During the week under report there was fairly good rainfall in the taluks of Gundlupet and Krishnarajanagar and it was scanty in Periyapatna Taluk and there was no rainfall in the remaining taluks of the District.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District but relief works are necessary in drought sticken areas of the District and necessary action is being taken to start relief works in the affected parts wherever necessary.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good in all taluks of the District except for the prevalence of Plague in a few villages of Nanjangud and Hunsur Taluks. Necessary preventive and remedial measures are being taken by the Health Department to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District except in Taluks of Hunsur, Periyapatna, Gundlupet, Chamarajanagar, and Heggaddevankote Taluks where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells from the District Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. Sugarcane is under harvest in Mandya, Maddur and Pandavapura Taluks. The standing crops of sugarcane in Visvesvaraya Canal area and paddy both under nala and certain tank atchkats of the District are reported to be in fair condition. The dry crops are reported to be good in all taluks and require immediate rains.

10. The prospects of the season are reported to be fairly good. Further rains are immediately required for the standing crops. The Krishnarajasagara lake level as on 3rd November 1952 was 92'36, and inflow 759 cusecs. Due to the letting of agreed quota of water to Madras Government, the Krishnarajasagar lake level has gone down, and again the anxiety has made its appearance in the minds of paddy and cane growers.

11. Cattle are reported to be generally healthy. Fodder and water are available in all the taluks. It is reported that plague was prevalent in Yaladahalli, Krishnarajpet Taluk. Necessary precautionary measures have been taken to check the spread of the epidemic.

HASSAN.

8. Markets are fairly supplied.

9. The standing crops of paddy, doddaragi, sugarcane, avare, thogari, etc., are fair except in Arkalgud where condition of paddy in the tank-fed areas and makki fields is unsatisfactory. Some more rains are needed for the standing crops. Ragi in parts of Manjarabad and cotton in parts of Arsikere is being harvested. The ragi crop in Dudda Hobli in Hassan Taluk is attacked with webbing caterpillar and necessary preventive action has been taken.

10. Public health is generally good, except for outbreak of plague at Hole-Narsipur Town. Action has been taken by the Health Department for preventing the spread of the disease.

11. Cattle are generally healthy except for Hæmorrhagic Septicæmia in parts of K. Hoskote Hobli in Alur Taluk for which preventive measures have been taken.

Pasture, fodder and water are available.

SHIMOGA.

8. Market is adequately supplied.

9. There was no rainfall during the week. Harvest season has commenced and harvesting is going on in the Taluks of Channagiri, Shikaripur, Sorab and Bhadravati. No pests are reported.

More rains are necessary for paddy in Shikaripur Taluk.

10. Standing crops throughout the District are fair except where they had already dried up. Rainfed paddy in Bhadravathi and on the borders of Anavatti (Sorab Taluk) are reported to have dried up even before the advent of rains.

11. Cattle are generally reported to be healthy. Prevalence of Galale roga in Kogalur (Channagiri Taluk) is reported and is receiving the attention of the Veterinary Department for effective check. Anthrax which was prevalent last week at Sagar is reported to have been brought under control. There is no pressure on fodder.

CHIKMAGALUR.

8. Markets were fairly well supplied. The supply position of controlled foodgrains in the open market remained the same as in the previous week.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy, ragi, haraka and save in Kadur Taluk; paddy, ragi, jola, avare, togari, horsegram and sugarcane in Tarikere Taluk; and paddy in other taluks were the standing crops. Standing crops in maidan taluks are in need of further rain, and crops in Tarikere Taluk were withering for want of rain.

(2) *Seeds Sown and Transplantation made.*—Nil.

(3) *Crops Harvested.*—Coriander and groundnut were harvested in Tarikere Taluk.

10. Prospects of the season are not very good. The standing crops are in need of immediate rain.

11. Public health was generally good except in a few places where Cholera epidemic disease has spread out in Tangli, Devanur, Hirenallur and Yegati Villages in Kadur Taluk and Diarrhœa in Ajjampur Town, from which five persons died. Hotels have been closed in Ajjampur Town. The District Health Officer has been requested to take immediate necessary preventive measures in the matter.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

Not received.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 4th November 1952.

N. MADHAVA RAO,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, OCTOBER 23, 1952.

A total of 5 attacks with 2 deaths from Plague was returned from 5 villages in 3 taluks, in 3 districts during the week against 1 attack with nil death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 24 attacks with 3 deaths and 36 attacks with 17 deaths, respectively.

A total of 5 attacks with nil death from Small-pox were reported from Bangalore City.

Sixty-five attacks with 36 deaths from Cholera were reported from the Taluks of Bangarpet, Chikmagalur, Malur and Mulbagal.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 225 (50 in hospitals) for 6 days representing a calculated death-rate of 17·4 (13·5 excluding hospital deaths) per mille of population (annual basis) as against 13·9 (9·5 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Malaria, 1 under Typhoid, 23 under Other Fevers, 42 under Dysentery and Diarrhœa and 157 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 46 (24 in hospitals) for 7 days representing a calculated death-rate of 9·6 (4·6 excluding hospital deaths) per mille of population (annual basis) as against 23·6 (18·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 4, Dysentery and Diarrhœa 4 and All Other Causes 38. The reported mortality was very low.

There were 26 deaths (11 in hospitals) for 7 days from All causes in Kolar Gold Fields City equivalent to a calculated death-rate of 8·4 (4·8 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered 2 under Other Fevers, 2 under Dysentery and Diarrhœa and 22 under All Other Causes. The reported mortality was very low.

T. CHANDRASEKHARAIYA,
Director.

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 15th September 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Standing crops such as ragi, jola and minor millets are withering for want of rains at the corning stage. Groundnuts harvested in Dodballapur and Magadi Taluks.

10. Public health is good except Cholera reported in Ramanagaram.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8 Moderately supplied.

9. (1) *Seeds Sown.*—Paddy and jola are being sown in small plots in Bagepally Taluk.

(2) *Standing Crops.*—Ragi, avare, thogari, horsegram, jola and groundnut are reported to be withering for want of rains. If no showers were to fall within a couple of days dry crops will be damaged heavily and paddy crops also require rains urgently.

(3) *Crops Harvested.*—Same is being harvested.

10. There was no rainfall during the week. Standing dry crops are fading. Wet crops under tanks are in a fairly good condition. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in Bangarpet Taluk and Rinderpest in Bagepalli Taluk. Preventive measures have been taken to check the spread of the epidemics by the Public Health and Animal Husbandry Departments.

TUMKUR.

8. Markets fairly well supplied.

Standing Crops.—Standing crops such as ragi, jola, thogari, avare, haraka, paddy and sugarcane are reported to be in good condition. But dry crops are in need of immediate rains. Ragi crop is attacked by a certain kind of worms in some parts of Tiptur Taluk.

Crops Harvested.—Ragi, jola, korle and groundnut are being harvested in some parts of Pavagada Taluk.

9. *Public Health.*—Reported to be generally good throughout the District, except for the prevalence of small-pox at Gangonahalli Village, Tumkur Taluk. Action has been taken to check the spread of the disease.

Condition of Cattle.—Cattle are reported to be generally healthy. Water and fodder are available.

Availability of Labour.—Labour is available in all the Taluks on account of agricultural operations and relief works and Grow More Food Works.

MYSORE.

8. It is reported that the markets are normally well supplied in all the taluks of the District during the week.

9. *Seeds Sown.*—It is reported that pulses have been sown in Heggaddevankote Taluk.

Standing crops.—Such as paddy, ragi, sugarcane, tobacco, mulberry, castor, cotton, horsegram and other pulses are reported to be generally in good condition in all taluks of the District.

Crops Harvested.—It is reported that groundnut is being harvested in Periyapatna, Hoggadadevankote and Krishnarajanagar Taluks; and chillies in Periyapatna Taluk.

10. (1) Prospects of the season are hopeful.

(2) There was no rainfall in any taluks of the District except in Gundlupet Taluk where too it was very scanty.

(3) Both the cooly and agricultural classes are finding sufficient employment in all the taluks of the District. But relief works are necessary in drought sticken areas of the District and necessary action is being taken to start relief works wherever necessary.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good in all taluks of the District except for the prevalence of Plague in a few villages of Nanjangud Taluk. Necessary preventive and remedial measures are being taken by the Health Department to check its spread.

11. Cattle are reported to be generally healthy, all over the District. Sufficient quantities of fodder and water are available in all taluks of the District except in Hunsur, Periyapatna, Gundlupet, Chamarajanagar and Heggaddevankote Taluks where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells from the Distress Relief Grants.

MANDYA.

8. Well supplied.

9. Sugarcane is under harvest in Mandya, Maddur and Pandavapura Taluks. The standing crops of sugarcane in Visvesvaraya Canal area and paddy both under nala and certain tank atchkats of the District are reported to be in good condition. The dry crops are reported to be fair in all taluks. Rains are urgently required for the dry crops.

10. The prospects of the season are fair. Rains are urgently required for the standing crops in all taluks. The Krishnarajasagara Lake level as on 11th November 1952 was 90'26 ft. and inflow 566 cusecs. The Krishnarajasagara Lake water level is gradually going down. Added to this there has been no rain for the last two weeks and this has caused grave anxiety in the minds of paddy and cane growers as also of growers of dry crops. If no rains in the near future, the dry crops will certainly wither away.

11. Cattle are reported to be generally healthy. Fodder and water are available in all the taluks. It is reported that Cholera was prevalent in Volagarahalli and Honnalagere villages, Maddur Taluk. Preventive and precautionary measures are reported to have been taken to check the spread of the epidemic.

HASSAN.

8. Markets are fairly supplied.

9. The standing crops of paddy, doddaragi, sugarcane, avare and thogari are fair except in Arkalgud Taluk where condition of paddy in the tank-fed areas and makki fields is unsatisfactory. Ragi and other crops are reported to be withering for want of rains in Arsikere Taluk. Some more rains are needed for the standing crops. Ragi crop in Dudda Hobli is attacked with webbing caterpillar disease and necessary preventive action has been taken.

10. Public health is generally good, except for outbreak of Plague at Hole-Narsipur Town and Rattall is reported at Banakuppe Village. Action has been taken by the Health Department for preventing the spread of the disease.

11. Cattle are generally healthy except for Hæmorrhagic Septicæmia in parts of K. Hoskote Hobli in Alur and Blackquarter in Doddenahalli of Arsikere Taluk for which preventive measures have been taken. Pasture, fodder and water are available.

SHIMOGA.

8. Markets are adequately supplied.

9. There was no rainfall during the week. More rains are needed for paddy crop in Shikarpur Taluk. Navane and Jola is being sown in Channagiri Taluk. Jola in Honnali Taluk is being sown. Ragi is being harvested in Channagiri, Shikaripur, Bhadravati and Honnali Taluks. Paddy in Sorab, Shikaripur and Bhadravati Taluks. Jola in Channagiri and Navane in Channagiri and Honnali Taluks.

10. Standing crops, throughout the District, are reported to be fair except where they had already dried up. Rainfed paddy in Bhadravati and on the border villages of Anavatti (Sorab Taluk), are reported to have dried up even before the advent of rains.

11. Cattle are generally reported to be healthy. Prevalence of "Metragatta" and "Helavaroga" are reported in Nadakalasi and Adagalale villages in Sagar Taluk. Preventive measures are reported to have been taken by the Veterinary Department. There is no pressure on fodder.

CHIKMAGALUR.

8. Markets were fairly well supplied. Rice was available in the open market, the first variety at 1¼ seers and the second variety at 1½ seers, a rupee.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy, haraka and save in Kadur Taluk; paddy, ragi, jola, avare, togari, horsegram and sugarcane in Tarikere Taluk; and paddy in other taluks were the standing crops. All the standing crops are badly in need of rain. It is reported that ragi crop in Kadur Taluk, is affected with some pest and there is some damage to the crop. The Assistant Director of Agriculture, Chikmagalur, has been requested to take immediate necessary preventive measures in the matter.

(2) *Seeds Sown and Transplantation made.*—Nil.

(3) *Crops Harvested.*—Nil.

10. Prospects of the season are reported to be not good. Further showers are required for all the standing crops. Tanks in Chikmagalur and Tarikere Taluks have also not received adequate supply of water.

11. Public health was generally good except in a few villages of Kadur Taluk, where the prevalence of Cholera epidemic disease continues. Necessary action is being taken by the authorities of Health Department in bringing down the spread of the epidemic disease to further parts.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Bilijola, gram and paddy in Challakere Taluk; bilijola in Molakalmuru Taluk; bilijola and bengalgram in Davangere Taluk, were sown during the week.

(*b*) *Standing Crops.*—The standing dry crops of ragi, jola, cotton, castor, tur, chillies, groundnut, navane, horsegram and bengalgram all over the District are thriving well. The irrigated ragi, jola in wet and bagayet lands of Molakalmuru and under tanks and wells in Challakere; and paddy, sugarcane and groundnut in the channel areas of Hiriyur Taluk are reported to be fair. The castor crop in Molakalmuru Taluk is reported to be affected with some kind of pests. Dry crops in Holalkere and Molakalmuru Taluks are withering for want of some more rains.

(*c*) *Harvesting.*—Mungar Jola in Chitaldrug Taluk; doddaragi in Challakere; jola in Holalkere Taluk; navane, castor, bengalgram and jola in Jagalur Taluk and groundnut in Harihar Taluk were harvested during the week.

10. Relief works are in progress all over the District and cooly classes are getting sufficient work in relief works under execution and also through works undertaken by the Public Works Department such as repairs to roads, bridges and tanks. The seasonal conditions are improving. There is enough food stock for the present. Most of the tanks have got adequate water supply for irrigational purposes.

11. The cattle are reported to be generally healthy except for prevalence of cattle disease in a few villages of Jagalur Taluk and the authorities of Veterinary Department have been addressed to take necessary preventive measures.

Fodder scarcity is reported to have improved to some extent due to favourable seasonal conditions. There is no demand for fodder received from Mandya District in Hosadurga Taluk. The hay received is being sold in other taluks.

Drinking water is available all over the District.

Public health is generally good all over the District.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 11th November 1952.

N. MADHAVA RAO,
Revenue Commissioner

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 30th September 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

MYSORE STATE—DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, OCTOBER 30, 1952.

A total of 23 attacks with 8 deaths from Plague was returned from 6 villages in 3 taluks in 2 districts during the week against 5 attacks with 2 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 12 attacks with 3 deaths and 6 attacks with 1 death respectively.

A total of 3 attacks with nil death from Small-pox were reported from Bangalore and Kolar Taluk.

Forty-four attacks with 19 deaths from Cholera were reported from the taluks of Bangalore South, Bangarpet, Channarayapatna, Kanakapura, Malur, Mulbagal, Mandya and Nagamangala.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 259 (72 in hospitals) for 7 days representing a calculated death-rate of 17·0 (12·3 excluding hospital deaths) per mille of population (annual basis) as against 12·5 (9·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Small-pox, 3 under Typhoid, 34 under Other Fevers, 53 under Dysentery and Diarrhœa, and 168 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 53 (21 in hospitals) for 7 days representing a calculated death-rate of 11·1 (6·7 excluding hospital deaths) per mille of population (annual basis) as against 26·8 (22·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths were—Other Fevers 6, Dysentery and Diarrhœa 6 and All Other Causes 41. The reported mortality was very low.

There were 38 deaths (5 in hospitals) for 6 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 14·4 (12·5 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered—1 under Malaria, 3 under Other Fevers, 8 under Dysentery and Diarrhœa and 26 under All Other Causes. The reported mortality was very low.

STATEMENT SHOWING THE PRICES OF FOODGRAINS IN SEERS PER RUPEE AND MARKET FLUCTUATIONS IN PRICES OF FOODGRAINS FOR THE 39TH WEEK ENDING SATURDAY THE 1ST NOVEMBER 1952.

Kind of grain	This week	Past week	Past ten years' fortnightly average
	Srs.	Srs.	Srs.
Chitaldrug: Rice I ...	1½ to 1⅝	1½ to 1⅝	3
Rice II ...	1⅜ to 1½	1⅜ to 1½	3⅛
Ragi ...	2⅝ to 3	2⅝ to 3	4
Horsegram ...	2 to 3	2 to 3	4½
Bengalgram ...	1⅜	1⅜ to 2	3

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 3rd November 1952.

N. MADHAVA RAO,
Revenue Commissioner.

CHITALDRUG.

8. Well supplied.

(*a*) *Sowing* :—Bilijola and Bengalgram in Chitaldrug Taluk, Bilijola in Holalkere Taluk, Bilijola, Navane and Bengalgram in Davangere Taluk,, Bilijola, Paddy and Bengalgram in Jagalur Taluk and Bilijola in Molakalmuru Taluk were sown during the week.

9. (*b*) *Standing Crops*:—The standing crops of Jola, Ragi, Cotton, Horsegram, Navane, Tur, Castor, Bengalgram, Groundnut and Chillies in the Taluks of Chitaldrug, Holalkere, Davangere, Jagalur and Hosadurga are reported to be thriving well but are in need of rains. The standing crops in Challakere, Hiriyur, Molakalmuru and Harihar taluks, have greatly improved. The irrigated Ragi and Jola under Tanks and channels in Chellakere Taluk, Cotton, in wet and bagayat lands of Molakalmuru Taluk and Paddy, Sugarcane and Groundnut in the channel areas of Hiriyur Taluk are reported to be fair.

(*c*) *Harvesting* :—Jola in Chitaldrug and Holalkere Taluks, Groundnut in Jagalur Taluk and Doddaragi in Chellakere Taluk were harvested during the week.

10. Relief works are in Progress. Cooli classes are getting sufficient employment in these relief works and also in works undertaken by Public Works Department. The seasonal conditions *have improved to some* extent. There is enough stock of food grains for the present. The food grains Depots opened in places where relief works are under execution are functioning well. Most of the tanks have got adequate water supply for irrigational purposes.

11. Cattle are reported to be generally healthy all over the District except for prevalence of cattle disease in a few villages of Jagalur Taluk. Action has been taken by the authorities of Veterinary Department to check its spread. Fodder scarcity has improved to some extent and may ease in the course of a fortnight as seasonal conditions have improved. It is reported that there is no demand for fodder imported from Mandya and Mysore Districts in Hosadurga Taluk and that 42,000 lbs. of fodder are remaining undisposed of. In other taluks the hay received is however kept for sale to the Agriculturists.

Drinking water is available all over the District. Public health is generally good all over the District except for prevalence of Small pox in a few villages of Challakere Taluk. Action was taken by the authorities of Health Department to check its spread.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Ragi is being harvested in Kanakapura and Ramanagaram Taluks and groundnut in Magadi Taluk. Standing crops such as sugarcane and paddy are in good condition. Ragi and other millets are withering for want of rains in some parts.

10. Public health is generally good except for the prevalence of Cholera in Ramanagaram and Kanakapur Taluks.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8 Moderately supplied.

9. *Seeds Sown.*—Paddy and jola are being sown in small plots under tanks in Bagepalli Taluk.

Standing Crops.—Ragi, avare, thogari, horsegram and groundnut are fading for want of rains and paddy crop under tanks also require rains urgently.

Crops Harvested.—Nil.

10. There was no rainfall during the week. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in Kothanur Village, Bangarpet Taluk and Rinderpest in three villages of Gulur Hobli, Bagepalli Taluk. Preventive measures have been taken to check the spread of the epidemics by the Departments of Public Health and Animal Husbandry.

TUMKUR.

8. Markets fairly well supplied.

(2) *Standing Crops.*—Dry crops such as ragi, jola, avare, thogari and haraka, etc., are reported to be withering for want of rains. Paddy and sugarcane are reported to be in good condition. Paddy crop is attacked by 'Kokre' roga in Tumkur Taluk.

(3) *Crops Harvested.*—Ragi, jola, korle and groundnut in Pavagada Taluk. Irrigated ragi in Madhugiri Taluk. Save and navane in Chicknaikanhalli Taluk.

(4) *Public Health.*—Reported to be generally good throughout the District, except for the prevalence of Cholara in Udde Hoskere Village in Gubbi Taluk. Preventive measures have been taken to check the disease.

(5) *Condition of Cattle.*—Cattle are reported to be generally healthy except for the prevalence of sheep disease in Gubbi and Chicknaikanahalli Taluks and Sporadi cases of Anthrax in a few parts of Tiptur Taluk. Action is being taken by the Veterinary Department to check the spread of the epidemic.

(6) *Availability of Labour.*—Labour is available throughout the District on Relief and Grow More Food Works as well as agricultural operations.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District during the week.

9. *Seeds Sown.*—Nil.

Standing crops.—Such as paddy, ragi, castor, cotton, sugarcane, mulberry and pulses are reported to be generally in good condition in all taluks of the District. Paddy crop requires further supply of water in the taluks of Krishnarajanagar, Hunsur and Heggaddevankote.

Crops Harvested.—It is reported that chillies are being harvested in Periyapatna, Mysore and Hunsur Taluks; ragi in the taluks of T.-Narasipur and Yelandur and groundnut in Periyapatna and Krishnarajanagar Taluks.

10. (1) Prospects of the season are hopeful.

(2) During the week under report, there was no rainfall in any of the taluks of the District.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District. But relief works are necessary in drought stricken areas of the District and necessary action is being taken to start relief works wherever necessary.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good in all taluks of the District.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District except in taluks of Hunsur, Chamarajanagar, Periyapatna and Heggaddevankote where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells from the Distress Relief Grants wherever necessary.

MANDYA—Not received.

HASSAN.

8. Markets are fairly supplied.

9. The standing crops of paddy, doddaragi, sugarcane, avare, thogari, etc., are fair except in Arkalgud Taluk where condition of paddy in the tank-fed areas and makki fields is unsatisfactory and in Holenarsipur, Arsikere Taluks where ragi dried up for want of rains. Some more rains are needed for the standing crops in other taluks also, otherwise the outturn of harvest will be affected.

10. Public health is generally good, except for outbreak of Plague at Hole-Narsipur Town and Doddametikurke in Arsikere Taluk. Action has been taken by the Health Department for preventing the spread of the disease. Only one fresh attack is reported during the week.

11. Cattle are generally healthy except for Hæmorrhagic Septicæmia in parts of K. Hoskote Hobli of Alur Taluk and cattle disease in Konganahalli and Parasanahalli of Holenarsipur Taluk for which preventive measures have been taken. Pasture, fodder and water are available.

SHIMOGA.

8. Markets are adequately supplied.

9. There was no rainfall during the week. More rains are necessary for the standing crops at Channagiri, Bhadravati, Shimoga, Honnali and Shikaripur Taluks. Jola, Navane and Paddy in Channagiri Taluk, Bengalgram in Honnali and Bhadravati Taluks were sown. Harvesting of crops in almost all the taluks is going on briskly. No pests were reported.

10. Standing crops throughout the District were reported to be fair except where they had already dried up. Rainfed paddy in Bhadravati and on the border villages of Anavatti (Sorab Taluk), are reported to have dried up even before the advent of rains.

11. Cattle are generally reported to be healthy. Prevalence of "Metragatta" and "Helavaroga" reported last week at Sagar is stated to have been brought under control. Prevalence of Blackquarter and Anthrax at Basavapura, Hosanagar Taluk was reported and the Veterinary Department has taken precautionary measures. There is no pressure on fodder.

607

CHIKMAGALUR.

8. Markets were fairly well supplied. Rice was available in the open market, the prices being 1¼ seers a rupee for first variety and 1½ seers for second variety.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy, haraka and save in Kadur Taluk; paddy, ragi, jola, avare, togari, horsegram and sugarcane in Tarikere Taluk; and paddy in other taluks were the standing crops. All the standing crops are badly in need of rain. The crops are withering for want of showers. The pest prevailing on ragi crop in Kadur Taluk was brought under control by the authorities of the Agriculture Department.

(2) *Seeds Sown and Transplantation made.*—Summer jola and Bengalgram were sown in some parts of Tarikere Taluk during the week.

(3) *Crops Harvested.*—Ragi and jola were harvested in some parts of Tarikere Taluk.

10. Prospects of the season are not good. All the standing crops are badly in need of rain.

11. Public health was generally good except in some villages of Kadur Taluk, where the prevalence of Cholera epidemic disease has not yet subsided. The authorities of the Health Department are taking prompt action in the matter. Further, it is reported that there was a ratfall in Tangli Village of Kadur Taluk. The District Health Officer has been requested to take necessary preventive measures in the matter.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Vysakhi paddy in Davangere Taluk was sown.

(*b*) *Standing Crops.*—The standing dry crops of ragi, jola, cotton, castor, tur, chillies, tobacco, groundnut, navane, horsegram and bengalgram all over the District are in urgent need of rains to thrive well.

The irrigated ragi, jola and cotton in wet and bagayet lands of Challakere and Molakalmuru Taluks and paddy and groundnut in the channel areas of Hiriyur Taluk are reported to be fair. All the dry crop and recently sown bilijola are badly in need of rains.

(*c*) *Harvesting.*—Mungar Jola in Chitaldrug Taluk; jola and ragi in Holalkere Taluk; doddaragi in Challakere Taluk; navane in Hiriyur Taluk; kesari jola in Davangere Taluk and groundnut in Harihar Taluk were harvested.

10. Relief works are in progress all over the District and cooly classes are getting sufficient work in these relief works under execution and also through works undertaken by Public Works Department. The standing crops are withering for want of some more rains. There is enough stock of foodgrains for the present. Some of the tanks have adequate water supply for irrigational purposes.

11. The cattle are reported to be generally healthy all over the District. Fodder scarcity is reported to be improving. The paddy hay received from Mandya is being sold in the fodder depots. It is reported that there is no demand for fodder received from Mandya in Hosadurga Taluk.

Drinking water is available.

Public health is generally good all over the District except for prevalence of "Small Pox" in a few villages of Hosadurga Taluk. The authorities of the Health Department are taking necessary preventive measures to check its spread.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 18th November 1952.

N. MADHAVA RAO,
Revenue Commissioner.

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 15th October 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

H. G. VIJAYARAGHAVA REDDY,
For *Director*.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, NOVEMBER 6, 1952.

A total of 2 attacks with 1 death from Plague was returned from 2 villages in 2 taluks, in 2 districts during the week against 23 attacks with 8 deaths in the previous week. Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 36 attacks with 17 deaths and 31 attacks with 12 deaths, respectively.

A total of 32 attacks with 5 deaths from Small-pox were reported from the Cities of Bangalore and Kolar Gold Fields and from the Taluks of Chikmagalur, Malur and Srirangapatna.

Forty-three attacks with 23 deaths from Cholera were reported from Kolar Gold Field and from the towns of Ajjampur, Kanakapura and Kadur and from the Taluks of Bangarpet, Kanakapura, Maddur, Nagamangala and Ramanagaram.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 151 (54 in hospitals) for 4 days representing a calculated death-rate of 17·4 (11·2 excluding hospital deaths) per mille of population (annual basis) as against 15·7 (11·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Typhoid, 23 under Other Fevers, 28 under Dysentery and Diarrhœa and 99 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 67 (21 in hospitals) for 7 days representing a calculated death-rate of 14·1 (9·6 excluding hospital deaths) per mille of population (annual basis) as against 25·7 (20·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 12, Dysentery and Diarrhœa 6 and All Other Causes 49. The reported mortality was very low.

There were 32 deaths (12 in hospitals) for 6 days from All Causes in Kolar Gold Fields City equivalent to a calculated death-rate of 12·2 (7·6 excluding hospital deaths) per mille of population (annual basis), as against 15·9 (13·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Cholera, 2 under Other Fevers, 1 under Dysentery and Diarrhœa and 28 under All Other Causes. The reported mortality was very low.

T. CHANDRASEKHARAIYA,
Director.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Ragi, groundnut and millet crops are being harvested in some places. Standing crops such as Paddy and Sugarcane have suffered for want of adequate water supply in Bangalore North, Bangalore South, Devanahalli, Hoskote, Dodballapur and Nelamangala Taluks.

10. Cholera is reported to be prevailing in Kanakapura and surrounding villages, Ramanagaram, Harohalli of Hosakote Taluk. Precautionary measures have been taken. "Blackquarter" has broken out in Arehalli of Kutgal Hobli, Ramanagaram Taluk.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds Sown.*—Paddy and jola are being sown in some parts of Bagepally and Goribidnur Taluks.

Standing Crops.—The dry crops such as Ragi, Avare, Thogari, Horsegram and Groundnut have faded for want of rains and Paddy crop is in need of rains urgently. The yield of dry crops may be estimated at less than Re. 0-4-0.

Crops Harvested.—Groundnut and Same are being harvested in some places.

10. There was no rainfall during the week. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in some parts of Bangarpet and Mulbagal Taluks and Rinderpest for cattle in Bagepally Taluk. Preventive measures have been taken to check the spread of epidemics by the Public Health and Animal Husbandry Departments.

TUMKUR.

8. Markets fairly well supplied.

(9) *Standing Crops.*—Dry crops such as Ragi, Jola, Avare, Thogari, Haraka and Navane, etc., are withering for want of rains. Paddy and Sugarcane are reported to be in good condition in Kunigal Taluk. Paddy crop is attacked by 'Kokre Roga' in Tumkur Taluk.

Crops Harvested.—Save and Navane in Chicknaikanahalli Taluk; Ragi in some parts of Kunigal and Tumkur Taluks; Ragi, Jola, Korle and Groundnut in Pavagada Taluk; Paddy in some parts of Koratagerer and Ragi and Groundnut in some parts of Madhugiri Taluk.

(10) *Public Health.*—Generally good throughout the District.

(11) *Condition of Cattle.*—The condition of the cattle is reported to be generally good throughout the District except for the prevalence of Sporadic cases of Anthrax in a few parts of Tiptur Taluk, and sheep disease in Gubbi. Preventive measures have been taken to check the spread of the epidemic. Water and fodder are available to the cattle.

Availability of Labour.—Labour is available on Relief and Grow More Food Works as well as agricultural operations.

MYSORE.

8. It is reported that the markets are normally well supplied in all taluks of the District during the week.

9. *Seeds Sown.*—Nil.

Standing crops.—Such as paddy, ragi, castor, cotton, sugarcane, mulberry and pulses are reported to be generally in good condition in all taluks of the District. It is reported that the yield of paddy crop in the channel areas is affected owing to lowered flow of water in the rivers of Cauvery, Kabini and Lakshmanathirtha and the consequent need to allow only imtermittent supply of water in the distributory channels.

Crops Harvested.—It is reported that ragi is being harvested in taluks of Chamarajanagar, Nanjangud and T. Narasipur and groundnut in Gundlupet and Chamarajanagar Taluks. Chillies and tobacco are being harvested in Periyapatna Taluk.

10. (1) Prospects of the season are hopeful.

(2) There was no rainfall in any part of the District during the week.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District. But relief works are necessary in drought stricken areas of the District like Gundlupet, Hunsur, Periyapatna and even a portion of Krishnarajanagar Taluk. Necessary action is being taken to start relief works wherever necessary.

(4) Sufficient quantities of foodgrains are made available in all parts of the District.

(5) Public health is reported to be generally good all over the District except for the prevalence of Plague in a few villages of Gundlupet Taluk. Necessary action is being taken by the Health Department to check its spread.

11. Cattle are reported to be generally healthy in all parts of the District. Sufficient quantities of water and fodder are available in all parts of the District except in taluks of Hunsur, Chamarajanagar, Periyapatna, Gundlupet and Heggaddevankote where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells from the Distress Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. Sugarcane is reported to be under harvested in Mandya, Maddur and Pandavapura Taluks. The standing crops of sugarcane in Visvesvaraya Canal Area and paddy both under nala and certain tank atchkats of the district are reported to be in fair condition. The dry crops are reported to be withering due to failure of rains. Rains are urgently needed for the revival of the withering dry crops.

10. Prospects of the season are reported to be fair. Rains are urgently needed for the standing crops in all the taluks. The Krishnarajasagar lake level as on 24th November 1952 was 85-17 feet and inflow 411 cusecs. The Krishnarajasagar lake water level has gone down and is again causing grave anxiety in the minds of the paddy and cane-growers. Added to this there have been no rains for the last one month. If rains do not set in the near future the dry crops will considerably wither.

11. Cattle are reported to be generally healthy. Fodder and water are available in all the taluks. It is reported that Plague is prevalent in Koratagere Koppal in Krishnarajpet Taluk. The District Health Officer, Mandya, has been requested for immediate needful action in the matter.

HASSAN.

8. Markets are fairly supplied.

9. Ragi is being harvested in Chennarayapatna Taluk. The standing crops of paddy, doddaragi, sugarcane, avare, thogari and hurli, etc., are fair except in Arkalgud Taluk where condition of paddy in the tank-fed areas and makki fields is unsatisfactory and in Hole-Narsipur and Arsikere Taluks where ragi has dried up for want of rains. The standing crops of ragi and hurli are withering in Belur

616

Taluk. Some more rains are needed for the standing crops in other taluks also, otherwise the outturn of harvest will be affected.

10. Public health is generally good.

11. Cattle are generally healthy except for Rinderpest and Hæmorrhagic Septicæmia around Devaladakere in Manjarabad Taluk for which preventive measures have been taken.

Pasture, fodder and water are available at present. The conditions are likely to deteriorate if the present dry spell continues.

SHIMOGA.

8. Markets are adequately supplied.

9. There was no rainfall during the week. More rains are necessary for the standing (wet) crops at Channagiri, Shikaripur, Shimoga, Bhadravati, and Honnali Taluks. Paddy in Channagiri and Bengalgram in Honnali Taluk, is being sown. No pests are reported. Harvesting of crops is going on briskly in all the taluks.

10. Standing crops throughout the district are reported to be fair except where they had already dried up even before the advent of rains in the border villages of Anavatti (Sorab Taluk) and Bhadravati.

11. Cattle are generally reported to be healthy. Prevalence of a new type of cattle disease has been reported from Hosanagar Taluk and the Veterinary Department has been addressed to take preventive measures. No pressure on fodder anywhere in the District.

CHIKMAGALUR.

8. Markets were fairly well supplied. Controlled foodgrains were also available in the open market.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy, haraka and save in Kadur Taluk; paddy, ragi, jola, avare, togari, horsegram and sugarcane in Tarikere Taluk; and paddy in other taluks were the standing crops. The condition of the standing crops is not good. They are withering due to failure of rain.

(2) *Seeds Sown and Transplantation made.*—Summer jola and bengalgram were sown in some parts of Tarikere Taluk during the week.

(3) *Crops Harvested.*—Ragi and jola were harvested in some parts of Tarikere Taluk.

10. Prospects of the season are very gloomy. All the standing crops are badly in need of further showers.

11. Public health was generally good except in Kadur Taluk, where Cholera epidemic disease continues to prevail. The authorities of the Health Department are also taking prompt measures to prevent the further spread of the disease.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Paddy under tank atchkats in Molakalmuru, Holalkere, Davangere, and paddy and gram in Challakere Taluk were sown during the week.

(*b*) *Standing Crops.*—The standing dry crops of ragi, navane, jola, cotton, castor, tur, chillies, tobacco, groundnut, horsegram and bengalgram all over District are in urgent need of rains to thrive well. It is reported that the dry crops in Molakalmuru, Jagalur and Hosadurga Taluks are withering for want of rains. The irrigated ragi and jola in wet and bagayat lands and under tanks, wells, and nalas in Challakere and Molakalmuru Taluks and paddy and groundnut in the channel areas of Hiriyur Taluk are reported to be fair.

(*c*) *Harvesting.*—Doddaragi under Kapile wells in Molakalmuru Taluk; ragi and navane in Holalkere Taluk; kesari jola in Davangere Taluk; navane and save in Hosadurga Taluk; navane and sajje in Hiriyur Taluk; and doddaragi in Challakere Taluk, were harvested during the week.

10. Relief works are in progress all over the District and cooly classes are getting sufficient work in these relief works under execution and also in works undertaken by Public Works Department such as construction of roads, repairs to tanks, etc. There is enough stock of foodgrains for the present. Some of the tanks have got two to three months water for irrigational purposes.

11. The cattle are reported to be generally healthy all over the District. Fodder scarcity is reported to be improving due to availability of grass and hay from harvesting of crops. The paddy hay received from Mandya District is being sold in Government Depots. It is reported that there is no demand for fodder received from Mandya District in Hosadurga Taluk.

Drinking water is available all over the District.

Public health is generally good all over the District except for prevalence of Small-pox in few villages of Hosadurga Taluk. The authorities of the Health Department are taking necessary preventive measures to check the spread.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore,
Dated 19th November 1952.

N. MADHAVA RAO,
Revenue Commissioner.

MANDYA.

8. Well supplied.

9. Sugarcane is reported to be under harvest in Mandya, Maddur and Pandavapura Taluks. The standing crops of sugarcane in Visvesvaraya Canal area and paddy both under nala and certain tank atchkats of the District are reported to be in good condition. The dry crops are in almost withering condition. Rains are urgently needed for the survival of the dry crops.

10. Prospects of the season are fair. Rains are urgently required for the standing crops in all taluks. The Krishnarajasagara Lake level as on 17th November 1952 was 87-93 ft. and inflow 445 cusecs. The Krishnarajasagara Lake water level is gradually going down. Added to this there has been no rain for the last three weeks. This has caused grave anxiety in the minds of paddy and cane growers as also of growers of dry crops. If rains do not set in the near future, the dry crops will considerably wither away.

11. Cattle are reported to be generally healthy. Fodder and water are available in all the taluks. It is reported that Cholera was prevalent in Maddur Town, Volagarahalli, Honnelagere villages of Maddur Taluk. Necessary preventive measures are reported to have been taken to check the spread of the epidemic.

MYSORE STATE—DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, NOVEMBER 13, 1952.

A total of 12 attacks with 5 deaths from Plague was returned from 8 villages in 7 taluks in 3 districts during the week against 2 attacks with 1 death in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 34 attacks with 12 deaths and 15 attacks with 6 deaths respectively.

A total of 42 attacks with nil death from Small-pox were reported from Kolar Taluk.

Seventy-nine attacks with 52 deaths from Cholera were reported from Kolar Gold Fields City and from the towns of Kanakapura and Ramanagaram and from the taluks of Bangarpet, Hosakote, Kanakapura and Maddur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 196 (61 in hospitals) for 5 days representing a calculated death-rate of 18·1 (12·5 excluding hospital deaths) per mille of population (annual basis) as against 16·9 (12·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Malaria, 3 under Typhoid, 25 under Other Fevers, 30 under Dysentery and Diarrhœa, and 136 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 46 (29 in hospitals) for 7 days representing a calculated death-rate of 9·6 (3·5 excluding hospital deaths) per mille of population (annual basis) as against 20·6 (17·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths were—Malaria 1, Typhoid 1, Other Fevers 2, Dysentery and Diarrhœa 3 and All Other Causes 39. The reported mortality was very low.

There were 29 deaths (7 in hospitals) for 6 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 11·0 (8·3 excluding hospital deaths) per mille of population (annual basis) as against 26·7 (15·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered—1 under Cholera, 4 under Other Fevers, 2 under Dysentery and Diarrhœa and 22 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Ragi, groundnut and millet crops are being harvested. Standing crops such as Paddy and Sugarcane have suffered for want of adequate water supply in Bangalore North, Bangalore South, Devanahalli, Hoskote, Dodballapur and Nelamangala Taluks.

10. Cholera has not yet subsided in Kanakapura and surrounding villages, in Ramanagaram. In Harohalli of Hosakote Taluk it has subsided. Precautionary measures have been taken.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds Sown.*—Vaishaky paddy and jola are being sown in Bagepally Taluk.

Standing Crops.—The standing crops such as Ragi, Avare, Thogari, Horsegram, Jola and Groundnut require one or two showers to mature.

(3) *Crops Harvested.*—Same is being harvested in some places.

10. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment.

Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy but for prevalence of Cholera in some parts of Mulbagal and Bangarpet Taluks. Plague is prevailing in Manisettihalli, Malur Taluk. Rinderpest to cattle is also prevailing in Bagepalli Taluk. Preventive measures have been taken to check the spread of epidemics by the Public Health Department.

TUMKUR.

8. Markets fairly well supplied.

(9) *Standing Crops.*—Dry crops such as Ragi, Jola, Avare, Thogari, etc., are withering for want of rains. Paddy crop is attacked by 'Koke Roga' in Tumkur Taluk.

Crops Harvested.—Ragi in some parts of Tumkur, Kunigal and Madhugiri Taluks and Save and Navane in Chiknaikanahalli Taluk. Jola, Korle and Groundnut in Pavagada Taluk. Paddy in some parts of Koratagere Taluk.

(10) *Public Health.*—Reported to be generally good throughout the District.

(11) *Condition of Cattle.*—The condition of the cattle is reported to be generally good in the Taluks except for the prevalence of sheep disease in Chiknaikanahalli Taluk. Preventive measures have been taken to check the spread of the epidemic.

Availability of Labour.—Labour is available on Relief and Grow More Food Works as well as agricultural operations.

MYSORE.

8. It is reported that the markets are normally well supplied in all taluks of the District during the week.

9. *Seeds sown.*—Nil.

Standing crops.—Such as paddy, ragi, pulses, castor, cotton, sugarcane, mulberry and tobacco are reported to be generally good in all taluks of the District. It is reported that the yield of the paddy crop in the channel areas is very much affected owing to lowered flow of water in the channels in the rivers of Cauvery, Kabini and Lakshmanathirtha and consequently need to allow only imtermittent supply of water in the distributary channels.

Crops Harvested.—It is reported that ragi is being harvested in taluks of Yelandur, Nanjangud and T.-Narasipur and groundnut in the taluks of Hunsur and Gundlupet and tobacco in Hunsur and Heggadadevankote Taluks.

10. (1) Prospects of the season are normal.

(2) There was no rainfall in any taluk of the District during the week.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District. But relief works are necessary in drought stricken areas of the District like Gundlupet, Hunsur, Periyapatna and even a portion of Krishnarajanagar and necessary action is being taken to start relief works wherever necessary.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is reported to be generally good in all parts of the District except for the prevalence of Plague in a few villages of Gundlupet Taluk. Necessary action is being taken by the Health Department to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District except in taluks of Hunsur, Chamarajanagar, Periyapatna, Gundlupet and Heggaddevankote where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells from the Distress Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. Sugarcane is reported to be under harvest in Mandya, Maddur and Pandavapura Taluks. The standing crops of sugarcane in Visvesvaraya Canal Area and paddy both under nala and certain tank atchkats of the District are reported to be in fair condition. The dry crops are reported to be withering due to failure of rains. Rains are immediately needed for the revival of the withering dry crops. The harvest of paddy is reported to have commenced in some parts of Malavalli Taluk and ragi and other millets in Maddur Taluk.

10. Prospects of the season are reported to be fair. Rains are immediate needed for the standing crops in all the taluks of the District. The Krishnarajasagar lake level as on 1st December 1952 is 82·35 feet and inflow 411 cusecs. The Krishnarajasagar water level has gone down and is again causing grave anxiety to the paddy and cane-growers. Added to this there has been no rains for the last five weeks.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available in all the taluks. It is reported that cholera was prevalent in Malavally, Maddur Taluks and plague in the villages of Koratagere Koppal, Sarangi and Doddasomanahalli, Krishnarajpet Taluk. Necessary precautionary measures are reported to have been taken to check the spread of the epidemic by the Health Department.

HASSAN.

8. Markets are fairly supplied.

9. The standing crops of paddy and sugarcane are reported to be in a fair condition in Hassan and Alur Taluks. The other standing crops of doddaragi, avare, huli, etc., are drying up for want of rains. Rains are required for lately transplanted paddy in Hassan and Hole-Narsipur Taluks. Paddy crop is being harvested in Chennarayapatna, Belur and Alur Taluks. Out-turn is reported to be below the average as the crops have been affected in early stages due to non-receipt of timely rains.

10. Public health is reported to be generally good except for plague in Hole-Narsipur and Keragodu village, in Hole-Narsipur Taluk for which preventive measures are being taken to check the spread of the disease.

11. Cattle are healthy. Water and fodderare available.

SHIMOGA.

8. Markets are adequately supplied.

9. There was no rainfall during the week. Rains are badly needed in Channagiri and Honnali Taluks, Paddy in Channagiri and Bengalgram in Honnali Taluk is being sown. Harvesting of paddy is going on briskly in all the taluks.

10. Standing crops throughout the district are reported to be fair except where they had already dried up before the advent of rains.

11. Cattle are generally reported to be healthy and are free from any attack of pests. Fodder is available.

CHIKMAGALUR.

8. Markets were fairly well supplied. Rice was not available in the market. But millets such as ragi and jola were sold in the market at 2½ to 3 seers a rupee.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, paddy, haraka and save in Kadur Taluk; paddy, ragi, jola, avare, togari, horsegram and sugarcane in Tarikere Taluk; and paddy in other taluks were the standing crops. Crops were withering for want of rain.

(2) *Seeds Sown and Transplantation made.*—Nil.

(3) *Crops Harvested.*—Paddy, ragi and haraka in Kadur Taluk and paddy, ragi and jola in Tarikere Taluk were harvested during the week.

10. Prospects of the season are not very encouraging, as there was no sufficient timely rain for the standing crops.

11. Public health was reported to be generally good during the week throughout the District. No fresh cases of Cholera were reported in Kadur Taluk.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Paddy sowing under atchkats of few tanks in Challakere, Molakalmuru, Holalkere and Davangere Taluks is in progress.

(*b*) *Standing Crops.*—The standing dry crops such as ragi, jola, navane, tur, chillies, tobacco, cotton, castor, horsegram, bengalgram and groundnut all over the District are in urgent need of rains to thrive well. It is reported that they are withering in some Taluks. The irrigated ragi and jola in wet and bagayat lands and under atchkats of tanks, wells and nalas in Challakere and Molakalmuru Taluks and paddy and groundnut in the channel areas of Hiriyur Taluk are reported to be fair.

(*c*) *Harvesting.*—Ragi and navane in Chitaldrug Taluk; kesari jola in Davangere Taluk; ragi, navane and save in Hosadurga Taluk; paddy in Challakere Taluk, dodda ragi in Molakalmuru Taluk; jola, ragi and minor millets in Holalkere Taluk and groundnut in Harihar Taluk; were harvested.

10. Relief works are in progress all over the District and cooly classes are getting sufficient work in places where relief works are under execution and also through works undertaken by Public Works Department such as repairs to roads and bridges, construction of tanks and Gokattes, etc. There is enough stock of foodgrains for the present. Some of the tanks have got two to three months water for irrigational purposes.

11. The cattle are reported to be generally healthy all over the District. Fodder scarcity has improved to some extent due to availability of grass and hay from harvesting of crops. It is reported that there is no demand for fodder received from Mandya District.

Drinking water is available all over the District for the present.

Public health is generally good all over the District.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, NOVEMBER 20, 1952.

A total of 12 attacks with 10 deaths from Plague was returned from 6 villages in 5 taluks, in 4 districts during the week against 12 attacks with 5 deaths in the previous week. Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 33 attacks with 9 deaths and 22 attacks with 7 deaths, respectively.

A total of 30 attacks with 6 deaths from Small-pox were reported from Bangalore and from the Taluks of Arsikere, Goribidnur, Hassan and Kolar.

Eighty-seven attacks and 50 deaths from Cholera were reported from the towns of Kanakapura, Maddur and Ramanagaram and from the Taluks of Bangarpet, Kanakapura and Kadur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 156 (37 in hospitals) for 5 days representing a calculated death-rate of 14·4 (11·0 excluding hospital deaths) per mille of population (annual basis) as against 14·3 (10·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Small-pox, 1 under Malaria, 1 under Typhoid, 26 under Other Fevers, 20 under Dysentery and Diarrhœa and 107 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 67 (27 in hospitals) for 7 days representing a calculated death-rate of 14·1 (8·4 excluding hospital deaths) per mille of population (annual basis) as against 16·0 (9·9 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were : Malaria 1, Typhoid 2, Other Fevers 10, Dysentery and Diarrhœa 4 and All Other Causes 50. The reported mortality was very low.

There were 29 deaths (4 in hospitals) for 6 days from All Causes in Kolar Gold Fields City equivalent to a calculated death-rate of 11·0 (9·5 excluding hospital deaths) per mille of population (annual basis), as against 14·7 (13·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 1 under Typhoid, 2 under Other Fevers, 3 under Dysentery and Diarrhœa and 23 under All Other Causes. The reported mortality was very low.

C. V. NATARAJAN,
Director, I/c.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Ragi, groundnut and millet crops are being harvested. Standing crops such as Paddy and Sugarcane are suffering for want of adequate supply of water under certain tanks in Dodballapur, Devanahalli, Nelamangala and Hoskote, Taluks.

10. Public Health is good.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds Sown.*—Paddy and Bengalgram are being sown in some places.

Standing Crops.—Avare, Thogari, Horsegram, and paddy have revived due to recent showers.

(3) *Crops Harvested.*—Paddy, Groundnut are being harvested.

There was some rainfall during the week in all the taluks except Chikballapur and it has improved the position of grass for cattle.

10. Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy but for prevalence of rinderpest for cattle in Gulur Hobli, Bagepally Taluk. Preventive measures have been taken to check the spread of the epidemic by Animal Husbandry Department.

TUMKUR.

8. Fairly supplied.

Standing Crops.— Ragi, Jola, Avare, Thogari, Harke and Navane, etc., are withering. They suffered very much on account of the continued failure of rains for the past one month. Paddy crop is attacked by Kokre Roga in Tumkur Taluk.

Crops Harvested.—Ragi in some parts of Tumkur, Kunigal, Madhugiri and Pavagada Taluks, Jola, and Korle in Pavagada Taluk, Groundnut in some parts of Pavagada and Tumkur Taluks and Paddy in Koratagere Taluk.

Public Health.—Reported to be generally good except for the prevalence of small-pox in Chiknaikanahalli Town and in Kurdihalli Village, Kunigal Taluk. Preventive measures have been taken to check the spread of the epidemic.

Condition of Cattle.—The condition of the cattle is reported to be generally good. Water and fooder are available to the cattle.

Availability of Labour.—Labour is available in all the Taluks on account of the starting of the Distress relief and G.M.F. works and also on account of agricultural operations.

MYSORE.

8. It is reported that the markets are normally well supplied in all taluks of the District during the week.

9. *Seeds sown.*—Nil.

Standing crops.—Such as paddy, ragi, castor, cotton, sugarcane, mulberry and pulses are reported to be generally in good condition. It is reported that the yield of the paddy crop in the channel areas is affected owing to depletion of water level in the rivers of Cauvery, Kabini and Lakshmanathirtha and consequent need to allow only intermittent supply of water in the distributary channels.

Crops Harvested.—It is reported that ragi is being harvested in the taluks of T.-Narasipur and Yelandur and Tobacco in Krishnarajanagar and Heggaddevankote Taluks and paddy in Krishnarajanagar Taluk and groundnut in Gundlupet and Krishnarajanagar Taluks. Paddy is being harvested in T.-Narasipur Taluk.

10. (1) Prospects of the season are normal.

(2) During the week under report there was slight rainfall in the taluks of Chamarajanagar, Krishnarajanagar, Gundlupet, Nanjangud and T.-Narsipur and no rainfall in the remaining taluks of the District.

(3) Sufficient quantities of foodgrains are made available all over the District.

(4) Both the cooly and agricultural classes are finding sufficient employment in all parts of the District, but relief works are necessary in drought stricken areas in the District, *viz.*, Gundlupet, Hunsur, Periyapatna and even a portion of Krishnarajanagar and necessary action is being taken to start relief works wherever necessary.

(5) Public health is reported to be generally good in all taluks of the District except for the prevalence of Plague in a few villages of Gundlupet and Nanjangud Taluks. Necessary preventive measures are being taken by the Health Department to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District except in taluks of Hunsur, Chamarajanagar, Gundlupet, Periyapatna and Heggaddevankote Taluks where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells meeting the cost out of the Distress Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. The harvest of paddy has commenced in Mandya, Malavalli Taluks and the harvest of ragi and millets and groundnuts is being done in Maddur Taluk. Sugarcane is reported to be under harvest in Mandya, Maddur and Pandavapura Taluks. The standing crops of sugarcane in Visvesvaraya Canal Area and paddy both under nala and certain tank atchkats of the District are reported to be in fair condition. The dry crops are reported to have failed for want of timely rains.

10 Prospects of the season are reported to be fair. Rains are urgently needed for the standing crops in all the taluks of the District. The Krishnarajasagar level as on 6th December 1952 was 80·38 feet and inflow 114 cusecs. The Krishnarajasagar water level has gone down and is again causing grave anxiety to the paddy and cane-growers.

11. Cattle are reported to be generally healthy. Fodder and water are available in all the taluks. It is reported that plague was prevalent in Koratagere, Sarangi and Doddasomanahalli villages of Krishnarajpet Taluk. Necessary action has been taken to check the spread of the epidemic by the Health Department.

HASSAN.

8. Markets are fairly supplied.

9. Paddy crops is harvested in parts of Manjarabad, Channarayapatna and Alur Taluks and ragi in Channarayapatna and Arsikere Taluks. The standing crops of ragi, kulthi, avare, thogari, etc., have dried up for want of rains. Paddy and sugarcane are in a fairly good condition except in the tank fed areas and makki fields of Arkalgud Taluk where the condition of paddy crops is unsatisfactory. Doddaragi and Kirani crops are also affected in the Hassan Taluk for want of rains.

10. Public health is generally good except for the outbreak of plague at Hole-Narsipur Town for which preventive measures have been taken only one attack is reported.

11. Cattle are generally healthy. Pasture, fodder and water are available.

SHIMOGA.

8. Markets are adequately supplied.

9. There was no rainfall during the week throughout the district. Rains are badly needed in Channagiri and Honnali Taluks. Harvesting is going on in all the taluks.

10. Standing crops throughout the district are reported to be fair except where they had already dried up before the advent of rains.

11. Cattle are generally reported to be healthy and are free from any attack of pests. Fodder is available.

CHIKMAGALUR.

8. Markets were fairly well supplied, except with rice and ragi was sold at 2 to 3 seers a rupee in the open market during the week.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, coriander, besige jola, paddy, ragi and haraka in Kadur Taluk; paddy, ragi, jola, avare, togari, horsegram and sugarcane in Tarikere Taluk; and paddy in other taluks were the standing crops.

(2) *Seeds Sown and Transplantation made.*—Nil.

(3) *Crops Harvested.*—Paddy, ragi and haraka in Kadur Taluk and paddy, ragi and jola in Tarikere Taluk and paddy in Mudigere and Narasimharajapura Taluks were harvested during the week.

10. Prospects of the season are reported to be not good, due to continuous failure of rain.

11. Public health was reported to be generally good during the week throughout the District.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Sowing of paddy under atchkats of few tanks in Challakere, Hiriyur, Molakalmuru, Holalkere and Jagalur Taluks is in progress.

(*b*) *Standing Crops.*—The standing dry crops of ragi, jola, navane, tur, chillies, tobacco, castor, groundnut, bengalgram, horsegram, and cotton all over the District are in urgent need of rains to improve. The irrigated ragi in wet and bagayat lands of Challakere and Molakalmuru Taluks and jola, paddy and groundnut in the channel areas of Hiriyur Taluk are reported to be fair.

(*c*) *Harvesting.*—Ragi and navane in Chitaldrug Ta[illegible] ragi, sajje and save in Hosadurga Taluk; paddy i[illegible] kere and Hiriyur Taluks; jola, ragi and mi[illegible] in Challa[illegible] Holalkere Taluk; kesari jola in Davan[illegible] minor millets in [illegible] Taluk; [illegible]gere Taluk; jola, ragi and sajje in Jagalur Ta[illegible] and groundnut and jola in Harihar Taluk were harvested during the week.

10. Relief works are in progress all over the District. Cooly classes are getting sufficient works in relief works under execution and also through works undertaken by Public Works Department such as repairs to roads and bridges, etc. There is enough stock of foodgrains for the present. The foodgrains are being issued in Government Depots and Societies as usual in addition to the supply available in the market. Some tanks have got two to three months water for irrigational purposes. The sky is cloudy and the seasonal conditions may improve the situation. The raiyats are anxiously waiting for rains.

11. The cattle are reported to be generally healthy all over the District. Fodder scarcity is reported to have improved to some extent due to availability of green grass and hay from harvested crops. It is reported that there is no demand for fodder received from Mandya District except in Harihar Taluk.

Drinking water is available all over the District for the present.

Public health is generally good all over the District.

MYSORE STATE—DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY, NOVEMBER 27, 1952.

A total of 8 attacks with 2 deaths from Plague was returned from 4 villages in 2 taluks in 2 districts during the week against 12 attacks with 10 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 17 attacks with 10 deaths and 37 attacks with 8 deaths respectively.

A total of 61 attacks with 8 deaths, from Small-pox were reported from the cities of Bangalore and Mysore and from the taluks of Kolar, Malur, Mulabagal and Siddlaghatta.

Eleven attacks with 3 deaths from Cholera were reported from Kanakapura Town and from the taluks of Bangarpet, Kanakapura and Maddur.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 199 (59 in hospitals) for 5 days representing a calculated death-rate of 18·4 (12·9 excluding hospital deaths) per mille of population (annual basis) as against 14·0 (10·8 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Malaria, 2 under Typhoid, 28 under Other Fevers, 33 under Dysentery and Diarrhœa, and 135 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 72 (11 in hospitals) for 6 days representing a calculated death-rate of 17·7 (15·0 excluding hospital deaths) per mille of population (annual basis) as against 24·4 (14·8 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths were; Other Fevers 7, Dysentery and Diarrhœa 11 and All Other Causes 54. The reported mortality was low.

There were 42 deaths (17 in hospitals) for 6 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 16·0 (9·5 excluding hospital deaths) per mille of population (annual basis) as against 10·0 (7·8 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Dysentery and Diarrhœa and 40 under All Other Causes. The reported mortality was very low.

6463

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, FOR THE WEEK ENDED THURSDAY DECEMBER 4, 1952.

A total of 29 attacks with 13 deaths from Plague was returned from 8 villages in 4 taluks, in 3 districts during the week against 8 attacks with 2 deaths in the previous week. Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 45 attacks with 17 deaths and 38 attacks with 21 deaths, respectively.

A total of 41 attacks with 9 deaths from Small-pox were reported from Bangalore and Madhugiri Town, and from the Taluks of Kolar, Malur and Mulbagal.

Forty-four attacks with 16 deaths from Cholera were reported from Kolar Gold Fields City and Chintamani Town and from the Taluks of Bangalore South, Bangarpet, Channapatna, Hoskote and Kanakapura.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore amounted to 217 (59 in hospitals) for 6 days representing a calculated death-rate of 16·7 (12·2 excluding hospital deaths) per mille of population (annual basis) as against 17·0 (12·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 2 under Typhoid, 36 under Other Fevers, 39 under Dysentery and Diarrhœa and 140 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 70 (25 in hospitals) for 7 days representing a calculated death-rate of 14·7 (9·4 excluding hospital deaths) per mille of population (annual basis) as against 19·7 (15·0 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: Other Fevers 12, Dysentery and Diarrhœa 3 and All Other Causes 55. The reported mortality was very low.

There were 25 deaths (6 in hospitals) for 4 days from All Causes in Kolar Gold Fields City equivalent to a calculated death-rate of 14·2 (10·8 excluding hospital deaths) per mille of population (annual basis), as against 31·0 (28·7 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths numbered 2 under Cholera, 4 under Other Fevers, 4 under Dysentery and Diarrhœa and 15 under All Other Causes. The reported mortality was very low.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Ragi is harvested Standing crops such as Paddy, Sugarcane are slightly benefited by the late rains. Harvest of ragi is reported to have been hampered in Hoskote Taluk due to late rains.

10. Public Health is good.

11. Cattle are healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds Sown.*—Vaisakhy paddy, jola and sugarcane are being sown in some places.

(2) *Standing Crops.*—The standing crops such as Avare, Thogari, Horsegram have revived due to latest showers.

(3) *Crops Harvested.*—Paddy and Groundnut are being harvested.

10. The standing dry crops except Ragi and wet crops under a few tanks which were drying have regained strength and green grass has spouted affording grazing facilities to cattle.

Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment. Progress report of relief works is being sent separately.

11. People and cattle are reported to be generally healthy.

TUMKUR.

8. Fairly well supplied.

Crops Sown.—Ibbani Jola in parts of Koratagere Taluk.

Standing Crops.—Paddy, Jola, Avare, Thogari, Horsegram and Sugarcane. The recent rains were helpful to the wet crops. The rains were harmful to the Ragi crop which is under harvest.

Crops Harvested.—Ragi in all the parts of the District, Jola and Korle in Pavagada and Tumkur Taluks; Groundnut in all the parts of the District and Paddy in parts of Tumkur, Kunigal, Koratagere and Gubbi Taluks; Haraka and other minor millets are being reaped and harvested in Sira Taluk.

Public Health.—Reported to be generally good except for the out break of small-pox in parts of Madhugiri Taluk. Needful action is reported to have been taken to check the spread of the epidemic.

Condition of Cattle.—The condition of the cattle is reported to be generally good except for the prevalence of Sappejadya prevailing in some of the villages in Madhugiri Taluk. Precautionary measures are reported to have been taken to check the spread of the epidemic. Water and fodder are available to the cattle.

Availability of Labour.—Labour is available in all the Taluks on relief works and works under Grow More Food Scheme and other agricultural operations.

MYSORE.

8. It is reported that the markets are normally well supplied in all parts of the District.

The Standing crops.—The standing crops such as paddy and sugarcane are reported to be in good condition. The standing dry crops, such as ragi, castor, tobacco, cotton and pulses which were withering for want of rains are benefited by recent rains and are reported to be in good condition. The level of water in rivers of Cauvery, Kabini and Lakshmanathirtha is stated to be raised by recent rains and the supply of water in all the channels is stated to be enough so as to reach the tail-end lands. Some tanks in Taluks of Hunsur, Chamarajanagar and Gundlupet are reported to have received a small supply of water by the recent rains. It is reported that paddy crop in Yelandur Taluk was affected by a pest known as "Kemmatti Maru". A reference has been made to the Assistant Director of Agriculture to take remedial measures to arrest the spread of the disease.

Crops Harvested.—It is reported that paddy is being harvested in the taluks of Mysore, Krishnarajanagar, T.-Narasipur and Nanjangud and ragi in T.-Narsipur and Yelandur Taluks and Tobacco in Hunsur and Periyapatna Taluks and groundnut in Gundlupet Taluk.

10. (1) Prospects of the season are fair.

(2) There was heavy rainfall in Mysore and T.-Narsipur Taluks and fairly good rainfall in the remaining taluks of the District during the week.

(3) Both the cooly and agricultural classes are finding sufficient employment. Necessary action is being taken to start relief works wherever difficulty is being felt for drinking water.

(4) Sufficient quantities of foodgrains are available all over the District.

(5) Public health is reported to be generally good except for the prevalence of Plague in a few villages of Gundlupet Taluk and in one village of Nanjangud Taluk. Necessary preventive measures are being taken by the Health Department to check its spread.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District except in the Taluks of Hunsur, Gundlupet, Chamarajanagar, Periyapatna and Heggaddevankote where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells meeting the cost out of the Distress Relief Grants.

MANDYA.

8. Well supplied.

9. The harvest of paddy is going on in Mandya, Maddur, Malavalli, Pandavapura and Srirangapatna Taluks and the harvest of ragi, millets and groundnuts is being done in Maddur, Pandavapura Taluks. Sugarcane is also reported to be under harvest in Mandya, Maddur and Pandavapura Taluks. The standing crops of sugarcane in Visvesvaraya Canal area and paddy both under nala and certain tank atchkats of the District are reported to be in fair condition. The recent rains have caused some damage to the ragi and paddy crops in Maddur, Malavalli, Pandavapura, Srirangapatna and Krishnarajapet Taluks.

10. Prospects of the season are reported to be fair. The recent rains have caused some damages to the paddy crops in Maddur, Malavalli, Pandavapura, Srirangapatna and Krishnarajapet Taluks. The Krishnarajasagar water level as on 12th December 1952 was 79·37 and the inflow 112·86 cusecs. The Krishnarajasagar water level is going down day by day, and is causing anxiety to the paddy and cane growers in the Visvesvaraya Canal area.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available in all the taluks. It is reported that Plague which was prevalent in Koratagere, Koppal, Sarangi and Doddasunahalli Villages of Krishnarajpet Taluk has subsided.

HASSAN.

8. Markets are fairly supplied.

9. Paddy crop is being harvested in parts of Manjarabad, Channarayapatna and Alur Taluks. The recent rains have adversely affected the standing crops of dodda ragi, hurli, avare, etc., and paddy and ragi under harvest as also reaping of paddy in Hassan, Hole-Narsipur and Belur Taluks. The standing crops of paddy and sugarcane are fairly good except in the tank-fed areas and makki fields of Arkalgud Taluk where the paddy crop suffers for want of rains earlier during cultivation season.

10. Public health is generally good except for outbreak of plague at Mavanur in Hole-Narsipur Taluk for which preventive measures have been taken.

11. Cattle are generally healthy except for Rinderpest at Halebelur in Manjarabad Taluk and some diseases at Kyathanahalli in Hole-Narsipur Taluk for which preventive measures have been adopted.

Fodder and water are available.

SHIMOGA.

8. Markets are well supplied.

9. Tilling operations are reported to be going on in Shimoga, Shikaripur, Sorab and Bhadravati Taluks. Hombanda crops are being sown in Shikaripur Taluk. Harvesting of (1) Paddy in all the taluks except Channagiri (2) Ragi and Jola in Shimoga and Honnali and (3) Jola in Bhadravati Taluk is going on. Rainfall during the week is stated to have damaged standing and harvested paddy crop in Shikaripur, Sagar, Hosanagar and Thirthahalli. The damage in Thirthahalli Taluk is reported to be slightly heavy. Paddy crop in 2 villages of Sagar Taluk is affected by a sort of pest and preventive action is taken by the local Agricultural Inspector.

10. Prospects of the season are fair. Rainfall in Bhadravati Taluk being untimely is stated to be insufficient. Rainfall during the week is stated to have improved the condition of standing dry crops in Channagiri and Shikaripur. Relief works are going on in Channagiri and Honnali Taluks and are going to be taken up in Shimoga and Bhadravati wherever necessary.

11. Cattle are healthy, and water and fodder are available.

CHIKMAGALUR.

8. Markets were fairly well supplied, except with rice, ragi and jola were sold at 2 to 2½ seers a rupee in the open market.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, coriander, besige jola, paddy, ragi and haraka in Kadur Taluk; paddy, ragi, jola, avare, togari, horsegram and sugarcane in Tarikere Taluk; and paddy in other taluks were the standing crops.

(2) *Seeds Sown and Transplantation made.*—Nil.

(3) *Crops Harvested.*—Paddy and ragi in Chikmagalur Taluk, paddy, ragi and haraka in Kadur Taluk and paddy, ragi and jola in Tarikere Taluk and paddy in other taluks were harvested during the week.

10. Prospects of the season were on the whole not quite satisfactory. The recent rainfall in the Malnad Taluks have slightly affected the harvested paddy crop, the rainfall not being adequate in the maidan taluks.

11. Public health was reported to be generally good during the week throughout the District.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied.

9. (*a*) *Sowing.*—Sowing of paddy in the atchkats of tanks in Challakere and Jagalur Taluks was in progress.

(*b*) *Standing Crops.*—The standing dry crops of ragi, navane, horsegram, bilijola, bengalgram, tur, castor, chillies, tobacco, groundnut and cotton all over the District except in few parts of Davangere and Haribar Taluks have improved to some extent due to the recent showers. The irrigated ragi, jola and cotton in wet and Bagayet lands of Molakalmuru Taluk and under tanks, wells, and nalas in Challakere Taluk and groundnut in the channel areas of Hiriyur Taluk are reported to be fair. It is reported that the recent showers of rainfall have been very helpful to the bilijola crop which had almost withered away. The standing dry crops in Haribar and Davangere Taluks have been withering.

(*c*) *Harvesting.*—Ragi and navane in Chitaldrug, ragi, navane, and save in Hosadurga, paddy, haraka, save and sajje in Challakere, paddy in Hiriyur, ragi and minor millets in Holalkere, kesari jola and groundnut in Davangere and navane and sajje in Jagalur Taluks were harvested.

10. Relief works are in progress all over the District. Cooly classes are getting sufficient work in relief works under execution and also through works undertaken by Public Works Department, such as construction of roads, etc. The raiyats are busily engaged in Agricultural operations due to recent showers. There is enough stock of food-grains for the present. Some of the tanks have got adequate water supply for irrigational purposes.

11. The cattle are reported to be generally healthy all over the District. Fodder scarcity has improved due to the availability of green grass and hay from harvested crops. It is reported that there is no demand for fodder received from Mandya District except in Harihar Taluk.

Drinking water is available all over the District.

Public health is generally good all over the District.

H. G. VIJAYARAGHAVA REDDY,
For *Director*.

BANGALORE.
Dated 9th December 1952.

6478

OFFICE OF THE CHIEF MARKETING OFFICER IN MYSORE, BANGALORE.

FORM FOR WHOLESALE PRICES.

Fortnightly return of wholesale prices prevailing in important markets on the last day of the fortnight ending 31st day of October 1952.

Note.—If any crop (*e.g.* Ragi, Masur, Linseed) is not grown in any state, it may be deleted. Names of 'other' cereals, 'other' pulses, etc., peculiar to a particular state may be specified. Prices are in rupees per standard maund of 82 2/7 lbs. unless otherwise stated. When there is no reference to any specific quality, *fair average quality* is implied.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. Ragi and paddy are being harvested. Standing crops such as paddy, sugarcane and minor millets are fairly good.

10. Public health is good.

11. Cattle are healthy and water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds Sown.*—Jola and Vaisakhy paddy under some tanks which have water are being sown.

(2) *Standing Crops.*—Avare, Thogari, Horsegram and Paddy under some tanks are reported to be fair.

(3) *Crops Harvested.*—Paddy, Groundnut, Thogari, Jola and Ragi in some places are being harvested.

10. The standing crops have revived due to recent showers and green grass is available for grazing.

Auxiliary works in Public Works Department, District Board and Village Panchayets have been taken up to provide labour to agriculturists and people seeking employment.

11. People and cattle are reported to be generally healthy.

TUMKUR.

8. Fairly well supplied.

Crops Sown.—Ibbani Jola in some parts of Koratagere Taluk; transplantation of Paddy has commenced in parts of Tiptur, Chicknaikanhalli and Pavagada Taluks.

Standing Crops.—Paddy, Avare, Thogari, Horsegram, Sugarcane and Jola are reported to be in fair condition. Recent rains were helpful to wet crops.

9. Ragi, Jola, Groundnut and Minor Millets in all parts of the District, Paddy in parts of Tumkur, Kunigal, Chicknaikanahalli and Gubbi Taluks.

Public Health.—Reported to be generally good in all the parts of the District.

Condition of Cattle.—Reported to be generally healthy except for the prevalence of Blackquarter in some parts of Pavagada Taluk. Necessary action has been taken to check the spread of the epidemic. Water and fodder are available.

Availability of Labour.—Labour is available in all the taluks on relief works and works started under Grow More Food Scheme and agricultural operations.

MYSORE.

8. It is reported that the markets are well supplied in all taluks of the District during the week.

Seeds sown.—Nil.

Standing Crops.—The standing crops such as paddy, sugarcane, castor, cotton and pulses are reported to be generally in good condition all over the District.

9. *Crops Harvested.*—It is reported that paddy is being harvested in the taluks of Mysore, Chamarajanagar, Hunsur, Krishnarajanagar, Gundlupet, Nanjangud and T.-Narsipur and ragi in the taluks of Periyapatna, Chamarajanagar and T.-Narsipur, groundnut in the taluks of Chamarajanagar and Gundlupet and horsegram in Hunsur and Heggaddevankote Taluks and Tobacco in Hunsur Taluk.

10. (1) Prospects of the season are fair.

(2) There was no rainfall in any taluk of the District during the week.

(3) Both the cooly and agricultural classes are finding sufficient employment all over the District. Necessary action is being taken to start relief works wherever difficulty is being felt for drinking water.

(4) Sufficient quantities of foodgrains are made available all over the District.

(5) Public health is reported to be generally good all over the District except for the prevalence of Plague in four villages of Gundlupet Taluk and in one village of Nanjangud Taluk and Cholera in one village of Hunsur Taluk. Necessary preventive and remedial measures are being taken by the Health Department.

11. Cattle are reported to be generally healthy all over the District. Sufficient quantities of water and fodder are available in all parts of the District except Gundlupet, Chamarajanagar, Periyapatna and Heggaddevankote taluks, where difficulty for drinking water is felt to some extent. Action is being taken to provide drinking water facilities by deepening the existing wells, the cost being met out of the Distress Relief Grants wherever necessary.

MANDYA.

8. Well supplied.

9. The harvest of paddy which had been suspended due to the recent rains has been started in Mandya, Maddur, Malavalli, Pandavapura, Srirangapatna and Krishnarajapet Taluks. Ragi, millets and groundnuts are being harvested in Maddur and Pandavapura Taluks. Sugarcane is also reported to be under harvest in Mandya, Maddur and Pandavapura Taluks. The standing crops of sugarcane in Visvesvaraya Canal Crea and paddy both under nala and certain tank katchkat of the District are reported to be in fair condition. The recent rains have caused some damage to the paddy and ragi crops, and consequently the harvest and procurement operations were delayed in this District.

10. Prospects of the season are reported to be fair. The recent rains have caused some damage to the paddy and ragi crops in almost all the taluks of this District. The Krishnarajasagar lake level as on 22nd December 1952, 77'27 feet and inflow 111'09 cents.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available in all the taluks of this District.

HASSAN.

8. Markets are fairly supplied.

9. Paddy is being harvested in parts of Hassan, Hole-Narsipur, Manjarabad, Arkalgud, Belur, Chennarayapatna and Alur Taluks. The standing crop of sugarcane is fair in Hassan and Alur Taluks and Avare, Thogari and Horsegram in Chennarayapatna Taluk.

10. Public health is generally good.

11. Cattle are generally healthy. Pasture, fodder and water are available.

SHIMOGA.

8. Markets are well supplied.

9. Tilling operations are stated to be in progress in Shimoga, Shikaripur, Sorab and Bhadravati Taluks. Harvesting of paddy is in progress in all the Taluks. There was no rainfall during the week. Rainfall is reported to be necessary in some parts of Honnali Taluk where jola, horsegram, and oil seeds have been sown recently. Ragi and jola are also being harvested in Shimoga and Bhadravati Taluks.

10. Rainfall is said to be necessary in some parts of Honnali taluk. Relief works are going on in Channagiri, and Honnali taluks. Action has been taken in Shimoga and Bhadravati Taluks to take up the works wherever necessary.

11. The condition of cattle is satisfactory. Water and fodder are available.

642

CHIKMAGALUR.

8. Markets were fairly well supplied except with rice. Ragi and jola were available in the open market at 2 to 2½ seers a rupee.

9. (1) *Standing Crops.*—Paddy, ragi and sugarcane in Chikmagalur Taluk; sugarcane, coriander, besige jola, paddy, ragi and haraka in Kadur Taluk; paddy, ragi, jola, avare, togari, horsegram and sugarcane in Tarikere Taluk; and paddy in other taluks were the standing crops.

(2) *Seeds Sown and Transplantation made.*—Nil.

(3) *Crops Harvested.*—Paddy and ragi in Chikmagalur Taluk, paddy, ragi, haraka and navane in Kadur Taluk, paddy, ragi and jola in Tarikere Taluk and paddy in other taluks were harvested during the week.

10. Prospects of the season were not quite satisfactory. The rainfall during the previous week has slightly affected the harvested paddy crop. But it was helpful to the other standing crops.

11. Public health was reported to be generally good during the week throughout the District.

Cattle were generally healthy. Water and fodder were available.

CHITALDRUG.

8. Well supplied. Commodities like rice, ragi, etc., are supplied in Shandies and markets on a very small scale.

9. (*a*) *Sowing.*—Sowing of paddy under atchkats of tanks and wet lands in Challakere and Jagalur Taluks was in progress.

(*b*) *Standing Crops.*—The standing dry crops of navane, horsegram, jola, castor, cotton, groundnut, tur, chillies and tobacco all over the District have improved to some extent due to rainfall in the first fortnight of December. The irrigated ragi and jola in wet and bagayet lands of Challakere and Molakalmuru Taluks and groundnut and paddy in wet lands and channel areas of Hiriyur Taluk are reported to be fair. The standing dry crops in Harihar Taluk are withering for want of rains.

(*c*) *Harvesting.*—Ragi and navane in Chitaldrug Taluk, ragi in Hosadurga Taluk, paddy, haraka, save and sajje in Challakere Taluk, paddy in Hiriyur and Molakalmuru Taluks, ragi, minor millets and pulses in Holalkere Taluk and jola, sajje and navane in Jagalur Taluk were harvested during the week.

10. Relief works are in progress all over the District. Cooly classes are getting sufficient work in these relief works under execution and also through works undertaken by Public Works Department, such as repairs to roads, etc. There is enough stock of foodgrains for the present. Some of the tanks in the District have got 2 to 3 months' water for irrigational purposes.

11. The cattle are reported to be generally healthy all over the District. It is reported that rinderpest among sheep and goats is prevailing in Hadadi Village, Davangere Taluk. The veterinary authorities are taking necessary preventive measures to check its spread. A notification declaring Hadadi village and area roundabout within a distance of five miles as infected area for one month has been issued.

Fodder scarcity has improved to some extent due to availability of grass and hay from harvested crops. It is reported that there is no demand for Mandya fodder in some taluks.

Drinking water is available all over the District.

Public health is generally good all over the District.

BANGALORE,
Dated 16*th December* 1952.

R. P. SHIVANNA,
For *Director*.

6922

MYSORE STATE—DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE FOR THE WEEK ENDED THURSDAY, DECEMBER 11, 1952.

A total of 9 attacks with 5 deaths from Plague was returned from 5 villages in 2 taluks in 2 districts during the week against 29 attacks with 13 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Fields reported free from Plague. Comparative figures for the corresponding week in 1951 and 1950 were 53 attacks with 23 deaths and 21 attacks with 11 deaths respectively.

A total of 21 attacks with 6 deaths, from Small-pox were reported from Bangalore and Magadi Town, and from the taluks of Bangalore North and Kolar.

Six attacks with 5 deaths from Cholera were reported from Kolar Gold Fields and Maddur Taluk.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Mysore City was 29 (7 in hospitals) for 5 days representing a calculated death-rate of 8·5 (6·5 excluding hospital deaths) per mille of population (annual basis) as against 16·8 (12·4 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths were: Other Fevers 5, Dysentery and Diarrhœa 6 and All Other Causes 18. The reported mortality was very low.

There were 43 deaths (3 in hospitals) for 7 days from all causes in Kolar Gold Fields City equivalent to a calculated death-rate of 13·9 (13·0 excluding hospital deaths) per mille of population (annual basis) as against 17·8 (12·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Cholera, 3 under Other Fevers, 5 under Dysentery and Diarrhœa and 34 under All Other Causes. The reported mortality was very low.

6881 T. CHANDRASEKHARAIYA, *Director.*

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDRY SERVICES IN MYSORE, BANGALORE.

Notification dated 18th December 1952.

(HEALTH OF LIVE-STOCK DURING NOVEMBER 1952).

In their order of severity, outbreaks of Rinderpest, Anthrax, Hæmorrhagic-septicæmia, Black-quarter, Sheep-pox, Foot and Mouth, Contagious-Goat, Pleuro-pneumonia, Ranikhet, and Rabies were encountered in the State during November 1952. Altogether 163 villages were reported to have been affected by one or the other of the several contagious and infectious diseases as against 157 villages during the previous month. The number of outbreaks was highest in Mysore, Hassan and Shimoga Districts, while Bangalore, Chitaldrug and Chickmagalur Districts were least affected. These diseases accounted for 656 attacks, of which 498 succumbed. The departmental staff conducted 28,827 preventive inoculations and vaccinations against all the above diseases, except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

An outbreak of Rinderpest were registered in Davangere Taluk accounting for 20 attacks among sheep, of which 12 succumbed. Prompt measures of control were undertaken by the Department to check its spread. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 130 villages accounting for 58 deaths, as against 109 villages accounting for 28 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 10,592 animals, as against 8,503 animals during the previous month.

The rest of the livestock remained free from diseases, and fodder and water were generally available throughout the State.

Press Note.

SYSTEM OF TAXATION.

The Sales-Tax Committee, constituted by the Government of Mysore, which met on Thursday, 20th December 1951, in the Chambers of the Hon'ble Minister for Finance and Industries, considered the question of switching over from the Multiple Point System to Single Point System of Taxation. Having regard to the large preponderance of opinion in favour of this switch over both in the Legislature and outside, the Committee considered that it was essential to obtain all the data necessary for coming to a final decision in the matter. Such a change, if adopted, obviously necessitated the repeal of the existing Sales-Tax Act and replacing it by a different one. The Committee recommended that an experienced officer of the Department may immediately be deputed to Bombay and to one or two other States in India where the Single Point System prevailed, and a comprehensive report obtained very early so as to facilitate the introduction of a Bill in time. The Committee felt that no change from one system to another could be made during the middle of the year and it was desirable that it should be made from the commencement of the next official year.

The trade representative on the Committee was also requested to get into touch with trade organisations both within and outside the State and place their considered views also before next meeting.

(P. N. No. 241—22-12-1951.)

Press Note.

VOTING BY OFFICERS AND OFFICIALS ON POLLING DUTY.

The following statement issued by the Chief Electoral Officer in Mysore, Bangalore, regarding voting by Officers and Officials on Polling duty is published for general information :—

"Sub-rule (1) of Rule 3 of the Representation of the People (Conduct of Election and Election Petition) Rules provides that the Presiding Officer, a Polling Officer, Polling Agent or Public Servant who is an elector for any constituency, and is, by reason of his being on duty at a Polling Station and unable to be present and to vote at the Polling Station, where he is entitled to vote, may apply to the Returning Officer of the Constituency for which he is an elector, at least seven days before the date fixed for the poll at that constituency, for permission to vote at an election by postal ballot and that every such application shall specify the name of the elector, his address and his Serial Number in electoral roll. The Returning Officer may thereupon allow the applicant to give his vote by postal ballot.

The Officers and Officials who have been drafted for polling duty, and who, by reason of such duty are unable to vote personally at the polling stations where they are entitled to vote, may accordingly apply in time to the Returning Officers of the Constituencies in which they are electors for permission to vote by postal ballot."

(P. N. No. 242—22-12-1951.)

Press Note.

Progress Report of the Marketing Department for the Month of November 1951.

I. ADMINISTRATION OF SPECIAL ACTS.

(*a*) THE MYSORE WEIGHTS AND MEASURES ACT

During the month under report, 4,027 units of weights and measures were presented for testing as against 3,694 units in the previous month and 5,115 units in the corresponding month of the previous year and that 3,842 units of weights and measures were certified for their correctness as against 3,490 units in the previous month and 4,805 units in the corresponding month of the previous year.

A sum of Rs. 568–6–0 was realised as testing fee as against Rs. 484–9–0 in the previous month and Rs. 775–2–0 in the corresponding month of the previous year.

A total number of 528 units of weights and measures of different denominations aggregating to the value of Rs. 1,239-14-3 were sold by the Inspectors of Weights and Measures working in the State as against 335 units of weights and measures valued at Rs. 436–6–6 in the previous month, and 611 units of weights and measures valued at Rs. 750–14–3 in the corresponding month of the previous year.

In addition to 20 old cases that were pending, 10 new cases (one in Bangalore City, two in Tumkur, one in Mysore five in Chikmagalur and one in Davangere) were launched. Out of the total number of 30 cases, 8 cases (one in Bangalore City, three in Chintamani, three in Tumkur and one in Davangere) ended in conviction and one case at Chikmagalur was acquitted. A sum of Rs. 123 was realised as fines as against Rs. 86–10–0 in the previous month and Rs. 235 in the corresponding month of the previous year. The remaining 21 cases (one in Bangalore City, five in Mandya, one in Chintamani, two in Tumkur, one in Mysore, eight in Chikmagalur and three in Hassan) are pending.

The total number of weights and measures presented for testing was highest in Bangalore City with 936 units and Mysore came next with 650 units.

II. COLLECTION AND COMPILATION OF AGRICULTURAL AND LIVE-STOCK STATISTICS.

Information regarding the availability of Fruits, Vegetables and other articles of food in Bangalore Market during the month of September 1951, was collected and furnished to the Military authorities and other Military Contractors.

A monthly report of weekly market rates of Copra, Cocoanuts and Coconut Oil as at Tiptur and Arsikere was sent to the Secretary, Indian Central Coconut Committee, Ernakulam, for publishing the same in their monthly Bulletin.

III. CO-OPERATIVE MARKETING.

The milk handled during the month by some of the Milk Co-operative Societies is as follows:—

(1) The Mysore Co-operative Milk Supply Union Ltd., Bangalore ... 25,000 lbs.
(2) The Milk Supply Society, Chitaldrug 434 seers.
(3) The Milk Supply Society, Kolar ... 982 „
(4) The Milk Supply Society, Mysore ... 1,720 „

IV. MARKET NEWS SERVICE.

The arrangements made for the collection of daily and weekly market rates of certain agricultural commodities and live-stock products from Bangalore and mofussil markets and broadcasting the same through the All India Radio, Mysore, was continued. Arrangements were also made to publish daily market rates in some of the local Newspapers such as "Deccan Herald", "Janavani" and "Viswakarnataka" for the information of the public. The weekly market rates of the Arecanuts received from Madras were furnished to the Areca Marketing Co-operative Society, at Shimoga, Sringeri and Arkalgud and those of coconut products received from Delhi and Kanpur to the Secretaries of the Arsikere Coconut and Copra Marketing Co-operative Society and Regulated Market Committee, Tiptur. The auction rates of Coffee as prevailing at Chikmagalur were furnished to the Agricultural Marketing Adviser, New Delhi. The weekly market rates of different varieties of the Arecant as prevailing at Bangalore were furnished to the State Marketing Officer, Madras.

V. MISCELLANEOUS.

The first and second meetings of the Regulated Markets Enquiry Committee were held on 9th and 16th November 1951, under the Chairmanship of Chief Marketing Officer. The Committee discussed several important subjects and decided to hold the next meeting of the Committee on 28th January 1952, after General Elections as two out of seven of its members were absent.

Sri K. Nanjappa, B.A., Assistant Marketing Officer, Bangalore, attended the meeting of the Executive Committee of the Mysore Co-operative Milk Supply Union, Ltd. Bangalore, held on 26th November 1951, as its *Ex-officio* Director. He also attended the meetings of the Executive Committee and Board of Directors of the Mysore Provincial Marketing Co-operative Society, Ltd., Bangalore, held on 4th November 1951, as one of its *Ex-officio* Directors.

(P N. No. 243—26-12-51.)

Press Note.

The following statement issued by the Chief Electoral Officer in Mysore, Bangalore, is published for general information:—

"The polling in connection with the forthcoming General Elections to the State Legislative Assembly and the House of the People commences at 8 A.M. Before this time, however, it is necessary that all the elaborate preliminaries such as the signing of his declaration by each polling agent on his appointment order in Form 6 before the Presiding Officer at the polling station, the inspection of the empty ballot boxes, the closing and sealing of the ballot boxes and the taking of signatures on paper seals, etc., should be completed. The work on these essential preliminaries will accordingly commence an hour earlier, *i.e.*, at 7 A.M. All the validly nominated candidates are therefore requested to instruct their polling agents to reach their respective polling stations by 7 A.M. and to inform them that, if any of these preliminaries have already been gone over, the proceedings will not be commenced *de novo* to accommodate any late comer."

(P.N. No. 244—26-12-1951.)

Press Note.

Progress under Rural Electrification Scheme, Kolar District.

Estimates amounting to Rs. 1,88,500 for the electrification of Banegere, Mazra, Gollahalli and Poojaripalli villages in Kyasamballi Hobli, Thatereddihalli, Papehalli, Gollaguruvenahalli, Budadamittee, Barvareddihally and Mindshalli and Budikote village in Bangarapet Taluk, have been sanctioned. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless every endeavour is being made to push through the works sanctioned.

(P. N. No. 245—26-12-1951.)

Press Note.

Progress under Rural Electrification Scheme, Tumkur District.

Estimates amounting to Rs. 1,20,400 for the electrification of Kodigehalli, Madhugiri Taluk, and Echanur in Tiptur Taluk have been sanctioned. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless every endeavour is being made to push through the works sanctioned.

(P.N. No. 246—28-12-1951).

Press Note.

Direction to Heads of Departments.

In continuation of the Press Note No. 197 dated 19th November 1951, regarding the conduct of Government servants in connection with the forthcoming General Elections, Government have directed the Heads of Departments again to intimate all their subordinates that severe notice will be taken of officials interfering and taking sides, etc., during elections.

(P.N. No. 247—28-12-1951).

Press Note.

General Elections and Industrial Concerns.

As great importance is attached to the first General Elections under the Constitution of India, it is considered necessary that all workers should get a reasonable opportunity to exercise their right to vote. Therefore, workers in all Government-owned and aided Industrial Concerns in the State have been given a holiday without wages and dearness allowance on the date of polling and the Concerns have been asked to be kept open for work on any other holiday either before or after the Polling day when the workers may work and get their usual wages and dearness allowances.

The managements of private industrial concerns and owners of Plantations in the State have also been requested to grant similar facilities to their respective workers to enable them to exercise their right to vote.

It is hoped that, in the interests of production in the country, which is the crying need of the hour, as much as in their own interests, the workmen will respond to the call for work and work on the substituted holiday.

(P. N. No. 248—28-12-1951).

4 No delay in payment of rent will be countenanced. Default in payment will involve cancellation of contract and forfeiture of deposit amount.

5 No alterations shall be effected in the building without obtaining permission of proper authorities before hand. The club and its surroundings be kept neat and tidy. The proprietor shall be responsible for all the electrical and other fittings in the buildings.

6 He will provide his own stock of decent furniture and pay for light, electric, water, sanitary cess bills together with the Municipal taxes for the premises.

7 The right of running of the club shall not be sublet or transferred.

8 The acceptance of tender lies with the Superintending Engineer, Tumkur Circle, Tumkur. His orders will be final and legally binding.

9 The name of the successful tenderer will be put up on the notice board and the earnest money of the unsuccessful tenderers will be refunded on application.

10 The building shall not be used for dwelling purposes. Needful provision will be made for drawing electric power in the kitchen. Electric cooking ranges should be installed by the tenderer. He should put the necessary platforms and lead the smoke to the chimney.

11 The proprietor shall employ properly clothed and trained attendants and should be bound to supply clean and wholesome preparations. The equipment of furniture will be on lines approved by Government.

M. H. MANCHIGIAH,
6110 *Ex. Engr.*

GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE EXECUTIVE ENGINEER, ELECTRICAL DIVISION, BANGALORE.

Notification dated 28th December 1951.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Electrical Division, Bangalore, up to 2 P.M. on 28th January 1952, for the works detailed below :—

Sl. No.	Names of Works	No. of Blocks	Approximate amount of estimate Rs.	Tender deposit Rs.	Period for completion of work	Minimum monthly progress required Rs.
	Buildings at Darasaguppa, Srirangapatna Taluk.					
1	Constructing one block of two Linemen Quarters as per Drg. G. 650 (Re-modified).	1	5,200	260	4 months	1,300
	Buildings at Melkote.					
1	Constructing double block of Operator's Quarters as per Drg. G. 383-A. for the operator and bill clerk.	1	12,000	600	6 months	2,000
2	Constructing one block of Maistries' Quarters as per Drg. G. 473 ...	1	5,500	275	4 do	1,500
3	Constructing Office and Stores Building as per Drg. G. 324	1	6,500	325	4 do	1,700
4	Constructing one block of two Linemen Quarters as per Drg. G. 650 (Re-modified).	1	5,500	275	4 do	1,500

The tenders will be opened in public at 2 P.M. on 28th January 1952. The work should be completed and handed over to the Department in a tidy condition within the period noted and the monthly progress should not be less than the amount specified against each work, failing which, penalty as per agreement or departmental rules in force at the time will be enforced.

The plan, detailed estimate and the conditions may be seen at the Offices of the Executive Engineer, Electrical Division, Bangalore, the Assistant Engineers, No. 3 Electrical Sub-Division, Mysore, or the Offices of Power and Lighting of this Department for works in their sections on all working days during the office working hours.

Tenders are to be submitted in the prescribed forms only which can be had from this office on payment of annas four per set of forms for each work. The forms can also be had from the Assistant Engineer, No. 2 Electrical Sub-Division, Mysore, or through post direct to intending tenderer, provided the cost of forms *plus* postal charges, in case forms to be sent by post, is paid in cash and requisition be given well in advance. This office will not be responsible for delay or non-delivery of tender forms sent by post.

Each tender must be accompanied by a deposit specified as earnest money. The earnest money has to be paid in cash at this office or any Power and Lighting Office of this Department and the receipt enclosed to the tender.

No tender will be received without deposit and no adjustment can be made from the pending bills or the deposits of other works towards the tender deposit of this work.

650

The final acceptance of any tender will rest with the Superintending Engineer, Electrical Circle, Bangalore, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender, who also reserves the right to accept or reject any portion of the tender.

Within eight days of the award of the tender, the successful tenderer will be required to execute the usual contract bond, in default of which his tender will be considered cancelled and his earnest money forfeited. The work should be started within a week from the date of acceptance.

On acceptance of one of the tenders, the earnest money on rejected tenders will be returned either in this office or through the Assistant Engineer or any of the Power and Lighting Offices of this Department, on the tenderer submitting refund bill surrendering the original receipt granted.

The contractor has to make his own arrangements at his cost for water required for construction, quarries, supply and transport of materials. This department does not undertake to provide lorries.

Specifications for Civil Engineering Works are those recognized by the Public Works Department of Mysore and Marryot's Specifications (P.W.D. Hand-book, Bombay).

Only controlled articles like steel and cement, etc., will be supplied by the Department at the nearest departmental stores at controlled rates *plus* incidental charges at 15 per cent or other percentage as per departmental rules in force at the time of issue of the materials.

The contractor himself should pay royalties, tolls, sales-tax and any other tax that may be prescribed by Government from time to time and furnish income-tax clearance certificate before execution of the work.

The contractor shall be bound by the conditions of the schedule of contract of the Electrical Department.

M. S. MADHAVA RAO,
Executive Engineer.

1417

KOLAR DIVISION.

3. The detailed specifications can be had on application to the undersigned. A deposit of Rs. 5 is necessary in case plans for works are also requisitioned.

4. The undersigned reserves the right to offer works or parts of the work to one or more contractors each at his own rate and also reserves the right to reject tenders without assigning any reason therefor.

5. The last date and time for receipt of tenders is 15th January 1952 at 3 P.M.

K. S. SIVAPRAKASAM,
Superintendent.

1422

OFFICE OF THE SUPERINTENDENT, GOVERNMENT GARDENS IN MYSORE, LALBAGH, BANGALORE.

Notice dated 11th December 1951.

It is hereby notified for the information of the public that sealed tenders will be received in the Office of the undersigned at 4 P.M. on Monday the 14th January 1952 towards the lease of Restaurant, Sri Chamarajendra Zoological Gardens, Mysore, for a period of two years from 16th January 1952.

Regarding the terms of lease and other particulars about the tenders, the same can be had at the Office of the Curator, Zoological Gardens, Mysore, on any working day.

6059

Notification dated 22nd December 1951.

It is hereby notified that the Tamarind, Jak, Cocoanut, Komarac, Hongey, etc., standing crops in the following gardens will be sold by public auction at Lalbagh Gardens at 9 A.M. on 14th January 1952:—

Lalbagh	Central College
Chamaraja Park	Central College Hostel
Kumara Park	Intermediate College
Senior Surgeon's Office	Vaccine Institute
Victoria Hospital Garden	Engineering College

Terms of sale are as follows:—

1. Each bidder may be required on demand to deposit a sum of Rs. 10 as earnest money before he is permitted to bid; the amount will be returned to him at the close of the sale if his bid be not accepted.

2. The highest bidder, who is the purchaser, should, on the spot, deposit 50 per cent of the amount due by him and pay up the balance within a week. In default thereof, the crops will be resold at his risk without his participating in any profit that may accrue.

3. The removal of the crops will not be permitted before full payment is made for the same.

4. All sales held by the subordinate officials in charge are subject to the confirmation of the Superintendent, Government Gardens and Parks in Mysore, who reserves the right of accepting or rejecting any bid without assigning any reason therefor.

5. After the removal of the crop, the purchaser should keep the place clean. Any damage done to Government property should be made good by him.

6. Each bidder should see the plants before the auction and satisfy himself and any camplaints received thereafter regarding the crop will not be entertained.

7. No complaints regarding crops, etc., by the purchaser will be considered.

8. The decision of the Superintendent, Government Gardens and Parks in Mysore, Bangalore, shall be final and legally binding in all matters.

M. K. APPAJAPPA,
Superintendent.

6286

MEDICAL AND PUBLIC HEALTH SECRETARIAT.

Notice.

Dated the 21st December 1951.

No. A.D. 4761—51-2. It is hereby published for the information of the public that some old articles of furniture, etc., old tyres, cycle, tents, typewriters, radios etc., of the General and Revenue Secretariat, Bangalore, will be sold by public auction at 9 A.M. on Sunday the 6th January 1952 at the stables adjacent to the Secretariat Club, Cubbon Park, Bangalore, by the Registrar, General and Revenue Secretariat, Bangalore, for spot cash.

2. The sale will be knocked down in favour of the highest bidder provided the officer conducting the sale does not consider it too low. He may reject any bid without assigning any reason. As soon as the sale is conducted the purchaser will have to pay the sale amount in cash on the spot and take delivery of the articles. If the articles sold in auction are not taken delivery of at the close of the auction on payment, they will be re-sold at the risk of the purchaser and any loss that may accrue on such re-sale will be recovered from the original purchaser but he shall not be entitled to participate in the event of any profit that may accrue by the re-auction and the amount paid by the original purchaser will be forfeited to Government.

3. The articles may be inspected on any day during working hours before the auction at the stables adjacent to the Secretariat Club, Cubbon Park, Bangalore.

4. A deposit of Rs. 50 should be paid by the bidders before bidding, if the sale conducting officer so desires and this amount will be refunded after the auction is over if no bids are accepted or will be adjusted as the case may be towards the amount due.

5. Withdrawal of bid or lodging takrar of any kind will not be entertained when once the bid is offered in the open auction and accepted.

6. The decision of the Sale Conducting Officer is final in all matters pertaining to the auction and binding on the bidders.

7. The successful bidder shall pay a sales-tax of three pies per rupee on the bid amount.

MOHAMED RAHMATHULLA,
Secretary to Government,
6276 *Medical and Public Health Departments.*

OFFICE OF THE DIRECTOR OF GEOLOGY IN MYSORE, BANGALORE.

Sale of Gold.

Notification.

It is hereby notified for the information of the public that one button of refined gold weighing about 212 tolas will be sold by public auction at this office under the direction of the undersigned on Wednesday, the 16th January 1952 at 1-30 P.M.

TERMS OF SALE.

(1) The gold with the certificate of fineness will be available for inspection from 12-30 P.M. on the day of auction.

(2) Each intending bidder must deposit in cash as earnest money Rs. 500, with the sale conducting officer, prior to the commencement of the sale in token of his acceptance of the conditions of the sale.

(3) The highest bidder shall ordinarily be the purchaser and he shall immediately after the close of the sale pay in cash the full amount and take delivery of gold, failing which the deposit of earnest money will be forfeited and resale will be held at his risk.

(4) The gold lot will be weighed in the balance of the Chemical Laboratory of the office in tolas and the weight thus arrived at, shall be the final weight for settlement of the sale amount to be paid.

(5) Earnest money paid by the unsuccessful bidders will be returned after the close of the sale. Earnest money paid by the successful bidder will be adjusted towards the sale amount.

(6) The Director of Geology is not bound to accept the highest bid, and he reserves to himself the full right to accept or reject any bid without assigning any reasons therefor.

6441 C. S. PICHAMUTHU, *Director.*

OFFICE OF THE DIRECTOR OF AGRICULTURE IN MYSORE, BANGALORE-1.

Notification dated 21st December 1951.

No. Ht. 62—51-52. It is hereby notified for the information of the public that the right of collecting "Poovan" variety plantain bunches from about 425 plants on the Visvesvaraya Canal Farm about seven miles from Mandya Town, will be leased out in public auction by the Assistant Director of Agriculture in charge of the Visvesvaraya Canal Farm near his office at 3 P.M. on Thursday the 3rd January 1952, subject to the following conditions:—

1. Each bidder should deposit a sum of Rs. 50 as earnest money to become eligible for bidding in the auction.

2. The right of collecting the plantain bunches from the plants referred to above will be leased to the highest bidder.

3. The undersigned reserves the right to accept or reject the highest bid without assigning any reason therefor.

4. The period of picking the plantain bunches will be for a period of four months from the date of intimation of the acceptance of the highest bid.

5. The earnest money deposited by the unsuccessful bidders will be returned immediately after the auction is conducted.

6. The successful bidder will have to pay the difference between the bid amount and the earnest money deposited by him to the Assistant Director of Agriculture in charge of the Farm within three days from the date of intimation of acceptance of his bid, failing which his earnest money deposited will be forfeited to Government.

7. The lessee should be responsible for proper guarding of the plantain crop immediately his offer is accepted and no complaint in case of theft, etc., will be entertained and no compensation whatsoever will be paid thereof. The lessee should give intimation to the Assistant Director of Agriculture in charge of the Farm before collecting the plantain bunches every day. Neither plantains nor plantain bunches should be removed from the Farmyard without the knowledge of the Assistant Director of Agriculture in charge of the Farm.

8. The lessee is entitled to collect only the plantain bunches and not the plantain leaves, plants or suckers.

9. No damage should be caused to the plantain trees or other crops of the Farm either by him or his authorised agent while removing the plantain bunches from the Farmyard.

Dated 14th December 1951.

To

All the Indenting Officers.

Re :—Railway priority for the movement of Goods.

Sir,

No. S.P.C. 34572-722. With reference to the above, I am directed to forward herewith a copy of letter No. P.T. 1 (1) 51, dated 12th May 1951, received from the Deputy Director of Traffic, Railway Board, Ministry of Railways, Government of India, for your information and necessary action, when required.

Yours faithfully,
N. LAKSHMAN RAU,
Secy., S.P.C.

6411

GOVERNMENT OF INDIA.

MINISTRY OF RAILWAYS.

(RAILWAY BOARD.)

New Delhi, the 12*th May* 1951.

To

All Ministries of Government of India,
All Chief Commissioners,
Chief Secretaries of all State Governments including Rajasthan, Mysore, Hyderabad, Madhya Bharat, Saurashtra and Pepsu.

No. P.T. 1 (1)—51. With reference to the Railway Board's letter No. P.T. 1 (1)—50, dated 25th March 1950, to General Managers of Indian Railways, a copy of which was endorsed to you, I am directed to state that since the winding up of the old priority organisation on 31st March 1950 the Indian Railways have reverted to the pre-war system of booking traffic on the "first come first served" principle according to which wagons are allotted in the order in which the indents are registered at the despatching station. Since the rail transport position on certain metre-gauge railways and occasionally on broad-gauge railways does not yet permit the movement of all traffic offering concurrently, a system of preferential movement of traffic has been introduced under Section 27A of the Indian Railways Act, the outlines of which were given in the Railway Board's letter quoted above and in the subsequent Railways' "general orders" on preferential traffic, copies of which have also been endorsed to you.

2 With a view to expeditions disposal of requests for preferential movements, the Ministry of Railways request that instructions may kindly be issued to all concerned on the lines indicated below :—

(*a*) When difficulties are experienced in securing rail transport they should be brought to the notice of the District/Divisional Officer and if necessary, personally to the Head of the Operating Branch of the Railway on which the despatching station is situated by your local appropriate representative in the area from which the traffic is to be forwarded. Should the Railway Officer mentioned not be able to arrange the movement within a reasonable time, a reference may be made to the Railway Board with the following particulars as far as possible :—

(1) Station from ..... Rly.
(2) Station to ..... Rly.
(3) Weight of consignment .....
(4) To whom consigned .....
(5) Movement sponsored by .....
(6) No. of packages .....
(7) No. and type of wagons required .....
(8) Date on which demand registered .....
(9) Has the demand been already partially met and, if so, to whated extent .....
(10) The date by which the movement is desired to be completed .....
(11) Reasons for urgency and why the consignment cannot be waited for movement in the ordinary course .....

NOTE.—When movements are put back or interrupted by temporary restrictions imposed by the Railways for operational reasons, it will be appreciated that the resulta: ela is inevitable. The railways are themselves anxious t reduce the duration of the restriction to the minimur consistent with the requirements of railway operation.

(*b*) Demands must in all cases be registered at th despatching stations as soon as they are finalised s that they are reckoned in their turn for allotment c wagon in the ordinary course also. It would nc

658

be possible to consider preferential movement without reference to the date of registration at the booking station.

(c) Further, in order to ensure that preferential treatment is accorded only to essential movements it is suggested that applications to the Railway Board for such preference should have the sanction of your appropriate authority.

3 The procedure outlined in paragraph 2 does not, however, apply to large scale Government sponsored movements in connection with which co-ordinated arrangements on the part of a number of Railways are necessary; in such cases, a reference should be made to the Railway Board.

4 In conclusion, the Railway Board would be grateful for your co-operation in enforcing the procedure outlined in the preceding paragraphs as this will help in the expeditious disposal of applications for preferential movements and avoid unnecessary correspondence.

RANJIT SINGH,
Jt. Director, Railway Board.

Gentlemen,

No. S.P.C. 36744-69. Please be good enough to intimate your best prices and the earliest time of delivery for the materials described below.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for EXHAUST FANS for Government Electric Factory, Bangalore" with the above enquiry number.

This enquiry will be closed on the 15th January 1952.

SCHEDULE.

The firms dealing in Scientific Instruments.

Enquiry No. 10784.

Subject :—Autoclave.

Gentlemen,

No. S.P.C. 36770-85. Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the undermentioned schedule, in the form printed below.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for the supply of an Autoclave to the Central College, Bangalore," with the above enquiry number.

This enquiry will be closed on the 15th January 1952.

SCHEDULE.

		F.O.R. Bangalore	Quantity One
1.	Autoclaves, Verticle, Improved Models, Gas Heated Type. Autoclaves without Thermoregulators have extended gas inlet tubes of large bore, insuring maximum flow of gas with ample air mixture and reducing danger of fire by radiated heat or striking back of burner. The burner is fitted in a correct central position on a raised metallic support supplied as a part of the base. With gas control cock at extreme end of burner tube for convenient adjustment. The burner is fitted with removable nipple adapter for rubber tubing attachment and also threaded for permanent attachment to iron pipe gas supply. Autoclaves with thermoregulator are supplied with urn type burners, 4 inches diameter, permanently attached in base. All gas heated autoclaves are supplied with burners for use on artificial gas of approximately 600 B.T.U. As per Arthur H. Thomas specification No. 1672G.		

N.B.—1 Quotations should be with firm prices.
2 Sales-tax should be shown separately.

Remarks—

(A) The selected candidate should furnish a cash security of Rs. 375 at the time of his appointment. Service is governed by Mysore Service Regulations and subject to Provident Fund Scheme.

(B) Candidates possessing the B.T. qualification will be started on a pay of Rs. 70 in the grade.

The candidates must be Mysoreans by birth or domicile. Where an applicant claims to be a domiciled Mysorean, a certificate from a Gazetted Officer of Mysore Government, whether in service or retired, showing the grounds for the claim of domicile should be enclosed.

AGE LIMIT :—The maximum age for entry into service is 33 years for vacancy No. 1188 and 28 years for all other vacancies.

Note.—(i) Candidates who pass the maximum age limit on 1st February 1952 are not eligible for appointment.

(ii) The age-limit will not apply in the case of those who were regularly recruited and are now in service.

A fee of one rupee is prescribed for every application in duplicate. The fee should be remitted into a Government Treasury under the Head "XXXVI. Miscellaneous—2 (vi) Public Service Commission Receipts" and the treasury receipt obtained therefor should be sent with the application. Candidates belonging to depressed classes are exempted from payment of this fee.

The following particulars should also be furnished in the last column of the existing application form :—

(i) Whether the prescribed fee of Re. 1 has been remitted into the treasury and if so the number and date of the receipt, the name and place of the treasury to be clearly mentioned.

(ii) Whether the treasury receipt is attached.

(iii) Under the heading "On what account" in the treasury receipt, the Notification number and the designation of appointment should be given.

No notice will be taken of application in case the treasury receipt or postal order is not attached thereto.

No cash payment or money order or cheque or court-fee stamp or Revenue or Postal stamp will be accepted. Candidates residing outside Mysore State may send this fee by Postal Order.

Separate application with separate fee required for each vacancy.

Candidates already in service should submit their applications through their official superiors.

No notice will be taken of applications that are not in response to this Notification or are received after the due date or are not submitted in the prescribed form, or do not furnish all the particulars required in various columns of the form even though the prescribed fee is paid and the receipt attached.

Candidates who wish to have an endorsement from this office should attach to their applications stamped self-addressed cover or reply post card.

Candidates who furnish false information in the application are liable to be debarred or dismissed from service.

Applicants when called upon for an interview must appear at their own cost.

Applicants are warned that any attempt at personal canvassing will result in disqualification.

Intending candidates should submit their applications in duplicate in the prescribed form together with copies of the testimonials and certificates (which will not be returned) so as to reach the undersigned on or before the 10*th January* 1952.

6308

NOTICE OF VACANCIES.

Notification No. 71—51-52—P.S.C., dated 24th December 1951.

It is hereby notified for the information of candidates seeking employment that the following vacancies will be filled up shortly. Intending candidates should submit their applications, in duplicate, in the prescribed form to the undersigned together with copies of testimonials, if any, on or before the date specified against each vacancy. Candidates in service should submit their applications through their official superiors and those applying for more than one vacancy should submit separate applications in duplicate in respect of each vacancy. Vacancies under "A" Class are open to candidates of all communities and the best qualified applicants for the same will generally be selected. Vacancies under "B" Class are reserved for candidates belonging to Backward Communities and the best qualified applicants from among them will generally be selected.

N.B.—(1) No notice will be taken of applications not submitted by the due date in the prescribed form or of those which, although in the prescribed form, do not furnish all the particulars required in the various columns or of those not referring to any specific vacancy advertised in the Gazette.

(2) The serial number of the vacancy applied for should be quoted at the top of the application in bold figures and applications should always be addressed to the Secretary to the Public Service Commission and not to his personal address by name.

(3) Candidates already in service, whether permanent or temporary, should apply through their official superiors. Applications received direct from such candidates will not be considered.

(4) Candidates must be Mysoreans by birth or domicile. Where an applicant claims to be a domiciled Mysorean, a certificate from a Gazetted Officer of the Mysore Service showing the ground for the claims should be enclosed.

(5) Those who pass the maximum age limit on 1st February 1952 will be considered as over-aged. Their applications will be forwarded to the concerned Unit Officers, in case candidates within the age limit are not available.

(6) Candidates who wish to have a reply from this office as regards the nature of disposal of their cases should attach self-addressed and stamped envelopes or post cards to their applications.

(7) A fee of rupee one is prescribed for every application in duplicate. The fee should be remitted into a Government Treasury under the Head "XXXVI. Miscellaneous 2 (vi) Public Service Commission Receipts" and the treasury receipt obtained therefor should be sent with the application.

(8) Candidates residing outside Mysore State should send this fee by Postal Order. Mention should also be made regarding this in their application.

(9) The following particulars should also be furnished in the last column of the existing application form :—

(i) Whether the prescribed fee of Re. 1 has been remitted into the Treasury and if so, the name and place of the Treasury to be clearly mentioned.

(ii) Whether the treasury receipt is attached.

(10) Under the heading "On what account" in the treasury receipt, the number and date of the notification and the Serial Number of the vacancy should be given.

(11) No notice will be taken of the application in case the treasury receipt or the Postal Order is not attached thereto.

(12) No cash payment or money order or cheque or court-fee or revenue or postal stamp will be accepted.

(13) Depressed class candidates are exempted from payment of this fee.

(14) Separate application with separate fee required for each vacancy.

LAST DATE FOR RECEIVING APPLICATIONS: 10TH JANUARY 1952.

General vacancy No. 648—51-52 do do No. 16—51-52 P.S.C., dated 6th August 1951.

6307

Notification No. 72—51—52—*P.S.C., dated* 31*st December* 1951.

Applications in the prescribed form in duplicate are invited from qualified candidates who are Mysoreans by birth or domicile for filling up the following posts by direct recruitment.

Sl. No.	Name of office	Designation of appointment	Pay	Qualifications required	Duration
		"B" OR "SPECIAL" VACANCIES (RESERVED FOR BACKWARD COMMUNITIES).			
1208	Office of the Principal Information Officer to Government, Bangalore.	Urdu Translator ...	Rs. 60—5—90—8—130—10—180	B. A. of Mysore University or any other recognised University with Hindi or Urdu as second language and with special aptitude in English. Graduates in Urdu should possess a working knowledge of Hindi.	Permanent (A)
1209	Office of the Convener, Board of Management of Industrial Concerns, Bangalore.	Chargeman, Government Porcelain Factory, Bangalore.	75—5—120	Diploma in Electrical Engineering. ...	Do
1210	Office of the Director of Public Instruction in Mysore, Bangalore.	English Teacher, Maharaja's Sanskrit College, Mysore.	60—5—90/ E.B./6—150	A graduate with Sanskrit as one of the optional subjects or as second language.	Do (B)

Remarks—
(A) Ladies also can apply.
(B) Candidates possessing B. T. Qualification will be started on a pay of Rs. 70 in the grade.

NOTE.—The candidates must be Mysoreans by birth or domicile. Where an applicant claims to be a domiciled Mysorean, a certificate from a Gazetted Officer of Mysore Government, whether in service or retired, showing the grounds for the claim of domicile, should be enclosed.

AGE LIMIT: The maximum age for entry into service is 33 years for Vacancy No. 1209, and 28 years for all other vacancies.

Note.—(i) Candidates who pass the maximum age limit on 1st February 1952 are not eligible for appointment.
(ii) The age limit will not apply in the case of those who were regularly recruited and are now in service.

A fee of one rupee is prescribed for every application in duplicate. The fee should be remitted into a Government Treasury under the Head "XXXVI. Miscellaneous 2 (vi) Public Service Commission Receipts" and the Treasury Receipt obtained therefor should be sent with the application. (Candidates belonging to Depressed Classes are exempted from payment of this fee).

The following particulars should also be furnished in the last column of the existing application form :—
(i) Whether the prescribed fee of Re. 1 has been remitted into the treasury and if so the number and date of the receipt, the name and place of the treasury to be clearly mentioned.
(ii) Whether the treasury receipt is attached.
(iii) Under the heading "On what account" in the Treasury Receipt, the notification number and the designation of appointment should be given.

No notice will be taken of application in case the treasury receipt or postal order is not attached thereto.

No cash payment or money order or cheque or court-fee stamp or Revenue or Postal stamp will be accepted. Candidates residing outside Mysore State may send this fee by Postal Order.

Separate application with separate fee required for each vacancy.

Candidates already in service should submit their applications through their official superiors.

No notice will be taken of applications that are not in response to this Notification or are received after the due date or are not submitted in the prescribed form, or do not furnish all the particulars required in various columns of the form even though the prescribed fee is paid and the receipt attached.

Candidates who wish to have an endorsement from this office should attach to their applications stamped self-addressed cover or reply post card.

Candidates who furnish false information in the application are liable to be debarred or dismissed from service.

Applicants when called upon for an interview must appear at their own cost.

Applicants are warned that any attempt at personal canvassing will result in disqualification.

Intending candidates should submit their applications in duplicate in the prescribed form together with copies of the testimonials and certificates (which will not be returned) so as to reach the undersigned on or before the 17th January 1952.

6460

Notification No. 73—51-52—*P.S.C., dated* 31*st December* 1951.

N.B.—1. No notice will be taken of applications not submitted by the due date in the prescribed form or of those which, although in the prescribed form, do not furnish all the particulars required in the various columns or of those not referring to any specific vacancy advertised in the Gazette.

2. The serial number of the vacancy applied for should be quoted at the top of the application in bold figures and applications should always be addressed to the Secretary to the Public Service Commission and not to his personal address by name.

3. Candidates already in service, whether permanent or temporary, should apply through their official superiors. Applications received direct from such candidates will not be considered.

4. Candidates must be Mysoreans by birth or domicile. Where an applicant claims to be a domiciled Mysorean, a certificate from a Gazetted Officer of the Mysore Service showing the ground for the claims should be enclosed.

5. Those who pass the maximum age limit on 1st February 1952 will be considered as overaged. Their applications will be forwarded to the concerned Unit Officers in case candidates within the age limit are not available.

6. Candidates who wish to have a reply from this office as regards the nature of disposal of their cases should attach self-addressed and stamped envelopes or post cards to their applications.

7. A fee of Rupee one is prescribed for every application in duplicate. The fee should be remitted into a Government Treasury under the head "XXXVI. Miscellaneous 2—(VI) Public Service Commission Receipts" and the Treasury Receipt obtained therefor should be sent with the application.

8. Candidates residing outside Mysore State should send this fee by Postal Order. Mention should also be made regarding this in their application.

9. The following particulars should also be furnished in the last column of the existing application form:—

(i) Whether the prescribed fee of Re. 1 has been remitted into the Treasury and if so, the name and place of the Treasury to be clearly mentioned.

(ii) Whether the Treasury Receipt is attached.

10. Under the heading "On what account" in the Treasury Receipt, the number and date of the Notification and the serial number of the vacancy should be given.

11. No notice will be taken of the application in case the Treasury Receipt or the Postal Order is not attached thereto.

12. No cash payment or money order or cheque or court-fee or revenue or postal stamp will be accepted.

13. Depressed class candidates are exempted from payment of this fee.

14. Separate application with separate fee required for each vacancy.

MISCELLANEOUS DEPARTMENTS

OFFICE OF THE COMPILER, *MYSORE GAZETTE*

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matters intended for publication in Parts I, II, III, IV, V and VI should therefore reach this office not later than *Monday Evening*, and that for Part II not later than *Tuesday Evening* for the following Thursday's issue of the Gazette All matters received later than these days will be kept by for insertion in the following issue of the Gazette. (G. O. No. P. 988-1040—P. & S. 12-30-2, dated 26th July 1930.)

2. (i) Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies should be made at foot of such manuscript.

(ii) Indents for less than 100 spare copies should not be sent to the Press, subject to the exceptions contained in G. O. No. G. 14330-95—P. & S. 5-19-9, dated 23rd December 1919 in regard to notices calling for tenders for the purchase of stores or for the execution of works. When a few copies only are required, they may be made available by the use of carbon sheets simultaneously with the preparation of a copy for the Gazette, as laid down in the above Government Order. (Letter No. G. 10382—P. & S. 9-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.)

(iii) When indents for an unusually large number of spare copies are sent, such instances will be brought to the notice of Government, as per letter No. G. 10382—P. & S. 99-37-2, dated 30th June 1938, received from the Secretary to Government, Development Department.

3. Matter sent for insertion in the Gazette will be published *only once* and the abstract in two issues. (G. O. No. G. 2915-6—P. &. S. 44-25-2, dated 13th September 1926).

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. As per G. O. No. E. 1892-1902—P. & S. 12-23-13, dated 8th December 1923, and G. O. No. 5139-95—P. & S. 52-30-1, dated 12th November 1930, the English or the Kanarese portion of the *Mysore Gazette*, consisting only of the five Parts, *viz.*, I, II, III Section 1, III Section 3, IV and V taken together or an entire copy of the English or Kanarese Gazette containing all the parts will be supplied only to Patels, Nad-Patels, Shanbhogs and Sheikdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time or that he is on leave for a period not exceeding three years. Such subscribers will please note that the Gazette cannot be had *in separate parts* at concession rates under any other conditions and that they have to pay the full subscription for the part or parts required.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such money should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap will not receive attention ; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

11. (*a*) The rates of annual subscription to the Gazette *for subscribers within the Mysore State* which are payable in advance are as follows :—

Press Note.

Progress made under Rural Electrification Scheme—Mysore District.

Estimates amounting to Rs. 3,35,550 for the Electrification of Taluk Headquarters as Yelandur, Heggaddevanakote, Kuppegala, Sinduvalli, Madigahalli, have been sanctioned and the respective works will be taken up for execution as early as possible. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless, every endeavour is being made to push through the work sanctioned.

(P.N. No. 249—29-12-1951).

D. R. RAMAIYA,
Principal Information Officer, I/c.

Press Note.

Sericultural Industry in Mysore.

The Government of Mysore have concentrated their attention on the development of Silk Industry in the State by adopting the following important progressive measures :—

I. ERADICATION OF PEBRINE.

Eradication of pebrine has been the basic State policy for improvement of Sericulture in addition to other measures. Some four years ago, pebrine had affected the production of cocoons and silk. By vigorous campaign of disinfection, proper selection of seed, strict technical guidance of rearers, Mysore State seed cocoon areas have now been absolutely freed from this disastrous pebrine disease.

II. SEED PRODUCTION.

1. Production of seed cocoons that was inadequate about five years ago has now been increased, and as a matter of fact, production is in excess of requirements by about 30 per cent. Besides, production and distribution have been co-ordinated by a regular planned programme in conjunction with Aided Graineurs.

2. The quality of the seed cocoons in respect of yield has increased by selective breeding at least by 25 per cent, which reflects an appreciably increased yieled in the cross-breeds. The yield per unit of disease-free layings also has increased by 25-30 per cent.

3. Foreign race seed cocoons are the bottle-neck in the production of cross-breeds which form 90 per cent of the production for reeling cocoons. The supply has been reorganised by a systematic revitalisation of foreign races of seed cocoons in Hill Stations, next by rearing them in suitable plane Silk Farms, and their eventual multiplication through the selected foreign race seed cocoon rearers with the assistance of the Aided Graineurs, who form an integral part of "Seed" supply in the State.

4. The work of the Government and Aided Grainages has been reorganised, remodelled and technical improvements effected which are reflected in the higher yield of cocoons produced by the ordinary Sericulturists. The quality of cross-breed layings prepared in the Government and Aided institutions has also visibly increased.

5. (*a*) Government established three more Government Grainages at Hebbur, Santhemavathur and Devanahalli recently to increase production of disease-free layings.

(*b*) The supply of disease-free layings to seed cocoon rearers free of cost has gone up to 25 lakhs annually entailing an expenditure of Rs. 50,000.

(*c*) *Cold Storage.*—Two Cold Storages, one at Channapatna and the other at Mugur were constructed at a cost of Rs. 40,000 for creation of facilities for increasing supply of disease-free layings of cross-breeds. One more is under construction in Sidlaghatta.

(*d*) For increasing work in B. R. Hills Buildings worth Rs. 54,000 are under construction.

(*e*) Sixty acres of land in Devanahalli Taluk are under alienation for a Foreign Race Seed Cocoon Farm at a cost of 1·5 lakhs of rupees to meet requirements of Foreign Race Seed Cocoons.

(*f*) Additional garden of 10 acres in K. R. Hills has been established to increase supply of Hill Reared Seed Cocoons.

The effect of these advanced Sericultural policies and activities is responsible for successful harvest of crops and for increase in the yield, and the improvement of general economic condition of Sericulturists by about 20 per cent during the last four years.

III. RESEARCH.

Researches have been carried on in the improvement of both the indigenous and the foreign races of silkworm. The indigenous race from a 20 renditta has improved to 15, and the foreign races from about 18 to 12 and and a cross-breed to 12 as against the present 17. Programmes have been laid out to extend the benefit of this research to the

668

Sericulturists. With the assistance of the Government of India, Government of Mysore imported during the past two years mulberry sapplings of high yielding variety from Japan for graft purposes and this work has been undertaken under Kanva Reservoir with the aid of Government of India at a cost of Rs. 25,000. When the scheme is in full operation, mulberry costs will be brought down by 40 per cent.

IV. SILK REELING.

The Filature Industry which must form spearhead in fighting foreign competition has received the closest attention of Government. The management of one of the biggest filatures has been taken over by Government who have granted large amount of loans and have also stood guarantee for similar loans from the Bank. This institution is now turning the corner.

The Government of Mysore with the assistance of the Government of India imported last year the most up-to-date machinery for reeling from Japan which, after extensive experiments, has indicated very appreciable improvement in quality of silk and reduction in costs. Schemes have been submitted by the Department of Sericulture to Government for taking up large scale modernisation of the filature in the State. The Charka Silk Industry which produces the bulk of raw silk in Mysore also has received adequate attention. New devices have been invented by the Department which have been demonstrated successfully and schemes are under way for the multiplication of these machines.

V. IMPORT OF FOREIGN SILK INTO INDIA.

The Handloom and Powerloom Silk Weaving Industry which determine the prices to be paid to the Sericulturists for cocoons have had to be intergrated with the other sectors of the industry and with a view to do so, a Co-operative Society for the Silk Handloom Weavers was organised and a system of distribution of raw silk imported for warps and local silk for weft was introduced. A similar society was formed for the Powerlooms also. After a close examination of facts of the various interests of the industry, Government considered it necessary in the very large interests of the Sericultural Industry of the State and as also the Silk Weaving Industry and consumer, to import sufficient quantities of foreign silk at economic prices. It may be added for the information of the public that the quantity of silk required by India annually has been estimated by the Tariff Board at about 8 million pounds including fabrics, whereas Indian production is only 2·2 million pounds. Therefore, the deficit had to be made up by foreign imports only, before India is able to be self-sufficient in silk production. In view of these considerations, it was very essential that foreign silk was imported in sufficient quantities by Mysore, Madras and Bengal at reasonable prices to prevent wide and sudden fluctuations and speculation. The import of foreign silk and its distribution by State Government had the desired effect.

VI. TARIFF PROTECTION.

In 1948-49 the Government of Mysore very strenuously fought the case of Sericultural Industry and secured the Protection which no other industry got in India. Recently the case for Sericulture Industry was taken up before Tariff Board and practically a basic price of Rs. 1-9-0 per lb. of cocoons has been secured which the sericulturist is bound to welcome. It has also been pressed on the attention of the Government of India for regularisation of imports, and has strengthened the well considered policy recommended by the Mysore Silk Seminar held on Nandi Hills, which advocates a Central Import and Distribution system together with pooling of local silk with foreign silk. The Government of Mysore organised the Seminar on Silk Industry in Mysore on the Nandi Hills in June who have after very careful consideration of all the sectors of the industry, arrived at unanimous conclusions which have been worked out, examined and submitted to Government which will receive due consideration and will form the basis of the progressive development of the industry in the State.

VII. DEVELOPMENT PLANS.

The Government of Mysore have drawn up 2 year and 5 year plans which have been informally approved by the Government of India—costing about Rs. 40 lakhs and they intend giving effect to these schemes from the next financial year, and as a matter of fact, some of the schemes have been partially inaugurated and commenced to work.

VIII. SEED LEGISLATION.

To safeguard the interests of the Sericulturists the Government of Mysore are introducing a Legislative measure which will prohibit the use of unexamined seed and will also co-ordinate production of cocoons to production of silk. The Bill is awaiting concurrence of the Government of India which is expected to be received shortly.

IX. FINANCIAL ASSISTANCE.

The amount spent on the Sericultural Industry for improvement was only about two lakhs of rupees about ten years ago, and it is now six lakhs of rupees and will be about 10 to 12 lakhs of rupees within the next 2 or 3 years in view of the several Post-War Development Schemes.

It is, thus seen that the Government of Mysore have pursued an active, vigorous, enlightened and progressive policy for the improvement of the Sericultural Industry in the State.

(P. N. No. 250—31-12-51).

Press Note.

Progress made under Rural Electrification Scheme, Bangalore District.

Estimates amounting to Rs. 2,21,110 for the electrification of Malurpatna, Channapatna Taluk, Hesaraghatta, Bangalore North Taluk, Doddamudavadi, Kankanhalli Taluk, and Medahalli and Hirandalli and Urati Agrahar, Hoskote Taluk, have been sanctioned and the respective works will be taken up for execution as early as possible. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless, every endeavour is being made to push through the work, sanctioned.

(P.N. No. 251—31-12-1951).

Press Note.

The following Press Note issued by the Press Information Bureau, Government of India, regarding the Colombo Plan Exhibition has been republished for general information :—

COLOMBO PLAN EXHIBITION.

India will participate in the Colombo Plan Exhibition to be held from February, 15 to March 15, 1952, in Colombo at the site covered by the famous Victoria Park. The Exhibition designed to reflect what is being attempted under the Colombo Plan, is being organised by the Ceylon Government. Apart from member Countries of the Colombo Plan themselves, some other Countries are also expected to participate.

Preparations are afoot to set up a National Pavilion for display by Government, Government sponsored institutions and private commercial and industrial firms of their exhibits. These exhibits will be selected so as to give a fair idea of India's natural resources and how far they have been developed and will be developed under the various development schemes initiated by Government including those considered under the Colombo Plan. They will also include exhibits taken from India's system of communications and transport, education and social services, scientific research trade and commerce, and a select range of exhibits representative of India's social and cultural life.

Private institutions, industrial and commercial concerns and others desirous of participating in the India Pavilion are requested to communicate with the Director of Exhibitions, Ministry of Commerce and Industry, Government of India, New Delhi, for further particulars.

(P. N. No. 252—3-1-1952).

Press Note.

Progress under Rural Electrification Scheme, Hassan District.

Estimates amounting to Rs. 1,39,000 for the electrification of Holalkere Village in Arsikere Taluk, Gondenhalli, Belur Taluk, and Nuggehalli, Channarayapatna Taluk have been sanctioned in Hassan District. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless every endeavour is being made to push through the works sanctioned.

(P. N. No. 253—8-1-1952.)

Press Note.

The Elections in the Mysore State have commenced on the 2nd January 1952 and will be completed on the 24th January 1952. Immediately after the poll is completed in a polling station, the ballot boxes will be taken under proper police escort to the Taluk Office and deposited in safe custody either in the Taluk Treasury or Lock-up or such other place as the Deputy Commissioner may consider as adequately fulfilling the necessary security conditions. Rule 44 of the Representation of the People (Conduct of Elections and Election Petitions) Rules 1951, requires the Returning Officer to appoint a date for the counting of votes which shall be, as soon as practicable after the completion of the poll. It is not practicable to proceed with the counting of the votes immediately after the poll is over, in any Legislative Assembly Constituency, as almost all the officers will be engaged in polling work until the polling in the State is completed, and it is not possible for them to attend to both polling and counting simultaneously. Again, in the case of a majority of the Parliamentary Constituencies the polling itself continues till the 24th January 1952. The postal ballot papers sent to the Army Personnel serving outside the State and absentee Officers, as well as to the officers on polling duty, have been made returnable by the 25th January 1952, so as to give sufficient time for them to vote. These votes also have to be taken into account at the counting of the votes.

The counting of the votes for both the Parliamentary and the Legislative Assembly Constituencies will, in view of the abovementioned considerations, be taken up immediately after the polling is over, that is to say, on the 26th January 1952.

P.N. No. 254—8-1-1952).

Press Note.

Food offences in the areas of Bangalore Corporation and Mysore City during the fortnight ended 15th December 1951.

I. BANGALORE CORPORATION.

Division	Range	Name of Taluk	Date of Sale
Mysore ...	Hunsur ...	Hunsur Taluk ...	15th January 1952 at 2 P.M. at the District Forest Office, Mysore.

6099

Notification dated 3rd January 1952.

Sealed tenders will be received in the Office of the District Forest Officer, Mysore Division, Mysore by the District Forest Officer, Mysore Division, Mysore or any other officer deputed by him on or before Friday the 25th January 1952 up to 4 P.M. for the following works.

Particulars of works	Estimated cost	Earnest money to be furnished
	Rs.	Rs.
Construction of Forester's quarters on Chamundi Hills, Mysore.	3,233	500
Construction of Forest Guard's barracks at Kyathedevaragudi in Chamarajanagar Range. Sixteen miles from Chamarajanagar.	5,609	600
Construction of Forest Guard's barracks at Hunsur Depot, Hunsur.	5,995	600
Construction of Forest Guard's barracks at Manchegowdanahalli in Heggadadevankote Taluk. Ten miles from Heggadadevankote on Mysore—Manantoddy Road.	5,000	500

1. Tenders should be superscribed and addressed to the District Forest Officer, Mysore Division. Mysore as "Tender for construction of Building Works in Mysore Forest Division during 1952." Rates for the individual items of works as detailed in the estimates (which may be seen in the office on working days during office hours) should be quoted and such rates hold good till the completion of the works. For non-tendered items of works, the rates as per current schedule of rates will be allowed. The rates should be noted both in words and figures; failing which, the tender will be rejected.

2. Each tender must be accompanied by earnest deposit as prescribed above in currency notes. Tenders received without such deposits will not be taken into consideration.

3. The plans connected with the works can be seen in the office on working days during office hours.

4. The buildings should be completed within the time limit intimated by the Chief Conservator of Forests in Mysore, Bangalore.

5. Permits for the steel required for construction will be got by addressing the concerned authorities.

6. Final acceptance of the tender rests with the Chief Conservator of Forests in Mysore, Bangalore, who does not bind himself to accept the lowest or any tender or to assign any reason whatsoever for the rejection.

In the matter of disputes arising regarding the rates etc., the decision of the Chief Conservator of Forests in Mysore, Bangalore, will be final. The successful tenderer should bind himself to abide by the Departmental rules in force and execute the *mutchalika* on a stamp paper of proper value on receipt of intimation of acceptance of his tender; failing which, his earnest money deposit will be forfeited to Government.

6593

Abstract Notification dated 3rd January 1952.

Date of Sale—30th January 1952.

Each bidder shall before he is permitted to bid be required to furnish a deposit of Rs. 50 (fifty) as earnest money with the officer conducting the sale. The deposit will be returnable to him at the close of the sale if his bid is not accepted.

For other conditions please apply to the District Forest Officer, Hassan or the Range Forest Officer, Saklespur.

7645 G. M. SHANKARIAH, *D.F.O.*

SHIMOGA FOREST DIVISION.

Notification dated 21st December 1951.

AUCTION SALE OF TUPRA LEAVES.

It is hereby notified for the general information of the public that the right of collecting and removal of Tupra leaves on all Government un-occupied lands, Amrit Kavals, State Forests, Reserved lands and Plantations of Honnali Taluk from the date of confirmation of the sale upto end of March 1954 will be sold by the District Forest Officer, Shimoga Division at 4 P.M. on Wednesday the 30th January 1952 in the District Forest Office, Shimoga.

1. Defaulters on account of previous sales will not be permitted to bid.

2. No person will be allowed to bid unless he deposits Rs. 100 with the Sale Conducting Officer.

3. Sale is subject to the confirmation of the District Forest Officer or the Conservator of Forests, who at his discretion may accept or reject the highest or any other bid without assigning any reasons therefor.

4. Successful bidder shall at the close of the sale pay 50 per cent of the sale amount and cesses at Re. 0-2-3 per rupee on the full sale amount failing which the deposit already paid will be forfeited and the right re-sold.

5. Details of other conditions can be had at the District Forest Office, Shimoga during working hours between 11 A.M. to 5 P.M.

6299 S. KRISHNA SWAMY, *D.F.O.*

ENGINEERING DEPARTMENT

BUILDINGS DIVISION, BANGALORE.

Notification dated 21st December 1951.

Tenders will be received in the Office of the Executive Engineer, Buildings Division, Bangalore, up to 4 P.M. on 22nd January 1952, for the following work :—

Serial No.	Name of work	Amount of estimate	Earnest money
		Rs.	Rs.
1	Construction of an Armoury for the Civil Station, Bangalore.	47,915	2,395

1. Each tender must be accompanied by a duplicate chellan for having deposited the earnest money noted against the work into the Treasury to the credit of "40 (1) Payments into the Treasury by P.W.D.", in default of which the tender will be rejected.

2. Only on acceptance of one of the tenders, the earnest money of the rejected tenders will be returned.

3. Copies of the contract documents, schedule and drawings may be seen at the Office of the Executive Engineer, Buildings Division, Bangalore, on all working days between 11 A.M. and 5 P.M.

4. The tenderer need only mention the rates for each item of work of the abstract estimate both in words and in figures, at which he is willing to undertake the work. The total cost of each item of work together with the grand total of each work should also be noted in the tender.

5. Tenders submitted in other than the prescribed form will be rejected, the prescribed form being available at the Division Office on payment of Re. 0-4-0 per copy.

6. The detailed clauses defining the conditions of the tender can be seen at the Office of the Executive Engineer, Buildings Division, Bangalore.

7. Items not provided for in the estimate will be paid as per schedule of rates or as per data worked out, if not provided for in the schedule of rates during the time of execution.

8. The sealed tenders received for the above work will be opened in the presence of such of those tenderers who will be present at that time.

9. If the work is not completed and handed over within the specified period, a fine of Rs. 100 will be levied for every fortnight's delay.

10. The final acceptance or recommendation for acceptance will rest with the Superintending Engineer, Tumkur Circle, Tumkur. The successful contractor should bind himself to abide by the departmental rules in force and execute the necessary mutchalika on receipt of intimation of acceptance of his tender, failing which his earnest money will be forfeited.

11. Under no circumstances will a father and his son or other close relations be allowed to tender for the same contract as separate competitors. A breach of this condition will render the tenders of both the parties liable for rejection.

12. The submission of a tender by a contractor implies that he has read this notice and the conditions of the contract and has made himself aware of the scope and specifications of the work to be done and of the schedule of rates, etc.

13. In all matters of disputes about rates, measurements, quantity and quality of work, etc., and in all other disputes of any kind, the decision of the Chief Engineer for Roads and Buildings in Mysore, Bangalore, will be final and legally binding.

14. The rates quoted shall hold good if the tender is accepted within six months from the date of tender and shall thereafter be binding for the execution of the entire work.

15. The contractors will please note that the conditions will in no case be relaxed.

16. Those who cannot abide by the conditions need not tender.

17. The work should be completed within nine months from the date of issue of work order.

18. Tendered contractor has to pay compensation to the disabled workmen working under him for any injury caused during the execution of this work, failing which the amount will be deducted from the bills and paid to the injured.

19. Sales-tax will be recovered at the prescribed rate on all works bills.

20. No conditions should be stipulated in a tender and such tenders will be rejected.

21. The successful tenderer should produce the Income-tax clearance certificate without which no work order will be issued.

M. H. MANCHIGIAH,
Executive Engineer.

6558

Further particulars can be had in the Office of the undersigned between 11 A.M. and 5 P.M. on all working days.

M. MUNIAPPA,
Ex. Engr.

5419

KOLAR DIVISION.

Notification dated 31st December 1951.

Sealed tenders duly signed by the contractors, will be received by the undersigned up to 4 P.M. on 31st January 1952. for the following works :—

Sl. No.	Name of work	Amount of estimate.	Earnest money deposit.
		Rs.	Rs.
1	Restoring the lost capacity of Arehally Major Tank of Kolar Taluk.	20,500	1,025

2. The tenders should be submitted on the basis of the rates, *i.e.*, rates to be quoted for the individual items of works as detailed in the estimate and such rates should hold good till the completion of the works for non-tendered items of works, rates as per current schedule rates of 1948-49 will be allowed. Rates should be noted both in words and figures, failing which, the tender will be rejected.

3. The tenders in the prescribed form obtainable from the office of the undersigned should be addressed to the Executive Engineer, Kolar Division, Kolar, in a sealed cover superscribed as above and the name of the tenderer should be noted on the above.

4. Each tender must be accompanied by a duplicate chellan for having credited into the Kolar District Treasury the earnest money deposit noted above for each of the works under "40 (1) Payments into Treasury by P.W.D. Officers" or Mysore Government Bonds duly endorsed at the face value or the market value whichever is less.

5. The final acceptance of the tender rests with the Superintending Engineer, Tumkur Circle, Tumkur, who does not bind himself to accept the lowest or any tender or to assign any reason whatsoever for the rejection of any. In all matters of disputes regarding the rates, etc., the decision of the Superintending Engineer, Tumkur Circle, Tumkur, will be final. The approved tenderer should bind himself to abide by the departmental rules in force and execute the *mutchalika* on receipt of information of acceptance of his tender, failing which, his earnest money deposit will be forfeited to Government.

6. The estimated quantity and the plan and the Contract Agreement Form defining the condition to the tender, etc., can be seen in the office of the undersigned on all the working days.

M. MUNIAPPA,
Executive Engineer.

6559

TUMKUR DIVISION.

6610 H. S. NARASIMHA IYENGAR, *Ex. Engr.*

MYSORE DIVISION.

Notification dated 3rd January 1952.

It is hereby notified for the information of the general public that the III Class Travellers' Bungalow at Periapatna is closed for the use of the public visitors from 10th January 1952 to 25th January 1952 (both days inclusive) as the same is reserved for the election purposes during the above period.

V. B. NAIDU,
6591 *Ex. Engr.*

OFFICE OF THE PALACE ENGINEER, PALACE MARAMATH DEPARTMENT, MYSORE.

Notification dated 5th January 1952.

Tenders in sealed covers superscribed as tender for constructing 6 Model Houses in Ittigegud, Mysore, will be received in the Office by the undersigned up to 3-30 P.M. on..... Approximate cost of 6 Big Type Houses at Rs. 7,200 each will be Rs. 43,200 and the tender should be accompanied by a deposit of Rs. 2,160 as earnest money in cash by remittance to Palace Treasury without which no tender will be entertained.

The plans, detailed estimate, agreement form and conditions may be seen in this Office on all working days between 11 A.M. and 5 P.M.

Tender should be on detailed rates (in percentage) to be quoted both in figures as well as in words. Such rates must hold good till the completion of work from the date of the tender. For all non-tendered items and data, rates as per sanctioned schedule only will be allowed. Details for lumpsum provision will be got up and paid as per tender rates as per data. No conditions will be entertained.

In matters of all disputes about rates, measurements, quantity and quality of works, etc., and in all other disputes of any kind, the decision of the Palace Engineer will be final and legally binding.

Materials such as cement, steel rod, teakwood, etc., if supplied departmentally to the contractor will be charged at the cost price or the market rate prevailing at that time, whichever is high in addition to incidental charges and centage at 10 per cent and recovered in the bill of the work.

The right to accept or reject any tender whether high or low without any reason whatsoever rests with the Huzur Secretary.

The name of the successful tenderer will be posted on the Notice Board and within a week such tenderer will have to execute the usual contract bond, in default of which his tender will be considered as cancelled and his earnest money forfeited.

On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

The items of work provided in the estimate and the quantities under such items are not guaranteed.

The tenderer will have no right on any account, to claim for revision of rates tendered for by him, on the basis of fluctuations in the market rates or due to any other prevailing conditions during the course of work.

H. K. PANDITHARADHYA,
6609 *Palace Engineer.*

OFFICE OF THE EXECUTIVE ENGINEER, UPPER KAVERI DIVISION, KRISHNARAJANAGAR.

Notification dated 3rd January 1952.

Sealed tenders duly signed by the contractor will be received by the undersigned up to 4 P.M. on 28th January 1952 for constructing a Building for the Primary School at Hampapura, Krishnarajanagar.

For each item of works individual rates may be quoted both in words and figures.

The quotation will hold good till the acceptance or otherwise by the competent authorities.

For lumpsum provisions for non-tendered items, the rates will be paid as per current schedule in the case of scheduled items. For other items rate based on data with 10 per cent profit will be paid.

Printed quotation forms can be had at the Office of the Executive Engineer, Upper Kaveri Division, Krishnarajanagar, on a payment of annas four (Re. 0-4-0) per form. Quotations submitted in other than the printed form will be rejected. No cheques will be accepted.

Each tender should be accompanied with a Treasury Chellan for Rs. 260 as earnest money paid to the Treasury to the credit of "40 (i) Remittances. Payment into Treasury by P.W.D. Officers"

The final acceptance of the quotation will rest with the Superintending Engineer, Kaveri Circle, Mysore. Estimats and other plans will be available for reference in the office of the undersigned. Any other particulars required can be had at the office of the undersigned on all working days during office hours.

The successful tenderer should bind himself to abide by the Departmental rules in force to execute the necessary agreement within a week of acceptance to his tender failing which the earnest money will be forfeited to Government.

The Department does not bind itself to accept the lowest or any quotation or to assign any reason whatsoever for the rejection of any.

Quantities noted in the abstract estimate are only approximate.

The rates quoted by the tenderers should hold good till the completion of the work irrespective of the fluctuation in rates.

The work should be completed by the end of June 1952.

6582 J. S. NANJUNDA RAO, *Ex. Engr.*

HASSAN DIVISION.

Brief Notification dated 28th December 1951.

The attention of the public is invited to the detailed Notification inviting sealed tenders for the work of constructing combined dispensary at Channarayapatna, published in Page No. 7, Part VI of the *Mysore Gazette*, dated 3rd January 1952.

The last date for the receipt of tenders is before 4 P.M. on 28th January 1952. Duplicate challan for having credited in the treasury, the earnest money of Rs. 3,600 under 40 (i) Remittances—P.W.D. should accompany each tender. No cheques will be accepted.

M. N. RAMAKRISHNA,
6585 *Ex. Engr.*

SHIMOGA DIVISION.

Notification dated 26th December 1951.

It is hereby notified for the information of the public that sealed tenders will be received in the Office of the Executive Engineer, Shimoga Division, Shimoga, up to 4 P.M. on 21st January 1952, for constructing P.W.D. Subordinates' Quarters (Twin Block) at Honnali, Honnali Taluk. Amount of estimate Rs. 5,000, work portion: Rs. 4,566.

The prescribed tender form can be had in the Office of the Executive Engineer, Shimoga Division, on payment of Re. 0-4-0 (annas four) per form.

Abstract Tender Notification, dated 21st December 1951.

Notice is hereby given that sealed tenders in five copies will be received by the Principal, Government Ayurvedic and Unani College, Mysore, in his office up to 11 A.M. on Thursday the 17th January 1952, for the supply of drugs and herbs to the Ayurvedic and Unani Pharmacies attached to the College for the year 1952-53 commencing from 1st April 1952.

No tender will be received after the date and hour mentioned above. Tenders should be superscribed as "Tenders for the supply of drugs and herbs to the Ayurvedic and Unani Pharmacies, Mysore, during the year 1952-53".

No tender will be received unless accompanied by a paid-up chellan for Rs. 500 being the earnest money deposit paid into a Government Treasury under *Revenue Deposit* in this behalf.

Details of the tender may be had from the office of the undersigned between 11 A.M. and 5 P.M. on all working days.

Detailed list of articles of the tender may be had in the office on payment of rupee one (Re. 1-0-0) per copy during office hours.

6302a

Re-Tender Notification dated 22nd December 1951.

1. Notice is hereby given that sealed tenders in four copies on half-sheet foolscap paper will be received by the undersigned at the above office at 11 A.M. on Wednesday the 16th January 1952 for the supply of hospital linen to the Government Ayurvedic and Unani Hospitals attached to the Government Ayurvedic and Unani College, Mysore, for the official year 1951-52.

2. No tender will be received after the hour and the date as mentioned above.

3. The tender should be accompanied by an earnest deposit of Rs. 50 in treasury receipt.

4. Tenders should be superscribed "Tender for the supply of linen to the Government Aurvedic and Unani Hospitals, Mysore, for the year 1951-52.

5. Tenders will be opened by the Principal, Government Ayurvedic and Unani College, Mysore, in his office on the date and hour mentioned above, in the presence of the tenderers as may be present.

6. The rates must be specified both in figures as well as in words for each item of requirement. Tenders not conforming to this rule will be rejected.

7. No advance of cash will be made to the contractor.

8. Supply should be completed within 15 days from the date of communication of the acceptance of the successful tender.

9. Payment of the supply bill will be arranged through the Accountant-General, Mysore, Bangalore, to the tenderer after the presentation of his bills in duplicate.

10. It should be distinctly understood that the acceptance of the successful tender will be subject to the following condition.

11. Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellation of the order and purchases being made at his expense from other source; any loss, sustained by Government on account of his failure to comply with the above conditions, will be recovered from him, in addition to the forfeiture of the tender deposit. In such an event, the Principal reserves the right to recommend for the removal of his name from the list of firms approved by the Stores Purchase Committee, Bangalore.

6345 C. DWARAKANATH, *Principal.*

DISTRICT LOCK-UP, MANDYA.

K. SUNDARESAN,
Dist. Lock-up Officer.

6501

OFFICE OF THE ASSISTANT DIRECTOR OF AGRICULTURE, HASSAN CIRCLE, HASSAN.

Auction Sale Notice dated 17th December 1951.

It is hereby notified for the information of the public that an approximate quantity of 360 maunds of M. A. 5 cotton seeds fit for cattle feed will be sold by public auction on 25th January 1952 at 3 P.M. by the Assistant Director of Agriculture, near the office of the Assistant Director of Agriculture, Hassan.

The consignment will be knocked down to the bidder who offers the highest bid. The sale is subject to confirmation by the Deputy Director of Agriculture, Bangalore who reserves the right to accept or reject the highest bid without assigning any reasons therefor.

The successful bidder, after acceptance of sale will make his own arrangements to clear the consignment purchased from the office premises within three days. Each person intending to bid should deposit with the Assistant Director, a sum of Rs. 25 as earnest money which will be returned except that of the highest bidder at the closure of the sale.

Failure to abide by the above conditions will entail forfeiture of the deposit amount.

H. VENKATARAMU,
Asst. Director.

CHITALDRUG DISTRICT.

Brief Tender Notification dated 30th December 1951.

No. J1. P.R. 367-C. 1747—51-52. Notice is hereby given that sealed tenders in triplicate on half-sheet foolscap sized paper will be received at the Office of the Deputy Commissioner, Chitaldrug, on 28th January 1952 at 2 P.M. for the supply of all articles of Diet, etc., required for the use of the Lock-up at Davangere from the date of acceptance of the tender to 31st December 1952.

The detailed tender Notification will be available at the office of the undersigned, and also at the Lock-up Officer, Davangere during working hours.

K. SESHAGIRI RAO,
Dy. Commr.

6465

OFFICE OF THE ASSISTANT DIRECTOR OF AGRICULTURE, CHITALDRUG CIRCLE.

Dated 31st December 1951—1st January 1952.

Subject.—Tender for purchase of cotton seeds.

Sealed tenders will be received in the office of the Assistant Director of Agriculture, Chitaldrug on any working day during the working hours up to 3 P.M. on 28th January 1952 (inclusive) for the purchase of cotton seeds noted in the schedule hereunder.

1. Each tenderer must furnish a sum of Rs. 100 as earnest money which will be adjusted towards the value of the material in the case of successful tenderer, and in the case of unsuccessful tenderer the amount will be refunded after approval of the Director of Agriculture.

2. Tenders should be superscribed "Tender for the purchase of cotton seed available in the Agricultural Department at Chitaldrug District."

3. The rates quoted should be per unit of 1 maund of 28 lbs.

4. The seeds can be inspected by intending tenderers up to the day of presenting the tender, at the Office of the Agricultural Inspector, Chitaldrug and at the Office of the Agricultural Inspector, Davangere.

5. Tenders will be opened by the Assistant Director of Agriculture, Chitaldrug on 28th January 1952 at 4 P.M. before as many tenders as may choose to be present at that time.

6. The acceptance of the tender will rest with the Director of Agriculture in Mysore, Bangalore and delivery of the article will be given only after the acceptance of the tender and payment of full value of the article tendered for.

7. The successful tenderer must make his own arrangements to clear the commodity at Chitaldrug and Davangere using his own gunny bags and his own conveyance and labour.

8. The successful tenderer should also make arrangements to clear the stock from the premises mentioned above within eight days from the date of intimation of the acceptance of the tender which will be intimated to him by registered post to such address as given by him in his tender application.

9. The Director of Agriculture reserves full right of rejecting any tender without assigning any reason thereof.

10. If the successful tenderer fails to clear the consignment within the specified period, the stock will be sold either by Public auction or by reminder at the risk of the original tenderer and the security amount of the original tenderer will be forfeited to Government.

11. In the event of any loss to Government by such resale as mentioned above, the difference will be collected from the original tenderer as arrears of land revenue, but in the event of any profit, the original tenderer shall have no claim for such amount.

12. In all matters of dispute the decision of the Director of Agriculture in Mysore, Bangalore, shall be final and binding.

PRIVATE ADVERTISEMENTS.

IN THE COURT OF THE DISTRICT JUDGE, CIVIL STATION, BANGALORE.

Miscellaneous Case No. 84 *of* 1951-52.

Whereas an application under the Indian Succession Act, 372, for grant of Succession Certificate of the estate of Sharufunissa Begum, late of Bangalore, has been made by Mehrunissa Begum, and whereas the 17th January 1952 has been fixed for the hearing of this case, notice is hereby given that any person having any interest in the administration of the estate of the said deceased may, if he desire, appear in this Court on the said 17th January 1952, and see the proceedings before the grant of Succession Certificate.

Given under my hand and the seal of this Court, this 3rd day of January 1952.

1447

Miscellaneous Case No. 85 *of* 1951-52.

In the matter of the application of Mehrunissa Begum, to be appointed guardian of the property of deceased Munshi Syed Ameer.

Whereas the above petitioner, resident in No. 28, Old Bamboo Bazaar Road, Civil Station, Bangalore, claiming

to be guardian for the property of the minor abovenamed, has applied to this Court for a certificate of guardianship of the property of the said minor, notice is hereby given of the said application and the 17th day of January 1952, has been fixed for the hearing of the same; all persons claiming to have any interest in the said minor are hereby called upon to come and see the proceedings on or before the said 17th day of January 1952 at 11 A.M.

Given under my hand and the seal of the Court, this 4th day of January 1952.

B. R. RAMALINGIAH,
District Judge.

1448

IN THE COURT OF THE MUNSIFF AT CHIKBALLAPUR

Miscellaneous No. 107 *of* 1951-52.

Sri Muddappa, son of Muddappa, 42 years, Gollar, residing at Marimakalahalli, Manchenahalli, Goribidnur. ... ... *Petitioner.*

vs.

(1) Muniamma, wife of the Petitioner, 35 years, Gollar, Manchenahalli, Goribidnur Taluk (with the Respondents 2 and 3). (2) Ramaiah, son of Thimmaiah, Gollar, 38 years, Agriculturist, Manchenahalli, Goribidnur Taluk, (3) Papaiah, son of Jalarappa, Dhobi, 40 years, residing at Manchenahalli, Goribidnur Taluk ... *Respondents.*

Application for the appointment of guardian to the person of Laxmakka, a minor inhabitant of Manchenahalli, Goribidnur Taluk.

The petitioner, abovenamed having applied to be appointed the guardian of the person of the aforesaid minor, the 13th day of February 1952, has been fixed for the hearing of the application, and notice is hereby given to the public that if any other relative, friend, kinsman or well-wisher of the aforesaid minor, desire to be appointed or declared as guardian of the person of the said minor he should enter appearance in person in this Court on the aforesaid date, and be prepared to adduce on that day, any documentary and oral evidence he may desire to adduce in support of his claim to such appointment or declaration.

Given under my hand and the seal of the Court this 26th day of November 1951.

C. ABDUL BASITH,
Munsiff.

1300

IN THE COURT OF THE FIRST MUNSIFF, MYSORE.

Miscellaneous Case No. 131 *of* 1951-52.

Seethamma, widow of late Doctor H. Krishna Rao, aged about 55 years, Smartha Brahmin, residing at Door No. 330, Dewan's Agrahar, Mysore City. ... *Petitioner.*

vs.

Nil ... ... *Respondent.*

Application for the appointment of guardian to the person and properties of the minors (1) Sathyanarayana, aged about 17½ years, (2) Shankara, aged about 14½ years, (3) Raghu, aged about 11 years, and (4) Ramu, aged about 7½ years, minors 1 to 4 are the children of the late A. Nanjunda Rao and Rukminiyamma, son-in-law and daughter respectively of the petitioner (Seethamma), and they are residing with the petitioner at Door No. 330, Dewan's Agrahar, Mysore City.

The petitioner abovenamed having applied to this Court to be appointed as guardian of the aforesaid minors, the 11th day of January 1952, has been fixed for the hearing of the application, and notice is hereby given to the public that if any other relative, kinsman or well-wisher of the aforesaid minors, desires to be appointed or declared as guardian of the persons and properties of the abovesaid minors, he should enter appearance in person in this Court on the abovesaid date, and be prepared to adduce on that day, any documentary and oral evidence he may desire to adduce in support of his claim to such appointment or declaration.

Given under my hand and the seal of the Court, this 3rd day of January 1952.

SCHEDULE.

1. Money presently payable on production of the Guardian Certificate in respect of the Policy of Nanjunda Rao in Policy No. 34099—C, Public Branch, Mysore Government Insurance Department, amount due Rs. 721. Less a sum of Rs. 398 owed by late Nanjunda Rao, the Policy Holder to the Insurance Department.

2 Money due under Policy No. 67293—C. The money due under this Policy is not definitely known as the Insurance Department has not so far mentioned the amount. The matter is in correspondence. The petitioner believes that a sum of about Rs. 250 is payable under this policy. This policy also is that of the Mysore Government Insurance Department.

6521(*a*)

Dated 4th January 1952.

CIRCULAR.

No. S.P.C. 41071-371. From time to time, many of the indenting officers have been addressing letters to this office requesting that the price fixed by Stores Purchase Committee for cement might be intimated. But cement happens to be a controlled commodity and the Stores Purchase Committee neither fixes the price of cement nor enters into a rate contract with any firm. The price of cement is fixed by Government under Clause 5 of the Cement Rationing and Licensing Order, 1948, and Notifications are issued by the Secretary to Government, Food and Agriculture Departments. The latest Notification issued in this behalf is Notification No. C. 364—Co. 9-51-4, dated 1st June 1951, published in *Mysore Gazette.* Therefore, it is not necessary to obtain any further clarification regarding price from this office. If necessary, the Controller of Civil Supplies may be contacted in case of doubt.

GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, CITY AREA, BANGALORE.

Tender Notification dated 8th January 1952.

Sealed tenders in triplicate for the work mentioned below will be received at the Office of the Superintendent, Bangalore Power and Lighting, City Area, Bangalore, up to 3-30 P.M. on 28th January 1952 for the work of providing lights to the "D" and "E" type Quarters at New Receiving Station, Shivanahalli (4 Units of "E" type and 7 Units of "D" type Quarters).

Details of the specification can be had at the Office of the Superintendent, Bangalore Power and Lighting, City Area, Bangalore. The earnest amount required with the tender is Rs. 207 and a further sum of Rs. 207 only on acceptance.

M. V. CHELLUM,
Superintendent.

1455

OFFICE OF THE SUPERINTENDENT, COMPOSITE LIVE-STOCK FARM AND RESEARCH STATION, HESSARGHATTA.

Notification dated 15th December 1951.

Sale of Minor Forest Produce for the year 1951-52.

It is hereby notified for general information that the exclusive right of collecting the Minor Forest Produce of the Farm such as Tamarind and seeds of Honge and Hippe for the year 1951-52 will be sold by public auction at the Farm premises on Saturday the 19th January 1952 by the Superintendent of the Farm or any other Officer deputed by him in two lots, one lot on the Eastern Section of the Farm at 9 A.M. at Gondalli Post and another lot on the Western Section of the Farm at 2 P.M. at Dasanahalli Post.

1. Each bidder should, before he is permitted to bid, deposit with the Sale Conducting Officer, a sum of rupees one hundred only in cash as earnest money. The deposit of unsuccessful bidders will be returned after the close of the sale. The successful bidder shall immediately after the close of the sale pay one-fourth of the total sale amount less deposit amount already given together with the local and other cesses and Sales-tax on the full sale amount. In default, the deposit will be forefeited and the right resold. The resale shall be at the risk of the defaulting purchaser who shall be liable to make good the loss that may result to Government, but shall have no claim to any surplus accruing therefrom. Such losses shall be recoverable as arrears of land revenue.

2. The sale is subject to confirmation by the Director of Animal Husbandry Services in Mysore, Bangalore, who reserves to himself the right of accepting or rejecting any bid without assigning any reason therefor and his decision will be final.

3. Within seven days from the date of intimation of confirmation of the sale, the successful bidder shall pay the remaining sale amount in full and execute an agreement on a stamped paper of proper value procured at his own cost for the due fulfilment of the conditions of the contract.

In default to pay the amount or execute the agreement, the amount already paid by him will be forfeited, the contract cancelled and the right resold, the defaulter being liable for any deficit of the original sale amount. He shall have no claim to any surplus accruing from such resale but shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue.

4. Each bidder should see the trees before auction and satisfy himself and any complaint received thereafter regarding the produce will not be entertained.

5. The contractor should make his own arrangements for the proper guarding of the trees immediately his offer is accepted and no complaint in case of theft, etc., will be entertained and no compensation whatsoever will be paid thereof.

6. Any damage done to Government property should be made good by him.

7. The contract should not be sublet or transferred.

8. Withdrawal of bid or lodging dispute of any kind will not be entertained when once the bid is offered in the open auction.

9. The decision of the Director of Animal Husbandry Services is final in all matters of dispute and legally binding on the bidders.

10. Permission will be granted for collection of Hippe produce of 1951-52 during summer season of 1952 when only it will be available for collection.

P. C. ADAIKALAM,
Superintendent.

The sale is subject to the following conditions:—

1. The sale is subject to the confirmation of the Director of Food Supplies.

2. The auction will be conducted by the undersigned or, in his absence, by an officer duly authorised by him.

3. The articles will be auctioned in sets and will be knocked down to the highest bidders. The bidding should also be in respect of sets and not in respect of individual articles.

4. The bidder is not allowed to sort the articles and bid for the required articles.

5. All the bidders should deposit an earnest money of Rs. 25 before participating in the auction which will be returned immediately to all the unsuccessful bidders after the closing of the auction.

6. The successful bidders have to pay one-fourth of the bid amount on the spot immediately on conclusion of the sale. They will have to pay the balance of the amount within seven days after the confirmation of the sale by the Director of Food Supplies and take possession of the articles failing which articles will be resold at their risk.

7. In all the matters of disputes the decision of the undersigned shall be final and legally binding.

NOTICE OF VACANCIES.

Notification No. 72—51-52—*P.S.C., dated* 31*st December* 1951.

Applications in the prescribed form in duplicate are invited from qualified candidates who are Mysoreans by birth or domicile for filling up the following posts by direct recruitment.

Sl. No.	Name of office	Designation of appointment	Pay	Qualifications required	Duration	
		"B" OR "SPECIAL" VACANCIES (RESERVED FOR BACKWARD COMMUNITIES).				
			Rs.			
1208	Office of the Principal Information Officer to Government, Bangalore.	Urdu Translator ...	60—5—90—8—130—10—180	B. A. of Mysore University or any other recognised University with Hindi or Urdu as second language and with special aptitude in English. Graduates in Urdu should possess a working knowledge of Hindi.	Permanent	(A)
1209	Office of the Convener, Board of Management of Industrial Concerns, Bangalore.	Chargeman, Government Porcelain Factory, Bangalore.	75—5—120	Diploma in Electrical Engineering.	Do	
1210	Office of the Director of Public Instruction in Mysore, Bangalore.	English Teacher, Maharaja's Sanskrit College, Mysore.	60—5—90/E.B./6—150	A graduate with Sanskrit as one of the optional subjects or as second language.	Do	(B)

Remarks—
(A) Ladies also can apply.
(B) Candidates possessing B. T. Qualification will be started on a pay of Rs. 70 in the grade.

NOTE.—The candidates must be Mysoreans by birth or domicile. Where an applicant claims to be a domiciled Mysorean, a certificate from a Gazetted Officer of Mysore Government, whether in service or retired, showing the grounds for the claim of domicile, should be enclosed.

AGE LIMIT: The maximum age for entry into service is 33 years for Vacancy No. 1209, and 28 years for all other vacancies.

Note.—(i) Candidates who pass the maximum age limit on 1st February 1952 are not eligible for appointment.
(ii) The age limit will not apply in the case of those who were regularly recruited and are now in service.

A fee of one rupee is prescribed for every application in duplicate. The fee should be remitted into a Government Treasury under the Head "XXXVI. Miscellaneous 2 (vi) Public Service Commission Receipts" and the Treasury Receipt obtained therefor should be sent with the application. (Candidates belonging to Depressed Classes are exempted from payment of this fee).

The following particulars should also be furnished in the last column of the existing application form :—
(i) Whether the prescribed fee of Re. 1 has been remitted into the treasury and if so the number and date of the receipt, the name and place of the treasury to be clearly mentioned.
(ii) Whether the treasury receipt is attached.
(iii) Under the heading "On what account" in the Treasury Receipt, the notification number and the designation of appointment should be given.

No notice will be taken of application in case the treasury receipt or postal order is not attached thereto.

No cash payment or money order or cheque or court-fee stamp or Revenue or Postal stamp will be accepted. Candidates residing outside Mysore State may send this fee by Postal Order.

Separate application with separate fee required for each vacancy.

Candidates already in service should submit their applications through their official superiors.

No notice will be taken of applications that are not in response to this Notification or are received after the due date or are not submitted in the prescribed form, or do not furnish all the particulars required in various columns of the form even though the prescribed fee is paid and the receipt attached.

Candidates who wish to have an endorsement from this office should attach to their applications stamped self-addressed cover or reply post card.

Candidates who furnish false information in the application are liable to be debarred or dismissed from service.

Applicants when called upon for an interview must appear at their own cost.

Applicants are warned that any attempt at personal canvassing will result in disqualification.

Intending candidates should submit their applications in duplicate in the prescribed form together with copies of the testimonials and certificates (which will not be returned) so as to reach the undersigned on or before the 17th January 1952.

6460

Notification No. 73—51-52—*P.S.C., dated* 31*st December* 1951.

It is hereby notified for the information of candidates seeking employment that the following vacancies will be filled up shortly. Intending candidates should submit their applications, in duplicate, in the prescribed form to the undersigned together with copies of testimonials, if any, on or before the date specified against each vacancy. Candidates in service should submit their applications through their official superiors and those applying for more than one vacancy should submit separate applications in duplicate in respect of each vacancy. Vacancies under "A" Class are open to candidates of all communities and the best qualified applicants for the same will generally be selected. Vacancies under "B" Class are reserved for candidates belonging to Backward Communities and the best qualified applicants from among them will generally be selected.

N.B.—1. No notice will be taken of applications not submitted by the due date in the prescribed form or of those which, although in the prescribed form, do not furnish all the particulars required in the various columns or of those not referring to any specific vacancy advertised in the Gazette.
2. The serial number of the vacancy applied for should be quoted at the top of the application in bold figures and applications should always be addressed to the Secretary to the Public Service Commission and not to his personal address by name.
3. Candidates already in service, whether permanent or temporary, should apply through their official superiors. Applications received direct from such candidates will not be considered.
4. Candidates must be Mysoreans by birth or domicile. Where an applicant claims to be a domiciled Mysorean, a certificate from a Gazetted Officer of the Mysore Service showing the ground for the claims should be enclosed.

5. Those who pass the maximum age limit on 1st February 1952 will be considered as overaged. Their applications will be forwarded to the concerned Unit Officers in case candidates within the age limit are not available.
6. Candidates who wish to have a reply from this office as regards the nature of disposal of their cases should attach self-addressed and stamped envelopes or post cards to their applications.
7. A fee of Rupee one is prescribed for every application in duplicate. The fee should be remitted into a Government Treasury under the head "XXXVI. Miscellaneous 2—(VI) Public Service Commission Receipts" and the Treasury Receipt obtained therefor should be sent with the application.
8. Candidates residing outside Mysore State should send this fee by Postal Order. Mention should also be made regarding this in their application.
9. The following particulars should also be furnished in the last column of the existing application form:—
   (i) Whether the prescribed fee of Re. 1 has been remitted into the Treasury and if so, the name and place of the Treasury, to be clearly mentioned.
   (ii) Whether the Treasury Receipt is attached.
10. Under the heading "On what account" in the Treasury Receipt, the number and date of the Notification and the serial number of the vacancy should be given.
11. No notice will be taken of the application in case the Treasury Receipt or the Postal Order is not attached thereto.
12. No cash payment or money order or cheque or court-fee or revenue or postal stamp will be accepted.
13. Depressed class candidates are exempted from payment of this fee.
14. Separate application with separate fee required for each vacancy.

Press Note.

License for the Purchase or Sale of Controlled Food Grains.

An Order under the style "The Licensing of Food Distribution Order, 1951" has been promulgated in Notification No. S.D. 7627—C. 81-51-4, dated 21st December 1951. This order requires every person who deals in the purchase or sale of controlled foodgrains to obtain a license on payment of an initial fee of Rs. 10 (Rupees ten) and a renewal fee of Rs. 2 (Rupees two) per year, in addition to such Security Deposit as may be prescribed by the Lincensing Authority. The Licensee should also abide by the provisions of the said order.

(P. N. No. 257—4-1-1952).

Press Note.

Progress under Rural Electrification Scheme, Chitaldrug District.

Estimates amounting to Rs. 20,000 for the electrification of Madehalli and Megalahalli in Chitaldrug District have been sanctioned. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless every endeavour is being made to push through the works sanctioned.

(P.N. No. 258—5-1-1952).

Press Note.

General Elections.

On the 4th January 1952, the poll was conducted in 9 Assembly Constituencies in Mysore State, namely, Malur Bangarpet, Tumkur, Bangalore North, Hoskote-Anekal, Srirangapatna, Chikamagalur-Mudigere, Tarikere and Haribar. The total number of voters in all these constituencies is 3,71,190. In Hoskote-Anekal constituency, the election was confined to only the House of the People, as the poll in respect of the Assembly election has been countermanded, consequent upon the death of one of the candidates.

From the reports so far received, it is seen that the polling took place smoothly in Tumkur, Srirangapatna and Tumkur constituencies, the percentage of voters going to the polls in Tumkur being nearly sixty. In Haribar, it is reported that the voters of Nittoor Village behaved in an unruly manner and that the Deputy Commissioner and the Assistant Superintendent of Police promptly proceeded there with the necessary police force and controlled the situation.

Reports from the other Deputy Commissioners are being awaited.

(P.N. No. 259—7-1-1952).

Press Note.

The Government of Mysore placed at the disposal of the Department of Sericulture 26 acres of land under the Kanva Reservoir, belonging to the Public Works Department, for the following purposes :—

1. Starting of graft nurseries under Government of India aid.
2. Mulberry garden for testing various varieties of mulberry suitable for cross-breeds of silkworms.
3. For carrying on research on varieties of mulberry best suited for grafts.
4. For determination of nutritional value of mulberry leaves.
5. Evolving new cultural operations that would be more economical than at present.
6. For determining research on manures in relation to mulberry.

These steps are calculated to produce results of far-reaching effect not only in improving the quality of cocoons but in reducing costs.

The Graft Nursery Scheme was sanctioned in G. O. No. 1518-19—Seri. 39-51-10, dated 15th June 1951, involving a non-recurring expenditure of Rs. 25,400, and a recurring expenditure of Rs. 9,970. So far the work done by the Bull-Dozers and Tractors of Food Production Department costs round about Rs. 6,400. This expenditure is being scaled down by asking for certain remissions. Maintenance expenditure of Rs. 2,600 only has been incurred on labour, cultural operations, manure, etc.

The total capital expenditure on the entire scheme of establishing 26 acres of garden, including Graft Nurseries, is not likely to exceed about Rs. 70,000, including quarters for staff, quarters for watchmen, special sheds for raising nurseries, with glass shutters, wire mesh and for irrigation facilities. The garden is planned to be one of the best in the country.

(P. N. No. 260—8-1-1952.)

Press Note.

In pursuance of the policy of Government of supplying electric power as expeditiously as possible to areas where the need is felt acutely, there has been a sustained progress in making power available to irrigation pumping sets, for lighting and heating purposes. The following statement shows the progress achieved during November 1951:—

Sl. No.	Installations	Bangalore	Mysore	Mandya	Tumkur	Kolar	Chikmagalur	Chitaldrug	Hassan	Shimoga	Total
1	Lighting ...	408	157	94	62	43	67	59	33	77	1,000
2	Heating ...	60	...	...	1	...	1	3	2	...	67
3	Power ...	23 (1 temp.)	4	2	2	2	4	3	5	4 (1 temp.)	49
4	Irrigation pumping sets	19	4	...	11	26	...	29	1	1	91
5	Cinemas ...	...	...	...	...	...	...	1	...	...	1
6	Street Lights ...	55	25	79	2	7	58	1	...	...	227
7	Villages electrified ...	1	...	3	...	...	1	...	...	...	5

The total number of installations in the State as on 30th November 1951, is as follows. It is noteworthy that the number of lighting installations has now exceeded the figure of one lakh.

Lighting	1,01,369 (5 temp.)
Heating	5,824
Power	6,726 (4 temp.)
Irrigation Pumping Sets ...	2,916
Cinemas	191 (1 temp.)
Street Lights	26,619
Villages Electrified	499

(P.N. No. 261—8-1-1952.)

Press Note.

Report of work done by the Marketing Department for the fortnight ended 15th December 1951.

I. ADMINISTRATION OF WEIGHTS AND MEASURES ACT.

During the fortnight under report, 1,389 units of weights and measures were presented for testing and out of which 1,310 units of weights and measures were certified for their correctness. (P.N. No. 263—9-1-1952.)

Press Note.

Progress under Rural Electrification Scheme, Chikmagalur District.

Estimates amounting to Rs. 14,48,000 for the electrification of Taluk Headquarters like Narasimharajapura, Koppa and Sringeri and Yelambalase, Balehonnur and Jayapura have been sanctioned in Chikmagalur District. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless every endeavour is being made to push through the works sanctioned.

(P N. No. 264—9-1-1952.)

Press Note.

WORKING OF THE EMPLOYMENT EXCHANGE, DURING DECEMBER 1951.

The Employment Exchange, No. 3, Lady Curzon Road, Civil Station, Bangalore, registered 1,029 persons during December 1951 of whom 173 were ex-service personnel, 33 women and 823 others. The number of vacancies reported from the Central Government Departments and State Government Departments was 27 and from private employers 9, thus bringing the total to 36.

Two hundred and fifty-six persons (120 ex-service personnel and 136 others) were referred to employers against the reported vacancies.

Seventy-two persons were placed in employment during the month as against 106 in the previous month. Of those placed, 28 were ex-service personnel and 44 others.

The registration of 148 ex-service personnel and 824 civilians lapsed during the month. Five hundred and eighty-one ex-service personnel and 2,849 civilians were one the live register of the exchange at the end of the month for employment assistance. From the inception of the organisation up to the end of December 1951, 58,747 persons were registered 21,155 were submitted against reported vacancies and 4,512 were placed in employment.

(P.N. No. 265—10th January 1952).

Press Note.

PROGRESS UNDER RURAL ELECTRIFICATION SCHEME, SHIMOGA DISTRICT.

Estimates amounting to Rs. 3,04,820 for the electrification of Gajanur and Hosanagar in Shimoga District have been sanctioned. Scarcity and high price of essential materials like copper wire, steel poles, transformers, etc., and transport difficulties come in the way of speedy execution of all the sanctioned works. Nevertheless, every endeavour is being made to push through the works sanctioned.

(P. N. No. 266—10th January 1952.)

Press Note.

The following Press Note issued by the Election Commission regarding the recording of Ballot Paper numbers is republished for general information :—

RECORDING OF BALLOT PAPER NUMBERS WILL NOT VITIATE SECRECY OF VOTING.

"Some apprehension seems to exist that the secrecy of ballot, which guarantees the freedom of voting, would be vitiated as a result of the procedure which requires the Polling Officers to record in a copy of the electoral roll the serial number of the ballot paper given to the elector. Such apprehension is groundless.

Polling Officers are required to record the serial number of the ballot paper issued to an elector by the Statutory Rules made under the Representation of the People Act, 1951. This is done in order to help, if necessary, any Election Tribunal that may be set up on an election petition in finding out the full facts for a correct decision of the election dispute. The electoral roll on which are recorded the serial numbers of the ballot papers issued to the voters must be sealed with the seals of the Polling Officers and the candidates' agents immediately after polling is over in the polling station. This sealed packet cannot under the law be opened by any body at any time except under the specific order of a competent court or of an Election Tribunal.

No Polling Officer or other Government official can find out the name of the candidate in whose favour a voter has cast his vote, for every ballot box will be sealed immediately after polling and will be opened only at the time of counting. Even if a Polling Officer happens to be employed also for counting of votes, it will be most unlikely that he will have the ballot boxes of his polling station to count. At any rate it will be physically impossible for a Polling Officer to remember the serial number of the ballot paper issued to any individual voter at the time of polling and to connect one with the other.

The sealed list of electors on which the serial numbers of the ballot papers are recorded, will be destroyed by fire without opening the seals after one year if no Election Tribunal or Court has occasion to call for it.

The above should reassure every voter that neither the secrecy of the ballot nor the freedom to vote as one likes can be violated by the fact that Polling Officers will record on the electoral rolls the serial numbers of the ballot papers supplied to the electors."

(P. N. No. 267—11th January 1952).

4. Defaulters on account of previous leases will not be permitted to bid.

5. No person will be allowed to bid unless he (i) produces a certificate from the Amildar of the taluk in which he resides in regard to his solvency and its extent or an exchange certificate as provided in clause 6, and (ii) deposits also with the officer holding the sale a sum of Rs. 200 which must be in the form of cash or currency notes.

6. Bidders who are not residents of Mysore State and who do not possess unencumbered property in Mysore State at least to the extent of the estimated value of the lease unit for which they intend bidding should, before they are allowed to bid, either deposit with the officer conducting the sale half the estimated amount of the lease to the nearest hundred rupees, as earnest money or they should produce a local surety fully solvent to the extent of the highest bid likely to be at the conclusion of the sale. The bond to be taken from the surety should be on stamp paper, the stamp payable being governed by the provisions of the Stamp Act. In cases where the foreign bidders deposit half the estimated amount of the lease, the usual deposit of Rs. 300 is unnecessary and in cases where they produce a local surety the usual deposit of Rs. 200 should also be recovered from them. In the former case, the remaining amount of the lease must be paid before the expiry of half the period covered by the lease, in two equal quarterly instalments, when the lease is for one year and the two equal half-yearly instalments, when the lease is for two years.

7. The highest bidder shall deliver his solvency certificate to the officer conducting the sale and get in exchange, if he so desires, a certificate signed by the latter which will be sufficient authority for him to bid at auction sale in any one of the remaining divisions. This exchange certificate shall be delivered to the officer conducting the sale in case the party named therein happens to be the highest bidder obtaining in lieu thereof, if he wishes a fresh exchange certificate for his use. The exchange certificate will contain all the particulars found in the Amildar's certificate with the details of purchase made in the sales of other divisions as well as in the one, in which the exchange certificate is sought for. The deposits of unsuccessful bidders will be returned immediately after the sale.

8. The exclusive right of collecting and removing the produce above will be disposed of to the highest bidder subject to the confirmation of the Chief Conservator of Forests or the Conservator of Forests, Shimoga Circle who at their discretion, may accept or reject the highest or any other bid, without assigning any reason therefor.

In case the sale is not confirmed in the name of the highest bidder, the next highest bidder may be called upon to take up the lease and in that case, he shall abide by all the conditions prescribed herein for the highest bidder. The deposits of the next highest bidders will be retained until the question of confirmation of the sale is decided.

9. The successful bidders shall immediately after the close of the sale, credit into the Government Treasury, one quarter of the total sale amount including the deposit already made together with the Local, Railway, Education, Health and other cesses and Sales-Tax on the entire lease amount at the rates prevailing in the district. In default, the deposit will be forfeited and the right resold. Such resales will be at the risk of the defaulting purchaser who will be liable to make good any loss that may result to Government but will have no claim to any surplus accruing therefrom. Such lossess will be recoverable as an arrear of land revenue.

10. If the sale is not confirmed by the authority concerned all moneys paid will be refunded to the party.

11. Within fifteen days of the intimation of the confirmation of the sale, the successful bidder shall execute an agreement with one or more sureties to the satisfaction of the District Forest Officer on a stamped paper of proper value procured at his own cost, and also furnish security deposit of Rs. 500 or one-quarter of the sale amount whichever is less, for the due fulfilment of the conditions of the contract in the shape of Government Savings Bank Deposit. The recovery of security deposit will be waived in case the full sale amount together with cesses is paid in advance.

In default either to execute the agreement with the necessary sureties or to furnish the security or both the contract will be cancelled and the right resold, the defaulter being liable for any deficit in three-fourths of the original sale amount. He shall have no claim to any surplus accruing from such resale, but shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue under Section 79 of the Mysore Forest Act or any other law in force for the time being.

NOTE.—(i) The solvency and the respectability of the sureties should be proved to the satisfaction of the District Forest Officer and the sureties shall be held responsible for all payment to be made under the lease and for the due fulfilment of all the conditions of the contract.

(ii) A sample form of the agreement may be seen at any time in the District Forest Offices.

12. The balance of three-fourths of the sale amount will be paid in three equal instalments as follows:—

First khist on or before 1st July 1952.
Second khist on or before 1st January 1953.
Third khist on or before 1st July 1953.

If a default arises in the payment of any instalment or interest on the due date, the contract shall immediately stand suspended and all produce collected and in storage or transit during such period of suspension be forfeited to Government. In spite of such sus ension, if the instalments of interest overdue continue to remain unpaid for a period of one month the contract shall be cancelled and the

right resold at the risk of the defaulter who shall be liable to the loss arising therefrom which shall be recovered as an arrear of land revenue under Section 79 of the Mysore Forest Act or any other law in force for the time being.

13. No concession of any kind will be shown to the contractor for loss on any account.

14. In the event of breach of any of these conditions, the lease will be cancelled or the security amount forfeited in whole or in part or both these panalties will be enforced at the discretion of the District Forest Officer, the Conservator of Forests, Shimoga or the Chief Conservator of Forests in Mysore, Bangalore, as the case may be. In the case of mere forfeiture of the deposit amount in part or in full, the difference will be made good immediately by the contractor, and if not, the lease will be cancelled and resold at the risk of the original purchaser, who will be liable for any loss which will become recoverable as an arrear of land revenue but not participate in any profits.

15. Bidders are warned that no transfer or sub-letting of leases will be permitted.

M. A. MUTHANNA,
Chief Conservator of Forests.

6688

MYSORE FOREST DIVISION.

Abstract Notification dated 3rd January 1952.

Sale of Minor Forest Produce.

It is hereby notified for the general information that the exclusive right of collecting the M. F. P. on all Government unoccupied lands, Amrithmahal Kavals, State Forests, Reserved Lands and Plantations from the date of confirmation of the sale to 31st March 1952, in the undermentioned units, will be resold (at the risk of the original lessees who have failed to pay up the third khist due on 1st October 1951) by the District Forest Officer, Mysore District, Mysore, or any other Officer deputed by him on *Monday the 28th January* 1952 at 2 P.M. at the District Forest Office, Mysore Division, Mysore.

Division	Range	Name of Unit	Date of Sale
Mysore	1. Hunsur Range ...	Periyapatna Taluk ...	Monday the 28th January 1952 at the District Forest Office, Mysore.
	2. Gundlupet Range ...	Gundlupet and Nanjangud Taluks.	
	3. Chamarajanagar Range.	Chamarajanagar Taluk ...	
	4. Heggadadevankote Range.	Heggadadevankote Taluk	

6680

Notification dated 3rd January 1952.

Sealed tenders will be received in the Office of the District Forest Officer, Mysore Division, Mysore by the District Forest Officer, Mysore Division, Mysore or any other officer deputed by him on or before Friday the 25th January 1952 up to 4 P.M. for the following works.

	Particulars of works	Estimated cost	Earnest money to be furnished
		Rs.	Rs.
1	Construction of Forester's quarters on Chamundi Hills, Mysore.	3,233	500
2	Construction of Forest Guard's barracks at Kyathedevaragudi in Chamarajanagar Range. Sixteen miles from Chamarajanagar.	5,809	600
3	Construction of Forest Guard's barracks at Hunsur Depot, Hunsur.	5,995	600
4	Construction of Forest Guard's barracks at Manchegowdanaballi in Heggadadevankote Taluk. Ten miles from Heggadadevankote on Mysore—Manantoddy Road.	5,000	500

1. Tenders should be superscribed and addressed to the District Forest Officer, Mysore Division, Mysore as "Tender for construction of Building Work in Mysore Forest Division during 1952." Rates for the individual items of works as detailed in the estimates (which may be seen in the office on working days during office hours) should be quoted and such rates hold good till the completion of the works. For non-tendered items of works, the rates as per current schedule of rates will be allowed. The rates should be noted both in words and figures; failing which, the tender will be rejected.

2. Each tender must be accompanied by earnest deposit as prescribed above in currency notes. Tenders received without such deposits will not be taken into consideration.

3. The plans connected with the works can be seen in the office on working days during office hours.

4. The buildings should be completed within the time limit intimated by the Chief Conservator of Forests in Mysore, Bangalore.

5. Permits for the steel required for construction will be got by addressing the concerned authorities.

6. Final acceptance of the tender rests with the Chief Conservator of Forests in Mysore, Bangalore, who does not bind himself to accept the lowest or any tender or to assign any reason whatsoever for the rejection.

In the matter of disputes arising regarding the rates etc., the decision of the Chief Conservator of Forests in Mysore, Bangalore, will be final. The successful tenderer should bind himself to abide by the Departmental rules in force and execute the *mutchalika* on a stamp paper of proper value on receipt of intimation of acceptance of his tender; failing which, his earnest money deposit will be forfeited to Government.

6593

Abstract Notification dated 3rd January 1952.

10	Do do III	4,900	245	3 do	2,000
11	Do do IV	4,900	245	3 do	2,000
12	Compound Wall	9,870	495	6 do	1,500

1. The tenders will be opened in public at 3 P.M. on 4th February 1952. The work should be completed and handed over to the Department in tidy condition within the period noted and the monthly progress should not be less than the amount specified against each work, failing which, penalty as per agreement or departmental rules in force at the time will be enforced.

2. The plan, detailed estimate and the conditions may be seen at the Offices of the Executive Engineer, Electrical Division, Tumkur, the Assistant Engineer, No. 3 Electrical Sub-Division, Chickballapur, or the Offices of Power and Lighting of this Department for works in their sections on all working days during the office working hours.

3. Tenders are to be submitted in prescribed forms only which can be had from this Office on payment of annas four per set of form for each work. The forms can also be had through post direct to intending tenderer provided the cost of forms *plus* postal charges, in case forms to be sent by post, is paid in cash and requisition be given well in advance. This office will not be responsible for delay or non-delivery of tender forms sent by post.

4. Each tender must be accompanied by a deposit specified as earnest money. The earnest money has to be paid in cash at this Office or any Power and Lighting Office of this Department and receipt enclosed to the tender. In case of tender deposit of over Rs. 500, Government Promissory Notes of the Government of Mysore or of Dominion of India at their face or present value or Savings Bank Deposits in Mysore Government Treasury duly pledged in favour to the Executive Engineer, Electrical Division, Tumkur, may be accepted by the Executive Engineer at his discretion.

5. No tender will be received without deposit and no adjustment can be made from the pending bills or the deposits of other works towards the tender deposit of this work.

6. The final acceptance of any tender will rest with the Executive Engineer, Electrical Division, Tumkur, who does not bind himself to accept the lowest or any tender or to assign any reasons whatever for the rejection of any tender, who also reserves the right to accept or reject any portion of the tender.

7. The name of the successful tenderer will be posted on the notice board of the offices referred to in para 2 above in due course. No enquiries regarding the acceptance or rejection of tender will receive any reply.

8. Within 8 days of the award of the tender, the successful tenderer will be required to execute the usual contract bond, in default of which his tender will be considered cancelled and his earnest money forfeited. The work should be started within a week from the date of acceptance.

9. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned either in this Office or through the Assistant Engineer or any of the Power and Lighting Office of this Department on the tenderer submitting refund bill surrendering the original receipt granted.

10. The contractor has to make his own arrangements at his cost for water required for construction, quarries, supply and transport of materials. This department does not undertake to provide lorries or petrol coupons.

11. Specifications for Civil Engineering works are those recognized by the Public Works Department of Mysore and Marryot's Specifications (P.W.D. Handbook, Bombay) and B.S.S. or A.I.E.E. Specifications for electrical works.

12. Only controlled articles like steel and cement, etc., will be supplied by the Department at the nearest departmental stores at controlled rates *plus* incidental charges at 15 per cent or other percentage as per departmental rules in force at the time of issue of the materials.

13. The contractor himself should pay royalties, tolls, sales-tax and any other tax that may be prescribed by Government from time to time.

14. As per Mysore Government Notification No. O.M.F.L. 6091-92.—G.F. 60-50-4, dated 2nd October 1951, the contractor should furnish Income-tax Clearance Certificate with the tender or before the execution of the agreement at the latest, failing which, the tender or contract will be cancelled and the tender deposit forfeited.

15. The contractor should be bound by the conditions of the Schedule of contract of the Electrical Department.

L. NARAYANA JOIS,
Ex. Engr.

1

KOLAR DIVISION.

Abstract Notification.

The attention of the public is invited to the Notification dated 31st December 1951 calling for tenders in respect of Restoring the lost capacity of Arehally Major Tank, Kolar Taluk, published on pages 27–28 of Part VI of the *Mysore Gazette*, dated 10th January 1952. The tenders with treasury chellan for having credited the necessary earnest money deposit to treasury will be received in the Office of the undersigned up to 4 P.M. on 31st January 1952.

Further particulars can be had in the Office of the undersigned between 11 A.M. and 5 P.M. on all working days.

M. MUNIAPPA,

6610 H. S. NARASIMHA IYENGAR, *Ex. Engr.*

OFFICE OF THE PALACE ENGINEER, PALACE MARAMATH DEPARTMENT, MYSORE.

Notification dated 5th January 1952.

Tenders in sealed covers superscribed as tender for constructing 6 Model Houses in Ittigegud, Mysore, will be received in the Office by the undersigned up to 3-30 P.M. on .... Approximate cost of 6 Big Type Houses at Rs. 7,200 each will be Rs. 43,200 and the tender should be accompanied by a deposit of Rs. 2,160 as earnest money in cash by remittance to Palace Treasury without which no tender will be entertained.

The plans, detailed estimate, agreement form and conditions may be seen in this Office on all working days between 11 A.M. and 5 P.M.

Tender should be on detailed rates (in percentage) to be quoted both in figures as well as in words. Such rates must hold good till the completion of work from the date of the tender. For all non-tendered items and data, rates as per sanctioned schedule only will be allowed. Details for lumpsum provision will be got up and paid as per tender rates as per data. No conditions will be entertained.

In matters of all disputes about rates, measurements, quantity and quality of works, etc., and in all other disputes of any kind, the decision of the Palace Engineer will be final and legally binding.

Materials such as cement, steel rod, teakwood, etc., if supplied departmentally to the contractor will be charged at the cost price or the market rate prevailing at that time, whichever is high in addition to incidental charges and centage at 10 per cent and recovered in the bill of the work.

The right to accept or reject any tender whether high or low without any reason whatsoever rests with the Huzur Secretary.

The name of the successful tenderer will be posted on the Notice Board and within a week such tenderer will have to execute the usual contract bond, in default of which his tender will be considered as cancelled and his earnest money forfeited.

On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

The items of work provided in the estimate and the quantities under such items are not guaranteed.

The tenderer will have no right on any account, to claim for revision of rates tendered for by him, on the basis of fluctuations in the market rates or due to any other prevailing conditions during the course of work.

6609 H. K. PANDITHARADHYA, *Palace Engr.*

OFFICE OF THE EXECUTIVE ENGINEER, UPPER KAVERI DIVISION, KRISHNARAJANAGAR.

Notification dated 3rd January 1952.

Sealed tenders duly signed by the contractor will be received by the undersigned up to 4 P.M. on 23th January 1952 for constructing a Building for the Primary School at Hampapura, Krishnarajanagar.

For each item of works individual rates may be quoted both in words and figures.

The quotation will hold good till the acceptance or otherwise by the competent authorities.

For lumpsum provisions for non-tendered items, the rates will be paid as per current schedule in the case of scheduled items. For other items rate based on data with 10 per cent profit will be paid.

Printed quotation forms can be had at the Office of the Executive Engineer, Upper Kaveri Division, Krishnarajanagar, on a payment of annas four (Re. 0–4–0) per form. Quotations submitted in other than the printed form will be rejected. No cheques will be accepted.

Each tender should be accompanied with a Treasury Chellan for Rs. 260 as earnest money paid to the Treasury to the credit of "40 (i) Remittances. Payment into Treasury by P.W.D. Officers."

The final acceptance of the quotation will rest with the Superintending Engineer, Kaveri Circle, Mysore. Estimats

and other plans will be available for reference in the office of the undersigned. Any other particulars required can be had at the office of the undersigned on all working days during office hours.

The successful tenderer should bind himself to abide by the Departmental rules in force to execute the necessary agreement within a week of acceptance to his tender failing which the earnest money will be forfeited to Government.

The Department does not bind itself to accept the lowest or any quotation or to assign any reason whatsoever for the rejection of any.

Quantities noted in the abstract estimate are only approximate.

The rates quoted by the tenderers should hold good till the completion of the work irrespective of the fluctuation in rates.

The work should be completed by the end of June 1952.

6582 J. S. NANJUNDA RAO, *Ex. Engr.*

HASSAN DIVISION.

Brief Notification dated 28th December 1951.

The attention of the public is invited to the detailed Notification inviting sealed tenders for the work of constructing combined dispensary at Channarayapatna, published in Page No. 7, Part VI of the *Mysore Gazette*, dated 3rd January 1952.

M. N. RAMAKRISHNA,
6585 *Ex. Engr.*

SHIMOGA DIVISION.

Notification dated 26th December 1951.

It is hereby notified for the information of the public that sealed tenders will be received in the Office of the Executive Engineer, Shimoga Division, Shimoga, up to 4 P.M. on 21st January 1952, for constructing P.W.D. Subordinates' Quarters (Twin Block) at Honnali, Honnali Taluk. Amount of estimate Rs. 5,000, work portion: Rs. 4,566.

The prescribed tender form can be had in the Office of the Executive Engineer, Shimoga Division, on payment of Re. 0-4-0 (annas four) per form.

Tenders submitted in other than the prescribed form will be rejected.

Rates should be quoted for each individual items of work in the estimate and the rates quoted shall hold good, if the tender is accepted within six months from the date of tender and shall thereafter binding for execution of the entire work.

For items not provided in the estimate, minimum schedule rates will be paid.

Each tender should be accompanied by a chellan for Rs. 230 for having credited the earnest money into a Government Treasury under "(1) Remittances—P.W.D."

The power of accepting the tender is vested with the Executive Engineer, Shimoga Division, who may accept or reject without giving any reason therefor.

The sanctioned estimate, plan and other details can be seen in the Office of the Executive Engineer, Shimoga Division, Shimoga, on all working days between 11 A.M. and 5 P.M.

The successful contractor shall bind himself to abide by the departmental rules in force and shall execute the necessary agreement within seven days of receipt of acceptance of tender and start the work immediately.

K. N. G. DWAJAN,
6508 *Ex. Engr.*

CHIKMAGALUR DIVISION.

Brief Notification dated 5th January 1952.

The attention of the public is invited to the detailed notification inviting sealed tenders for construction of a new Kitchen Block to Mallegowda General Hospital at Chickmagalur, published on page 30, Part VI of the *Mysore Gazette*, dated 10th January 1952.

The last date for receipt of the tenders is before 4 P.M. on 30th January 1952. Duplicate challen for having credited the treasury the deposit amount of Rs. 740 under "40 (1) Remittances, P.W.D." should accompany each tender.

T. HUTCHVEERAIAH,
6743 *Ex. Engr.*

OFFICE OF THE EXECUTIVE ENGINEER, CHITALDRUG DIVISION.

Notification.

Sealed tenders will be received at the Office of the Executive Engineer, Chitaldrug Division, up to 4 P.M., on 28th January 1952 for construction of a Town Hall building at Naikanhatty in Chellakere Taluk.

2. The estimate cost of the work is Rs. 14,000.

3. Each tender must be accompanied by the Treasury chellan for Rs. 700 (Rupees seven hundred only) credited to the treasury under "40 1 Remittances to P.W.D." in cash as earnest money. The earnest money of the successful contractor will be retained as security deposit for the fulfilment of the contract.

4. The work must be completed by the end of September 1952 and the monthly progress should be not less than Rs. 2,000. Intending contractor wishing to quote rates should obtain details as to the terms of the tender, etc., from the Office of the Executive Engineer, Chitaldrug Division, Chitaldrug, and copies of contract schedule quantities may be seen at any time on all working days between 11 A.M. and 5 P.M. except on Saturday.

5. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tender offering on percentage reduction on the estimate amount will be rejected.

6. The rates quoted will hold good for six months from the date of tender for its acceptance. The rates quoted with conditions "subject to fluctuation" will not be accepted. The agreement should be executed before starting the work after issuing orders of acceptance. The final acceptance of the tender will rest with Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatsoever for the rejection of any tender.

K. V. SIDDABASAVIAH,
6706 *Executive Engineer.*

MEDICAL DEPARTMENT

OFFICE OF THE SRI JAYACHAMARAJENDRA INSTITUTE OF INDIAN MEDICINE, 29, SESHADRI ROAD, BANGALORE.

Abstract Tender Notification dated 23rd December 1951.

No. J.I.M. 537. Notice is hereby given that sealed tenders in four copies on half-sheet foolscap size paper will be received by the undersigned at the above office at 10 A.M. on Friday, the 25th January 1952 for the supply of articles of diet and other necessaries required for the use of the Sri Jayachamarajendra Institute of Indian Medicine, Bangalore, from 1st April 1952 to 31st March 1953, both days inclusive.

2. The tender should be accompanied by an earnest deposit of Rs. 1,500 in treasury receipts. The tenderers should submit with their tenders solvency certificates to the extent of 25 per cent of their tender amounts issued by the Revenue Authorities (Amildar of the Taluk) obtained not earlier than six months from the date of receipt of the tenders and the latest certificate obtained for their being borne on the approved list of the Stores Purchase Committee

as Government contractors together with the necessary income-tax clearance/verification certificate obtained from the Income-tax Authorities.

3. The detailed tender notification can be obtained from the above office during office hours.

GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE CHIEF ELECTRICAL ENGINEER TO THE GOVERNMENT OF MYSORE, BANGALORE.

Notification dated 11th January 1952.

No. G.N. 50. Sealed tenders will be received in the Office of the Chief Electrical Engineer to the Government of Mysore, Bangalore, up to 3 P.M. on Monday the 11th February 1952, for the supply of the following. The terms of delivery should be F.O.R. Maddur Railway Station.

Teak Wood Planks 10'—6" × 12" × 2"—80 Lengths.

The tenderers should quote their best billing prices which should be firm for a period of one month from the due date of the tender. The rate should be quoted both in figures and words. The earliest period within which delivery would be effected may be specified in the tender.

No enhancement of rates for whatsoever causes will be allowed when once the quotation is accepted and order is placed. Withdrawal from the quotation after it is accepted or failure to make the supply within the scheduled period will entail cancellation of the order and forfeiture of the earnest money, if any. The successful tenderer should, if so required by us, deposit a sum equal to 5 per cent of the value of the order as earnest money for the satisfactory execution of the order in accordance with the terms and period of delivery specified in the order.

The Chief Electrical Engineer does not bind himself to accept the lowest or any tender, but reserves to himself the right to accept or reject any tender at his discretion. The supply on our order will be subject to the general conditions of contract prevailing in this department for local purchases.

The tenders should be superscribed as "Tender for supply of T. W. Planks, to be opened at 3 P.M on Monday, 11th February 1952".

K. VEDANTHIENGAR,

1463

OFFICE OF THE DIRECTOR OF GEOLOGY IN MYSORE, BANGALORE.

Notification dated 11th January 1952.

Practical Training to Post-Graduate—Geology students in the Mysore Geological Department.

No. G.—6021. Applications are invited from graduates in Geology who desire to undergo a course of practical training in Mysore Geological Department. The course of training will be for a period of about six months and not more than four will be selected for training. The selected candidates will be given opportunities to work under the officers of this Department engaged in Geological Survey, Mineral Survey and prospecting, mining, and analysis of ores and minerals.

CONDITIONS

1 No fees will be levied for this training in the case of Mysoreans by birth or domicile: but in the case of non-Mysoreans a lumpsum fees of Rs. 100 will be charged for the entire period of training of about six months. The fee is payable in advance before the candidates join the Department for training.

2 Two students of the Sri Jayachamarajendra Occupational Institute, who have passed the Diploma Examination in mining may also be admitted in addition to undergo a course of training in both open quarrying and underground mining at the Bellara Gold Mines and other places for a period of six months.

3 This practical training will not by itself give the students any claim whatsoever—express or implied—for any of the appointments in the Department either in the permanent or temporary establishments.

4 The students selected for the training should make their own arrangements for boarding and lodging.

5 The students selected should be prepared to work in any part of the State where the Director arranges for their training and they should strictly carry out the instructions given to them by the officers under whom they may be posted for training. Such of those who fail to comply with the rules, work diligently and make satisfactory progress during the period of training, are liable to be sent away even in the middle of their training period without refunding any portion of the fee which might have been paid by them.

6 The applicants should submit their applications together with copies of testimonials, if any, with full details regarding their educational qualifications, so as to reach this office on or before 28th January 1952.

Late applications will not be consdiered.

Intimation will be sent to the candidates who are selected for training by about the 5th February 1952 and the selected candidates should report themselves for training immediately thereafter.

For further details, the applicants may either call in person during the working hours of the office of the undersigned or write for necessary informatiom required.

C. S. PICHAMUTHU,
Director.

H. G. RAMAKRISHNA REDDY,
Ag. General Manager.

1445

OFFICE OF THE SUPERINTENDENT OF INDUSTRIES, BANGALORE DIVISION, BANGALORE.

Notification dated 3rd January 1952.

It is hereby notified for information of the public that certain machinery (spray painting machine with wooden printing blocks) will be sold in public auction at the premises of the Government Central Industrial Workshop, Bangalore, on 4th February 1952 at 4 P.M. by the undersigned.

The above machinery and other articles will be available at this office and the intending bidders may inspect them on any working day between 11 A.M. and 5 P.M. The final bid will be subject to the approval of the Director of Industries and Commerce.

The terms of sale is as follows:—

(1) The bidders should pay an initial deposit of Rs. 10 each, to enable them to bid at the sale. This amount will be refunded to all unsuccessful bidders at the end of the sale.

(2) The machinery and articles will be put up for detailed inspection one hour before the commencement of auction.

(3) The machinery will be sold to the highest bidder, who should pay half of the bid amount on 4th February 1952 and other half within eight days after the communication of the confirmation of the Director of Industries and Commerce and remove the articles.

(4) The sale is subject to confirmation of the Director of Industries and Commerce who has complete discretion in the matter.

(5) In case any bidder fails to take possession of the articles by paying bid amount as above, such articles will be re-auctioned and any loss arising therefrom will be recovered by the bidder who failed to take possession of the article. The deposit amount of Rs. 10 and including half of the amount of final bid will be forfeited.

(6) The decision of the Director of Industries and Commerce is final in all matters regarding the sale.

6649 A. M. DYAS, *Superintendent.*

OFFICE OF THE SUPERINTENDENT, COMPOSITE LIVE-STOCK FARM AND RESEARCH STATION, HESSARGHATTA.

Notification dated 15th December 1951.

Sale of Minor Forest Produce for the year 1951-52.

It is hereby notified for general information that the exclusive right of collecting the Minor Forest Produce of the Farm such as Tamarind and seeds of Honge and Hippe for the year 1951-52 will be sold by public auction at the Farm premises on Saturday the 19th January 1952 by the Superintendent of the Farm or any other Officer deputed by him in two lots, one lot on the Eastern Section of the Farm at 9 A.M. at Gondalli Post and another lot on the Western Section of the Farm at 2 P.M. at Dasanahalli Post.

1. Each bidder should, before he is permitted to bid, deposit with the Sale Conducting Officer, a sum of rupees one hundred only in cash as earnest money. The deposit of unsuccessful bidders will be returned after the close of the sale. The successful bidder shall immediately after the close of the sale pay one fourth of the total sale amount less deposit amount already given together with the local and other cesses and Sales-tax on the full sale amount. In default, the deposit will be forefeited and the right resold. The resale shall be at the risk of the defaulting purchaser who shall be liable to make good the loss that may result to Government, but shall have no claim to any surplus accruing therefrom. Such losses shall be recoverable as arrears of land revenue.

2. The sale is subject to confirmation by the Director of Animal Husbandry Services in Mysore, Bangalore, who reserves to himself the right of accepting or rejecting any bid without assigning any reason therefor and his decision will be final.

3. Within seven days from the date of intimation of confirmation of the sale, the successful bidder shall pay the remaining sale amount in full and execute an agreement on a stamped paper of proper value procured at his own cost for the due fulfilment of the conditions of the contract.

In default to pay the amount or execute the agreement, the amount already paid by him will be forfeited, the contract cancelled and the right resold, the defaulter being liable for any deficit of the original sale amount. He shall have no claim to any surplus accruing from such resale but shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue.

4. Each bidder should see the trees before auction and satisfy himself and any complaint received thereafter regarding the produce will not be entertained.

5. The contractor should make his own arrangements for the proper guarding of the trees immediately his offer is accepted and no complaint in case of theft, etc., will be entertained and no compensation whatsoever will be paid thereof.

6. Any damage done to Government property should be made good by him.

7. The contract should not be sublet or transferred.

8. Withdrawal of bid or lodging dispute of any kind will not be entertained when once the bid is offered in the open auction.

9. The decision of the Director of Animal Husbandry Services is final in all matters of dispute and legally binding on the bidders.

10. Permission will be granted for collection of Hippe produce of 1951-52 during summer season of 1952 when only it will be available for collection.

Dated 31st December 1951—1st January 1952.

Subject.—Tender for purchase of cotton seeds.

Sealed tenders will be received in the office of the Assistant Director of Agriculture, Chitaldrug on any working day during the working hours up to 3 P.M. on 28th January 1952 (inclusive) for the purchase of cotton seeds noted in the schedule hereunder.

1. Each tenderer must furnish a sum of Rs. 100 as earnest money which will be adjusted towards the value of the material in the case of successful tenderer, and in the case of unsuccessful tenderer the amount will be refunded after approval of the Director of Agriculture.

2. Tenders should be superscribed "Tender for the purchase of cotton seed available in the Agricultural Department at Chitaldrug District."

3. The rates quoted should be per unit of 1 maund of 28 lbs.

4. The seeds can be inspected by intending tenderers up to the day of presenting the tender, at the Office of the Agricultural Inspector, Chitaldrug and at the Office of the Agricultural Inspector, Davangere.

5. Tenders will be opened by the Assistant Director of Agriculture, Chitaldrug on 28th January 1952 at 4 P.M. before as many tenders as may choose to be present at that time.

6. The acceptance of the tender will rest with the Director of Agriculture in Mysore, Bangalore and delivery of the article will be given only after the acceptance of the tender and payment of full value of the article tendered for.

7. The successful tenderer must make his own arrangements to clear the commodity at Chitaldrug and Davangere using his own gunny bags and his own conveyance and labour.

8. The successful tenderer should also make arrangements to clear the stock from the premises mentioned above within eight days from the date of intimation of the acceptance of the tender which will be intimated to him by registered post to such address as given by him in his tender application.

9. The Director of Agriculture reserves full right of rejecting any tender without assigning any reason thereof.

10. If the successful tenderer fails to clear the consignment within the specified period, the stock will be sold either by Public auction or by reminder at the risk of the original tenderer and the security amount of the original tenderer will be forfeited to Government,

11. In the event of any loss to Government by such resale as mentioned above, the difference will be collected from the original tenderer as arrears of land revenue, but in the event of any profit, the original tenderer shall have no claim for such amount.

12. In all matters of dispute the decision of the Director of Agriculture in Mysore, Bangalore, shall be final and binding.

OFFICE OF THE MYSORE PUBLIC SERVICE COMMISSION, "BALLABROOIE", PALACE ROAD, HIGH GROUNDS, BANGALORE.

Notification No. 78—51-52 P.S.C., dated 12th January 1952.

Agricultural Fieldmen.

Applications are hereby invited from qualified candidates (both Brahmin and Backward Communities) for inclusion of their names in the approved list of candidates for appointment as Agricultural Fieldmen in the Agriculture Department in the State during 1951-52.

2. The candidates must be Mysoreans by birth or domicile. Where the applicant claims to be a domiciled Mysorean, a certificate from a Gazetted Officer of Mysore Government, whether in service or retired, showing the grounds for the claim of domicile should be enclosed.

3. *Age limit.*—The maximum age limit for entry into service is 28 years in the case of Backward Community candidates and 25 years in the case of others.

NOTE.—(i) Candidates who pass their maximum age limit on 1st February 1952 are not eligible.
(ii) The age limit will not apply in case of those who are regularly recruited and now in service.

4. *Minimum Qualification.*—A pass in M.S. Examination and Fieldmen's Training.

5. *Pay.*—Rupees 30 in grade Rs. 30-1-40-2-60.

6. As and when vacancies occur, candidates will be appointed in the order of assignment of their names in the approved list.

7. Intending candidates should submit their applications in duplicate in the prescribed from together with copies of testimonials and certificates (which will not be returned) so as to reach this Office on or before the 31st January 1952.

8. A fee of one rupee is prescribed for every application in duplicate. The fee should be remitted into a Government Treasury under the Head "XXXVI Miscellaneous 2 (vi) Public Service Commission Receipts" and the Treasury Receipt obtained therefor should be sent with the application.

9. Under the heading "on what account" in the Treasury Chellan, the number and date of the notification calling for applications should be given.

10. No notice will be taken of the application in case the Treasury receipt is not attached.

11. No cash payment, or money order or postal order or court fee stamp or any other stamps or cheque will be accepted.

12. Candidates already in service should submit their applications through their official superiors.

13. Candidates should be ready to take up appointment in any place of the District.

14. No notice will be taken of applications that are not in response to this Office Notification, or are received after due date or are not submitted in the prescribed form or do not furnish all the particulars required in various columns of the form even though the prescribed fee is paid and the receipt attached.

15. Candidates who wish to have an endorsement from this Office should attach to their applications stamped and self-addressed cover or reply post card or postal stamps.

16. Candidates who furnish false information in the application are liable to be debarred or dismissed from service.

6466

No notice will be taken of applications that are not in response to this Notification or are received after the due date or are not submitted in the prescribed form, or do not furnish all the particulars required in various columns of the form even though the prescribed fee is paid and the receipt attached.
Candidates who wish to have an endorsement from this office should attach to their applications stamped self-addressed cover or reply post card.
Candidates who furnish false information in the application are liable to be debarred or dismissed from service.
Applicants when called upon for an interview must appear at their own cost.
Applicants are warned that any attempt at personal canvassing will result in disqualification.
Intending candidates should submit their applications in duplicate in the prescribed form together with copies of the testimonials and certificates (which will not be returned) so as to reach the undersigned on or before the *24th January* 1952.

607

NOTICE OF VACANCIES.

Notification No. 75—51-52—*P.S.C., dated 7th January* 1952.

It is hereby notified for the information of candidates seeking employment that the following vacancies will be filled up shortly. Intending candidates should submit their applications, in duplicate, in the prescribed form to the undersigned together with copies of testimonials, if any, on or before the date specified against each vacancy. Candidates in service should submit their applications through their official superiors and those applying for more than one vacancy should submit separate applications in duplicate in respect of each vacancy. Vacancies under "A" Class are open to candidates of all communities and the best qualified applicants for the same will generally be selected. Vacancies under "B" Class are reserved for candidates belonging to Backward Communities and the best qualified applicants from among them will generally be selected.

N.B.—(1) No notice will be taken of applications not submitted by the due date in the prescribed form or of those which, although in the prescribed form, do not furnish all the particulars required in the various columns or of those not referring to any specific vacancy advertised in the Gazette.
(2) The serial number of the vacancy applied for should be quoted at the top of the application in bold figures and applications should always be addressed to the Secretary to the Public Service Commission and not to his personal address by name.
(3) Candidates already in service, whether permanent or temporary, should apply through their official superiors. Applications received direct from such candidates will not be considered.
(4) Candidates must be Mysoreans by birth or domicile. Where an applicant claims to be a domiciled Mysorean, a certificate from a Gazetted Officer of the Mysore Service showing the ground for the claims should be enclosed.
(5) Those who pass the maximum age limit on 1st February 1952 will be considered as over-aged. Their applications will be forwarded to the concerned Unit Officers, in case candidates within the age limit are not available.
(6) Candidates who wish to have a reply from this office as regards the nature of disposal of their cases should attach self-addressed and stamped envelopes or post cards to their applications.
(7) A fee of rupee one is prescribed for every application in duplicate. The fee should be remitted into a Government Treasury under the Head "XXXVI. Miscellaneous 2 (vi) Public Service Commission Receipts" and the treasury receipt obtained therefor should be sent with the application.
(8) Candidates residing outside Mysore State should send this fee by Postal Order. Mention should also be made regarding this in their application.
(9) The following particulars should also be furnished in the last column of the existing application form:—
(i) Whether the prescribed fee of Re. 1 has been remitted into the Treasury and if so, the name and place of the Treasury to be clearly mentioned.
(ii) Whether the treasury receipt is attached.
(10) Under the heading "On what account" in the treasury receipt, the number and date of the notification and the Serial Number of the vacancy should be given.
(11) No notice will be taken of the application in case the treasury receipt or the Postal Order is not attached thereto.
(12) No cash payment or money order or cheque or court-fee or revenue or postal stamp will be accepted.
(13) Depressed class candidates are exempted from payment of this fee.
(14) Separate application with separate fee required for each vacancy.

(ii) About three years' research experience in Systematic Botany of higher plants. (*iii*) Knowledge of Modern Herbarium methods. (*iv*) Sufficient knowledge of Latin/German to be able to follow botanical literature. (*ii*)—(*iv*) Relaxable at Commission's discretion for otherwise well-qualified candidates.

4. *Four Principals, King George's Military College.* Appointment on five years' contract mutually renewable. *Pay* :—Rs. 800-40-1,000-50-1,250. *Age* :—Below 50 years. *Qualifications* :—*Essential*—(i) Master's or three years' Honours degree of an Indian or foreign University. (ii) About five years' teaching and Administrative experience in good public residential school. Administrative experience may be either as head or House-master in public school.

5. *One permanent Senior Lecturer in Coal Mining, Indian School of Mines and Applied Geology, Dhanbad. Pay* :—Rs. 500-30-800. Higher initial pay up to maximum of scale to specially well-qualified and experienced candidate. *Age* :—Below forty years. *Relaxable for Government servants. Qualifications* :—*Essential*—(i) At least Second Class Degree in Mining Engineering from Indian or Foreign University *or* Diploma in Mining Engineering from Indian School of Mines and Applied Geology, Dhanbad. (*ii*) First Class Colliery Manager's Certificate of Competency. (*iii*) Training in first class and well-equipped collieries. (*iv*) About five years underground experience in Colliery in position of responsibility. This period will include training undergone under (*i*), (*ii*) and (*iii*) above. Relaxable at Commission's discretion for otherwise highly qualified candidates.

The Union Public Service Commission will hold an examination at Allahabad, Bombay, Calcutta, Delhi, Jullundur, Madras and Nagpur sometime in May 1952 for entry into the Indian Air Force Academy. *Age limits on 30th December 1952* :—17½—21 years (17½—24 years in case of candidates possessing 'A' flying licence). *Qualifications* :—Matriculation or equivalent. Applications from candidates who have appeared or intend to appear at a qualifying examination acceptable provisionally. Application forms and full particulars obtainable from Secretary, Union Public Service Commission, Parliament House, New Delhi, on payment of Re. 1 by money order. Completed applications must reach Union Public Service Commission by 1st March 1952 (15th March 1952 from candidates abroad). Candidates must clearly state on Money Order Coupons "Indian Air Force Examination, May 1952," and also give their name and full postal address.

The Union Public Service Commission will hold an examination at Allahabad, Bombay, Calcutta, Delhi, Jullundur, Madras, Nagpur and Patna in May 1952 for entry into the Joint Services Wing of the National Defence Academy. *Age limits on 1st January 1953* :—For Army and Air Force 15—17½ years. For Navy 15—17 years (raised to 17½ years for ratings including boys and artificer apprentices) of Indian Navy. These age limits can in no case be relaxed. *Qualifications* :—Matriculation or equivalent. Applications from candidates who have appeared or intend to appear for Matriculation or equivalent examination or for the Cambridge School Certificate Examination (December 1952) acceptable provisionally. Application forms and full particulars obtainable from Secretary, Union Public Service Commission, Parliament House, New Delhi, on payment of Re. 1 by money order. Completed applications must reach Union Public Service Commission by 8th March 1952 (15th March 1952 from candidates abroad).

Candidates must clearly state on money order coupons "Joint Services Wing Examination, May 1952" and also give their name and full postal address.

D. C. DAS,
Secretary,
Union Public Service Commission.

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

A Review of the work done by the Animal Husbandry Department for the last four years.

I. VETERINARY WORK.

(*a*) At the commencement of 1947-48 there were 139 Veterinary Institutions in the State. During these four years 66 new Rural Veterinary Dispensaries were sanctioned and opened in the rural areas, bringing the total to 205 which works out at nearly 30,000 heads of cattle for each institution, based on the recent cattle census, while the optimum recommended by the Royal Agricultural Commission is 25,000 heads for each Institution. We are therefore admittedly far ahead of the other States of this country in this respect inasmuch as in our neighbouring State of Madras there is one Veterinary Dispensary for every 42,000 heads of cattle, in Punjab one for every 37,000 heads, in Bombay one for every 47,000 heads, while the other States are much more backward.

(*b*) Work done in the Veterinary Institutions.—During the four years under review a total number of 3,429,556 cases were treated by the staff of the Department both in the Veterinary Institutions and on tour and a total number of 19,76,596 inoculations were also conducted against several contagious diseases.

Although Rinderpest among cattle was conspicuously absent from the State up to the end of 1948, outbreaks of this annihilating disease were encountered in the State in the Districts of Hassan, Shimoga, Chitaldrug, Mysore, Chikmagalur and Bangalore from 1949 onwards and there was every indication of the trouble assuming a major role of an epidemic by virtue of the large number of susceptible animals now available in the State. As a result of the prompt and effective measures undertaken by the Department, however, the disease is kept well under check so as not to allow its dissemination to large areas in the State.

II. TRAINING OF VETERINARY PERSONNEL.

During the period, seven candidates were deputed abroad for advanced training in Veterinary Science, 78 candidates to several Veterinary Colleges in India and 3 candidates to the Indian Dairy Research Institute, Bangalore, for Dairy Diploma Course. Besides, 147 candidates were trained in the Departmental Stockmen Training School and 6 batches of Compounders underwent training in the four training Centres of the Department, *viz.*, Hassan, Shimoga, Tumkur and Mandya. One Departmental Officer was deputed to Izatnagar for undergoing training in Poultry Farming.

III. MYSORE SERUM INSTITUTE AND RESEARCH SECTION.

The Mysore Serum Institute manufactured a total quantity of 34,70,441 doses of biologicals and issued 30,03,021 doses to the Veterinary Institutions in the State and sold out 6,07,712 doses to places outside the State.

IV. INDIAN COUNCIL OF AGRICULTURAL RESEARCH SCHEMES.

During the period two new Schemes (1) Cattle Disease Investigation Scheme and (2) Mastitis Investigation Scheme financed partly by the Indian Council of Agricultural Research were sanctioned by Government and implemented at the Mysore Serum Institute, Hebbal, Bangalore.

V. LIVESTOCK IMPROVEMENT.

(*a*) Free and Premium Bulls:—Under Livestock Improvements Scheme, a total number of 392 bulls consisting of 117 Amrit Mahal, 129 Hallikar, 30 Sindhi and 16 Murrah buffalo bulls, were distributed free of cost among the accredited breeders selected and recommended by the Taluk and District Development Committees. Premia at Rs. 100 each were also awarded to the owners of 64 private bulls.

(*b*) One Day Cattle Shows.—With a view to providing necessary incentive to the villagers in the art and science of breeding and exhibiting good cattle, 47 'One Day' Cattle Shows were held, on which occasion Silver Medals and Certificates were awarded to the best exhibits.

(*c*) Legislative enactments for the improvement of livestock:—With a view to improving the State's cattle wealth, Government were pleased to enact the following legislations:—

(i) The Mysore Prevention of Cow Slaughter Act, 1948.

(ii) The Mysore Prevention of Animal Sacrifice Act, 1948.

(iii) The Mysore Diseases of Animals Act, 1949.

The Livestock Improvement Bill was also discussed at the Legislative Assembly and referred to the Select Committee for further consideration during 1950-51.

VI. CATTLE BREEDING.

(*a*) With a view to increasing the production of Amrit Mahal Breeding Bulls substantively, Government sanctioned during 1948-49 a Scheme of expansion of Cattle Breeding Station, Ajjampur, so as to raise the strength of breeding cattle on the Farm from 500 to 1,000. The scheme was implemented during 1949-50.

(*b*) With a view to improving Malnad cattle, a scheme for the supply of Mineral Supplement was sanctioned in 1947-48 and implemented in the 3 Malnad Districts of Hassan, Shimoga and Chikmagalur. Altogether 40 tons of mineral mixture have been supplied so far to the Malnad cattle and the results are gratifying.

(*c*) A scheme for the grading of Malnad cattle with the Sindhi breed was sanctioned in September 1949 and implemented at Sulekere. About 30 cows (Malnad Giddas) are being experimented upon and the first progeny of calves born to them out of Sindhi bulls show great promise.

(*d*) A scheme for breeding cattle by Artificial insemination was sanctioned and two Centres, one at Bangalore Veterinary Hospital and the other at Mysore Veterinary Hospital were established. So far nearly 6000 cows have been artificially inseminated and the results are fruitful. The number of calves born work out of 60 per cent of the services given and the scheme is becoming increasingly popular. A 'Calf Show' of artificially bred calves was arranged on the occasion of Hon'ble Sri Munshi's visit to the State recently, when prizes and certificates were distributed to successful exhibitors.

VII. DAIRYING.

(*a*) A Dairy Farm consisting of Sindhi cows, Murrah buffaloes and Hallikar cows was started at Hessarghatta Grass Farm on 15th August 1949 with a view to breed suitable types of milch cattle for distribution among the private diary farmers in the State and they are at present nearly 200 heads of cattle in the dairy including the young stock.

(*b*) Loans of Rs. 5,000 each have also been sanctioned to seven private dairy owners in order to enable them to improve their enterprises.

VIII. MISCELLANEOUS.

(*a*) The Department participated in the All-India Cattle and Poultry Show held at Delhi. Representative cattle and poultry owned by private individuals and Government, respectively, were exhibited at the Show and as many as 5 trophies including His Highness the Maharaja of Mysore's Challenge Cup were annexed by them.

(*b*) The Eighth Animal Husbandry Wing Meeting of the Indian Council of Agricultural Research and the Second Disease Investigation Officers' Meeting was held at Mysore during February 1949, when His Highness the Maharaja of Mysore was graciously pleased to inaugurate the Conference.

(*c*) The Indian Council of Agricultural Research also held its Animal Husbandry Regional Committee meeting during 1950-51 in Bangalore and discussed several problems concerning the improvement of cattle.

(*d*) The Animal Welfare Delegation, London, visited the State during 1950 and were acquainted with the activities of the Department.

IX. BUDGET.

The Budget provision of the Department during the past four years were as follows :—

		Rs.
1947-48	... ...	12,81,000
1948-49	... ...	21,42,000
1949-50 (for 9 months)	...	20,95,000
1950-51 (after retrenching Rs. 2,00,000)		20,50,000

From the above figures it is seen that the Budget of the Department has increased appreciably during the four years under report.

X. SCHEMES IMPLEMENTED.

The following schemes were implemented during the four years under review :—

1. Opening of Rural Veterinary Dispensaries
2. Training of Veterinary Personnel
3. Livestock Improvement Scheme
4. Scheme for the supply of Mineral Supplement
5. Scheme for the expansion of Cattle Breeding Station, Ajjampur.
6. Artificial Insemination Scheme
7. Cattle Disease Investigation Scheme
8. Mastitis Investigation among bovines
9. Composite Livestock Farm at Hessarghatta

In summarising it may be stated that the work of this Department was marked by a rapid all round expansion during the period under review, as a result not only of taking up the above schemes, but also on account of the progress made under those implemented.

(P. N. No. 268—15-1-52).

Press Note.

Report of the work done in the field of Horticulture for the last four years.

With the advent of Responsible Government in the State, Horticulture was given its legitimate place in a comprehensive scheme of all-round development of the State. The activities of the Department which were confined mainly to the two cities of the State, *viz.*, Bangalore and Mysore, were extended under proper re-organisation to rural areas of the State. The significance of this move has enabled the man in the village to harness its benefits for a better living which is considered to be a hobby for the rich.

Reviewing the progress of work in the several branches of Horticulture, mention may be made of the following :—

(1) Nine acres have been acquired and added on to the eastern side of Lalbagh at a total cost of Rs. 14,000 which is indeed a good addition to facilitate the extension of the rosary. A new Palmatum has been opened in Lalbagh and Palm collections have been planted. Besides maintaining the existing parks and gardens in a manner that drew the appreciation of some of the International figures who visited the State, 474 parks and gardens were laid out or improved among places like Schools, Public Offices, Hospitals, Educational Institutions, Village Panchayet Halls, Shandy maidans, places of worship, public monuments and burial grounds.

(2) *Health Resorts.*—To improve the existing ones and to increase the number of health resorts it has been ordered to examine the possibilities of providing at least one health resort to each District. In this direction, the Department has undertaken a survey of places like Kodachadri hills in Shimoga District, Devarayanadurga in Tumkur District and Jogi Mutt in Chitaldrug District.

(3) *Highway beautification and road side arboriculture.*—Planting of economic and avenue trees along highway like Bangalore—Mysore Road, as ordered by Government, has been taken up and is under progress. The gaps in the approach roads have been filled up and fresh planting wherever necessary has also been taken up.

(4) *Fruits and Vegetables.*—The Department with idea of improving the diet of the average man by the inclusion of fruits and vegetables has greatly popularised their cultivation in the villages by giving the necessary facilities and by introducing new vegetables and fruits into interior villages. Vegetables like Cho-Cho and beans which are new to interior villages have been given free in the first instance to popularise their cultivation and use. The availability of planting materials and vegetable seeds at a cheap rate at the very doors of the raiyat has greatly enhanced its acreage in the districts during the period.

(5) *Fruit Loans.*—The allocation of more funds under fruit loans has enabled many enthusiasts in this line to take up commercial fruit gardening in the rural areas under the guidance of the district staff. The fact that the people are becoming more and more fruit and vegetable minded is clearly seen by the huge number of fruit loan applications that are received from the Districts. Loans have also been granted in some of the deserving cases.

(6) *Activities of the Department with reference to the Rural Development Schems.*— Nearly three lakhs of ornamental and economic plants were made available during the period from the respective District Nurseries for planting during the Arbor Day, the period of which was extended over a month with a view to increase the plant wealth of the country. A survey of the selected centre villages numbering nearly 800 in all is taken up in all the districts to find out their suitability or otherwise for taking up intensive cultivation of fruits and vegetables, lay-out of parks and planting of topes and wastelands. Before long, this will enable the Department to prepare a Horticultural Map of the State. The introduction of new varieties of fruits and vegetables have now been taken up in localities where their cultivation was hitherto unknown for want of technical skill, and material.

(7) *Seed Potato.*—An intensive effort has been made by the Department to grow potatoes for seed purposes at the two Hill Stations and the results of the experimental trials so far conducted both at Kemmangundi and Nandi reveal a great scope, further improvement and will go a long way in solving the problem now facing the State.

(8) *Fruit Canning.*—The Mysore Fruit Canning Co-operative Marketing Society Limited has recently come into existence as a preliminary step with a view to provide marketing facilities for the fruits and to can the surplus to avoid the waste.

(9) *Essential Oils.*—As a result of successful experiments conducted in the cultivation and further distillation of Patchouli, a proposal for its cultivation on a commercial scale with a subsidy from the Indian Council of Agricultural Research is under consideration and nearly 7½ acres have been already planted at Krishnarajasagar.

On the whole the period was ear-marked for its contribution to the development of Horticulture in the rural areas where the people have succeeded to get over their conservatism and lethargy and realise the importance of Horticulture in their daily life.

(P. N. No. 269—15-1-1952).

Press Note.

Results of Administration of the Agricultural College and School for the last four years.

GENERAL.

The Agricultural College started working in June, 1946. When the College was first started, a full time Principal was appointed and he was under the administrative control of the Director of Agriculture. Later on, administrative control of the Research Sections of the Department of Agriculture were handed over to the Principal, Agricultural College. The Director of Agriculture has now the administrative control over the Research Sections. The Principal is an independent officer in charge of the College and the School.

SUMMARY OF RESULTS ACHIEVED DURING THE PERIOD.

The First Year B.Sc., (Agri.), Course was started in the year 1946-47. In view of the very limited accommodation in the laboratory, admissions were restricted to 44. The Second and Third year B.Sc., (Agri.), Courses were started in subsequent years as the students of the first batch got promoted to the next higher class. The strength of each class was then increased to 48. The first batch of 29 successful graduates in B.Sc., (Agri.), passed out of the

College in March 1949, the second batch of 36 students in 1950, and the third batch of 31 students in 1951. In the September Examination of 1951, six students were successful. The Final Year Class has now a strength of 40 students who are appearing for the examinations to be held during the month of March 1952.

PROGRESS IN ADMINISTRATION DURING THE PERIOD.

With the starting of the Agricultural College, the Agricultural School which had been in existence since 1914 got amalgamated administratively and the Principal, Agricultural School, was designated as Vice-Principal. Later on even this post was retrenched as a measure of economy and the Principal, Agricultural College, is in charge of both the institutions, *viz.*, the College and the School. As regards the staff and other equipment of the College, when it was first started, it was drawn from the Department of Agriculture. With the appointment of Sri P. H. Rama Reddi, as Principal and Director, the re-organization of the College and Research Institute was ordered and permanent whole-time members of staff were appointed to the College, thereby relieving the pressure on the Scientific Sections of the Department. There are now six Gazetted Assistants and Non-Gazetted Assistants in the College. Even now, the services of the Plant Pathologist, the Entomologist and the Agricultural Chemista long with their Assistants are availed of for purposes of teaching. The construction of permanent buildings for the College has not yet been taken up since sanction of Government has not yet been received. The scheme has however been included in the Five Year Plan and has been approved. The Commissioner of Economic Development and Planning in Mysore, has been requested for the provision of funds during the year 1952-53 for this purpose.

The Veterinary Hospital attached to the College was transferred from the administrative control of the Animal Husbandry Department to the Principal, Agricultural College, since February 1950. The question of starting a dairy for teaching the students on the subject is under active consideration.

(P.N. No. 270—15-1-1952).

Press Note.

Utilisation of Reserve Fund.

The following brief note on the Utilisation of Reserve Fund of the Government of Mysore during the last four years is published for general information. Since the ledger balances are closed only after the year's accounts are closed, the following figures represent the position as it existed on 1st April 1951 :—

Cash and Investments :—

		Crores Rs.
Balance on 1st July 1947	... ...	33·52
Balance on 1st April 1951	... ...	20·71
Reduction	...	12·18

Add Increases under Liabilities :—

		Crores Rs.
(a) Unfunded Debt, *i.e.*, Insurance, Provident Fund, S.B. and Loans from Government of India.		4·00
(b) Deposits	... ...	3·77
(c) Depreciation funds	... ...	0·51
		21·09

The above may be accounted for roughly as under :—

			Crores Rs.
(a) Increases under loans and advances given by Government.			1·08
(b) Increase in Capital Assets		...	16·92
(i) Mysore State Railway	...	0·72	
(ii) Krishnaraja Sagar Works	...	0·72	
(iii) Hydro-Electric Works	...	6·76	
(iv) Irrigation Works not charged to Revenue.		1.28	
(v) Industrial and Other Works	...	0·73	
(vi) Iron and Steel Works	...	2·95	
(vii) Food Supplies Operations	...	3·76	
		16·92	
(c) Revenue Expenditure met from funds, *i.e.*, expenditure on buildings, roads, public schemes, subsidy on foodgrains, revision of scale of pay, etc.			6·59
Total	...		21·59

(P. N. No. 271—16-1-1952.)

Press Note.

Distress Relief Measures.

Although the rainfall in the months of June and July of the current year were fairly satisfactory in the State of Mysore, the Mungar rains completely failed in the subsequent months of August and September, causing considerable anxiety among the agricultural classes. To take stock of the situation and to concert measures to afford immediate relief to the persons, depending on agriculture, a meeting of the Deputy Commissioners of Districts was convened by the Revenue Commissioner on 8th September 1951 and the position was reviewed. It was decided to draw up a programme of Relief Measures that would be necessary to be taken up to afford employment and means of livelihood to agricultural labour classes in the effected Districts. In view of the continued failure of rains in some parts of Kolar, Tumkur, Chitaldrug and other Districts, necessitating the adoption of relief measures, Government of Mysore sanctioned a special grant of Rs. 10 lakhs on 3rd October 1951 to take up wherever the rural labourers suffered for want of employment emergency works on a rush basis and the amount was distributed among all the Districts, except Bangalore and Chickmagalur, where no such relief works were found to be urgently necessary.

Out of this special grant, a sum of Rs. 5,000 was also sanctioned for supply of fodder to Kolar District which is the most adversely affected part of the State, from the Ajjampur Cattle Breeding Station. Special Ration Depots have also been arranged to be opened for supply of foodgrains in drought affected areas. The vehicles of the Food Department and Rural Development Vans have been arranged to be placed at the disposal of the Deputy Commissioners of Districts to rush supplies of foodgrains to areas, where shortage of stocks is felt.

(P.N. No. 272—16-1-1952).

Press Note.

Working of Prohibition.

Total prohibition was introduced into the three districts of Kolar, Tumkur and Chitaldrug from 1st July 1948 and was further extended to two more districts of Shimoga and Chickmagalur, from the beginning of the following year. In addition, all shops in the five-mile belt area of the remaining four districts adjoining the Madras State were also closed. Further Ramanagaram and Channapatna Taluks of Bangalore District and Belur and Sakalespur Taluks of Hassan District were also made dry.

The extent of revenue that Government of Mysore used to drive from these districts and which is now lost is noted below :—

	Rs.
1. Kolar, Tumkur and Chitaldrug ...	46,20,222
2. Kolar, Tumkur and Chitaldrug *plus* Shimoga and Chickmagalur.	56,20,222

The compensation sanctioned to the several contractors affected by the creation of the 5-mile dry belt amounted to Rs. 1,06,447. Besides an amount of Rs. 2·55 lakhs was also sanctioned to the five District Boards as a sort of compensation in lieu of loss of revenue to the District Boards due to prohibition.

With a view to enforce prohibition more effectively, the administration was transferred from Excise to the Police Department from 1st April 1950 after strengthening the existing Police Force at an additional cost of Rs. 4·28 lakhs per annum. Rural Development Vans in the 5 dry Districts have also been placed at the disposal of the Deputy Commissioners for prohibition work.

As a result of introduction of prohibition, large extents of date reserve lands were thrown open for cultivation. Facilities have also been created for the manufacture of palm gur and sale of Neera to the public.

The number of cases booked and the fine amount levied are noted below ;—

Year	Department enforcing Prohibition	Districts where prohibition was in force	Number of Cases Detected	Amount of Fine levied
(a) 1948-49 ...	Excise Department.	8	1,668	...
(b) 1949-50 ...	Do ...	5	8,981	...
(c) 1950-51 ...	Police Department.	5		1,43,250
(d) 1951-52 (Upto end of October 1951).	Do ...	5	4,533	91,580

(P.N. No. 273—16-1-1952).

Press Note.

Disposal of lands to Political Sufferers.

Representations having been received for the grant of lands as one of the measures of relief to political sufferers, a Committee was constituted in Government Order No. R. 90300-302—L. R. 387-50-1, dated 2nd December 1950, to formulate specific proposals for making land grants to *bonafide* Political sufferers and affording relief to them. After a careful consideration of the several recommendations of the Committee, it was directed in Government Order No. R. 10425-35—L.R. 387-50-2, dated 24th December 1951, that each political sufferer might be granted, on application made in this behalf, an extent of two to five acres of wet or dry bagayet land ; or five to ten acres of dry land and that lands released from date groves in the Districts of Kolar, Tumkur, Chitaldrug and Shimoga, where prohibition has been introduced, might be made available for disposal to these applicants. The Deputy Commissioners of the concerned Districts have been duly instructed to take suitable action as per rules framed in this behalf.

The cases of several individual applicants, that came up before Government, prior to the issue of the Government Order specified in para 1, have been duly considered on their individual merits, and a total extent of 139 acres 20 guntas has been granted to 22 applicants so far.

(P. N. No. 274—16-1-1952).

Press Note.

Application of Controls.

The Mysore State has a population of about 8 millions. The most important staple foodgrain of the people is ragi which is consumed by about 70 per cent of the population (mostly rural) and the next most important foodgrain is rice. In years of good rainfall, Mysore is more or less self-sufficient in respect of millets, but has been always deficit in rice in the pre-war years by about 50,000 tons or 17 per cent of rice consumption. This shortage was intensified during the war years by two factors. A large number of industrial concerns were engaged in war supply work, employing a large labour force and there was also a large number of military works establishments and civil personnel for whom food had to be conserved and supplied.

The first step in the direction of control was taken on 7th September 1939, four days after the declaration of war, when the Government constituted a Control Advisory Committee of officials and non-officials for regulating the prices of essential foodgrains and other food articles. This was followed up by the formation of Price Advisory Committees in all the districts and a foodgrain control order was passed in July 1942.

Consequent on the acute shortage of foodstuffs and the sudden spiralling up of their prices, control over the prices and distribution of essential foodgrains in the State was undertaken for the first time in 1943. The first phase of requisitioning of surplus foodgrains undertaken under the order of 8th August 1943 was soon followed by a scheme of monopoly procurement under the Harvest (Acquisition) Order of December 1943 with State wide rationing as its corollary. Under this order the entire surplus of the harvest of all holdings which was calculated to be above the sub-economic or deficit level were purchased by Government. All holders of non-deficit holdings were compelled to sell to Government, surplus produce from their holding, over and above the reasonable needs of their families and their dependents as well as their seed requirements. The grains included under this order were paddy, all millets—ragi, jowar, bajra, etc., and wheat. The prices at which the grains were to be purchased were fixed with due regard to the then existing cost of living and the increased cost of cultivation. This scheme of Government monopoly in trading in staple foodgrains was replaced by a more comprehensive order of 1944. The mopping up and taking over of this surplus have reduced, if not altogether extinguished, smuggling and blackmarketing activities. Supplies of foodgrains within the State were supplemented by imports from other parts of India to make up the deficit. Government Sales Depots were opened all over the State, both in the rural and urban areas, and the services of co-operative societies, municipalities and village panchayets were utilised wherever possible for the distribution of foodgrains. Statutory rationing was introduced in the Cities of Bangalore, Mysore and Kolar Gold Field.

In December 1947, the policy of gradual decontrol was accepted by the Government of India for being carried out and completed before the end of 1948. Agreeably to this and in view of the comparatively favourable millet position at that time, procurement of millets was abandoned in February 1948 and all restrictions on its movement removed. Distribution of the Government stocks of millets was however, continued throughout the State till the end of June 1948 in order to avoid hardship to the public. As time passed, pressure from the public for further relaxation of controls became insistent. As the stocks of paddy acquired and rice allotted from imports were estimated to just meet the commitments till the end of 1948, it was decided to decontrol paddy and to abandon its procurement from April 1948. Distribution of rice through Government Agency was however continued on the same scale as before. In the early part of 1948, control over sugar, jaggery, onions, tamarind, chillies, horsegram, charcoal and kerosene oil was removed and the "Controlled Foodgrains Transport Order, 1943" and the "Foodgrains Control Order, 1942" were repealed. Although Government decided to abolish statutory rationing in all areas in the State except in the important Cities of Bangalore, Civil Station, Mysore, Kolar Gold Field and Davangere from 1st July 1948, still as the open market prices were rising, it was considered essential to continue distribution in the derationed and non-rationed areas also, more or less in the same lines as before.

Contrary to what was expected, decontrol brought on an abnormal rise in the prices of foodgrains all over India and the Government of India decided to re-impose controls and directed all State Government, that, by October 1949, the position regarding procurement and distribution as existed prior to decontrol should be achieved. Accordingly, this Government had to re-impose controls and revert to monopoly procurement more or less on the lines as were in force prior to decontrol by promulgating in November 1948, the Articles of Food Acquisition (Harvest) Order, 1948. With the re-imposition of controls, the purchase prices were slightly stepped up by striking a mean between the open market prices during the period of decontrol and the control prices in the preceding period. This order was continued till November 1949, when as a result of the experience gained in its working, a revised order was issued on 21st November 1949, incorporating the following modifications :—

(i) Abolition of exemptions from surrender of food grains previously allowed to certain classes of holders.

(ii) Reduction in the allowance for domestic consumption to cultivators from 1·2 lbs. to 1· lb. per adult per day in line with the All-India scales.

(iii) Increased allowance for farm labourers and seed purposes.

This order is being continued unchanged under the Essential Supplies (Temporary Powers) Act, 1950, promulgated by the Indian Parliament and extended to all States including Part B States with effect from 17th August 1950.

At present the entire surpluses of growers, *i.e.*, over and above their requirements, mainly in paddy, ragi and jola are taken over by Government at prices fixed from year to year, in consultation with the Central Government and distributed to non-growers and insufficient growers all over the State. As the state is deficit in foodgrains as has been amply impressed on the public time and again, foodgrains as shown undermentioned were imported to meet the deficit. The State continues to be deficit in foodgrains in spite of the concessions, facilities and encouragement afforded to the raiyats in the course of Grow More Food Scheme. Imports are uncertain and undependable as they are not available when needed most. It would be most hazardous to decontrol foodgrains now, as it is sure to result in a steep rise in the prices and bring in acute scarcity. Added to this, the adverse seasonal conditions in

1951 and the failure of dry crops over large areas in the State coupled with total failure of crops in parts of the State would rule out of consideration the question of complete decontrol now. It is estimated that the State's deficit this year in foodgrains is in the neighbourhood of three lakhs of tons.

Year.	Quantity imported in tons.
1944	49,985
1945	69,617
1946	2,43,662
1947	76,841
1948	20,987
1949	1,26,940
1950	89,090
1951 (about)	90,000

In the case of other commodities, Government have been adopting a policy of decontrol consistent with adequate supplies at reasonable prices. They have removed the ban on the export of bengalgram, butter and ghee, groundnut oil seeds, horsegram, ballar, tamarind, chillies, potatoes and onion. The Government of India have fixed ceiling prices in respect of gram and jaggery. The Central Government have been controlling the prices and distribution of sugar throughout India. Production and distribution of cotton textiles and yarn are controlled by the Government of India on an All-India basis. These controls have been necessitated as the supply falls far short of the demand. Controls can be raised gradually as and when supply equals demand and the policy of the Government is one of gradual decontrol.

(P.N. No. 275—17-1-1952).

Press Note.

Apprehensions are being expressed in some quarters that because there is an interval of some days between the close of the poll and the date of counting, there may be chances of the ballot boxes being tampered with during custody. The rules and the procedure totally exclude any such possibility. The sealed boxes are kept in the Treasuries or at some other safe place of deposit with an armed police guard and the mechanism of these special boxes with the automatic locking system prevents their being tampered with without damaging the paper seal and proclaiming the fact of the damage. The Returning Officers are made responsible for the safe custody of the boxes and have to show the candidates, their election agents and the counting agents that the seals are in order before the counting is taken up. There is thus no possibility of the boxes being tampered with, without the fact being brought to notice.

(P.N. No. 276 - 17-1-1952).

D. R. RAMAIYA,
For *Principal Information Officer.*

FOREST DEPARTMENT.

OFFICE OF THE CHIEF CONSERVATOR OF FORESTS IN MYSORE, BANGALORE.

(2) Alale crop in Belur, Arkalgud and Arsikere Taluks will be sold as an independent item.

(3) The right of removal of Minor Forest Produce from Survey No. 2 of Padmane Village, Chikmagalur Taluk, will be sold separately as an independent item.

(4) The right of collection of 'Pith' in Shimoga and Kumsi Sub-Taluks will be sold separately as an independent item.

(5) The right of collection and removal of Lichens 'ಕಲ್ಲು ಹೂವು' will be sold as an independent item in Kolar District.

Remarks.—(1) Forty tamarind trees for the use of Kolipalya and other adjacent villages and one tamarind tree for Doddegowdanapalya villagers numbered by the Department a fortnight before the sale are reserved in Chamarajanagar State Forest.

(2) Excludes the produce of Inam, Jodi, Kayamgutta, Sarvamanya, Kandayam, Kunigal Stud Farm lands and other lands which are in the occupancy of private individuals as well as village "Amarayi" which is sold separately by the Amildar in the Revenue Department.

Village Amarayi consists of the following ten kinds of produce found in the assessed waste, gomal, kharab lands Gavatana and other lands set apart for communal purposes:—

1	Hunse	6	Naralu
2	Mavu	7	Halasu
3	Seege	8	Jali
4	Cocoanut	9	Honge seeds and leaves and
5	Hippe	10	Byala

N.B.—(*a*) The Government will not make any extra demand for lands resigned from occupation and the lessee shall not be entitled to any rebate on account of lands taken for cultivation during the currency of the lease.

(*b*) Excludes the produce of areas included in the Venugopala Wild Life Park in the Mysore Division.

(*c*) Excludes the produce of the Forest Village areas in the Bangalore District.

2. The lessee shall not interfere with any forest operations such as planting, sowing, thinning, felling or any work of contract, repair or maintenance, etc., that any Department of Government may wish to conduct in the leased area. Should any damage be caused to Minor Forest Produce by such operations he shall not be entitled to any compensation.

DESCRIPTION OF PRODUCE.

Tamarind fruit	Silk cotton

Gum	Linseed
Honey	Bolar bark
Bees wax	Rampatre or Kanpatre
Kapilarang	Jungle saffron
Gerubija or marking nut	Patanga
Wood apple	Bones
Lichens	Maddi
Maradipappu or Charpappu	Chilladabija
Horns	Chagachebija
Hides	Guggala
Tarikayi	Neem seeds
Kenchagache	Cashewnut
Galnut	Pappalichakke
Antavaladakai	Hippe seeds
Guricharlu	Mango fruits
Wild castor seeds (State Forests)	Kalluhuvu
Kan pepper	Makaliberu (State Forest)
Kan cardamum	Sogadeberu (do)
Masani buds	Kakkekayi
Halmaddi	Somechakke
Hulgal seeds	Lebi fruit
Chinnaman seeds	Inglare
Vatehuli	Nili seeds
Bende fibre	Nuxvomica
Wild Olive	

Remarks.—The following produce in the localities mentioned below are excluded from the list of produce detailed above:—

(1) *Tumkur District.*—Seethaphal, Nuxvomica and Dividivi.

(2) *Bangalore District.*—Mango and Neralu crop of Jarakabande kaval in Bangalore Range, Dividivi, Tamarind, Maradi and Nuxvomica.

(3) *Sagar Division.*—Bees wax and Honey.

(4) *Chitaldrug District.*—Tamarind.

(5) *Kolar District.*—(1) Tamarind, (2) Seethaphal and (3) Maradi seeds in State Forests and Plantations.

(6) *Mysore District.*—Cashewnut and Mango crop of Talkad which will be sold separately for the period from 1st July 1952 to the end of 30th June 1954.

3. The auction will commence at 2 P.M. and if it is not concluded on the same day, it will be continued on the next day at the same hour.

4. Defaulters on account of previous leases will not be permitted to bid.

5. No person will be allowed to bid unless he (i) produces a certificate from the Amildar of the taluk in which he resides in regard to his solvency and its extent or an exchange certificate as provided in clause 6, and (ii) deposits also with the officer holding the sale a sum of Rs. 200 which must be in the form of cash or currency notes.

6. Bidders who are not residents of Mysore State and who do not possess unencumbered property in Mysore State at least to the extent of the estimated value of the lease unit for which they intend bidding should, before they are allowed to bid, either deposit with the officer conducting the sale half the estimated amount of the lease to the nearest hundred rupees, as earnest money or they should produce a local surety fully solvent to the extent of the highest bid likely to be at the conclusion of the sale. The bond to be taken from the surety should be on stamp paper, the stamp payable being governed by the provisions of the Stamp Act. In cases where the foreign bidders deposit half the estimated amount of the lease, the usual deposit of Rs. 300 is unnecessary and in cases where they produce a local surety the usual deposit of Rs. 200 should also be recovered from them. In the former case, the remaining amount of the lease must be paid before the expiry of half the period covered by the lease, in two equal quarterly instalments, when the lease is for one year and the two equal half-yearly instalments, when the lease is for two years.

7. The highest bidder shall deliver his solvency certificate to the officer conducting the sale and get in exchange, if he so desires, a certificate signed by the latter which will be sufficient authority for him to bid at auction sale in any one of the remaining divisions. This exchange certificate shall be delivered to the officer conducting the sale in case the party named therein happens to be the highest bidder obtaining in lieu thereof, if he wishes a fresh exchange certificate for his use. The exchange certificate will contain all the particulars found in the Amildar's certificate with the details of purchase made in the sales of other divisions as well as in the one, in which the exchange certificate is sought for. The deposits of unsuccessful bidders will be returned immediately after the sale.

8. The exclusive right of collecting and removing the produce above will be disposed of to the highest bidder subject to the confirmation of the Chief Conservator of Forests or the Conservator of Forests, Shimoga Circle who at their discretion, may accept or reject the highest or any other bid, without assigning any reason therefor.

In case the sale is not confirmed in the name of the highest bidder, the next highest bidder may be called upon to take up the lease and in that case, he shall abide by all the conditions prescribed herein for the highest bidder. The deposits of the next highest bidders will be retained until the question of confirmation of the sale is decided.

9. The successful bidders shall immediately after the close of the sale, credit into the Government Treasury, one quarter of the total sale amount including the deposit already made together with the Local, Railway, Education, Health and other cesses and Sales-Tax on the entire lease amount at the rates prevailing in the district. In default, the deposit will be forfeited and the right resold. Such resales will be at the risk of the defaulting purchaser who will be liable to make good any loss that may result to Government but will have no claim to any surplus accruing therefrom. Such lossess will be recoverable as an arrear of land revenue.

10. If the sale is not confirmed by the authority concerned all moneys paid will be refunded to the party.

11. Within fifteen days of the intimation of the confirmation of the sale, the successful bidder shall execute an agreement with one or more sureties to the satisfaction of the District Forest Officer on a stamped paper of proper value procured at his own cost, and also furnish security deposit of Rs. 500 or one-quarter of the sale amount whichever is less, for the due fulfilment of the conditions of the contract in the shape of Government Savings Bank Deposit. The recovery of security deposit will be waived in case the full sale amount together with cesses is paid in advance.

In default either to execute the agreement with the necessary sureties or to furnish the security or both the contract will be cancelled and the right resold, the defaulter being liable for any deficit in three-fourths of the original sale amount. He shall have no claim to any surplus accruing from such resale, but shall be liable for the loss arising therefrom which will be recovered as an arrear of land revenue under Section 79 of the Mysore Forest Act or any other law in force for the time being.

NOTE.—(i) The solvency and the respectability of the sureties should be proved to the satisfaction of the District Forest Officer and the sureties shall be held responsible for all payment to be made under the lease and for the due fulfilment of all the conditions of the contract.

(ii) A sample form of the agreement may be seen at any time in the District Forest Offices.

12. The balance of three-fourths of the sale amount will be paid in three equal instalments as follows :—

First khist on or before 1st July 1952.
Second khist on or before 1st January 1953.
Third khist on or before 1st July 1953.

If a default arises in the payment of any instalment or interest on the due date, the contract shall immediately stand suspended and all produce collected and in storage or transit during such period of suspension be forfeited to Government. In spite of such sus ension, if the instalments of interest overdue continue to remain unpaid for a period of one month the contract shall be cancelled and the right resold at the risk of the defaulter who shall be liable to the loss arising therefrom which shall be recovered as an arrear of land revenue under Section 79 of the Mysore Forest Act or any other law in force for the time being.

13. No concession of any kind will be shown to the contractor for loss on any account.

14. In the event of breach of any of these conditions, the lease will be cancelled or the security amount forfeited in whole or in part or both these panalties will be enforced at the discretion of the District Forest Officer, the Conservator of Forests, Shimoga or the Chief Conservator of Forests in Mysore, Bangalore, as the case may be. In the case of mere forfeiture of the deposit amount in part or in full, the difference will be made good immediately by the contractor, and if not, the lease will be cancelled and resold at the risk of the original purchaser, who will be liable for any loss which will become recoverable as an arrear of land revenue but not participate in any profits.

15. Bidders are warned that no transfer or sub-letting of leases will be permitted.

M. A. MUTHANNA,
Chief Conservator of Forests.

6688

BANGALORE DISTRICT.

Notification dated 7th January 1952.

Sale of Casuarina Trees.

It is hereby notified for general information that the right to cut and remove the Casuarina tree yielding Poles and Firewood in the following plantations as per details in the Schedule noted below, will be sold by public auction by the District Forest Officer, Bangalore, or by any other officer, deputed by him on Tuesday the 5th February 1952 at 2 P.M. in the District Forest Office, Bangalore District, Sandal Koty Building, Malleswaram, Bangalore 3. The sale is subject to the confirmation by the District Forest Officer, or the Chief Conservator of Forests in Mysore, Bangalore, as the case may be.

The sale will be held on acreage basis and trees yielding poles whose approximate heights and girths are 10 inches to 28 inches respectively as per the Schedule noted below, available in the said plantations (exclusive of the fuel yielding trees) have been duly marked.

Each bidder shall before he is permitted to bid produce a solvency certificate in the prescribed form with an earnest deposit of Rs. 200 with the sale conducting officer before the sale is commenced.

Immediately after the sale is closed the highest bidder should pay the full sale amount with usual cesses and sales-tax and health cess at one anna per rupee.

The trees purchased should be removed before the end of March 1952 from the date of Execution of the agreement which the purchaser has to execute within seven days from the date of intimation of the confirmation order.

For further conditions and other particulars please apply to the District Forest Officer, Bangalore District, Sandal Koty Buildings, Malleswaram, Bangalore 3.

MYSORE FOREST DIVISION.

Abstract Notification dated 3rd January 1952.

Sale of Minor Forest Produce.

It is hereby notified for the general information that the exclusive right of collecting the M. F. P. on all Government unoccupied lands, Amrithmahal Kavals, State Forests, Reserved Lands and Plantations from the date of confirmation of the sale to 31st March 1952, in the undermentioned units, will be resold (at the risk of the original lessees who have failed to pay up the third khist due on 1st October 1951) by the District Forest Officer, Mysore District, Mysore, or any other Officer deputed by him on *Monday the 28th January* 1952 at 2 P.M. at the District Forest Office, Mysore Division, Mysore.

Division	Range	Name of Unit	Date of Sale
Mysore	1. Hunsur Range ...	Periyapatna Taluk ...	Monday the 28th January 1952 at the District Forest Office, Mysore.
	2. Gundlupet Range ...	Gundlupet and Nanjangud Taluks.	
	3. Chamarajanagar Range.	Chamarajanagar Taluk ...	
	4. Heggadadevankote Range.	Heggadadevankote Taluk	

6680

Notification dated 3rd January 1952.

Sealed tenders will be received in the Office of the District Forest Officer, Mysore Division, Mysore by the District Forest Officer, Mysore Division, Mysore or any other officer deputed by him on or before Friday the 25th January 1952 up to 4 P.M. for the following works.

	Particulars of works	Estimated cost	Earnest money to be furnished
		Rs.	Rs.
1	Construction of Forester's quarters on Chamundi Hills, Mysore.	3,233	500
2	Construction of Forest Guard's barracks at Kyathedevaragudi in Chamarajanagar Range. Sixteen miles from Chamarajanagar.	5,809	600
3	Construction of Forest Guard's barracks at Hunsur Depot, Hunsur.	5,995	600
4	Construction of Forest Guard's barracks at Mancheg owdanahalli in Heggadadevankote Taluk. Ten miles from Heggadadevankote on Mysore—Manantoddy Road.	5,000	500

1. Tenders should be superscribed and addressed to the District Forest Officer, Mysore Division. Mysore as "Tender for construction of Building Work in Mysore Forest Division during 1952." Rates for the individual items of works as detailed in the estimates (which may be seen in the office on working days during office hours) should be quoted and such rates hold good till the completion of the works. For non-tendered items of works, the rates as per current schedule of rates will be allowed. The rates should be noted both in words and figures; failing which, the tender will be rejected.

2. Each tender must be accompanied by earnest deposit as prescribed above in currency notes. Tenders received without such deposits will not be taken into consideration.

3. The plans connected with the works can be seen in the office on working days during office hours.

4. The buildings should be completed within the time limit intimated by the Chief Conservator of Forests in Mysore, Bangalore.

718

5. Permits for the steel required for construction will be got by addressing the concerned authorities.

6. Final acceptance of the tender rests with the Chief Conservator of Forests in Mysore, Bangalore, who does not bind himself to accept the lowest or any tender or to assign any reason whatsoever for the rejection.

In the matter of disputes arising regarding the rates etc., the decision of the Chief Conservator of Forests in Mysore, Bangalore, will be final. The successful tenderer should bind himself to abide by the Departmental rules in force and execute the *mutchalika* on a stamp paper of proper value on receipt of intimation of acceptance of his tender; failing which, his earnest money deposit will be forfeited to Government.

GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE EXECUTIVE ENGINEER, ELECTRICAL DIVISION, BANGALORE.

Notification dated 15th January 1952.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Electrical Division, Bangalore, up to 2 P.M. on 11th February 1952, for the works detailed below :—

Sl. No.	Names of Works	Approximate amount of estimate Rs.	Tender deposit Rs.	Period for completion of work Rs.	Minimum monthly progress required Rs.
	Buildings at Hoskote, (Bangalore District).				
1	Constructing Junior Engineer's Quarters	14,000	700	6 months	2,500
2	Constructing double block of Operator's Quarters as per Drg. No. G. 383-A. Block No. 1.	11,100	555	do	2,000
3	Do do Block No. 2	11,100	555	do	2,000
4	Constructing Double Block of Linemen Quarters as per Drg. G. 650 (Re-modified). Block No. 1	5,500	275	4 months	1,500
5	Do do Block No. 2	5,500	275	4 do	1,500
6	Do do Block No. 3	5,500	275	4 do	1,500
7	o do Block No. 4	5,500	275	4 do	1,500
8	Do do Block No. 5	5,500	275	4 do	1,500
	At Bangalore.				
1	Extending the Electric Laboratory Buildings in the Chief Electrical Engineer's Office Premises, Bangalore.	9,500	475	3 months	3,000

The tenders will be opened in public at 2 P.M. on 11th February 1952. The work should be completed and handed over to the Department in a tidy condition within the period noted and the monthly progress should not be less than the amount specified against each work, failing which, penalty as per agreement or departmental rules in force at the time will be enforced.

The plan, detailed estimate and the conditions may be seen at the Offices of the Executive Engineer, Electrical Division, Bangalore, the Assistant Engineer, No. 2, Electrical Sub-Division, Bangalore, or the Offices of Power and Lighting of this Department for works in their sections on all working days during the office working hours.

Tenders are to be submitted in the prescribed forms only which can be had from this office on payment of annas four per set of forms for each work. The forms can also be had from the Assistant Engineer, No. 2 Electrical Sub-Division, Bangalore, or through post direct to intending tenderer, provided the cost of forms *plus* postal charges, in case forms to be sent by post, is paid in cash and requisition be given well in advance. This office will not be responsible for delay or non-delivery of tender forms sent by post.

Each tender must be accompanied by a deposit specified as earnest money. The earnest money has to be paid in cash to this office or any Power and Lighting Office of this Department and the receipt enclosed to the tender.

No tender will be received without deposit and no adjustment can be made from the pending bills or the deposits of other works towards the tender deposit of this work.

The final acceptance of any tender will rest with the Superintending Engineer, Electrical Circle, Bangalore, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender, who also reserves the right to accept or reject any portion of the tender.

Within eight days of the award of the tender, the successful tenderer will be required to execute the usual contract bond, in default of which his tender will be considered cancelled and his earnest money forfeited. The work should be started within a week from the date of acceptance.

On acceptance of one of the tenders, the earnest money on rejected tenders will be returned either in this office or through the Assistant Engineer or any of the Power and Lighting Offices of this Department, on the tenderer submitting refund bill surrendering the original receipt granted.

The contractor has to make his own arrangements at his cost for water required for construction, quarries, supply and transport of materials. This department does not undertake to provide lorries.

Specifications for Civil Engineering Works are those recognized by the Public Works Department of Mysore and Marryot's Specifications (P.W.D. Hand-book, Bombay).

Only controlled articles like steel and cement, etc., will be supplied by the Department at the nearest departmental stores at controlled rates *plus* incidental charges at 15 per cent or other percentage as per departmental rules in force at the time of issue of the materials.

The contractor himself should pay royalties, tolls, sales-tax and any other tax that may be prescribed by Government from time to time and furnish income-tax clearance certificate before execution of the work.

The contractor shall be bound by the conditions of the schedule of contract of the Electrical Department.

M. S. MADHAVA RAO,
Executive Engineer.

1493

6931

KOLAR DIVISION.

Abstract Notification.

The attention of the public is invited to the Notification dated 31st December 1951 calling for tenders in respect of Restoring the lost capacity of Arehally Major Tank, Kolar Taluk, published on pages 27–28 of Part VI of the *Mysore Gazette*, dated 10th January 1952. The tenders with treasury chellan for having credited the necessary earnest money deposit to treasury will be received in the Office of the undersigned up to 4 P.M. on 31st January 1952.

Further particulars can be had in the Office of the undersigned between 11 A.M. and 5 P.M. on all working days.

M. MUNIAPPA,
Ex. Engr.

6742

TUMKUR DIVISION.

Brief Notification dated 19th January 1951.

Sealed tenders will be received in the Office of the Executive Engineer, Tumkur Division, Tumkur, up to 4 P.M. on 20th February 1952.

Name of work	Amount of Estimate Rs.	Earnest money Rs.
Restoring Gopikunte Tank, Reg. No. 190, Sira Taluk	5,000	250

2. Tender should be accompanied by a treasury chellan for having credited the earnest money under "P.W.D. Remittances (i) Remittance into Treasury" which will be refunded on the application of the unsuccessful tenderer as soon as one of the tenders is accepted.

3. For items not provided in the estimate, schedule of rate will be paid or as per data worked out during execution of the work will be paid.

4. No dues from the department or cheque will be accepted. No conditional clause will be accepted.

5. Copies of the contract documents, schedule of drawings may be seen at the Office of the Executive Engineer, Tumkur Division, Tumkur, on all working days during working hours.

6. Specific rates should be quoted for each item of work in the abstract notification accompanying the tender which will be obtained on payment of Re. 0-4-0 per form in the Office of the Executive Engineer, Tumkur Division, Tumkur, on all working days during working hours. Tenders offering on percentage basis of estimate amount will be rejected.

7. Rates quoted will hold good even though six months or one year is taken for acceptance of tender.

8. The rates quoted by the contractor will be considered as inclusive of sales-tax. No separate claims for sales-tax on work bills will be considered. The contractor should furnish income-tax clearance certificate with tender on or before the execution of the agreement at the latest, failing which the tender will be cancelled or the deposit will be forfeited.

6952

GOVERNMENT OF MYSORE—ELECTRICAL DEPARTMENT.

OFFICE OF THE EXECUTIVE ENGINEER, ELECTRICAL DIVISION, TUMKUR.

Abstract Notification dated 11th January 1952.

Attention of the public is hereby invited to this office Brief Notification No. 57, dated 9th January 1952, calling for tender for the construction of buildings for the staff of the Electrical Department at Kolar Gold Fields, details of which are published in page 50–51 of Part VI of the *Mysore Gazette*, dated 17th January 1952.

The last date for receipt of tenders is up to 3 P.M. on 4th February 1952.

L. NARAYANA JOIS,
Ex. Engr.

1513

MYSORE DIVISION.

Notification dated 3rd January 1952.

It is hereby notified for the information of the general public that the III Class Travellers' Bungalow at Periapatna is closed for the use of the public visitors from 10th January 1952 to 25th January 1952 (both days inclusive) as the same is reserved for the election purposes during the above period.

V. B. NAIDU,
Ex. Engr.

6591

OFFICE OF THE PALACE ENGINEER, PALACE MARAMATH DEPARTMENT, MYSORE.

Notification dated 17th January 1952.

Tenders in sealed covers superscribed as tender for constructing a proposed choultry at Malai Mahadeswara Hills, will be received in the Office of the undersigned up to 3-30 P.M. on 6th February 1952. The approximate cost of the Building will be Rs. 34,000 and the tender should be accompanied by a deposit of Rs. 1,700, as earnest money without which no tender will be entertained.

The plans, detailed estimate, agreement form and conditions may be seen in this Office on all working days between 11 A.M. and 5 P.M.

Tender should be on detailed rates (in percentage) to be quoted both in figures as well as in words. Such rates must hold good till the completion of work from the date of the tender. For all non-tendered items and data, rates as per sanctioned schedule only will be allowed. Details for lumpsum provision will be got up and paid as per tender rates as per data. No conditions will be entertained.

In matters of all disputes about rates, measurements, quantity and quality of works, etc., and in all other disputes of any kind, the decision of the Palace Engineer will be final and legally binding.

Materials such as cement, steel rod, teakwood, etc., if supplied departmentally to the contractor will be charged at the cost price or the market rate prevailing at that time, whichever is high in addition to incidental charges and centage at 10 per cent and recovered in the bill of the work.

The right to accept or reject any tender whether high or low without any reason whatsoever rests with the Huzur Secretary.

The name of the successful tenderer will be posted on the Notice Board and within a week such tenderer will have to execute the usual contract bond, in default of which his tender will be considered as cancelled and his earnest money forfeited.

On acceptance of one of the tenders, the earnest money of rejected tenders will be returned.

The items of work provided in the estimate and the quantities under such items are not guaranteed.

The tenderer will have no right on any account, to claim for revision of rates tendered for by him, on the basis of fluctuations in the market rates or due to any other prevailing conditions during the course of work.

Steel and cement will be delivered on the top of the Hill by Palace Agency.
